Amendment No.

14 ischemic heart disease diagnosis volume requirements in
 15 subparagraph 1., if the hospital demonstrates that it has, for
 16 the most recent 12-month period as reported to the agency,
 17 provided a minimum of 100 adult inpatient and outpatient
 18 diagnostic cardiac catheterizations or that, for the most recent
 19 12-month period, it has discharged or transferred at least 300
 20 patients with the principal diagnosis of ischemic heart disease.

21 b. A hospital located more than 100 road miles from the
 22 closest Level II adult cardiovascular services program does not
 23 need to meet the 60-minute transfer time protocol requirement in
 24 subparagraph 1., if the hospital demonstrates that it has a
 25 formalized, written transfer agreement with a
