I. Summary:

SB 714 authorizes the Agency for Persons with Disabilities (APD) to petition a court for the appointment of a receiver for a comprehensive transitional education program under certain circumstances. The bill also prohibits a new comprehensive transitional education program license from being granted after July 1, 2017, under s. 393.18, F.S., and prohibits a license from being renewed for an existing comprehensive transitional education program after December 31, 2019.

The bill has no direct impact on state revenues or expenditures.

The bill has an effective date of July 1, 2017.

II. Present Situation:

A comprehensive transitional education program (CTEP) serves individuals with developmental disabilities who also have moderate to severe maladaptive behaviors. There are two CTEPs licensed in Florida. CTEP licenses are issued for a 12-month period. No fees are charged for the initial application or subsequent licensure renewal.

In s. 393.062, F.S., the legislature has expressed its intent that community-based programs and services for individuals with developmental disabilities are preferred to programs operated directly by the state.¹ Pursuant to the recently issued federal Medicaid waiver guidelines, there has been a shift to provide person-centered care and for care to be provided in home and

community-based settings, moving away from institutionalized settings as currently utilized.² The new Medicaid waiver guidelines become effective March 2019.³

Receivership

A receiver is “[an] indifferent person between the parties appointed by a court to collect and receive the rents, issues and profits of land, or the produce or person estate, or other things which it does not seem reasonable to the court that either party should do; or where a party is incompetent to do so.”⁴ Pursuant to s. 393.0678, F.S., APD may petition a court for the appointment of a receiver for a residential habilitation center or a group home facility owned and operated by a corporation or partnership when certain conditions exist:

- A person is operating a facility without a license and refuses to make an application for a license;
- The licensee is closing the facility or has informed the department that it intends to close the facility, and adequate arrangements have not been made for relocation of the residents within seven days, exclusive of weekends and holidays, of the closing of the facility;
- The agency determines that conditions exist in the facility which present an imminent danger to the health, safety, or welfare of the residents of the facility or which present a substantial probability that death or serious physical harm will result; or
- The licensee cannot meet its financial obligations to provide food, shelter, care, and utilities.⁵

III. Effect of Proposed Changes:

Section 1 amends s. 393.0678(1), F.S., to add Comprehensive Transitional Education Programs to the list of entities for which APD can initiate receivership proceedings.

Section 2 amends s. 393.18, F.S., to provide that new CTEPs may not be licensed in Florida after July 1, 2017, and existing licenses may not be renewed after December 31, 2019. Currently, CTEP licenses are renewed at the end of each calendar year. This will allow APD to comply with the federal guidelines, effective March 2019, related to the provision of Medicaid home and community-based services in residential settings.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

⁵ Section 393.0678(1)(a)-(d), F.S.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

The transition from the current comprehensive transitional education program in Lake Nona, Florida, to smaller residential group homes will require all clients, including those with private insurance, to move into a new residential group home. The location and expense of the smaller residential group homes are not known at this time.

C. Government Sector Impact:

The bill has no direct impact on state revenues or expenditures. However, in the event a receiver is appointed, APD will be required to provide assessments and transition plans to current residents residing at the comprehensive transitional education program in Lake Nona, Florida. APD will also be required to provide the licensing and oversight of the smaller group homes. These requirements will increase workload for agency staff, and can be absorbed within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 393.0678 and 393.18.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**
