SUMMARY ANALYSIS

CS/HB 97 passed the House on April 28, 2017, as CS/SB 164.

The bill prohibits the Department of Highway Safety and Motor Vehicles (DHSMV) and tax collectors from charging a surviving spouse any fee or service charge, excluding an expedited title fee, if applicable, for a motor vehicle certificate of title when the title is being issued solely to remove the deceased co-owner from the title.

The Revenue Estimating Conference met on March 24, 2017, and estimated that the bill has a negative recurring annual impact of \$238,329 to the General Revenue Fund; \$111,740 to state trust funds; and a negative, insignificant recurring annual impact to local government revenues.

The bill was approved by the Governor on June 14, 2017, ch. 2017-89, L.O.F., and will become effective on July 1, 2017.

I. SUBSTANTIVE INFORMATION

A. EFFECT OF CHANGES:

Current Situation

In Florida, most vehicles are required to have a certificate of title. However, there are exceptions for mopeds, motorized bicycles, and trailers weighing less than 2,000 pounds. A person is required to apply for a title in his or her name after purchasing a new vehicle, bringing a vehicle into Florida, or at any time the ownership of a vehicle changes.² A certificate of title is a record that proves ownership of a vehicle, which can be a certificate in either paper or electronic form, and is authorized or stored by the DHSMV.³ The application for a certificate of title requires, if applicable, information including, but not limited to, the:

- Name, mailing address, date of birth, and driver license number of an owner, co-owner, or lessee:
- Vehicle identification number;
- Make, manufacturer, year, body, and color of the vehicle;
- · Lienholder information; and
- Odometer declaration.⁴

Section 319.28(1)(c), F.S., provides that if a surviving spouse wishes to dispose of a vehicle rather than retain it for his or her own use that he or she is not required to obtain a certificate of title in his or her own name, but may assign to the transferee the certificate of title that was issued to the decedent. However, if the surviving spouse wishes to retain the motor vehicle, he or she is required to obtain a certificate of title in his or her own name.

Fees and Service Charges

Sections 319.32 and 319.234, F.S., set the fees and service charges for various certificate of title related transactions. For transferring a motor vehicle title to a surviving spouse, the normal title fees apply, which for a standard electronic title with no lien is \$75.25. The fees are distributed as follows:

- Base Title fee of \$48 goes to General Revenue.
- Odometer Fee of \$1 goes to the Highway Safety Operating Trust Fund.
- Title Security Fee of \$1 goes to General Revenue.
- State Transportation Title Fee of \$21 goes to the Department of Transportation.
- Title Service Fee of \$4.25 goes to the agency processing the certificate of title, either DHSMV or the county tax collector.

Co-owning a Vehicle⁵

Motor vehicles can be registered in the names of two or more persons as co-owners of the vehicle. Names conjoined with the word "or" are held in joint tenancy. Co-owners are deemed to have granted one another the absolute right to dispose of the title and interest in a motor vehicle, or place a lien or encumbrance on the motor vehicle. As part of joint tenancy, the signature of any co-owner constitutes proper endorsement. Upon the death of any co-owner under this form of title, any interest in the vehicle passes to the surviving co-owner. Names conjoined with the word "and" require the signature of each co-owner to transfer a title or place a lien or encumbrance on the vehicle.

DHSMV indicated that 22.63 percent of Florida vehicles are co-owned; however, the number of these vehicles co-owned by spouses is unknown.6

Sections 319.22(2) and 319.235, F.S.

Transfer of Ownership - Death of Spouse

A surviving spouse who inherits the deceased spouse's motor vehicle may dispose of the vehicle without being required to obtain a certificate of title in his or her name. If the married couple co-owns the vehicle with names appearing conjoined by an "or" on the title, it is not necessary for the surviving spouse to apply for a new title, as he or she already has absolute rights to the vehicle. However, if the names are conjoined by "and" and the surviving spouse wishes to maintain ownership of the vehicle, the surviving spouse is required to apply for a certificate of title in order to remove the name of the deceased spouse.

Proposed Changes

The bill prohibits the DHSMV and tax collectors from charging a surviving spouse any fee or service charge (excluding an expedited title fee, if applicable) for issuing a motor vehicle certificate of title when the title is being issued solely to remove the deceased spouse as a co-owner. The fee waiver is only applicable if the vehicle is co-owned by both the surviving and deceased spouse with both names on the certificate of title.
