### SUMMARY ANALYSIS

Florida is home to many professional and semi-professional sports franchises. These franchises use facilities located on land leased from a local government and also have facilities on land they previously purchased from a local government.

The bill prohibits a sports franchise from constructing, reconstructing, renovating, or improving a facility on public land leased from the state or a political subdivision thereof. The bill also requires a sale of public land by the state or a political subdivision thereof for a sports franchise to construct, reconstruct, renovate, or improve a facility on such land to be at fair market value.

The bill requires a contract or agreement, or a renewal of or an amendment to an existing contract or agreement, entered into on or after July 1, 2017, between the state or a political subdivision and a sports franchise to fund the construction, reconstruction, renovation, or improvement of a facility to include a provision requiring the sports franchise to pay any outstanding debt incurred by the state or political subdivision to fund such construction, reconstruction, renovation, or improvement if the sports franchise permanently discontinues use of the facility.

The bill creates the following definitions:

- "Facility" means a structure, and its adjoining parcels of land, primarily used to host games or events held by a sports franchise.
- "Sports franchise" means a professional or semi-professional sports franchise, including, but not limited to, a franchise of the National Football League, the National Hockey League, the National Basketball Association, the National League or American League of Major League Baseball, Minor League Baseball, Major League Soccer, the North American Soccer League, or the promoter of a signature event sanctioned by the National Association for Stock Car Auto Racing.

The bill specifies that the provisions in the bill may not be construed to impair any contract entered into before July 1, 2017, without the consent of the parties.

The bill does not appear to have a fiscal impact on the state or local governments.

#### A. EFFECT OF PROPOSED CHANGES:

##### Background

###### Florida Sports and Facilities

Many professional and semi-professional sports organizations and facilities reside in Florida. With respect to professional sports, Florida is home to professional football, basketball, baseball, hockey, and soccer teams and two National Association of Stock Car Racing (NASCAR) sanctioned tracks.<sup>1</sup> These teams use facilities located on land leased from a local government and also have facilities on land they previously purchased from a local government. Florida also hosts professional golf, tennis, equestrian, and rodeo events. Notably, the Breeder's Cup, Players Championship, and Daytona 500 all take place in Florida, and the Professional Golf Association (PGA) and Ladies Professional Golf Association (LPGA) both are headquartered in Florida.

Additionally, 15 Major League Baseball teams come to Florida every year for spring training in the state's Grapefruit League.<sup>2</sup> The teams use 14 spring training facilities, 13 of which are constructed on publicly owned land.<sup>3</sup> The only facility on privately owned land is the Atlanta Braves/ESPN Wide World of Sports Complex.<sup>4</sup>

Florida is also home to numerous minor league and semi-professional sports franchises in various sports.<sup>5</sup> Florida has many Minor League Baseball teams, three Arena Football League teams,<sup>6</sup> three North American Soccer League teams,<sup>7</sup> and two East Coast Hockey League teams.<sup>8</sup> Most of the facilities that such teams use are located on city- or county-owned land.<sup>9</sup>

### City and County Authority to Sell and Lease Land

Florida law provides broad authority to cities and counties to conduct governmental functions and render governmental services, except when expressly prohibited by law.<sup>21</sup> Such authority includes, but is not limited to, certain statutorily enumerated powers and all implied authority necessary to effectively exercise those express powers, including the authority to contract and to purchase, lease, sell, and exchange real or personal property.<sup>22</sup>

Counties and municipalities may also offer private entities below-market rate leases or deeds for real property for economic development purposes.<sup>23</sup>

### State Funding for Professional Sports Facilities

Current law provides a process by which an applicant may be certified to receive state funding to make payments on bonds issued for the acquisition, construction, reconstruction, or renovation of a facility for a new or retained professional sports franchise.<sup>24</sup> The Department of Economic Opportunity (DEO) is responsible for screening and certifying applicants for state funding.<sup>25</sup> In order for an applicant to be certified, DEO must determine that a unit of local government<sup>26</sup> is responsible for the construction, management, or operation of the facility or holds title to the property on which the facility is located.<sup>27</sup> A certified applicant may receive up to \$166,667 monthly (\$2,000,004 annually) for a period of up to 30

years.<sup>28</sup> The number of facilities that DEO may certify to receive funding is limited to eight, and each facility may only receive one certification.<sup>29</sup> Eight facilities have been granted certification, so no other facility is eligible to receive funding under this section.

In 2014, the Legislature created a new program to allow for distributions of state sales and use tax revenue to fund the construction, reconstruction, renovation, or improvement of professional sports franchise facilities.<sup>30</sup> DEO is responsible for administering the program and screening applicants for funding.<sup>31</sup> An applicant must be either a unit of local government that is responsible for the construction, management, or operation of a facility or an entity that is responsible for the construction, management, or operation of a facility that is located on property owned by a unit of local government.<sup>32</sup> A request for funding must be approved by the Legislature through enactment of a general law or conforming bill that is approved by the Governor.<sup>33</sup> An approved applicant may receive up to \$3 million per year for up to 30 years, depending upon the total cost of the project.<sup>34</sup> However, no funding requests have been approved by the Legislature since the program was created.
