353 (e) The Administration Commission shall have authority to  
354 increase or decrease a threshold in the statewide guidelines and  
355 standards up to 50 percent above or below the statewide  
356 presumptive threshold. The commission may from time to time  
357 reconsider changed thresholds and make additional variations as  
358 it deems necessary.

374 standards, whether his or her rights have vested pursuant to  
375 subsection (8) (20), or whether a proposed substantial change to

CS/CS/HB 1151

2018

376 a development of regional impact concerning which rights had  
377 previously vested pursuant to subsection (8) ~~(20)~~ would divest  
378 such rights, remains valid unless it expired on or before the  
effective date of this act the developer may request a  
380 ~~determination from the state land planning agency. The developer~~  
381 ~~or the appropriate local government having jurisdiction may~~  
382 ~~request that the state land planning agency determine whether~~  
383 ~~the amount of development that remains to be built in an~~  
384 ~~approved development of regional impact meets the criteria of~~  
385 ~~subparagraph (15)(g)3.~~

386 (b) Upon a request by the developer, a binding letter of  
387 interpretation regarding which rights had previously vested in a  
388 development of regional impact may be amended by the local  
389 government of jurisdiction, based on standards and procedures in  
390 the adopted local comprehensive plan or the adopted local land  
391 development code, to reflect a change to the plan of development  
392 and modification of vested rights, provided that any such  
393 amendment to a binding letter of vested rights must be  
394 consistent with s. 163.3167(5). Review of a request for an  
395 amendment to a binding letter of vested rights may not include a  
396 review of the impacts created by previously vested portions of  
397 the development Unless a developer waives the requirements of  
398 this paragraph by agreeing to undergo development of regional  
399 impact review pursuant to this section, the state land planning  
400 agency or local government with jurisdiction over the land on

401 which a development is proposed may require a developer to  
402 obtain a binding letter if the development is at a presumptive  
403 numerical threshold or up to 20 percent above a numerical  
404 threshold in the guidelines and standards.

405 (e) Any local government may petition the state land  
406 planning agency to require a developer of a development located  
407 in an adjacent jurisdiction to obtain a binding letter of  
408 interpretation. The petition shall contain facts to support a  
409 finding that the development as proposed is a development of  
410 regional impact. This paragraph shall not be construed to grant  
411 standing to the petitioning local government to initiate an  
412 administrative or judicial proceeding pursuant to this chapter.

413 (d) A request for a binding letter of interpretation shall  
414 be in writing and in such form and content as prescribed by the  
415 state land planning agency. Within 15 days of receiving an  
416 application for a binding letter of interpretation or a  
417 supplement to a pending application, the state land planning  
418 agency shall determine and notify the applicant whether the  
419 information in the application is sufficient to enable the  
420 agency to issue a binding letter or shall request any additional  
421 information needed. The applicant shall either provide the  
422 additional information requested or shall notify the state land  
423 planning agency in writing that the information will not be  
424 supplied and the reasons therefor. If the applicant does not  
425 respond to the request for additional information within 120

CS/CS/HB 1151

2018

426 days, the application for a binding letter of interpretation  
427 shall be deemed to be withdrawn. Within 35 days after  
428 acknowledging receipt of a sufficient application, or of  
429 receiving notification that the information will not be  
430 supplied, the state land planning agency shall issue a binding  
431 letter of interpretation with respect to the proposed  
432 development. A binding letter of interpretation issued by the  
433 state land planning agency shall bind all state, regional, and  
434 local agencies, as well as the developer.

435 (e) In determining whether a proposed substantial change  
436 to a development of regional impact concerning which rights had  
437 previously vested pursuant to subsection (20) would divest such  
438 rights, the state land planning agency shall review the proposed  
439 change within the context of:

- 440 1. Criteria specified in paragraph (19) (b);  
441 2. Its conformance with any adopted state comprehensive  
442 plan and any rules of the state land planning agency;  
443 3. All rights and obligations arising out of the vested  
444 status of such development;
- 445 4. Permit conditions or requirements imposed by the  
446 Department of Environmental Protection or any water management  
447 district created by s. 373.069 or any of their successor  
448 agencies or by any appropriate federal regulatory agency; and
- 449 5. Any regional impacts arising from the proposed change.

450 (f) If a proposed substantial change to a development of

451 regional impact concerning which rights had previously vested  
452 pursuant to subsection (20) would result in reduced regional  
453 impacts, the change shall not divest rights to complete the  
454 development pursuant to subsection (20). Furthermore, where all  
455 or a portion of the development of regional impact for which  
456 rights had previously vested pursuant to subsection (20) is  
457 demolished and reconstructed within the same approximate  
458 footprint of buildings and parking lots, so that any change in  
459 the size of the development does not exceed the criteria of  
460 paragraph (19) (b), such demolition and reconstruction shall not  
461 divest the rights which had vested.

462 (c) Every binding letter determining that a proposed  
463 development is not a development of regional impact, but not  
464 including binding letters of vested rights or of modification of  
465 vested rights, shall expire and become void unless the plan of  
466 development has been substantially commenced within:

467 1. Three years from October 1, 1985, for binding letters  
468 issued prior to the effective date of this act; or

469 2. Three years from the date of issuance of binding  
470 letters issued on or after October 1, 1985.

471 (d) The expiration date of a binding letter begins,  
472 established pursuant to paragraph (g), shall begin to run after  
473 final disposition of all administrative and judicial appeals of  
474 the binding letter and may be extended by mutual agreement of  
475 the state land planning agency, the local government of

CS/CS/HB 1151

2018

476 jurisdiction, and the developer.

477 (e) (i) In response to an inquiry from a developer or the  
478 appropriate local government having jurisdiction, the state land  
479 planning agency may issue An informal determination by the state  
480 land planning agency, in the form of a clearance letter as to  
481 whether a development is required to undergo development-of-  
482 regional-impact review or whether the amount of development that  
483 remains to be built in an approved development of regional  
484 impact, remains valid unless it expired on or before the  
485 effective date of this act meets the criteria of subparagraph  
486 (15) (g)3. A clearance letter may be based solely on the  
487 information provided by the developer, and the state land  
488 planning agency is not required to conduct an investigation of  
489 that information. If any material information provided by the  
490 developer is incomplete or inaccurate, the clearance letter is  
491 not binding upon the state land planning agency. A clearance  
492 letter does not constitute final agency action.

493 (5) AUTHORIZATION TO DEVELOP.

494 (a) 1. A developer who is required to undergo development-  
495 of regional impact review may undertake a development of  
496 regional impact if the development has been approved under the  
497 requirements of this section.

498 2. If the land on which the development is proposed is  
499 within an area of critical state concern, the development must  
500 also be approved under the requirements of s. 380.05.

501       (b) State or regional agencies may inquire whether a  
502 proposed project is undergoing or will be required to undergo  
503 development-of-regional-impact review. If a project is  
504 undergoing or will be required to undergo development-of-  
505 regional-impact review, any state or regional permit necessary  
506 for the construction or operation of the project that is valid  
507 for 5 years or less shall take effect, and the period of time  
508 for which the permit is valid shall begin to run, upon  
509 expiration of the time allowed for an administrative appeal of  
510 the development or upon final action following an administrative  
511 appeal or judicial review, whichever is later. However, if the  
512 application for development approval is not filed within 18  
513 months after the issuance of the permit, the time of validity of  
514 the permit shall be considered to be from the date of issuance  
515 of the permit. If a project is required to obtain a binding  
516 letter under subsection (4), any state or regional agency permit  
517 necessary for the construction or operation of the project that  
518 is valid for 5 years or less shall take effect, and the period  
519 of time for which the permit is valid shall begin to run, only  
520 after the developer obtains a binding letter stating that the  
521 project is not required to undergo development-of-regional-  
522 impact review or after the developer obtains a development order  
523 pursuant to this section.

524       (c) Prior to the issuance of a final development order,  
525 the developer may elect to be bound by the rules adopted

CS/CS/HB 1151

2018

526 pursuant to chapters 373 and 403 in effect when such development  
527 order is issued. The rules adopted pursuant to chapters 373 and  
528 403 in effect at the time such development order is issued shall  
529 be applicable to all applications for permits pursuant to those  
530 chapters and which are necessary for and consistent with the  
531 development authorized in such development order, except that a  
532 later adopted rule shall be applicable to an application if:

533 1. The later adopted rule is determined by the rule-  
534 adopting agency to be essential to the public health, safety, or  
535 welfare;

536 2. The later adopted rule is adopted pursuant to s.  
537 403.061(27);

538 3. The later adopted rule is being adopted pursuant to a  
539 subsequently enacted statutorily mandated program;

540 4. The later adopted rule is mandated in order for the  
541 state to maintain delegation of a federal program; or

542 5. The later adopted rule is required by state or federal  
543 law.

544 (d) The provision of day care service facilities in  
545 developments approved pursuant to this section is permissible  
546 but is not required.

547  
548 Further, in order for any developer to apply for permits  
549 pursuant to this provision, the application must be filed within  
550 5 years from the issuance of the final development order and the

551 permit shall not be effective for more than 8 years from the  
552 issuance of the final development order. Nothing in this  
553 paragraph shall be construed to alter or change any permitting  
554 agency's authority to approve permits or to determine applicable  
555 criteria for longer periods of time.

556 ~~(6) APPLICATION FOR APPROVAL OF DEVELOPMENT; CONCURRENT~~  
557 ~~PLAN AMENDMENTS.~~

558 ~~(a) Prior to undertaking any development, a developer that~~  
559 ~~is required to undergo development of regional impact review~~  
560 ~~shall file an application for development approval with the~~  
561 ~~appropriate local government having jurisdiction. The~~  
562 ~~application shall contain, in addition to such other matters as~~  
563 ~~may be required, a statement that the developer proposes to~~  
564 ~~undertake a development of regional impact as required under~~  
565 ~~this section.~~

566 ~~(b) Any local government comprehensive plan amendments~~  
567 ~~related to a proposed development of regional impact, including~~  
568 ~~any changes proposed under subsection (19), may be initiated by~~  
569 ~~a local planning agency or the developer and must be considered~~  
570 ~~by the local governing body at the same time as the application~~  
571 ~~for development approval using the procedures provided for local~~  
572 ~~plan amendment in s. 163.3184 and applicable local ordinances,~~  
573 ~~without regard to local limits on the frequency of consideration~~  
574 ~~of amendments to the local comprehensive plan. This paragraph~~  
575 ~~does not require favorable consideration of a plan amendment~~

576 solely because it is related to a development of regional  
577 impact. The procedure for processing such comprehensive plan  
578 amendments is as follows:

579 1. If a developer seeks a comprehensive plan amendment  
580 related to a development of regional impact, the developer must  
581 so notify in writing the regional planning agency, the  
582 applicable local government, and the state land planning agency  
583 no later than the date of preapplication conference or the  
584 submission of the proposed change under subsection (19).

585 2. When filing the application for development approval or  
586 the proposed change, the developer must include a written  
587 request for comprehensive plan amendments that would be  
588 necessitated by the development of regional impact approvals  
589 sought. That request must include data and analysis upon which  
590 the applicable local government can determine whether to  
591 transmit the comprehensive plan amendment pursuant to s.  
592 163.3184.

593 3. The local government must advertise a public hearing on  
594 the transmittal within 30 days after filing the application for  
595 development approval or the proposed change and must make a  
596 determination on the transmittal within 60 days after the  
597 initial filing unless that time is extended by the developer.

598 4. If the local government approves the transmittal,  
599 procedures set forth in s. 163.3184 must be followed.

600 5. Notwithstanding subsection (11) or subsection (19), the

601 local government may not hold a public hearing on the  
602 application for development approval or the proposed change or  
603 on the comprehensive plan amendments sooner than 30 days after  
604 reviewing agency comments are due to the local government  
605 pursuant to s. 163.3184.

606 6. The local government must hear both the application for  
607 development approval or the proposed change and the  
608 comprehensive plan amendments at the same hearing. However, the  
609 local government must take action separately on the application  
610 for development approval or the proposed change and on the  
611 comprehensive plan amendments.

612 7. Thereafter, the appeal process for the local government  
613 development order must follow the provisions of s. 380.07, and  
614 the compliance process for the comprehensive plan amendments  
615 must follow the provisions of s. 163.3184.

616 (7) PREAPPLICATION PROCEDURES.—

617 (a) Before filing an application for development approval,  
618 the developer shall contact the regional planning agency having  
619 jurisdiction over the proposed development to arrange a  
620 preapplication conference. Upon the request of the developer or  
621 the regional planning agency, other affected state and regional  
622 agencies shall participate in this conference and shall identify  
623 the types of permits issued by the agencies, the level of  
624 information required, and the permit issuance procedures as  
625 applied to the proposed development. The levels of service

626 required in the transportation methodology shall be the same  
627 levels of service used to evaluate concurrency in accordance  
628 with s. 163.3180. The regional planning agency shall provide the  
629 developer information about the development of regional impact  
630 process and the use of preapplication conferences to identify  
631 issues, coordinate appropriate state and local agency  
632 requirements, and otherwise promote a proper and efficient  
633 review of the proposed development. If an agreement is reached  
634 regarding assumptions and methodology to be used in the  
635 application for development approval, the reviewing agencies may  
636 not subsequently object to those assumptions and methodologies  
637 unless subsequent changes to the project or information obtained  
638 during the review make those assumptions and methodologies  
639 inappropriate. The reviewing agencies may make only  
640 recommendations or comments regarding a proposed development  
641 which are consistent with the statutes, rules, or adopted local  
642 government ordinances that are applicable to developments in the  
643 jurisdiction where the proposed development is located.

644 (b) The regional planning agency shall establish by rule a  
645 procedure by which a developer may enter into binding written  
646 agreements with the regional planning agency to eliminate  
647 questions from the application for development approval when  
648 those questions are found to be unnecessary for development of  
649 regional impact review. It is the legislative intent of this  
650 subsection to encourage reduction of paperwork, to discourage

CS/CS/HB 1151

2018

unnecessary gathering of data, and to encourage the coordination of the development of regional impact review process with federal, state, and local environmental reviews when such reviews are required by law.

(e) If the application for development approval is not submitted within 1 year after the date of the preapplication conference, the regional planning agency, the local government having jurisdiction, or the applicant may request that another preapplication conference be held.

(8) PRELIMINARY DEVELOPMENT AGREEMENTS.

(a) A developer may enter into a written preliminary development agreement with the state land planning agency to allow a developer to proceed with a limited amount of the total proposed development, subject to all other governmental approvals and solely at the developer's own risk, prior to issuance of a final development order. All owners of the land in the total proposed development shall join the developer as parties to the agreement. Each agreement shall include and be subject to the following conditions:

1. The developer shall comply with the preapplication conference requirements pursuant to subsection (7) within 45 days after the execution of the agreement.

2. The developer shall file an application for development approval for the total proposed development within 3 months after execution of the agreement, unless the state land planning

676 agency agrees to a different time for good cause shown. Failure  
677 to timely file an application and to otherwise diligently  
678 proceed in good faith to obtain a final development order shall  
679 constitute a breach of the preliminary development agreement.

680 3. The agreement shall include maps and legal descriptions  
681 of both the preliminary development area and the total proposed  
682 development area and shall specifically describe the preliminary  
683 development in terms of magnitude and location. The area  
684 approved for preliminary development must be included in the  
685 application for development approval and shall be subject to the  
686 terms and conditions of the final development order.

687 4. The preliminary development shall be limited to lands  
688 that the state land planning agency agrees are suitable for  
689 development and shall only be allowed in areas where adequate  
690 public infrastructure exists to accommodate the preliminary  
691 development, when such development will utilize public  
692 infrastructure. The developer must also demonstrate that the  
693 preliminary development will not result in material adverse  
694 impacts to existing resources or existing or planned facilities.

695 5. The preliminary development agreement may allow  
696 development which is:

697 a. Less than 100 percent of any applicable threshold if  
698 the developer demonstrates that such development is consistent  
699 with subparagraph 4.; or

700 b. Less than 120 percent of any applicable threshold if

701 the developer demonstrates that such development is part of a  
702 proposed downtown development of regional impact specified in  
703 subsection (22) or part of any areawide development of regional  
704 impact specified in subsection (25) and that the development is  
705 consistent with subparagraph 4.

706 6. The developer and owners of the land may not claim  
707 vested rights, or assert equitable estoppel, arising from the  
708 agreement or any expenditures or actions taken in reliance on  
709 the agreement to continue with the total proposed development  
710 beyond the preliminary development. The agreement shall not  
711 entitle the developer to a final development order approving the  
712 total proposed development or to particular conditions in a  
713 final development order.

714 7. The agreement shall not prohibit the regional planning  
715 agency from reviewing or commenting on any regional issue that  
716 the regional agency determines should be included in the  
717 regional agency's report on the application for development  
718 approval.

719 8. The agreement shall include a disclosure by the  
720 developer and all the owners of the land in the total proposed  
721 development of all land or development within 5 miles of the  
722 total proposed development in which they have an interest and  
723 shall describe such interest.

724 9. In the event of a breach of the agreement or failure to  
725 comply with any condition of the agreement, or if the agreement

726 was based on materially inaccurate information, the state land  
727 planning agency may terminate the agreement or file suit to  
728 enforce the agreement as provided in this section and s. 380.11,  
729 including a suit to enjoin all development.

730 10. A notice of the preliminary development agreement  
731 shall be recorded by the developer in accordance with s. 28.222  
732 with the clerk of the circuit court for each county in which  
733 land covered by the terms of the agreement is located. The  
734 notice shall include a legal description of the land covered by  
735 the agreement and shall state the parties to the agreement, the  
736 date of adoption of the agreement and any subsequent amendments,  
737 the location where the agreement may be examined, and that the  
738 agreement constitutes a land development regulation applicable  
739 to portions of the land covered by the agreement. The provisions  
740 of the agreement shall inure to the benefit of and be binding  
741 upon successors and assigns of the parties in the agreement.

742 11. Except for those agreements which authorize  
743 preliminary development for substantial deviations pursuant to  
744 subsection (19), a developer who no longer wishes to pursue a  
745 development of regional impact may propose to abandon any  
746 preliminary development agreement executed after January 1,  
747 1985, including those pursuant to s. 380.032(3), provided at the  
748 time of abandonment:

749 a. A final development order under this section has been  
750 rendered that approves all of the development actually

751 constructed; or

752 b. The amount of development is less than 100 percent of  
753 all numerical thresholds of the guidelines and standards, and  
754 the state land planning agency determines in writing that the  
755 development to date is in compliance with all applicable local  
756 regulations and the terms and conditions of the preliminary  
757 development agreement and otherwise adequately mitigates for the  
758 impacts of the development to date.

759

760 In either event, when a developer proposes to abandon said  
761 agreement, the developer shall give written notice and state  
762 that he or she is no longer proposing a development of regional  
763 impact and provide adequate documentation that he or she has met  
764 the criteria for abandonment of the agreement to the state land  
765 planning agency. Within 30 days of receipt of adequate  
766 documentation of such notice, the state land planning agency  
767 shall make its determination as to whether or not the developer  
768 meets the criteria for abandonment. Once the state land planning  
769 agency determines that the developer meets the criteria for  
770 abandonment, the state land planning agency shall issue a notice  
771 of abandonment which shall be recorded by the developer in  
772 accordance with s. 28.222 with the clerk of the circuit court  
773 for each county in which land covered by the terms of the  
774 agreement is located.

775 (b) The state land planning agency may enter into other

CS/CS/HB 1151

2018

776 types of agreements to effectuate the provisions of this act as  
777 provided in s. 380.032.

778 (e) The provisions of this subsection shall also be  
779 available to a developer who chooses to seek development  
780 approval of a Florida Quality Development pursuant to s.  
781 380.061.

782 (9) CONCEPTUAL AGENCY REVIEW.

783 (a) 1. In order to facilitate the planning and preparation  
784 of permit applications for projects that undergo development of  
785 regional impact review, and in order to coordinate the  
786 information required to issue such permits, a developer may  
787 elect to request conceptual agency review under this subsection  
788 either concurrently with development of regional impact review  
789 and comprehensive plan amendments, if applicable, or subsequent  
790 to a preapplication conference held pursuant to subsection (7).

791 2. "Conceptual agency review" means general review of the  
792 proposed location, densities, intensity of use, character, and  
793 major design features of a proposed development required to  
794 undergo review under this section for the purpose of considering  
795 whether these aspects of the proposed development comply with  
796 the issuing agency's statutes and rules.

797 3. Conceptual agency review is a licensing action subject  
798 to chapter 120, and approval or denial constitutes final agency  
799 action, except that the 90-day time period specified in s.  
800 120.60(1) shall be tolled for the agency when the affected

CS/CS/HB 1151

2018

801 regional planning agency requests information from the developer  
802 pursuant to paragraph (10)(b). If proposed agency action on the  
803 conceptual approval is the subject of a proceeding under ss.  
804 120.569 and 120.57, final agency action shall be conclusive as  
805 to any issues actually raised and adjudicated in the proceeding,  
806 and such issues may not be raised in any subsequent proceeding  
807 under ss. 120.569 and 120.57 on the proposed development by any  
808 parties to the prior proceeding.

809 4. A conceptual agency review approval shall be valid for  
810 up to 10 years, unless otherwise provided in a state or regional  
811 agency rule, and may be reviewed and reissued for additional  
812 periods of time under procedures established by the agency.

813 (b) The Department of Environmental Protection, each water  
814 management district, and each other state or regional agency  
815 that requires construction or operation permits shall establish  
816 by rule a set of procedures necessary for conceptual agency  
817 review for the following permitting activities within their  
818 respective regulatory jurisdictions:

819 1. The construction and operation of potential sources of  
820 water pollution, including industrial wastewater, domestic  
821 wastewater, and stormwater.

822 2. Dredging and filling activities.

823 3. The management and storage of surface waters.

824 4. The construction and operation of works of the  
825 district, only if a conceptual agency review approval is

CS/CS/HB 1151

2018

826 requested under subparagraph 3.

827

828 Any state or regional agency may establish rules for conceptual  
829 agency review for any other permitting activities within its  
830 respective regulatory jurisdiction.

831 (e) 1. Each agency participating in conceptual agency  
832 reviews shall determine and establish by rule its information  
833 and application requirements and furnish these requirements to  
834 the state land planning agency and to any developer seeking  
835 conceptual agency review under this subsection.

836 2. Each agency shall cooperate with the state land  
837 planning agency to standardize, to the extent possible, review  
838 procedures, data requirements, and data collection methodologies  
839 among all participating agencies, consistent with the  
840 requirements of the statutes that establish the permitting  
841 programs for each agency.

842 (d) At the conclusion of the conceptual agency review, the  
843 agency shall give notice of its proposed agency action as  
844 required by s. 120.60(3) and shall forward a copy of the notice  
845 to the appropriate regional planning council with a report  
846 setting out the agency's conclusions on potential development  
847 impacts and stating whether the agency intends to grant  
848 conceptual approval, with or without conditions, or to deny  
849 conceptual approval. If the agency intends to deny conceptual  
850 approval, the report shall state the reasons therefor. The

CS/CS/HB 1151

2018

agency may require the developer to publish notice of proposed agency action in accordance with s. 403.815.

(e) An agency's decision to grant conceptual approval shall not relieve the developer of the requirement to obtain a permit and to meet the standards for issuance of a construction or operation permit or to meet the agency's information requirements for such a permit. Nevertheless, there shall be a rebuttable presumption that the developer is entitled to receive a construction or operation permit for an activity for which the agency granted conceptual review approval, to the extent that the project for which the applicant seeks a permit is in accordance with the conceptual approval and with the agency's standards and criteria for issuing a construction or operation permit. The agency may revoke or appropriately modify a valid conceptual approval if the agency shows:

1. That an applicant or his or her agent has submitted materially false or inaccurate information in the application for conceptual approval;

2. That the developer has violated a condition of the conceptual approval; or

3. That the development will cause a violation of the agency's applicable laws or rules.

(f) Nothing contained in this subsection shall modify or abridge the law of vested rights or estoppel.

(g) Nothing contained in this subsection shall be

CS/CS/HB 1151

2018

876 construed to preclude an agency from adopting rules for  
877 conceptual review for developments which are not developments of  
878 regional impact.

879 (10) APPLICATION; SUFFICIENCY.

880 (a) When an application for development approval is filed  
881 with a local government, the developer shall also send copies of  
882 the application to the appropriate regional planning agency and  
883 the state land planning agency.

884 (b) If a regional planning agency determines that the  
885 application for development approval is insufficient for the  
886 agency to discharge its responsibilities under subsection (12),  
887 it shall provide in writing to the appropriate local government  
888 and the applicant a statement of any additional information  
889 desired within 30 days of the receipt of the application by the  
890 regional planning agency. The applicant may supply the  
891 information requested by the regional planning agency and shall  
892 communicate its intention to do so in writing to the appropriate  
893 local government and the regional planning agency within 5  
894 working days of the receipt of the statement requesting such  
895 information, or the applicant shall notify the appropriate local  
896 government and the regional planning agency in writing that the  
897 requested information will not be supplied. Within 30 days after  
898 receipt of such additional information, the regional planning  
899 agency shall review it and may request only that information  
900 needed to clarify the additional information or to answer new

CS/CS/HB 1151

2018

901 questions raised by, or directly related to, the additional  
902 information. The regional planning agency may request additional  
903 information no more than twice, unless the developer waives this  
904 limitation. If an applicant does not provide the information  
905 requested by a regional planning agency within 120 days of its  
906 request, or within a time agreed upon by the applicant and the  
907 regional planning agency, the application shall be considered  
908 withdrawn.

909 (e) The regional planning agency shall notify the local  
910 government that a public hearing date may be set when the  
911 regional planning agency determines that the application is  
912 sufficient or when it receives notification from the developer  
913 that the additional requested information will not be supplied,  
914 as provided for in paragraph (b).

915 (11) LOCAL NOTICE. Upon receipt of the sufficiency  
916 notification from the regional planning agency required by  
917 paragraph (10) (c), the appropriate local government shall give  
918 notice and hold a public hearing on the application in the same  
919 manner as for a rezoning as provided under the appropriate  
920 special or local law or ordinance, except that such hearing  
921 proceedings shall be recorded by tape or a certified court  
922 reporter and made available for transcription at the expense of  
923 any interested party. When a development of regional impact is  
924 proposed within the jurisdiction of more than one local  
925 government, the local governments, at the request of the

CS/CS/HB 1151

2018

926 developer, may hold a joint public hearing. The local government  
927 shall comply with the following additional requirements:

928 (a) The notice of public hearing shall state that the  
929 proposed development is undergoing a development-of-regional-  
930 impact review.

931 (b) The notice shall be published at least 60 days in  
932 advance of the hearing and shall specify where the information  
933 and reports on the development-of-regional-impact application  
934 may be reviewed.

935 (c) The notice shall be given to the state land planning  
936 agency, to the applicable regional planning agency, to any state  
937 or regional permitting agency participating in a conceptual  
938 agency review process under subsection (9), and to such other  
939 persons as may have been designated by the state land planning  
940 agency as entitled to receive such notices.

941 (d) A public hearing date shall be set by the appropriate  
942 local government at the next scheduled meeting. The public  
943 hearing shall be held no later than 90 days after issuance of  
944 notice by the regional planning agency that a public hearing may  
945 be set, unless an extension is requested by the applicant.

946 (12) REGIONAL REPORTS.

947 (a) Within 50 days after receipt of the notice of public  
948 hearing required in paragraph (11)(c), the regional planning  
949 agency, if one has been designated for the area including the  
950 local government, shall prepare and submit to the local

CS/CS/HB 1151

2018

951 government a report and recommendations on the regional impact  
952 of the proposed development. In preparing its report and  
953 recommendations, the regional planning agency shall identify  
954 regional issues based upon the following review criteria and  
955 make recommendations to the local government on these regional  
956 issues, specifically considering whether, and the extent to  
957 which:

958 1. The development will have a favorable or unfavorable  
959 impact on state or regional resources or facilities identified  
960 in the applicable state or regional plans. As used in this  
961 subsection, the term "applicable state plan" means the state  
962 comprehensive plan. As used in this subsection, the term  
963 "applicable regional plan" means an adopted strategic regional  
964 policy plan.

965 2. The development will significantly impact adjacent  
966 jurisdictions. At the request of the appropriate local  
967 government, regional planning agencies may also review and  
968 comment upon issues that affect only the requesting local  
969 government.

970 3. As one of the issues considered in the review in  
971 subparagraphs 1. and 2., the development will favorably or  
972 adversely affect the ability of people to find adequate housing  
973 reasonably accessible to their places of employment if the  
974 regional planning agency has adopted an affordable housing  
975 policy as part of its strategic regional policy plan. The

976 determination should take into account information on factors  
977 that are relevant to the availability of reasonably accessible  
978 adequate housing. Adequate housing means housing that is  
979 available for occupancy and that is not substandard.

980 (b) The regional planning agency report must contain  
981 recommendations that are consistent with the standards required  
982 by the applicable state permitting agencies or the water  
983 management district.

984 (c) At the request of the regional planning agency, other  
985 appropriate agencies shall review the proposed development and  
986 shall prepare reports and recommendations on issues that are  
987 clearly within the jurisdiction of those agencies. Such agency  
988 reports shall become part of the regional planning agency  
989 report; however, the regional planning agency may attach  
990 dissenting views. When water management district and Department  
991 of Environmental Protection permits have been issued pursuant to  
992 chapter 373 or chapter 403, the regional planning council may  
993 comment on the regional implications of the permits but may not  
994 offer conflicting recommendations.

995 (d) The regional planning agency shall afford the  
996 developer or any substantially affected party reasonable  
997 opportunity to present evidence to the regional planning agency  
998 head relating to the proposed regional agency report and  
999 recommendations.

1000 (e) If the location of a proposed development involves

CS/CS/HB 1151

2018

1001 land within the boundaries of multiple regional planning  
1002 councils, the state land planning agency shall designate a lead  
1003 regional planning council. The lead regional planning council  
1004 shall prepare the regional report.

1005 (13) CRITERIA IN AREAS OF CRITICAL STATE CONCERN. If the  
1006 development is in an area of critical state concern, the local  
1007 government shall approve it only if it complies with the land  
1008 development regulations therefor under s. 380.05 and the  
1009 provisions of this section. The provisions of this section shall  
1010 not apply to developments in areas of critical state concern  
1011 which had pending applications and had been noticed or agendaed  
1012 by local government after September 1, 1985, and before October  
1013 1, 1985, for development order approval. In all such cases, the  
1014 state land planning agency may consider and address applicable  
1015 regional issues contained in subsection (12) as part of its  
1016 area of critical state concern review pursuant to ss. 380.05,  
1017 380.07, and 380.11.

1018 (14) CRITERIA OUTSIDE AREAS OF CRITICAL STATE CONCERN. If  
1019 the development is not located in an area of critical state  
1020 concern, in considering whether the development is approved,  
1021 denied, or approved subject to conditions, restrictions, or  
1022 limitations, the local government shall consider whether, and  
1023 the extent to which:

1024 (a) The development is consistent with the local  
1025 comprehensive plan and local land development regulations.

1026       (b) The development is consistent with the report and  
1027 recommendations of the regional planning agency submitted  
1028 pursuant to subsection (12).

1029       (c) The development is consistent with the State  
1030 Comprehensive Plan. In consistency determinations, the plan  
1031 shall be construed and applied in accordance with s. 187.101(3).

1032  
1033 However, a local government may approve a change to a  
1034 development authorized as a development of regional impact if  
1035 the change has the effect of reducing the originally approved  
1036 height, density, or intensity of the development and if the  
1037 revised development would have been consistent with the  
1038 comprehensive plan in effect when the development was originally  
1039 approved. If the revised development is approved, the developer  
1040 may proceed as provided in s. 163.3167(5).

1041       (4)-(15) LOCAL GOVERNMENT DEVELOPMENT ORDER.—

1042       (a) Notwithstanding any provision of any adopted local  
1043 comprehensive plan or adopted local government land development  
1044 regulation to the contrary, an amendment to a development order  
1045 for an approved development of regional impact adopted pursuant  
1046 to subsection (7) may not amend to an earlier date the  
1047 appropriate local government shall render a decision on the  
1048 application within 30 days after the hearing unless an extension  
1049 is requested by the developer.

1050       (b) When possible, local governments shall issue

1051 development orders concurrently with any other local permits or  
1052 development approvals that may be applicable to the proposed  
1053 development.

1054 (c) The development order shall include findings of fact  
1055 and conclusions of law consistent with subsections (13) and  
1056 (14). The development order:

1057 1. Shall specify the monitoring procedures and the local  
1058 official responsible for assuring compliance by the developer  
1059 with the development order.

1060 2. Shall establish compliance dates for the development  
1061 order, including a deadline for commencing physical development  
1062 and for compliance with conditions of approval or phasing  
1063 requirements, and shall include a buildout date that reasonably  
1064 reflects the time anticipated to complete the development.

1065 3. Shall establish a date until which the local government  
1066 agrees that the approved development of regional impact will  
1067 ~~shall~~ not be subject to downzoning, unit density reduction, or  
1068 intensity reduction, unless the local government can demonstrate  
1069 that substantial changes in the conditions underlying the  
1070 approval of the development order have occurred or the  
1071 development order was based on substantially inaccurate  
1072 information provided by the developer or that the change is  
1073 clearly established by local government to be essential to the  
1074 public health, safety, or welfare. The date established pursuant  
1075 to this paragraph may not be ~~subparagraph shall be no~~ sooner

CS/CS/HB 1151

2018

1076 than the buildout date of the project.

1077 ~~4. Shall specify the requirements for the biennial report~~  
1078 ~~designated under subsection (18), including the date of~~  
1079 ~~submission, parties to whom the report is submitted, and~~  
1080 ~~contents of the report, based upon the rules adopted by the~~  
1081 ~~state land planning agency. Such rules shall specify the scope~~  
1082 ~~of any additional local requirements that may be necessary for~~  
1083 ~~the report.~~

1084 ~~5. May specify the types of changes to the development~~  
1085 ~~which shall require submission for a substantial deviation~~  
1086 ~~determination or a notice of proposed change under subsection~~  
1087 ~~(19).~~

1088 ~~6. Shall include a legal description of the property.~~

1089 ~~(d) Conditions of a development order that require a~~  
1090 ~~developer to contribute land for a public facility or construct,~~  
1091 ~~expand, or pay for land acquisition or construction or expansion~~  
1092 ~~of a public facility, or portion thereof, shall meet the~~  
1093 ~~following criteria:~~

1094 ~~1. The need to construct new facilities or add to the~~  
1095 ~~present system of public facilities must be reasonably~~  
1096 ~~attributable to the proposed development.~~

1097 ~~2. Any contribution of funds, land, or public facilities~~  
1098 ~~required from the developer shall be comparable to the amount of~~  
1099 ~~funds, land, or public facilities that the state or the local~~  
1100 ~~government would reasonably expect to expend or provide, based~~

CS/CS/HB 1151

2018

1101 on projected costs of comparable projects, to mitigate the  
1102 impacts reasonably attributable to the proposed development.

1103 3. Any funds or lands contributed must be expressly  
1104 designated and used to mitigate impacts reasonably attributable  
1105 to the proposed development.

1106 4. Construction or expansion of a public facility by a  
1107 nongovernmental developer as a condition of a development order  
1108 to mitigate the impacts reasonably attributable to the proposed  
1109 development is not subject to competitive bidding or competitive  
1110 negotiation for selection of a contractor or design professional  
1111 for any part of the construction or design.

1112 (b) (e)1. A local government may shall not include, as a  
1113 development order condition for a development of regional  
1114 impact, any requirement that a developer contribute or pay for  
1115 land acquisition or construction or expansion of public  
1116 facilities or portions thereof unless the local government has  
1117 enacted a local ordinance which requires other development not  
1118 subject to this section to contribute its proportionate share of  
1119 the funds, land, or public facilities necessary to accommodate  
1120 any impacts having a rational nexus to the proposed development,  
1121 and the need to construct new facilities or add to the present  
1122 system of public facilities must be reasonably attributable to  
1123 the proposed development.

1124 2. Selection of a contractor or design professional for  
1125 any aspect of construction or design related to the construction

CS/CS/HB 1151

2018

1126 or expansion of a public facility by a nongovernmental developer  
1127 which is undertaken as a condition of a development order to  
1128 mitigate the impacts reasonably attributable to the proposed  
1129 development is not subject to competitive bidding or competitive  
1130 negotiation A local government shall not approve a development  
1131 of regional impact that does not make adequate provision for the  
1132 public facilities needed to accommodate the impacts of the  
1133 proposed development unless the local government includes in the  
1134 development order a commitment by the local government to  
1135 provide these facilities consistently with the development  
1136 schedule approved in the development order; however, a local  
1137 government's failure to meet the requirements of subparagraph 1.  
1138 and this subparagraph shall not preclude the issuance of a  
1139 development order where adequate provision is made by the  
1140 developer for the public facilities needed to accommodate the  
1141 impacts of the proposed development. Any funds or lands  
1142 contributed by a developer must be expressly designated and used  
1143 to accommodate impacts reasonably attributable to the proposed  
1144 development.

1145 3. The Department of Economic Opportunity and other state  
1146 and regional agencies involved in the administration and  
1147 implementation of this act shall cooperate and work with units  
1148 of local government in preparing and adopting local impact fee  
1149 and other contribution ordinances.

1150 (c)-(f) Notice of the adoption of an amendment a

CS/CS/HB 1151

1151 development order or the subsequent amendments to an adopted  
1152 development order shall be recorded by the developer, in  
1153 accordance with s. 28.222, with the clerk of the circuit court  
1154 for each county in which the development is located. The notice  
1155 shall include a legal description of the property covered by the  
1156 order and shall state which unit of local government adopted the  
1157 development order, the date of adoption, the date of adoption of  
1158 any amendments to the development order, the location where the  
1159 adopted order with any amendments may be examined, and that the  
1160 development order constitutes a land development regulation  
1161 applicable to the property. The recording of this notice does  
1162 ~~shall~~ not constitute a lien, cloud, or encumbrance on real  
1163 property, or actual or constructive notice of any such lien,  
1164 cloud, or encumbrance. This paragraph applies only to  
1165 developments initially approved under this section after July 1,  
1166 If the local government of jurisdiction rescinds a  
1167 development order for an approved development of regional impact  
1168 pursuant to s. 380.115, the developer may record notice of the  
1169 rescission.

1170 (d) ~~(g)~~ Any agreement entered into by the state land  
1171 planning agency, the developer, and the A local government with  
1172 respect to an approved development of regional impact previously  
1173 classified as essentially built out, or any other official  
1174 determination that an approved development of regional impact is  
1175 essentially built out, remains valid unless it expired on or

CS/CS/HB 1151

1176 before the effective date of this act. ~~may not issue a permit~~  
1177 ~~for a development subsequent to the buildout date contained in~~  
1178 ~~the development order unless:~~

1179 ~~1. The proposed development has been evaluated~~  
1180 ~~cumulatively with existing development under the substantial~~  
1181 ~~deviation provisions of subsection (19) after the termination or~~  
1182 ~~expiration date;~~

1183 ~~2. The proposed development is consistent with an~~  
1184 ~~abandonment of development order that has been issued in~~  
1185 ~~accordance with subsection (26);~~

1186 ~~3. The development of regional impact is essentially built~~  
1187 ~~out, in that all the mitigation requirements in the development~~  
1188 ~~order have been satisfied, all developers are in compliance with~~  
1189 ~~all applicable terms and conditions of the development order~~  
1190 ~~except the buildout date, and the amount of proposed development~~  
1191 ~~that remains to be built is less than 40 percent of any~~  
1192 ~~applicable development-of-regional-impact threshold; or~~

1193 ~~4. The project has been determined to be an essentially~~  
1194 ~~built-out development of regional impact through an agreement~~  
1195 ~~executed by the developer, the state land planning agency, and~~  
1196 ~~the local government, in accordance with s. 380.032, which will~~  
1197 ~~establish the terms and conditions under which the development~~  
1198 ~~may be continued. If the project is determined to be essentially~~  
1199 ~~built out, development may proceed pursuant to the s. 380.032~~  
1200 ~~agreement after the termination or expiration date contained in~~

1201 the development order without further development of regional  
1202 impact review subject to the local government comprehensive plan  
1203 and land development regulations. The parties may amend the  
1204 agreement without submission, review, or approval of a  
1205 notification of proposed change pursuant to subsection (19). For  
1206 the purposes of this paragraph, a development of regional impact  
1207 is considered essentially built out, if:

1208 a. The developers are in compliance with all applicable  
1209 terms and conditions of the development order except the  
1210 buildout date or reporting requirements; and

1211 b. (I) The amount of development that remains to be built  
1212 is less than the substantial deviation threshold specified in  
1213 paragraph (19)(b) for each individual land use category, or, for  
1214 a multiuse development, the sum total of all unbuilt land uses  
1215 as a percentage of the applicable substantial deviation  
1216 threshold is equal to or less than 100 percent; or

1217 (II) The state land planning agency and the local  
1218 government have agreed in writing that the amount of development  
1219 to be built does not create the likelihood of any additional  
1220 regional impact not previously reviewed.

1221  
1222 The single-family residential portions of a development may be  
1223 considered essentially built out if all of the workforce housing  
1224 obligations and all of the infrastructure and horizontal  
1225 development have been completed, at least 50 percent of the

1226 dwelling units have been completed, and more than 80 percent of  
1227 the lots have been conveyed to third party individual lot owners  
1228 or to individual builders who own no more than 40 lots at the  
1229 time of the determination. The mobile home park portions of a  
1230 development may be considered essentially built out if all the  
1231 infrastructure and horizontal development has been completed,  
1232 and at least 50 percent of the lots are leased to individual  
1233 mobile home owners. In order to accommodate changing market  
1234 demands and achieve maximum land use efficiency in an  
1235 essentially built out project, when a developer is building out  
1236 a project, a local government, without the concurrence of the  
1237 state land planning agency, may adopt a resolution authorizing  
1238 the developer to exchange one approved land use for another  
1239 approved land use as specified in the agreement. Before the  
1240 issuance of a building permit pursuant to an exchange, the  
1241 developer must demonstrate to the local government that the  
1242 exchange ratio will not result in a net increase in impacts to  
1243 public facilities and will meet all applicable requirements of  
1244 the comprehensive plan and land development code. For  
1245 developments previously determined to impact strategic  
1246 intermodal facilities as defined in s. 339.63, the local  
1247 government shall consult with the Department of Transportation  
1248 before approving the exchange.

1249 (h) If the property is annexed by another local  
1250 jurisdiction, the annexing jurisdiction shall adopt a new

1251 development order that incorporates all previous rights and  
1252 obligations specified in the prior development order.

1253 (5)-(16) CREDITS AGAINST LOCAL IMPACT FEES.—

1254 (a) Notwithstanding any provision of an adopted local  
1255 comprehensive plan or adopted local government land development  
1256 regulations to the contrary, the adoption of an amendment to a  
1257 development order for an approved development of regional impact  
1258 pursuant to subsection (7) does not diminish or otherwise alter  
1259 any credits for a development order exaction or fee as against  
1260 impact fees, mobility fees, or exactions when such credits are  
1261 based upon the developer's contribution of land or a public  
1262 facility or the construction, expansion, or payment for land  
1263 acquisition or construction or expansion of a public facility,  
1264 or a portion thereof If the development order requires the  
1265 developer to contribute land or a public facility or construct,  
1266 expand, or pay for land acquisition or construction or expansion  
1267 of a public facility, or portion thereof, and the developer is  
1268 also subject by local ordinance to impact fees or exactions to  
1269 meet the same needs, the local government shall establish and  
1270 implement a procedure that credits a development order exaction  
1271 or fee toward an impact fee or exaction imposed by local  
1272 ordinance for the same need; however, if the Florida Land and  
1273 Water Adjudicatory Commission imposes any additional  
1274 requirement, the local government shall not be required to grant  
1275 a credit toward the local exaction or impact fee unless the

1276 local government determines that such required contribution,  
1277 payment, or construction meets the same need that the local  
1278 exaction or impact fee would address. The nongovernmental  
1279 developer need not be required, by virtue of this credit, to  
1280 competitively bid or negotiate any part of the construction or  
1281 design of the facility, unless otherwise requested by the local  
1282 government.

1283 (b) If the local government imposes or increases an impact  
1284 fee, mobility fee, or exaction by local ordinance after a  
1285 development order has been issued, the developer may petition  
1286 the local government, and the local government shall modify the  
1287 affected provisions of the development order to give the  
1288 developer credit for any contribution of land for a public  
1289 facility, or construction, expansion, or contribution of funds  
1290 for land acquisition or construction or expansion of a public  
1291 facility, or a portion thereof, required by the development  
1292 order toward an impact fee or exaction for the same need.

1293 (c) Any ~~The local government and the developer may enter~~  
1294 ~~into~~ capital contribution front-ending agreement entered into by  
1295 a local government and a developer which is still in effect as  
1296 of the effective date of this act agreements as part of a  
1297 development-of-regional-impact development order to reimburse  
1298 the developer, or the developer's successor, for voluntary  
1299 contributions paid in excess of his or her fair share remains  
1300 valid.

1301       (d) This subsection does not apply to internal, onsite  
1302 facilities required by local regulations or to any offsite  
1303 facilities to the extent that such facilities are necessary to  
1304 provide safe and adequate services to the development.

1305       (17) ~~LOCAL MONITORING. The local government issuing the~~  
1306 ~~development order is primarily responsible for monitoring the~~  
1307 ~~development and enforcing the provisions of the development~~  
1308 ~~order. Local governments shall not issue any permits or~~  
1309 ~~approvals or provide any extensions of services if the developer~~  
1310 ~~fails to act in substantial compliance with the development~~  
1311 ~~order.~~

1312       (6) ~~(18)~~ BIENNIAL REPORTS.—Notwithstanding any condition in  
1313 a development order for an approved development of regional  
1314 impact, the developer is not required to ~~shall~~ submit an annual  
1315 ~~or~~ a biennial report on the development of regional impact to  
1316 the local government, the regional planning agency, the state  
1317 land planning agency, and all affected permit agencies ~~in~~  
1318 ~~alternate years on the date specified in the development order,~~  
1319 unless required to do so by the local government that has  
1320 jurisdiction over the development. The penalty for failure to  
1321 file such a required report is as prescribed by the local  
1322 government development order by its terms requires more frequent  
1323 monitoring. If the report is not received, the state land  
1324 planning agency shall notify the local government. If the local  
1325 government does not receive the report or receives notification

CS/CS/HB 1151

2018

1326 that the state land planning agency has not received the report,  
1327 the local government shall request in writing that the developer  
1328 submit the report within 30 days. The failure to submit the  
1329 report after 30 days shall result in the temporary suspension of  
1330 the development order by the local government. If no additional  
1331 development pursuant to the development order has occurred since  
1332 the submission of the previous report, then a letter from the  
1333 developer stating that no development has occurred shall satisfy  
1334 the requirement for a report. Development orders that require  
1335 annual reports may be amended to require biennial reports at the  
1336 option of the local government.

1337 (7) (19) CHANGES SUBSTANTIAL DEVIATIONS.—

1338 (a) Notwithstanding any provision to the contrary in any  
1339 development order, agreement, local comprehensive plan, or local  
1340 land development regulation, any proposed change to a previously  
1341 approved development of regional impact shall be reviewed by the  
1342 local government based on the standards and procedures in its  
1343 adopted local comprehensive plan and adopted local land  
1344 development regulations, including, but not limited to,  
1345 procedures for notice to the applicant and the public regarding  
1346 the issuance of development orders. However, a change to a  
1347 development of regional impact that has the effect of reducing  
1348 the originally approved height, density, or intensity of the  
1349 development must be reviewed by the local government based on  
1350 the standards in the local comprehensive plan at the time the

1351 development was originally approved, and if the development  
1352 would have been consistent with the comprehensive plan in effect  
1353 when the development was originally approved, the local  
1354 government may approve the change. If the revised development is  
1355 approved, the developer may proceed as provided in s.  
1356 163.3167(5). For any proposed change to a previously approved  
1357 development of regional impact, at least one public hearing must  
1358 be held on the application for change, and any change must be  
1359 approved by the local governing body before it becomes  
1360 effective. The review must abide by any prior agreements or  
1361 other actions vesting the laws and policies governing the  
1362 development. Development within the previously approved  
1363 development of regional impact may continue, as approved, during  
1364 the review in portions of the development which are not directly  
1365 affected by the proposed change which creates a reasonable  
1366 likelihood of additional regional impact, or any type of  
1367 regional impact created by the change not previously reviewed by  
1368 the regional planning agency, shall constitute a substantial  
1369 deviation and shall cause the proposed change to be subject to  
1370 further development of regional impact review. There are a  
1371 variety of reasons why a developer may wish to propose changes  
1372 to an approved development of regional impact, including changed  
1373 market conditions. The procedures set forth in this subsection  
1374 are for that purpose.

1375 (b) The local government shall either adopt an amendment

1376 to the development order that approves the application, with or  
1377 without conditions, or deny the application for the proposed  
1378 change. Any new conditions in the amendment to the development  
1379 order issued by the local government may address only those  
1380 impacts directly created by the proposed change, and must be  
1381 consistent with s. 163.3180(5), the adopted comprehensive plan,  
1382 and adopted land development regulations. Changes to a phase  
1383 date, buildout date, expiration date, or termination date may  
1384 also extend any required mitigation associated with a phased  
1385 construction project so that mitigation takes place in the same  
1386 timeframe relative to the impacts as approved Any proposed  
1387 change to a previously approved development of regional impact  
1388 or development order condition which, either individually or  
1389 cumulatively with other changes, exceeds any of the criteria in  
1390 subparagraphs 1.-11. constitutes a substantial deviation and  
1391 shall cause the development to be subject to further  
1392 development-of-regional-impact review through the notice of  
1393 proposed change process under this section.

1394 1. An increase in the number of parking spaces at an  
1395 attraction or recreational facility by 15 percent or 500 spaces,  
1396 whichever is greater, or an increase in the number of spectators  
1397 that may be accommodated at such a facility by 15 percent or  
1398 1,500 spectators, whichever is greater.

1399 2. A new runway, a new terminal facility, a 25 percent  
1400 lengthening of an existing runway, or a 25 percent increase in

1401 the number of gates of an existing terminal, but only if the  
1402 increase adds at least three additional gates.

1403 3. An increase in land area for office development by 15  
1404 percent or an increase of gross floor area of office development  
1405 by 15 percent or 100,000 gross square feet, whichever is  
1406 greater.

1407 4. An increase in the number of dwelling units by 10  
1408 percent or 55 dwelling units, whichever is greater.

1409 5. An increase in the number of dwelling units by 50  
1410 percent or 200 units, whichever is greater, provided that 15  
1411 percent of the proposed additional dwelling units are dedicated  
1412 to affordable workforce housing, subject to a recorded land use  
1413 restriction that shall be for a period of not less than 20 years  
1414 and that includes resale provisions to ensure long-term  
1415 affordability for income eligible homeowners and renters and  
1416 provisions for the workforce housing to be commenced before the  
1417 completion of 50 percent of the market rate dwelling. For  
1418 purposes of this subparagraph, the term "affordable workforce  
1419 housing" means housing that is affordable to a person who earns  
1420 less than 120 percent of the area median income, or less than  
1421 140 percent of the area median income if located in a county in  
1422 which the median purchase price for a single-family existing  
1423 home exceeds the statewide median purchase price of a single-  
1424 family existing home. For purposes of this subparagraph, the  
1425 term "statewide median purchase price of a single-family

1426 "existing home" means the statewide purchase price as determined  
1427 in the Florida Sales Report, Single Family Existing Homes,  
1428 released each January by the Florida Association of Realtors and  
1429 the University of Florida Real Estate Research Center.

1430 6. An increase in commercial development by 60,000 square  
1431 feet of gross floor area or of parking spaces provided for  
1432 customers for 425 cars or a 10 percent increase, whichever is  
1433 greater.

1434 7. An increase in a recreational vehicle park area by 10  
1435 percent or 110 vehicle spaces, whichever is less.

1436 8. A decrease in the area set aside for open space of 5  
1437 percent or 20 acres, whichever is less.

1438 9. A proposed increase to an approved multiuse development  
1439 of regional impact where the sum of the increases of each land  
1440 use as a percentage of the applicable substantial deviation  
1441 criteria is equal to or exceeds 110 percent. The percentage of  
1442 any decrease in the amount of open space shall be treated as an  
1443 increase for purposes of determining when 110 percent has been  
1444 reached or exceeded.

1445 10. A 15 percent increase in the number of external  
1446 vehicle trips generated by the development above that which was  
1447 projected during the original development of regional impact  
1448 review.

1449 11. Any change that would result in development of any  
1450 area which was specifically set aside in the application for

1451 development approval or in the development order for  
1452 preservation or special protection of endangered or threatened  
1453 plants or animals designated as endangered, threatened, or  
1454 species of special concern and their habitat, any species  
1455 protected by 16 U.S.C. ss. 668a-668d, primary dunes, or  
1456 archaeological and historical sites designated as significant by  
1457 the Division of Historical Resources of the Department of State.  
1458 The refinement of the boundaries and configuration of such areas  
1459 shall be considered under sub-subparagraph (e) 2.j.

1460

1461 The substantial deviation numerical standards in subparagraphs  
1462 3., 6., and 9., excluding residential uses, and in subparagraph  
1463 10., are increased by 100 percent for a project certified under  
1464 s. 403.973 which creates jobs and meets criteria established by  
1465 the Department of Economic Opportunity as to its impact on an  
1466 area's economy, employment, and prevailing wage and skill  
1467 levels. The substantial deviation numerical standards in  
1468 subparagraphs 3., 4., 5., 6., 9., and 10. are increased by 50  
1469 percent for a project located wholly within an urban infill and  
1470 redevelopment area designated on the applicable adopted local  
1471 comprehensive plan future land use map and not located within  
1472 the coastal high hazard area.

1473 (c) This section is not intended to alter or otherwise  
1474 limit the extension, previously granted by statute, of a  
1475 commencement, buildout, phase, termination, or expiration date

CS/CS/HB 1151

2018

1476     in any development order for an approved development of regional  
1477     impact and any corresponding modification of a related permit or  
1478     agreement. Any such extension is not subject to review or  
1479     modification in any future amendment to a development order  
1480     pursuant to the adopted local comprehensive plan and adopted  
1481     local land development regulations ~~An extension of the date of~~  
1482     ~~buildout of a development, or any phase thereof, by more than 7~~  
1483     ~~years is presumed to create a substantial deviation subject to~~  
1484     ~~further development of regional impact review.~~

1485       1. ~~An extension of the date of buildout, or any phase~~  
1486     ~~thereof, of more than 5 years but not more than 7 years is~~  
1487     ~~presumed not to create a substantial deviation. The extension of~~  
1488     ~~the date of buildout of an areawide development of regional~~  
1489     ~~impact by more than 5 years but less than 10 years is presumed~~  
1490     ~~not to create a substantial deviation. These presumptions may be~~  
1491     ~~rebutted by clear and convincing evidence at the public hearing~~  
1492     ~~held by the local government. An extension of 5 years or less is~~  
1493     ~~not a substantial deviation.~~

1494       2. ~~In recognition of the 2011 real estate market~~  
1495     ~~conditions, at the option of the developer, all commencement,~~  
1496     ~~phase, buildout, and expiration dates for projects that are~~  
1497     ~~currently valid developments of regional impact are extended for~~  
1498     ~~4 years regardless of any previous extension. Associated~~  
1499     ~~mitigation requirements are extended for the same period unless,~~  
1500     ~~before December 1, 2011, a governmental entity notifies a~~

1501 developer that has commenced any construction within the phase  
1502 for which the mitigation is required that the local government  
1503 has entered into a contract for construction of a facility with  
1504 funds to be provided from the development's mitigation funds for  
1505 that phase as specified in the development order or written  
1506 agreement with the developer. The 4-year extension is not a  
1507 substantial deviation, is not subject to further development of  
1508 regional impact review, and may not be considered when  
1509 determining whether a subsequent extension is a substantial  
1510 deviation under this subsection. The developer must notify the  
1511 local government in writing by December 31, 2011, in order to  
1512 receive the 4-year extension.

1513  
1514 For the purpose of calculating when a buildout or phase date has  
1515 been exceeded, the time shall be tolled during the pendency of  
1516 administrative or judicial proceedings relating to development  
1517 permits. Any extension of the buildout date of a project or a  
1518 phase thereof shall automatically extend the commencement date  
1519 of the project, the termination date of the development order,  
1520 the expiration date of the development of regional impact, and  
1521 the phases thereof if applicable by a like period of time.

1522 (d) A change in the plan of development of an approved  
1523 development of regional impact resulting from requirements  
1524 imposed by the Department of Environmental Protection or any  
1525 water management district created by s. 373.069 or any of their

CS/CS/HB 1151

2018

1526 successor agencies or by any appropriate federal regulatory  
1527 agency shall be submitted to the local government pursuant to  
1528 this subsection. The change shall be presumed not to create a  
1529 substantial deviation subject to further development of  
1530 regional impact review. The presumption may be rebutted by clear  
1531 and convincing evidence at the public hearing held by the local  
1532 government.

1533 (e) 1. Except for a development order rendered pursuant to  
1534 subsection (22) or subsection (25), a proposed change to a  
1535 development order which individually or cumulatively with any  
1536 previous change is less than any numerical criterion contained  
1537 in subparagraphs (b) 1.-10. and does not exceed any other  
1538 criterion, or which involves an extension of the buildout date  
1539 of a development, or any phase thereof, of less than 5 years is  
1540 not subject to the public hearing requirements of subparagraph  
1541 (f) 3., and is not subject to a determination pursuant to  
1542 subparagraph (f) 5. Notice of the proposed change shall be made  
1543 to the regional planning council and the state land planning  
1544 agency. Such notice must include a description of previous  
1545 individual changes made to the development, including changes  
1546 previously approved by the local government, and must include  
1547 appropriate amendments to the development order.

1548 2. The following changes, individually or cumulatively  
1549 with any previous changes, are not substantial deviations:

1550 a. Changes in the name of the project, developer, owner,

CS/CS/HB 1151

2018

1551 or monitoring official.

1552 b. Changes to a setback which do not affect noise buffers,  
1553 environmental protection or mitigation areas, or archaeological  
1554 or historical resources.

1555 e. Changes to minimum lot sizes.

1556 d. Changes in the configuration of internal roads which do  
1557 not affect external access points.

1558 e. Changes to the building design or orientation which  
1559 stay approximately within the approved area designated for such  
1560 building and parking lot, and which do not affect historical  
1561 buildings designated as significant by the Division of  
1562 Historical Resources of the Department of State.

1563 f. Changes to increase the acreage in the development, if  
1564 no development is proposed on the acreage to be added.

1565 g. Changes to eliminate an approved land use, if there are  
1566 no additional regional impacts.

1567 h. Changes required to conform to permits approved by any  
1568 federal, state, or regional permitting agency, if these changes  
1569 do not create additional regional impacts.

1570 i. Any renovation or redevelopment of development within a  
1571 previously approved development of regional impact which does  
1572 not change land use or increase density or intensity of use.

1573 j. Changes that modify boundaries and configuration of  
1574 areas described in subparagraph (b)11. due to science-based  
1575 refinement of such areas by survey, by habitat evaluation, by

1576 other recognized assessment methodology, or by an environmental  
1577 assessment. In order for changes to qualify under this sub-  
1578 subparagraph, the survey, habitat evaluation, or assessment must  
1579 occur before the time that a conservation easement protecting  
1580 such lands is recorded and must not result in any net decrease  
1581 in the total acreage of the lands specifically set aside for  
1582 permanent preservation in the final development order.

1583 k. Changes that do not increase the number of external  
1584 peak hour trips and do not reduce open space and conserved areas  
1585 within the project except as otherwise permitted by sub-  
1586 subparagraph j.

1587 l. A phase date extension, if the state land planning  
1588 agency, in consultation with the regional planning council and  
1589 subject to the written concurrence of the Department of  
1590 Transportation, agrees that the traffic impact is not  
1591 significant and adverse under applicable state agency rules.

1592 m. Any other change that the state land planning agency,  
1593 in consultation with the regional planning council, agrees in  
1594 writing is similar in nature, impact, or character to the  
1595 changes enumerated in sub-subparagraphs a. l. and that does not  
1596 create the likelihood of any additional regional impact.

1597

1598 This subsection does not require the filing of a notice of  
1599 proposed change but requires an application to the local  
1600 government to amend the development order in accordance with the

CS/CS/HB 1151

2018

1601 local government's procedures for amendment of a development  
1602 order. In accordance with the local government's procedures,  
1603 including requirements for notice to the applicant and the  
1604 public, the local government shall either deny the application  
1605 for amendment or adopt an amendment to the development order  
1606 which approves the application with or without conditions.  
1607 Following adoption, the local government shall render to the  
1608 state land planning agency the amendment to the development  
1609 order. The state land planning agency may appeal, pursuant to s.  
1610 380.07(3), the amendment to the development order if the  
1611 amendment involves sub-subparagraph g., sub-subparagraph h.,  
1612 sub-subparagraph j., sub-subparagraph k., or sub-subparagraph m.  
1613 and if the agency believes that the change creates a reasonable  
1614 likelihood of new or additional regional impacts.

1615 3. Except for the change authorized by sub-subparagraph  
1616 2.f., any addition of land not previously reviewed or any change  
1617 not specified in paragraph (b) or paragraph (c) shall be  
1618 presumed to create a substantial deviation. This presumption may  
1619 be rebutted by clear and convincing evidence.

1620 4. Any submittal of a proposed change to a previously  
1621 approved development must include a description of individual  
1622 changes previously made to the development, including changes  
1623 previously approved by the local government. The local  
1624 government shall consider the previous and current proposed  
1625 changes in deciding whether such changes cumulatively constitute

1626 ~~a substantial deviation requiring further development of-~~  
1627 ~~regional impact review.~~

1628 ~~5. The following changes to an approved development of~~  
1629 ~~regional impact shall be presumed to create a substantial~~  
1630 ~~deviation. Such presumption may be rebutted by clear and~~  
1631 ~~convincing evidence:~~

1632 ~~a. A change proposed for 15 percent or more of the acreage~~  
1633 ~~to a land use not previously approved in the development order.~~  
1634 ~~Changes of less than 15 percent shall be presumed not to create~~  
1635 ~~a substantial deviation.~~

1636 ~~b. Notwithstanding any provision of paragraph (b) to the~~  
1637 ~~contrary, a proposed change consisting of simultaneous increases~~  
1638 ~~and decreases of at least two of the uses within an authorized~~  
1639 ~~multiuse development of regional impact which was originally~~  
1640 ~~approved with three or more uses specified in s. 380.0651(3)(c)~~  
1641 ~~and (d) and residential use.~~

1642 ~~6. If a local government agrees to a proposed change, a~~  
1643 ~~change in the transportation proportionate share calculation and~~  
1644 ~~mitigation plan in an adopted development order as a result of~~  
1645 ~~recalculation of the proportionate share contribution meeting~~  
1646 ~~the requirements of s. 163.3180(5)(h) in effect as of the date~~  
1647 ~~of such change shall be presumed not to create a substantial~~  
1648 ~~deviation. For purposes of this subsection, the proposed change~~  
1649 ~~in the proportionate share calculation or mitigation plan may~~  
1650 ~~not be considered an additional regional transportation impact.~~

1651       (f)1. The state land planning agency shall establish by  
1652 rule standard forms for submittal of proposed changes to a  
1653 previously approved development of regional impact which may  
1654 require further development of regional impact review. At a  
1655 minimum, the standard form shall require the developer to  
1656 provide the precise language that the developer proposes to  
1657 delete or add as an amendment to the development order.

1658       2. The developer shall submit, simultaneously, to the  
1659 local government, the regional planning agency, and the state  
1660 land planning agency the request for approval of a proposed  
1661 change.

1662       3. No sooner than 30 days but no later than 45 days after  
1663 submittal by the developer to the local government, the state  
1664 land planning agency, and the appropriate regional planning  
1665 agency, the local government shall give 15 days' notice and  
1666 schedule a public hearing to consider the change that the  
1667 developer asserts does not create a substantial deviation. This  
1668 public hearing shall be held within 60 days after submittal of  
1669 the proposed changes, unless that time is extended by the  
1670 developer.

1671       4. The appropriate regional planning agency or the state  
1672 land planning agency shall review the proposed change and, no  
1673 later than 45 days after submittal by the developer of the  
1674 proposed change, unless that time is extended by the developer,  
1675 and prior to the public hearing at which the proposed change is

1676 to be considered, shall advise the local government in writing  
1677 whether it objects to the proposed change, shall specify the  
1678 reasons for its objection, if any, and shall provide a copy to  
1679 the developer.

1680 5. At the public hearing, the local government shall  
1681 determine whether the proposed change requires further  
1682 development of regional impact review. The provisions of  
1683 paragraphs (a) and (c), the thresholds set forth in paragraph  
1684 (b), and the presumptions set forth in paragraphs (c) and (d)  
1685 and subparagraph (e)3. shall be applicable in determining  
1686 whether further development of regional impact review is  
1687 required. The local government may also deny the proposed change  
1688 based on matters relating to local issues, such as if the land  
1689 on which the change is sought is plat restricted in a way that  
1690 would be incompatible with the proposed change, and the local  
1691 government does not wish to change the plat restriction as part  
1692 of the proposed change.

1693 6. If the local government determines that the proposed  
1694 change does not require further development of regional impact  
1695 review and is otherwise approved, or if the proposed change is  
1696 not subject to a hearing and determination pursuant to  
1697 subparagraphs 3. and 5. and is otherwise approved, the local  
1698 government shall issue an amendment to the development order  
1699 incorporating the approved change and conditions of approval  
1700 relating to the change. The requirement that a change be

1701 otherwise approved shall not be construed to require additional  
1702 local review or approval if the change is allowed by applicable  
1703 local ordinances without further local review or approval. The  
1704 decision of the local government to approve, with or without  
1705 conditions, or to deny the proposed change that the developer  
1706 asserts does not require further review shall be subject to the  
1707 appeal provisions of s. 380.07. However, the state land planning  
1708 agency may not appeal the local government decision if it did  
1709 not comply with subparagraph 4. The state land planning agency  
1710 may not appeal a change to a development order made pursuant to  
1711 subparagraph (e)1. or subparagraph (e)2. for developments of  
1712 regional impact approved after January 1, 1980, unless the  
1713 change would result in a significant impact to a regionally  
1714 significant archaeological, historical, or natural resource not  
1715 previously identified in the original development of regional  
1716 impact review.

1717 (g) If a proposed change requires further development of  
1718 regional impact review pursuant to this section, the review  
1719 shall be conducted subject to the following additional  
1720 conditions:

1721 1. The development of regional impact review conducted by  
1722 the appropriate regional planning agency shall address only  
1723 those issues raised by the proposed change except as provided in  
1724 subparagraph 2.

1725 2. The regional planning agency shall consider, and the

1726 local government shall determine whether to approve, approve  
1727 with conditions, or deny the proposed change as it relates to  
1728 the entire development. If the local government determines that  
1729 the proposed change, as it relates to the entire development, is  
1730 unacceptable, the local government shall deny the change.

1731 3. If the local government determines that the proposed  
1732 change should be approved, any new conditions in the amendment  
1733 to the development order issued by the local government shall  
1734 address only those issues raised by the proposed change and  
1735 require mitigation only for the individual and cumulative  
1736 impacts of the proposed change.

1737 4. Development within the previously approved development  
1738 of regional impact may continue, as approved, during the  
1739 development-of-regional-impact review in those portions of the  
1740 development which are not directly affected by the proposed  
1741 change.

1742 (h) When further development-of-regional-impact review is  
1743 required because a substantial deviation has been determined or  
1744 admitted by the developer, the amendment to the development  
1745 order issued by the local government shall be consistent with  
1746 the requirements of subsection (15) and shall be subject to the  
1747 hearing and appeal provisions of s. 380.07. The state land  
1748 planning agency or the appropriate regional planning agency need  
1749 not participate at the local hearing in order to appeal a local  
1750 government development order issued pursuant to this paragraph.

1751                   (i) An increase in the number of residential dwelling  
1752 units shall not constitute a substantial deviation and shall not  
1753 be subject to development of regional impact review for  
1754 additional impacts, provided that all the residential dwelling  
1755 units are dedicated to affordable workforce housing and the  
1756 total number of new residential units does not exceed 200  
1757 percent of the substantial deviation threshold. The affordable  
1758 workforce housing shall be subject to a recorded land use  
1759 restriction that shall be for a period of not less than 20 years  
1760 and that includes resale provisions to ensure long-term  
1761 affordability for income-eligible homeowners and renters. For  
1762 purposes of this paragraph, the term "affordable workforce  
1763 housing" means housing that is affordable to a person who earns  
1764 less than 120 percent of the area median income, or less than  
1765 140 percent of the area median income if located in a county in  
1766 which the median purchase price for a single-family existing  
1767 home exceeds the statewide median purchase price of a single-  
1768 family existing home. For purposes of this paragraph, the term  
1769 "statewide median purchase price of a single-family existing  
1770 home" means the statewide purchase price as determined in the  
1771 Florida Sales Report, Single Family Existing Homes, released  
1772 each January by the Florida Association of Realtors and the  
1773 University of Florida Real Estate Research Center.

1774                   (8)(20) VESTED RIGHTS.—Nothing in this section shall limit  
1775 or modify the rights of any person to complete any development

CS/CS/HB 1151

1776 that was authorized by registration of a subdivision pursuant to  
1777 former chapter 498, by recordation pursuant to local subdivision  
1778 plat law, or by a building permit or other authorization to  
1779 commence development on which there has been reliance and a  
1780 change of position and which registration or recordation was  
1781 accomplished, or which permit or authorization was issued, prior  
1782 to July 1, 1973. If a developer has, by his or her actions in  
1783 reliance on prior regulations, obtained vested or other legal  
1784 rights that in law would have prevented a local government from  
1785 changing those regulations in a way adverse to the developer's  
1786 interests, nothing in this chapter authorizes any governmental  
1787 agency to abridge those rights.

1788 (a) For the purpose of determining the vesting of rights  
1789 under this subsection, approval pursuant to local subdivision  
1790 plat law, ordinances, or regulations of a subdivision plat by  
1791 formal vote of a county or municipal governmental body having  
1792 jurisdiction after August 1, 1967, and prior to July 1, 1973, is  
1793 sufficient to vest all property rights for the purposes of this  
1794 subsection; and no action in reliance on, or change of position  
1795 concerning, such local governmental approval is required for  
1796 vesting to take place. Anyone claiming vested rights under this  
1797 paragraph must notify the department in writing by January 1,  
1798 1986. Such notification shall include information adequate to  
1799 document the rights established by this subsection. When such  
1800 notification requirements are met, in order for the vested

1801 rights authorized pursuant to this paragraph to remain valid  
1802 after June 30, 1990, development of the vested plan must be  
1803 commenced prior to that date upon the property that the state  
1804 land planning agency has determined to have acquired vested  
1805 rights following the notification or in a binding letter of  
1806 interpretation. When the notification requirements have not been  
1807 met, the vested rights authorized by this paragraph shall expire  
1808 June 30, 1986, unless development commenced prior to that date.

1809 (b) For the purpose of this act, the conveyance of, or the  
1810 agreement to convey, property to the county, state, or local  
1811 government as a prerequisite to zoning change approval shall be  
1812 construed as an act of reliance to vest rights as determined  
1813 under this subsection, provided such zoning change is actually  
1814 granted by such government.

1826 application for master development approval of the project and  
1827 agree to present subsequent increments of the development for  
1828 preconstruction review. This agreement shall be entered into by  
1829 the developer, the regional planning agency, and the appropriate  
1830 local government having jurisdiction. The provisions of  
1831 subsection (9) do not apply to this subsection, except that a  
1832 developer may elect to utilize the review process established in  
1833 subsection (9) for review of the increments of a master plan.

1834 1. Prior to adoption of the master plan development order,  
1835 the developer, the landowner, the appropriate regional planning  
1836 agency, and the local government having jurisdiction shall  
1837 review the draft of the development order to ensure that  
1838 anticipated regional impacts have been adequately addressed and  
1839 that information requirements for subsequent incremental  
1840 application review are clearly defined. The development order  
1841 for a master application shall specify the information which  
1842 must be submitted with an incremental application and shall  
1843 identify those issues which can result in the denial of an  
1844 incremental application.

1845 2. The review of subsequent incremental applications shall  
1846 be limited to that information specifically required and those  
1847 issues specifically raised by the master development order,  
1848 unless substantial changes in the conditions underlying the  
1849 approval of the master plan development order are demonstrated  
1850 or the master development order is shown to have been based on

1851 substantially inaccurate information.

1852 (e) The state land planning agency, by rule, shall  
1853 establish uniform procedures to implement this subsection.

1854 (22) DOWNTOWN DEVELOPMENT AUTHORITIES.

1855 (a) A downtown development authority may submit a  
1856 development-of-regional-impact application for development  
1857 approval pursuant to this section. The area described in the  
1858 application may consist of any or all of the land over which a  
1859 downtown development authority has the power described in s.  
1860 380.031(5). For the purposes of this subsection, a downtown  
1861 development authority shall be considered the developer whether  
1862 or not the development will be undertaken by the downtown  
1863 development authority.

1864 (b) In addition to information required by the  
1865 development-of-regional-impact application, the application for  
1866 development approval submitted by a downtown development  
1867 authority shall specify the total amount of development planned  
1868 for each land use category. In addition to the requirements of  
1869 subsection (15), the development order shall specify the amount  
1870 of development approved within each land use category.

1871 Development undertaken in conformance with a development order  
1872 issued under this section does not require further review.

1873 (c) If a development is proposed within the area of a  
1874 downtown development plan approved pursuant to this section  
1875 which would result in development in excess of the amount

CS/CS/HB 1151

1876 specified in the development order for that type of activity,  
1877 changes shall be subject to the provisions of subsection (19),  
1878 except that the percentages and numerical criteria shall be  
1879 double those listed in paragraph (19)(b).

1880 (d) The provisions of subsection (9) do not apply to this  
1881 subsection.

1882 (23) ADOPTION OF RULES BY STATE LAND PLANNING AGENCY.—

1883 (a) The state land planning agency shall adopt rules to  
1884 ensure uniform review of developments of regional impact by the  
1885 state land planning agency and regional planning agencies under  
1886 this section. These rules shall be adopted pursuant to chapter  
1887 120 and shall include all forms, application content, and review  
1888 guidelines necessary to implement development of regional impact  
1889 reviews. The state land planning agency, in consultation with  
1890 the regional planning agencies, may also designate types of  
1891 development or areas suitable for development in which reduced  
1892 information requirements for development of regional impact  
1893 review shall apply.

1894 (b) Regional planning agencies shall be subject to rules  
1895 adopted by the state land planning agency. At the request of a  
1896 regional planning council, the state land planning agency may  
1897 adopt by rule different standards for a specific comprehensive  
1898 planning district upon a finding that the statewide standard is  
1899 inadequate to protect or promote the regional interest at issue.  
1900 If such a regional standard is adopted by the state land

CS/CS/HB 1151

2018

1901 planning agency, the regional standard shall be applied to all  
1902 pertinent development of regional impact reviews conducted in  
1903 that region until rescinded.

1904 (c) Within 6 months of the effective date of this section,  
1905 the state land planning agency shall adopt rules which:  
1906 1. Establish uniform statewide standards for development  
1907 of regional impact review.

1908 2. Establish a short application for development approval  
1909 form which eliminates issues and questions for any project in a  
1910 jurisdiction with an adopted local comprehensive plan that is in  
1911 compliance.

1912 (d) Regional planning agencies that perform development  
1913 of regional impact and Florida Quality Development review are  
1914 authorized to assess and collect fees to fund the costs, direct  
1915 and indirect, of conducting the review process. The state land  
1916 planning agency shall adopt rules to provide uniform criteria  
1917 for the assessment and collection of such fees. The rules  
1918 providing uniform criteria shall not be subject to rule  
1919 challenge under s. 120.56(2) or to drawout proceedings under s.  
1920 120.54(3)(c)2., but, once adopted, shall be subject to an  
1921 invalidity challenge under s. 120.56(3) by substantially  
1922 affected persons. Until the state land planning agency adopts a  
1923 rule implementing this paragraph, rules of the regional planning  
1924 councils currently in effect regarding fees shall remain in  
1925 effect. Fees may vary in relation to the type and size of a

1926 proposed project, but shall not exceed \$75,000, unless the state  
1927 land planning agency, after reviewing any disputed expenses  
1928 charged by the regional planning agency, determines that said  
1929 expenses were reasonable and necessary for an adequate regional  
1930 review of the impacts of a project.

1966 appropriate local government to develop a traffic management  
1967 plan for the traffic generated by the increase. Any traffic

2176 the public interest. Any public interest determination under  
2177 this criterion is preliminary and not binding on the state land  
2178 planning agency, regional planning agency, or local government.

2179 4. The state land planning agency shall develop and make  
2180 available standard forms for petitions and applications for  
2181 development approval for use under this subsection.

2182 (e) Any person may submit a petition to a local government  
2183 having jurisdiction over an area to be developed, requesting  
2184 that government to approve that person as a developer, whether  
2185 or not any or all development will be undertaken by that person,  
2186 and to approve the area as appropriate for an areawide  
2187 development of regional impact.

2188 (d) A general purpose local government with jurisdiction  
2189 over an area to be considered in an areawide development of  
2190 regional impact shall not have to petition itself for  
2191 authorization to prepare and consider an application for  
2192 development approval for an areawide development plan. However,  
2193 such a local government shall initiate the preparation of an  
2194 application only:

2195 1. After scheduling and conducting a public hearing as  
2196 specified in paragraph (e); and

2197 2. After conducting such hearing, finding that the  
2198 planning area meets the standards and criteria pursuant to  
2199 subparagraph (b)3. for determining that an areawide development  
2200 plan will be in the public interest.

2201       (e) The local government shall schedule a public hearing  
2202 within 60 days after receipt of the petition. The public hearing  
2203 shall be advertised at least 30 days prior to the hearing. In  
2204 addition to the public hearing notice by the local government,  
2205 the petitioner, except when the petitioner is a local  
2206 government, shall provide actual notice to each person owning  
2207 land within the proposed areawide development plan at least 30  
2208 days prior to the hearing. If the petitioner is a local  
2209 government, or local governments pursuant to an interlocal  
2210 agreement, notice of the public hearing shall be provided by the  
2211 publication of an advertisement in a newspaper of general  
2212 circulation that meets the requirements of this paragraph. The  
2213 advertisement must be no less than one-quarter page in a  
2214 standard size or tabloid size newspaper, and the headline in the  
2215 advertisement must be in type no smaller than 18 point. The  
2216 advertisement shall not be published in that portion of the  
2217 newspaper where legal notices and classified advertisements  
2218 appear. The advertisement must be published in a newspaper of  
2219 general paid circulation in the county and of general interest  
2220 and readership in the community, not one of limited subject

2226 comprehensive plans pursuant to s. 163.3184. The local  
2227 government shall specifically notify in writing the regional  
2228 planning agency and the state land planning agency at least 30  
2229 days prior to the public hearing. At the public hearing, all  
2230 interested parties may testify and submit evidence regarding the  
2231 petitioner's qualifications, the need for and benefits of an  
2232 areawide development of regional impact, and such other issues  
2233 relevant to a full consideration of the petition. If more than  
2234 one local government has jurisdiction over the defined planning  
2235 area in an areawide development plan, the local governments  
2236 shall hold a joint public hearing. Such hearing shall address,  
2237 at a minimum, the need to resolve conflicting ordinances or  
2238 comprehensive plans, if any. The local government holding the  
2239 joint hearing shall comply with the following additional  
2240 requirements:

2241 1. The notice of the hearing shall be published at least  
2242 60 days in advance of the hearing and shall specify where the  
2243 petition may be reviewed.

2244 2. The notice shall be given to the state land planning  
2245 agency, to the applicable regional planning agency, and to such  
2246 other persons as may have been designated by the state land  
2247 planning agency as entitled to receive such notices.

2248 3. A public hearing date shall be set by the appropriate  
2249 local government at the next scheduled meeting.

2250 (f) Following the public hearing, the local government

2251 shall issue a written order, appealable under s. 380.07, which  
2252 approves, approves with conditions, or denies the petition. It  
2253 shall approve the petitioner as the developer if it finds that  
2254 the petitioner and defined planning area meet the standards and  
2255 criteria, consistent with applicable law, pursuant to  
2256 subparagraph (b)3.

2257 (g) The local government shall submit any order which  
2258 approves the petition, or approves the petition with conditions,  
2259 to the petitioner, to all owners of property within the defined  
2260 planning area, to the regional planning agency, and to the state  
2261 land planning agency within 30 days after the order becomes  
2262 effective.

2263 (h) The petitioner, an owner of property within the  
2264 defined planning area, the appropriate regional planning agency  
2265 by vote at a regularly scheduled meeting, or the state land  
2266 planning agency may appeal the decision of the local government  
2267 to the Florida Land and Water Adjudicatory Commission by filing  
2268 a notice of appeal with the commission. The procedures  
2269 established in s. 380.07 shall be followed for such an appeal.

2270 (i) After the time for appeal of the decision has run, an  
2271 approved developer may submit an application for development  
2272 approval for a proposed areawide development of regional impact  
2273 for land within the defined planning area, pursuant to  
2274 subsection (6). Development undertaken in conformance with an  
2275 areawide development order issued under this section shall not

2277 (j) In reviewing an application for a proposed areawide  
2278 development of regional impact, the regional planning agency  
2279 shall evaluate, and the local government shall consider, the  
2280 following criteria, in addition to any other criteria set forth  
2281 in this section:

2282 1. Whether the developer has demonstrated its legal,  
2283 financial, and administrative ability to perform any commitments  
2284 it has made in the application for a proposed areawide  
2285 development of regional impact.

2286 2. Whether the developer has demonstrated that all  
2287 property owners within the defined planning area consent or do  
2288 not object to the proposed areawide development of regional  
2289 impact.

2290 3. Whether the area and the anticipated development are  
2291 consistent with the applicable local, regional, and state  
2292 comprehensive plans, except as provided for in paragraph (k).

2293 (k) In addition to the requirements of subsection (14), a  
2294 development order approving, or approving with conditions, a  
2295 proposed areawide development of regional impact shall specify  
2296 the approved land uses and the amount of development approved  
2297 within each land use category in the defined planning area. The  
2298 development order shall incorporate by reference the approved  
2299 areawide development plan. The local government shall not  
2300 approve an areawide development plan that is inconsistent with

CS/CS/HB 1151

2018

2301 the local comprehensive plan, except that a local government may  
2302 amend its comprehensive plan pursuant to paragraph (6)(b).

2303 (l) Any owner of property within the defined planning area  
2304 may withdraw his or her consent to the areawide development plan  
2305 at any time prior to local government approval, with or without  
2306 conditions, of the petition; and the plan, the areawide  
2307 development order, and the exemption from development of  
2308 regional impact review of individual projects under this section  
2309 shall not thereafter apply to the owner's property. After the  
2310 areawide development order is issued, a landowner may withdraw  
2311 his or her consent only with the approval of the local  
2312 government.

2313 (m) If the developer of an areawide development of  
2314 regional impact is a general purpose local government with  
2315 jurisdiction over the land area included within the areawide  
2316 development proposal and if no interest in the land within the  
2317 land area is owned, leased, or otherwise controlled by a person,  
2318 corporate or natural, for the purpose of mining or beneficiation  
2319 of minerals, then:

2320 1. Demonstration of property owner consent or lack of  
2321 objection to an areawide development plan shall not be required;  
2322 and

2323 2. The option to withdraw consent does not apply, and all  
2324 property and development within the areawide development  
2325 planning area shall be subject to the areawide plan and to the

CS/CS/HB 1151

2326 development order conditions.

2327 (n) After a development order approving an areawide  
2328 development plan is received, changes shall be subject to the  
2329 provisions of subsection (19), except that the percentages and  
2330 numerical criteria shall be double those listed in paragraph  
2331 (19)(b).

2332 (11) ~~(26)~~ ABANDONMENT OF DEVELOPMENTS OF REGIONAL IMPACT.—

2333 (a) There is hereby established a process to abandon a  
2334 development of regional impact and its associated development  
2335 orders. A development of regional impact and its associated  
2336 development orders may be proposed to be abandoned by the owner  
2337 or developer. The local government in whose jurisdiction is  
2338 ~~which~~ the development of regional impact is located also may  
2339 propose to abandon the development of regional impact, provided  
2340 that the local government gives individual written notice to  
2341 each development-of-regional-impact owner and developer of  
2342 record, and provided that no such owner or developer objects in  
2343 writing to the local government before prior to or at the public  
2344 hearing pertaining to abandonment of the development of regional  
2345 impact. ~~The state land planning agency is authorized to~~  
2346 ~~promulgate rules that shall include, but not be limited to,~~  
2347 ~~criteria for determining whether to grant, grant with~~  
2348 ~~conditions, or deny a proposal to abandon, and provisions to~~  
2349 ~~ensure that the developer satisfies all applicable conditions of~~  
2350 ~~the development order and adequately mitigates for the impacts~~

2351 ~~of the development.~~ If there is no existing development within  
2352 the development of regional impact at the time of abandonment  
2353 and no development within the development of regional impact is  
2354 proposed by the owner or developer after such abandonment, an  
2355 abandonment order may ~~shall~~ not require the owner or developer  
2356 to contribute any land, funds, or public facilities as a  
2357 condition of such abandonment order. The local government must  
2358 ~~file rules shall also provide a procedure for filing~~ notice of  
2359 the abandonment pursuant to s. 28.222 with the clerk of the  
2360 circuit court for each county in which the development of  
2361 regional impact is located. Abandonment will be deemed to have  
2362 occurred upon the recording of the notice. Any decision by a  
2363 local government concerning the abandonment of a development of  
2364 regional impact is ~~shall be~~ subject to an appeal pursuant to s.  
2365 380.07. The issues in any such appeal must ~~shall~~ be confined to  
2366 whether the provisions of this subsection ~~or any rules~~  
2367 ~~promulgated thereunder~~ have been satisfied.

2368 (b) If requested by the owner, developer, or local  
2369 government, the development-of-regional-impact development order  
2370 must be abandoned by the local government having jurisdiction  
2371 upon a showing that all required mitigation related to the  
2372 amount of development which existed on the date of abandonment  
2373 has been completed or will be completed under an existing permit  
2374 or equivalent authorization issued by a governmental agency as  
2375 defined in s. 380.031(6), provided such permit or authorization

2376     is subject to enforcement through administrative or judicial  
2377     remedies Upon receipt of written confirmation from the state  
2378     land planning agency that any required mitigation applicable to  
2379     completed development has occurred, an industrial development of  
2380     regional impact located within the coastal high hazard area of a  
2381     rural area of opportunity which was approved before the adoption  
2382     of the local government's comprehensive plan required under s.  
2383     163.3167 and which plan's future land use map and zoning  
2384     designates the land use for the development of regional impact  
2385     as commercial may be unilaterally abandoned without the need to  
2386     proceed through the process described in paragraph (a) if the  
2387     developer or owner provides a notice of abandonment to the local  
2388     government and records such notice with the applicable clerk of  
2389     court. Abandonment shall be deemed to have occurred upon the  
2390     recording of the notice. All development following abandonment  
2391     must shall be fully consistent with the current comprehensive  
2392     plan and applicable zoning.

2393        (c) A development order for abandonment of an approved  
2394        development of regional impact may be amended by a local  
2395        government pursuant to subsection (7), provided that the  
2396        amendment does not reduce any mitigation previously required as  
2397        a condition of abandonment, unless the developer demonstrates  
2398        that changes to the development no longer will result in impacts  
2399        that necessitated the mitigation.

2400        (27) RIGHTS, RESPONSIBILITIES, AND OBLIGATIONS UNDER A

2401 DEVELOPMENT ORDER.—If a developer or owner is in doubt as to his  
2402 or her rights, responsibilities, and obligations under a  
2403 development order and the development order does not clearly  
2404 define his or her rights, responsibilities, and obligations, the  
2405 developer or owner may request participation in resolving the  
2406 dispute through the dispute resolution process outlined in s.  
2407 186.509. The Department of Economic Opportunity shall be  
2408 notified by certified mail of any meeting held under the process  
2409 provided for by this subsection at least 5 days before the  
2410 meeting.

2411 (28) PARTIAL STATUTORY EXEMPTIONS.

2412 (a) If the binding agreement referenced under paragraph  
2413 (24)(1) for urban service boundaries is not entered into within  
2414 12 months after establishment of the urban service boundary, the  
2415 development of regional impact review for projects within the  
2416 urban service boundary must address transportation impacts only.

2417 (b) If the binding agreement referenced under paragraph  
2418 (24)(m) for rural land stewardship areas is not entered into  
2419 within 12 months after the designation of a rural land  
2420 stewardship area, the development of regional impact review for  
2421 projects within the rural land stewardship area must address  
2422 transportation impacts only.

2423 (c) If the binding agreement for designated urban infill  
2424 and redevelopment areas is not entered into within 12 months  
2425 after the designation of the area or July 1, 2007, whichever

2426 occurs later, the development of regional impact review for  
2427 projects within the urban infill and redevelopment area must  
2428 address transportation impacts only.

2429 (d) A local government that does not wish to enter into a  
2430 binding agreement or that is unable to agree on the terms of the  
2431 agreement referenced under paragraph (24)(1) or paragraph  
2432 (24)(m) shall provide written notification to the state land  
2433 planning agency of the decision to not enter into a binding agreement  
2434 or the failure to enter into a binding agreement  
2435 within the 12-month period referenced in paragraphs (a), (b) and  
2436 (c). Following the notification of the state land planning  
2437 agency, development of regional impact review for projects  
2438 within an urban service boundary under paragraph (24)(1), or a  
2439 rural land stewardship area under paragraph (24)(m), must  
2440 address transportation impacts only.

2441 (e) The vesting provision of s. 163.3167(5) relating to an  
2442 authorized development of regional impact does not apply to  
2443 those projects partially exempt from the development of  
2444 regional impact review process under paragraphs (a)-(d).

2445 (29) EXEMPTIONS FOR DENSE URBAN LAND AREAS.

2446 (a) The following are exempt from this section:

- 2447 1. Any proposed development in a municipality that has an  
2448 average of at least 1,000 people per square mile of land area  
2449 and a minimum total population of at least 5,000;
- 2450 2. Any proposed development within a county, including the

2451 municipalities located in the county, that has an average of at  
2452 least 1,000 people per square mile of land area and is located  
2453 within an urban service area as defined in s. 163.3164 which has  
2454 been adopted into the comprehensive plan;

2455 3. Any proposed development within a county, including the  
2456 municipalities located therein, which has a population of at  
2457 least 900,000, that has an average of at least 1,000 people per  
2458 square mile of land area, but which does not have an urban  
2459 service area designated in the comprehensive plan; or

2460 4. Any proposed development within a county, including the  
2461 municipalities located therein, which has a population of at  
2462 least 1 million and is located within an urban service area as  
2463 defined in s. 163.3164 which has been adopted into the  
2464 comprehensive plan.

2465

2466 The Office of Economic and Demographic Research within the  
2467 Legislature shall annually calculate the population and density  
2468 criteria needed to determine which jurisdictions meet the  
2469 density criteria in subparagraphs 1.-4. by using the most recent  
2470 land area data from the decennial census conducted by the Bureau  
2471 of the Census of the United States Department of Commerce and  
2472 the latest available population estimates determined pursuant to  
2473 s. 186.901. If any local government has had an annexation,

2476 using the new jurisdictional boundaries as recorded in  
2477 accordance with s. 171.091. The Office of Economic and  
2478 Demographic Research shall annually submit to the state land  
2479 planning agency by July 1 a list of jurisdictions that meet the  
2480 total population and density criteria. The state land planning  
2481 agency shall publish the list of jurisdictions on its Internet  
2482 website within 7 days after the list is received. The  
2483 designation of jurisdictions that meet the criteria of  
2484 subparagraphs 1.-4. is effective upon publication on the state  
2485 land planning agency's Internet website. If a municipality that  
2486 has previously met the criteria no longer meets the criteria,  
2487 the state land planning agency shall maintain the municipality  
2488 on the list and indicate the year the jurisdiction last met the  
2489 criteria. However, any proposed development of regional impact  
2490 not within the established boundaries of a municipality at the  
2491 time the municipality last met the criteria must meet the  
2492 requirements of this section until such time as the municipality  
2493 as a whole meets the criteria. Any county that meets the  
2494 criteria shall remain on the list in accordance with the  
2495 provisions of this paragraph. Any jurisdiction that was placed  
2496 on the dense urban land area list before June 2, 2011, shall  
2497 remain on the list in accordance with the provisions of this  
2498 paragraph.

2499 (b) If a municipality that does not qualify as a dense  
2500 urban land area pursuant to paragraph (a) designates any of the

CS/CS/HB 1151

2018

2501 following areas in its comprehensive plan, any proposed  
2502 development within the designated area is exempt from the  
2503 development-of-regional-impact process:

- 2504 1. Urban infill as defined in s. 163.3164;
- 2505 2. Community redevelopment areas as defined in s. 163.340;
- 2506 3. Downtown revitalization areas as defined in s.  
163.3164;
- 2507 4. Urban infill and redevelopment under s. 163.2517; or
- 2508 5. Urban service areas as defined in s. 163.3164 or areas  
within a designated urban service boundary under s.  
163.3177(14), Florida Statutes (2010).

2511 (c) If a county that does not qualify as a dense urban  
2512 land area designates any of the following areas in its  
2513 comprehensive plan, any proposed development within the  
2514 designated area is exempt from the development-of-regional-  
2515 impact process:

- 2516 1. Urban infill as defined in s. 163.3164;
- 2517 2. Urban infill and redevelopment under s. 163.2517; or
- 2518 3. Urban service areas as defined in s. 163.3164.

2519 (d) A development that is located partially outside an  
2520 area that is exempt from the development-of-regional-impact  
2521 program must undergo development-of-regional-impact review  
2522 pursuant to this section. However, if the total acreage that is  
2523 included within the area exempt from development-of-regional-  
2524 impact review exceeds 85 percent of the total acreage and square

2527 ~~development of regional impact development order may be~~  
2528 ~~rescinded in both local governments pursuant to s. 380.115(1),~~  
2529 ~~unless the portion of the development outside the exempt area~~  
2530 ~~meets the threshold criteria of a development of regional-~~  
2531 ~~impact.~~

2532 ~~(e) In an area that is exempt under paragraphs (a)-(e),~~  
2533 ~~any previously approved development of regional impact~~  
2534 ~~development orders shall continue to be effective, but the~~  
2535 ~~developer has the option to be governed by s. 380.115(1). A~~  
2536 ~~pending application for development approval shall be governed~~  
2537 ~~by s. 380.115(2).~~

2538 ~~(f) Local governments must submit by mail a development~~  
2539 ~~order to the state land planning agency for projects that would~~  
2540 ~~be larger than 120 percent of any applicable development of~~  
2541 ~~regional impact threshold and would require development of~~  
2542 ~~regional impact review but for the exemption from the program~~  
2543 ~~under paragraphs (a)-(c). For such development orders, the state~~  
2544 ~~land planning agency may appeal the development order pursuant~~  
2545 ~~to s. 380.07 for inconsistency with the comprehensive plan~~  
2546 ~~adopted under chapter 163.~~

2547 ~~(g) If a local government that qualifies as a dense urban~~

2549 ~~ineligible for designation as a dense urban land area, any~~  
2550 ~~development located within that area which has a complete,~~

2551 pending application for authorization to commence development  
2552 may maintain the exemption if the developer is continuing the  
2553 application process in good faith or the development is  
2554 approved.

2555 (h) This subsection does not limit or modify the rights of  
2556 any person to complete any development that has been authorized  
2557 as a development of regional impact pursuant to this chapter.

2577       Section 2. Section 380.061, Florida Statutes, is amended  
2578 to read:

2579       380.061 The Florida Quality Developments program.—

2580       (1) This section only applies to developments approved as  
2581 Florida Quality Developments before the effective date of this  
2582 act ~~There is hereby created the Florida Quality Developments~~  
2583 ~~program. The intent of this program is to encourage development~~  
2584 ~~which has been thoughtfully planned to take into consideration~~  
2585 ~~protection of Florida's natural amenities, the cost to local~~  
2586 ~~government of providing services to a growing community, and the~~  
2587 ~~high quality of life Floridians desire. It is further intended~~  
2588 ~~that the developer be provided, through a cooperative and~~  
2589 ~~coordinated effort, an expeditious and timely review by all~~  
2590 ~~agencies with jurisdiction over the project of his or her~~  
2591 ~~proposed development.~~

2592       (2) Following written notification to the state land  
2593 planning agency and the appropriate regional planning agency, a  
2594 local government with an approved Florida Quality Development  
2595 within its jurisdiction must set a public hearing pursuant to  
2596 its local procedures and shall adopt a local development order  
2597 to replace and supersede the development order adopted by the  
2598 state land planning agency for the Florida Quality Development.  
2599 Thereafter, the Florida Quality Development shall follow the  
2600 procedures and requirements for developments of regional impact

2601 as specified in this chapter Developments that may be designated  
2602 as Florida Quality Developments are those developments which are  
2603 above 80 percent of any numerical thresholds in the guidelines  
2604 and standards for development of regional impact review pursuant  
2605 to s. 380.06.

2606 (3) (a) To be eligible for designation under this program,

2614 commitment that runs with the land to set aside such areas on  
2615 the property, in perpetuity, as open space to be retained in a  
2616 natural condition or as otherwise permitted under this  
2617 subparagraph. Under the requirements of this subparagraph, the

2622 which would be delineated if the provisions of s. 373.4145(1)(b)  
2623 were applied. The developer may use such areas for the purpose  
2624 of site access, provided other routes of access are unavailable  
2625 or impracticable; may use such areas for the purpose of

2626 ~~stormwater or domestic sewage management and other necessary~~  
2627 ~~utilities if such uses are permitted pursuant to chapter 403; or~~

2629 ~~jurisdiction of the Department of Environmental Protection which~~  
2630 ~~have been artificially created if the redesign or alteration is~~  
2631 ~~done so as to produce a more naturally functioning system.~~

2632 b. ~~Active beach or primary and, where appropriate,~~  
2633 ~~secondary dunes, to maintain the integrity of the dune system~~  
2634 ~~and adequate public accessways to the beach. However, the~~  
2635 ~~developer may retain the right to construct and maintain~~  
2636 ~~elevated walkways over the dunes to provide access to the beach.~~

2638 ~~significance by the Division of Historical Resources of the~~  
2639 ~~Department of State.~~

2640 d. ~~Areas known to be important to animal species~~  
2641 ~~designated as endangered or threatened by the United States Fish~~  
2642 ~~and Wildlife Service or by the Fish and Wildlife Conservation~~  
2643 ~~Commission, for reproduction, feeding, or nesting; for traveling~~  
2644 ~~between such areas used for reproduction, feeding, or nesting;~~

2647 ~~endangered by the Department of Agriculture and Consumer~~  
2648 ~~Services.~~

2649 2. ~~Produce, or dispose of, no substances designated as~~  
2650 ~~hazardous or toxic substances by the United States Environmental~~

2651 ~~Protection Agency, the Department of Environmental Protection,~~  
2652 ~~or the Department of Agriculture and Consumer Services. This~~  
2653 ~~subparagraph does not apply to the production of these~~  
2654 ~~substances in nonsignificant amounts as would occur through~~  
2655 ~~household use or incidental use by businesses.~~

2656 ~~3. Participate in a downtown reuse or redevelopment~~  
2657 ~~program to improve and rehabilitate a declining downtown area.~~

2658 ~~4. Incorporate no dredge and fill activities in, and no~~  
2659 ~~stormwater discharge into, waters designated as Class II,~~  
2660 ~~aquatic preserves, or Outstanding Florida Waters, except as~~  
2661 ~~permitted pursuant to s. 403.813(1), and the developer~~  
2662 ~~demonstrates that these activities meet the standards under~~

2668 ~~and type of project.~~

2669 ~~6. Provide for construction and maintenance of all onsite~~  
2670 ~~infrastructure necessary to support the project and enter into a~~  
2671 ~~binding commitment with local government to provide an~~

2673 ~~that the development will impose on publicly funded facilities~~  
2674 ~~and services, except offsite transportation, and condition or~~  
2675 ~~phase the commencement of development to ensure that public~~

2676 facilities and services, except offsite transportation, are  
2677 available concurrent with the impacts of the development. For  
2678 the purposes of offsite transportation impacts, the developer  
2679 shall comply, at a minimum, with the standards of the state land  
2680 planning agency's development of regional impact transportation  
2681 rule, the approved strategic regional policy plan, any  
2682 applicable regional planning council transportation rule, and  
2683 the approved local government comprehensive plan and land  
2684 development regulations adopted pursuant to part II of chapter  
2685 163.

2686 7. Design and construct the development in a manner that  
2687 is consistent with the adopted state plan, the applicable  
2688 strategic regional policy plan, and the applicable adopted local  
2689 government comprehensive plan.

2690 (b) In addition to the foregoing requirements, the  
2691 developer shall plan and design his or her development in a  
2692 manner which includes the needs of the people in this state as  
2693 identified in the state comprehensive plan and the quality of  
2694 life of the people who will live and work in or near the  
2695 development. The developer is encouraged to plan and design his  
2696 or her development in an innovative manner. These planning and  
2697 design features may include, but are not limited to, such things  
2698 as affordable housing, care for the elderly, urban renewal or  
2699 redevelopment, mass transit, the protection and preservation of  
2700 wetlands outside the jurisdiction of the Department of

2701 Environmental Protection or of uplands as wildlife habitat,  
2702 provision for the recycling of solid waste, provision for onsite  
2703 child care, enhancement of emergency management capabilities,  
2704 the preservation of areas known to be primary habitat for  
2705 significant populations of species of special concern designated  
2706 by the Fish and Wildlife Conservation Commission, or community  
2707 economic development. These additional amenities will be  
2708 considered in determining whether the development qualifies for  
2709 designation under this program.

2710 (4) The department shall adopt an application for  
2711 development designation consistent with the intent of this  
2712 section.

2713 (5)(a) Before filing an application for development  
2714 designation, the developer shall contact the Department of  
2715 Economic Opportunity to arrange one or more preapplication  
2716 conferences with the other reviewing entities. Upon the request  
2717 of the developer or any of the reviewing entities, other  
2718 affected state or regional agencies shall participate in this  
2719 conference. The department, in coordination with the local  
2720 government with jurisdiction and the regional planning council,  
2721 shall provide the developer information about the Florida  
2722 Quality Developments designation process and the use of  
2723 preapplication conferences to identify issues, coordinate  
2724 appropriate state, regional, and local agency requirements,  
2725 fully address any concerns of the local government, the regional

CS/CS/HB 1151

2018

2726 planning council, and other reviewing agencies and the meeting  
2727 of those concerns, if applicable, through development order  
2728 conditions, and otherwise promote a proper, efficient, and  
2729 timely review of the proposed Florida Quality Development. The  
2730 department shall take the lead in coordinating the review  
2731 process.

2732 (b) The developer shall submit the application to the  
2733 state land planning agency, the appropriate regional planning  
2734 agency, and the appropriate local government for review. The  
2735 review shall be conducted under the time limits and procedures  
2736 set forth in s. 120.60, except that the 90-day time limit shall  
2737 cease to run when the state land planning agency and the local  
2738 government have notified the applicant of their decision on  
2739 whether the development should be designated under this program.

2740 (c) At any time prior to the issuance of the Florida  
2741 Quality Development order, the developer of a proposed Florida  
2742 Quality Development shall have the right to withdraw the  
2743 proposed project from consideration as a Florida Quality  
2744 Development. The developer may elect to convert the proposed  
2745 project to a proposed development of regional impact. The  
2746 conversion shall be in the form of a letter to the reviewing  
2747 entities stating the developer's intent to seek authorization  
2748 for the development as a development of regional impact under s.

2751 appropriate application and the development shall be subject to  
2752 all applicable procedures under s. 380.06, except that:

2753 1. A preapplication conference held under paragraph (a)  
2754 satisfies the preapplication procedures requirement under s.  
2755 380.06(7); and

2756 2. If requested in the withdrawal letter, a finding of  
2757 completeness of the application under paragraph (a) and s.  
2758 120.60 may be converted to a finding of sufficiency by the  
2759 regional planning council if such a conversion is approved by  
2760 the regional planning council.

2761

2762 The regional planning council shall have 30 days to notify the  
2763 developer if the request for conversion of completeness to  
2764 sufficiency is granted or denied. If granted and the application  
2765 is found sufficient, the regional planning council shall notify  
2766 the local government that a public hearing date may be set to  
2767 consider the development for approval as a development of  
2768 regional impact, and the development shall be subject to all  
2769 applicable rules, standards, and procedures of s. 380.06. If the  
2770 request for conversion of completeness to sufficiency is denied,  
2771 the developer shall resubmit the appropriate application for  
2772 review and the development shall be subject to all applicable  
2773 procedures under s. 380.06, except as otherwise provided in this  
2774 paragraph.

2775 (d) If the local government and state land planning agency

2776 agree that the project should be designated under this program,  
2777 the state land planning agency shall issue a development order  
2778 which incorporates the plan of development as set out in the  
2779 application along with any agreed-upon modifications and  
2780 conditions, based on recommendations by the local government and  
2781 regional planning council, and a certification that the  
2782 development is designated as one of Florida's Quality  
2783 Developments. In the event of conflicting recommendations, the  
2784 state land planning agency, after consultation with the local  
2785 government and the regional planning agency, shall resolve such  
2786 conflicts in the development order. Upon designation, the  
2787 development, as approved, is exempt from development-of-  
2788 regional impact review pursuant to s. 380.06.

2789 (e) If the local government or state land planning agency,  
2790 or both, recommends against designation, the development shall  
2791 undergo development-of regional impact review pursuant to s.  
2792 380.06, except as provided in subsection (6) of this section.

2793 (6) (a) In the event that the development is not designated  
2794 under subsection (5), the developer may appeal that  
2795 determination to the Quality Developments Review Board. The  
2796 board shall consist of the secretary of the state land planning  
2797 agency, the Secretary of Environmental Protection and a member

2801 management district created pursuant to chapter 373, and the  
2802 chief executive officer of the appropriate local government.  
2803 When there is a significant historical or archaeological site  
2804 within the boundaries of a development which is appealed to the  
2805 board, the director of the Division of Historical Resources of  
2806 the Department of State shall also sit on the board. The staff  
2807 of the state land planning agency shall serve as staff to the  
2808 board.

2809 (b) The board shall meet once each quarter of the year.  
2810 However, a meeting may be waived if no appeals are pending.

2811 (c) On appeal, the sole issue shall be whether the  
2812 development meets the statutory criteria for designation under  
2813 this program. An affirmative vote of at least five members of  
2814 the board, including the affirmative vote of the chief executive  
2815 officer of the appropriate local government, shall be necessary  
2816 to designate the development by the board.

2817 (d) The state land planning agency shall adopt procedural  
2818 rules for consideration of appeals under this subsection.

2819 (7) (a) The development order issued pursuant to this  
2820 section is enforceable in the same manner as a development order  
2821 issued pursuant to s. 380.06.

2822 (b) Appeal of a development order issued pursuant to this  
2823 section shall be available only pursuant to s. 380.07.

2825 related to a Florida Quality Development may be initiated by a

CS/CS/HB 1151

2018

2826 local planning agency and considered by the local governing body  
2827 at the same time as the application for development approval.  
2828 Nothing in this subsection shall be construed to require  
2829 favorable consideration of a Florida Quality Development solely  
2830 because it is related to a development of regional impact.

2831 (b) The department shall adopt, by rule, standards and  
2832 procedures necessary to implement the Florida Quality  
2833 Developments program. The rules must include, but need not be  
2834 limited to, provisions governing annual reports and criteria for  
2835 determining whether a proposed change to an approved Florida  
2836 Quality Development is a substantial change requiring further  
2837 review.

2838 Section 3. Section 380.0651, Florida Statutes, is amended  
2839 to read:

2854 in its administrative rule in place of the guidelines and  
2855 standards that are superseded by this act, without the  
2856 proceedings required by s. 120.54 and notwithstanding the

2955    areas of opportunity.

2956        (h) *Workforce housing.*—The applicable guidelines for  
2957    residential development and the residential component for  
2958    multiuse development shall be increased by 50 percent where the  
2959    developer demonstrates that at least 15 percent of the total  
2960    residential dwelling units authorized within the development of  
2961    regional impact will be dedicated to affordable workforce  
2962    housing, subject to a recorded land use restriction that shall  
2963    be for a period of not less than 20 years and that includes  
2964    resale provisions to ensure long-term affordability for income-  
2965    eligible homeowners and renters and provisions for the workforce  
2966    housing to be commenced prior to the completion of 50 percent of  
2967    the market rate dwelling. For purposes of this paragraph, the  
2968    term "affordable workforce housing" means housing that is  
2969    affordable to a person who earns less than 120 percent of the  
2970    area median income, or less than 140 percent of the area median  
2971    income if located in a county in which the median purchase price  
2972    for a single-family existing home exceeds the statewide median  
2973    purchase price of a single-family existing home. For the  
2974    purposes of this paragraph, the term "statewide median purchase  
2975    price of a single-family existing home" means the statewide

CS/CS/HB 1151

2018

2976 purchase price as determined in the Florida Sales Report,  
2977 Single-Family Existing Homes, released each January by the  
2978 Florida Association of Realtors and the University of Florida  
2979 Real Estate Research Center.

2980 (i) *Schools.*—

2981 1. The proposed construction of any public, private, or  
2982 proprietary postsecondary educational campus which provides for  
2983 a design population of more than 5,000 full-time equivalent  
2984 students, or the proposed physical expansion of any public,  
2985 private, or proprietary postsecondary educational campus having  
2986 such a design population that would increase the population by  
2987 at least 20 percent of the design population.

2988 2. As used in this paragraph, "full-time equivalent  
2989 student" means enrollment for 15 or more quarter hours during a  
2990 single academic semester. In career centers or other  
2991 institutions which do not employ semester hours or quarter hours  
2992 in accounting for student participation, enrollment for 18  
2993 contact hours shall be considered equivalent to one quarter  
2994 hour, and enrollment for 27 contact hours shall be considered  
2995 equivalent to one semester hour.

2996 3. This paragraph does not apply to institutions which are  
2997 the subject of a campus master plan adopted by the university  
2998 board of trustees pursuant to s. 1013.30.

2999 (2) STATUTORY EXEMPTIONS.—The following developments are  
3000 exempt from s. 380.06:

3001       (a) Any proposed hospital.

3002       (b) Any proposed electrical transmission line or

3003       electrical power plant.

3004       (c) Any proposed addition to an existing sports facility

3005       complex if the addition meets the following characteristics:

3006       1. It would not operate concurrently with the scheduled

3007       hours of operation of the existing facility;

3008       2. Its seating capacity would be no more than 75 percent

3009       of the capacity of the existing facility; and

3010       3. The sports facility complex property was owned by a

3011       public body before July 1, 1983.

3012

3013 This exemption does not apply to any pari-mutuel facility as

3014 defined in s. 550.002.

3015       (d) Any proposed addition or cumulative additions

3016       subsequent to July 1, 1988, to an existing sports facility

3017       complex owned by a state university, if the increased seating

3018       capacity of the complex is no more than 30 percent of the

3019       capacity of the existing facility.

3020       (e) Any addition of permanent seats or parking spaces for

3021       an existing sports facility located on property owned by a

3022       public body before July 1, 1973, if future additions do not

3023       expand existing permanent seating or parking capacity more than

3024       15 percent annually in excess of the prior year's capacity.

3025       (f) Any increase in the seating capacity of an existing

CS/CS/HB 1151

2018

3026     sports facility having a permanent seating capacity of at least  
3027     50,000 spectators, provided that such an increase does not  
3028     increase permanent seating capacity by more than 5 percent per  
3029     year and does not exceed a total of 10 percent in any 5-year  
3030     period. The sports facility must notify the appropriate local  
3031     government within which the facility is located of the increase  
3032     at least 6 months before the initial use of the increased  
3033     seating in order to permit the appropriate local government to  
3034     develop a traffic management plan for the traffic generated by  
3035     the increase. Any traffic management plan must be consistent  
3036     with the local comprehensive plan, the regional policy plan, and  
3037     the state comprehensive plan.

3038         (g) Any expansion in the permanent seating capacity or  
3039         additional improved parking facilities of an existing sports  
3040         facility, if the following conditions exist:

3041             1.a. The sports facility had a permanent seating capacity  
3042             on January 1, 1991, of at least 41,000 spectator seats;

3043             b. The sum of such expansions in permanent seating  
3044             capacity does not exceed a total of 10 percent in any 5-year  
3045             period and does not exceed a cumulative total of 20 percent for  
3046             any such expansions; or

3047             c. The increase in additional improved parking facilities  
3048             is a one-time addition and does not exceed 3,500 parking spaces  
3049             serving the sports facility; and

3050             2. The local government having jurisdiction over the

CS/CS/HB 1151

2018

3051     sports facility includes in the development order or development  
3052     permit approving such expansion under this paragraph a finding  
3053     of fact that the proposed expansion is consistent with the  
3054     transportation, water, sewer, and stormwater drainage provisions  
3055     of the approved local comprehensive plan and local land  
3056     development regulations relating to those provisions.

3057

3058     Any owner or developer who intends to rely on this statutory  
3059     exemption shall provide to the state land planning agency a copy  
3060     of the local government application for a development permit.  
3061     Within 45 days after receipt of the application, the state land  
3062     planning agency shall render to the local government an advisory  
3063     and nonbinding opinion, in writing, stating whether, in the  
3064     state land planning agency's opinion, the prescribed conditions  
3065     exist for an exemption under this paragraph. The local  
3066     government shall render the development order approving each  
3067     such expansion to the state land planning agency. The owner,  
3068     developer, or state land planning agency may appeal the local  
3069     government development order pursuant to s. 380.07 within 45  
3070     days after the order is rendered. The scope of review shall be  
3071     limited to the determination of whether the conditions  
3072     prescribed in this paragraph exist. If any sports facility  
3073     expansion undergoes development-of-regional-impact review, all  
3074     previous expansions that were exempt under this paragraph must  
3075     be included in the development-of-regional-impact review.

3076        (h) Expansion to port harbors, spoil disposal sites,  
3077        navigation channels, turning basins, harbor berths, and other  
3078        related inwater harbor facilities of the ports specified in s.  
3079        403.021(9)(b), port transportation facilities and projects  
3080        listed in s. 311.07(3)(b), and intermodal transportation  
3081        facilities identified pursuant to s. 311.09(3) when such  
3082        expansions, projects, or facilities are consistent with port  
3083        master plans and are in compliance with s. 163.3178.

3084        (i) Any proposed facility for the storage of any petroleum  
3085        product or any expansion of an existing facility.

3086        (j) Any renovation or redevelopment within the same parcel  
3087        as the existing development if such renovation or redevelopment  
3088        does not change land use or increase density or intensity of  
3089        use.

3090        (k) Waterport and marina development, including dry  
3091        storage facilities.

3092        (l) Any proposed development within an urban service area  
3093        boundary established under s. 163.3177(14), Florida Statutes  
3094        2010, that is not otherwise exempt pursuant to subsection (3),  
3095        if the local government having jurisdiction over the area where  
3096        the development is proposed has adopted the urban service area  
3097        boundary and has entered into a binding agreement with  
3098        jurisdictions that would be impacted and with the Department of  
3099        Transportation regarding the mitigation of impacts on state and  
3100        regional transportation facilities.

3101        (m) Any proposed development within a rural land  
3102 stewardship area created under s. 163.3248.

3103        (n) The establishment, relocation, or expansion of any  
3104 military installation as specified in s. 163.3175.

3105        (o) Any self-storage warehousing that does not allow  
3106 retail or other services.

3107        (p) Any proposed nursing home or assisted living facility.

3108        (q) Any development identified in an airport master plan  
3109 and adopted into the comprehensive plan pursuant to s.  
3110 163.3177(6)(b)4.

3111        (r) Any development identified in a campus master plan and  
3112 adopted pursuant to s. 1013.30.

3113        (s) Any development in a detailed specific area plan  
3114 prepared and adopted pursuant to s. 163.3245.

3115        (t) Any proposed solid mineral mine and any proposed  
3116 addition to, expansion of, or change to an existing solid  
3117 mineral mine. A mine owner must, however, enter into a binding  
3118 agreement with the Department of Transportation to mitigate  
3119 impacts to strategic intermodal system facilities. Proposed  
3120 changes to any previously approved solid mineral mine  
3121 development-of-regional-impact development orders having vested  
3122 rights are not subject to further review or approval as a  
3123 development-of-regional-impact or notice-of-proposed-change  
3124 review or approval pursuant to subsection (19), except for those  
3125 applications pending as of July 1, 2011, which are governed by

CS/CS/HB 1151

2018

s. 380.115(2). Notwithstanding this requirement, pursuant to s. 380.115(1), a previously approved solid mineral mine development-of-regional-impact development order continues to have vested rights and continues to be effective unless rescinded by the developer. All local government regulations of proposed solid mineral mines are applicable to any new solid mineral mine or to any proposed addition to, expansion of, or change to an existing solid mineral mine.

(u) Notwithstanding any provision in an agreement with or among a local government, regional agency, or the state land planning agency or in a local government's comprehensive plan to the contrary, a project no longer subject to development-of-regional-impact review under the revised thresholds specified in s. 380.06(2)(b) and this section.

(v) Any development within a county that has a research and education authority created by special act and which is also within a research and development park that is operated or managed by a research and development authority pursuant to part V of chapter 159.

(w) Any development in an energy economic zone designated pursuant to s. 377.809 upon approval by its local governing body.

If a use is exempt from review pursuant to paragraphs (a)-(u), but will be part of a larger project that is subject to review

CS/CS/HB 1151

2018

3151 pursuant to s. 380.06(12), the impact of the exempt use must be  
3152 included in the review of the larger project, unless such exempt  
3153 use involves a development that includes a landowner, tenant, or  
3154 user that has entered into a funding agreement with the state  
3155 land planning agency under the Innovation Incentive Program and  
3156 the agreement contemplates a state award of at least \$50  
3157 million.

3158 (3) EXEMPTIONS FOR DENSE URBAN LAND AREAS.—

3159 (a) The following are exempt from the requirements of s.  
3160 380.06:

3161 1. Any proposed development in a municipality having an  
3162 average of at least 1,000 people per square mile of land area  
3163 and a minimum total population of at least 5,000;

3164 2. Any proposed development within a county, including the  
3165 municipalities located therein, having an average of at least  
3166 1,000 people per square mile of land area and the development is  
3167 located within an urban service area as defined in s. 163.3164  
3168 which has been adopted into the comprehensive plan as defined in  
3169 s. 163.3164;

3170 3. Any proposed development within a county, including the  
3171 municipalities located therein, having a population of at least  
3172 900,000 and an average of at least 1,000 people per square mile  
3173 of land area, but which does not have an urban service area  
3174 designated in the comprehensive plan; and

3175 4. Any proposed development within a county, including the

CS/CS/HB 1151

2018

3176     municipalities located therein, having a population of at least  
3177     1 million and the development is located within an urban service  
3178     area as defined in s. 163.3164 which has been adopted into the  
3179     comprehensive plan.

3180  
3181     The Office of Economic and Demographic Research within the  
3182     Legislature shall annually calculate the population and density  
3183     criteria needed to determine which jurisdictions meet the  
3184     density criteria in subparagraphs 1.-4. by using the most recent  
3185     land area data from the decennial census conducted by the Bureau  
3186     of the Census of the United States Department of Commerce and  
3187     the latest available population estimates determined pursuant to  
3188     s. 186.901. If any local government has had an annexation,  
3189     contraction, or new incorporation, the Office of Economic and  
3190     Demographic Research shall determine the population density  
3191     using the new jurisdictional boundaries as recorded in  
3192     accordance with s. 171.091. The Office of Economic and  
3193     Demographic Research shall annually submit to the state land  
3194     planning agency by July 1 a list of jurisdictions that meet the  
3195     total population and density criteria. The state land planning  
3196     agency shall publish the list of jurisdictions on its website  
3197     within 7 days after the list is received. The designation of  
3198     jurisdictions that meet the criteria of subparagraphs 1.-4. is  
3199     effective upon publication on the state land planning agency's  
3200     website. If a municipality that has previously met the criteria

CS/CS/HB 1151

2018

3201 no longer meets the criteria, the state land planning agency  
3202 must maintain the municipality on the list and indicate the year  
3203 the jurisdiction last met the criteria. However, any proposed  
3204 development of regional impact not within the established  
3205 boundaries of a municipality at the time the municipality last  
3206 met the criteria must meet the requirements of this section  
3207 until the municipality as a whole meets the criteria. Any county  
3208 that meets the criteria must remain on the list. Any  
3209 jurisdiction that was placed on the dense urban land area list  
3210 before June 2, 2011, must remain on the list.

3211 (b) If a municipality that does not qualify as a dense  
3212 urban land area pursuant to paragraph (a) designates any of the  
3213 following areas in its comprehensive plan, any proposed  
3214 development within the designated area is exempt from s. 380.06  
3215 unless otherwise required by part II of chapter 163:

- 3216 1. Urban infill as defined in s. 163.3164;
- 3217 2. Community redevelopment areas as defined in s. 163.340;
- 3218 3. Downtown revitalization areas as defined in s.  
3219 163.3164;
- 3220 4. Urban infill and redevelopment under s. 163.2517; or
- 3221 5. Urban service areas as defined in s. 163.3164 or areas  
3222 within a designated urban service area boundary pursuant to s.  
3223 163.3177(14), Florida Statutes 2010.

3224 (c) If a county that does not qualify as a dense urban  
3225 land area designates any of the following areas in its

CS/CS/HB 1151

2018

3226    comprehensive plan, any proposed development within the  
3227    designated area is exempt from the development-of-regional-  
3228    impact process:

- 3229        1. Urban infill as defined in s. 163.3164;  
3230        2. Urban infill and redevelopment pursuant to s. 163.2517;  
3231    or  
3232        3. Urban service areas as defined in s. 163.3164.

3233        (d) If any portion of the development is located in an  
3234    area that is not exempt from review under s. 380.06, the  
3235    development must undergo review pursuant to that section.

3236        (e) In an area that is exempt under paragraphs (a), (b),  
3237    and (c), any previously approved development-of-regional-impact  
3238    development orders shall continue to be effective. However, the  
3239    developer has the option to be governed by s. 380.115(1).

3240        (f) If a local government qualifies as a dense urban land  
3241    area under this subsection and is subsequently found to be  
3242    ineligible for designation as a dense urban land area, any  
3243    development located within that area which has a complete,  
3244    pending application for authorization to commence development  
3245    shall maintain the exemption if the developer is continuing the  
3246    application process in good faith or the development is  
3247    approved.

3248        (g) This subsection does not limit or modify the rights of  
3249    any person to complete any development that has been authorized  
3250    as a development of regional impact pursuant to this chapter.

3251       (h) This subsection does not apply to areas:

3252       1. Within the boundary of any area of critical state

3253       concern designated pursuant to s. 380.05;

3254       2. Within the boundary of the Wekiva Study Area as

3255       described in s. 369.316; or

3256       3. Within 2 miles of the boundary of the Everglades

3257       Protection Area as defined in s. 373.4592.

3258       (4) PARTIAL STATUTORY EXEMPTIONS.—

3259       (a) If the binding agreement referenced under paragraph

3260       (2)(l) for urban service boundaries is not entered into within

3261       12 months after establishment of the urban service area

3262       boundary, the review pursuant to s. 380.06(12) for projects

3263       within the urban service area boundary must address

3264       transportation impacts only.

3265       (b) If the binding agreement referenced under paragraph

3266       (2)(m) for rural land stewardship areas is not entered into

3267       within 12 months after the designation of a rural land

3268       stewardship area, the review pursuant to s. 380.06(12) for

3269       projects within the rural land stewardship area must address

3270       transportation impacts only.

3271       (c) If the binding agreement for designated urban infill

3272       and redevelopment areas is not entered into within 12 months

3273       after the designation of the area or July 1, 2007, whichever

3274       occurs later, the review pursuant to s. 380.06(12) for projects

3275       within the urban infill and redevelopment area must address

3276 transportation impacts only.

3277 (d) A local government that does not wish to enter into a  
3278 binding agreement or that is unable to agree on the terms of the  
3279 agreement referenced under paragraph (2)(1) or paragraph (2)(m)  
3280 must provide written notification to the state land planning  
3281 agency of the decision to not enter into a binding agreement or  
3282 the failure to enter into a binding agreement within the 12-  
3283 month period referenced in paragraphs (a), (b), and (c).

3284 Following the notification of the state land planning agency, a  
3285 review pursuant to s. 380.06(12) for projects within an urban  
3286 service area boundary under paragraph (2)(1), or a rural land  
3287 stewardship area under paragraph (2)(m), must address  
3288 transportation impacts only.

3289 (e) The vesting provision of s. 163.3167(5) relating to an  
3290 authorized development of regional impact does not apply to  
3291 those projects partially exempt from s. 380.06 under paragraphs  
3292 (a)-(d) of this subsection.

3293 ~~(4) Two or more developments, represented by their owners~~  
3294 ~~or developers to be separate developments, shall be aggregated~~  
3295 ~~and treated as a single development under this chapter when they~~  
3296 ~~are determined to be part of a unified plan of development and~~  
3297 ~~are physically proximate to one other.~~

3298 ~~(a) The criteria of three of the following subparagraphs~~  
3299 ~~must be met in order for the state land planning agency to~~  
3300 ~~determine that there is a unified plan of development:~~

3301        1.a. The same person has retained or shared control of the  
3302 developments;

3303        b. The same person has ownership or a significant legal or  
3304 equitable interest in the developments; or

3305        e. There is common management of the developments  
3306 controlling the form of physical development or disposition of  
3307 parcels of the development.

3308        2. There is a reasonable closeness in time between the  
3309 completion of 80 percent or less of one development and the  
3310 submission to a governmental agency of a master plan or series  
3311 of plans or drawings for the other development which is  
3312 indicative of a common development effort.

3313        3. A master plan or series of plans or drawings exists  
3314 covering the developments sought to be aggregated which have  
3315 been submitted to a local general purpose government, water  
3316 management district, the Florida Department of Environmental  
3317 Protection, or the Division of Florida Condominiums, Timeshares,  
3318 and Mobile Homes for authorization to commence development. The  
3319 existence or implementation of a utility's master utility plan  
3320 required by the Public Service Commission or general purpose  
3321 local government or a master drainage plan shall not be the sole  
3322 determinant of the existence of a master plan.

3323        4. There is a common advertising scheme or promotional  
3324 plan in effect for the developments sought to be aggregated.

3325        (b) The following activities or circumstances shall not be

CS/CS/HB 1151

2018

3326 considered in determining whether to aggregate two or more  
3327 developments:

3328 1. Activities undertaken leading to the adoption or  
3329 amendment of any comprehensive plan element described in part II  
3330 of chapter 163.

3331 2. The sale of unimproved parcels of land, where the  
3332 seller does not retain significant control of the future  
3333 development of the parcels.

3334 3. The fact that the same lender has a financial interest,  
3335 including one acquired through foreclosure, in two or more  
3336 parcels, so long as the lender is not an active participant in  
3337 the planning, management, or development of the parcels in which  
3338 it has an interest.

3339 4. Drainage improvements that are not designed to  
3340 accommodate the types of development listed in the guidelines  
3341 and standards contained in or adopted pursuant to this chapter  
3342 or which are not designed specifically to accommodate the  
3343 developments sought to be aggregated.

3344 (c) Aggregation is not applicable when the following  
3345 circumstances and provisions of this chapter apply:

3346 1. Developments that are otherwise subject to aggregation  
3347 with a development of regional impact which has received  
3348 approval through the issuance of a final development order may  
3349 not be aggregated with the approved development of regional  
3350 impact. However, this subparagraph does not preclude the state

3351 ~~land planning agency from evaluating an allegedly separate~~  
3352 ~~development as a substantial deviation pursuant to s. 380.06(19)~~  
3353 ~~or as an independent development of regional impact.~~

3354 ~~2. Two or more developments, each of which is~~  
3355 ~~independently a development of regional impact that has or will~~  
3356 ~~obtain a development order pursuant to s. 380.06.~~

3357 ~~3. Completion of any development that has been vested~~  
3358 ~~pursuant to s. 380.05 or s. 380.06, including vested rights~~  
3359 ~~arising out of agreements entered into with the state land~~  
3360 ~~planning agency for purposes of resolving vested rights issues.~~  
3361 ~~Development of regional impact review of additions to vested~~  
3362 ~~developments of regional impact shall not include review of the~~  
3363 ~~impacts resulting from the vested portions of the development.~~

3364 ~~4. The developments sought to be aggregated were~~  
3365 ~~authorized to commence development before September 1, 1988, and~~  
3366 ~~could not have been required to be aggregated under the law~~  
3367 ~~existing before that date.~~

3368 ~~5. Any development that qualifies for an exemption under~~  
3369 ~~s. 380.06(29).~~

3370 ~~6. Newly acquired lands intended for development in~~  
3371 ~~coordination with a developed and existing development of~~  
3372 ~~regional impact are not subject to aggregation if the newly~~  
3373 ~~acquired lands comprise an area that is equal to or less than 10~~  
3374 ~~percent of the total acreage subject to an existing development-~~  
3375 ~~of-regional-impact development order.~~

3376       (d) The provisions of this subsection shall be applied  
3377       prospectively from September 1, 1988. Written decisions,  
3378       agreements, and binding letters of interpretation made or issued  
3379       by the state land planning agency prior to July 1, 1988, shall  
3380       not be affected by this subsection.

3381       (e) In order to encourage developers to design, finance,  
3382       donate, or build infrastructure, public facilities, or services,  
3383       the state land planning agency may enter into binding agreements  
3384       with two or more developers providing that the joint planning,  
3385       sharing, or use of specified public infrastructure, facilities,  
3386       or services by the developers shall not be considered in any  
3387       subsequent determination of whether a unified plan of  
3388       development exists for their developments. Such binding  
3389       agreements may authorize the developers to pool impact fees or  
3390       impact fee credits, or to enter into front end agreements, or  
3391       other financing arrangements by which they collectively agree to  
3392       design, finance, donate, or build such public infrastructure,  
3393       facilities, or services. Such agreements shall be conditioned  
3394       upon a subsequent determination by the appropriate local  
3395       government of consistency with the approved local government  
3396       comprehensive plan and land development regulations.  
3397       Additionally, the developers must demonstrate that the provision  
3398       and sharing of public infrastructure, facilities, or services is  
3399       in the public interest and not merely for the benefit of the  
3400       developments which are the subject of the agreement.

CS/CS/HB 1151

2018

3401 Developments that are the subject of an agreement pursuant to  
3402 this paragraph shall be aggregated if the state land planning  
3403 agency determines that sufficient aggregation factors are  
3404 present to require aggregation without considering the design  
3405 features, financial arrangements, donations, or construction  
3406 that are specified in and required by the agreement.

3407 (f) The state land planning agency has authority to adopt  
3408 rules pursuant to ss. 120.536(1) and 120.54 to implement the  
3409 provisions of this subsection.

3410 Section 4. Section 380.07, Florida Statutes, is amended to  
3411 read:

3412 380.07 Florida Land and Water Adjudicatory Commission.—

3413 (1) There is hereby created the Florida Land and Water  
3414 Adjudicatory Commission, which shall consist of the  
3415 Administration Commission. The commission may adopt rules  
3416 necessary to ensure compliance with the area of critical state  
3417 concern program and the requirements for developments of  
3418 regional impact as set forth in this chapter.

3419 (2) Whenever any local government issues any development  
3420 order in any area of critical state concern, or in regard to the  
3421 abandonment of any approved development of regional impact,  
3422 copies of such orders as prescribed by rule by the state land  
3423 planning agency shall be transmitted to the state land planning  
3424 agency, the regional planning agency, and the owner or developer

3426 agency shall adopt rules describing development order rendition  
3427 and effectiveness in designated areas of critical state concern.  
3428 Within 45 days after the order is rendered, the owner, the  
3429 developer, or the state land planning agency may appeal the  
3430 order to the Florida Land and Water Adjudicatory Commission by  
3431 filing a petition alleging that the development order is not  
3432 consistent with ~~the provisions of~~ this part. ~~The appropriate~~  
3433 ~~regional planning agency by vote at a regularly scheduled~~  
3434 ~~meeting may recommend that the state land planning agency~~  
3435 ~~undertake an appeal of a development of regional impact~~  
3436 ~~development order. Upon the request of an appropriate regional~~  
3437 ~~planning council, affected local government, or any citizen, the~~  
3438 ~~state land planning agency shall consider whether to appeal the~~  
3439 ~~order and shall respond to the request within the 45-day appeal~~  
3440 ~~period.~~

3441 (3) Notwithstanding any other provision of law, an appeal  
3442 of a development order in an area of critical state concern by  
3443 the state land planning agency under this section may include  
3444 consistency of the development order with the local  
3445 comprehensive plan. ~~However, if a development order relating to~~  
3446 ~~a development of regional impact has been challenged in a~~  
3447 ~~proceeding under s. 163.3215 and a party to the proceeding~~  
3448 ~~serves notice to the state land planning agency of the pending~~  
3449 ~~proceeding under s. 163.3215, the state land planning agency~~  
3450 ~~shall:~~

3451       (a) ~~Raise its consistency issues by intervening as a full  
3452 party in the pending proceeding under s. 163.3215 within 30 days  
3453 after service of the notice; and~~

3454       (b) ~~Dismiss the consistency issues from the development  
3455 order appeal.~~

3456       (4) ~~The appellant shall furnish a copy of the petition to  
3457 the opposing party, as the case may be, and to the local  
3458 government that issued the order. The filing of the petition  
3459 stays the effectiveness of the order until after the completion  
3460 of the appeal process.~~

3461       (5) ~~The 45-day appeal period for a development of regional  
3462 impact within the jurisdiction of more than one local government  
3463 shall not commence until after all the local governments having  
3464 jurisdiction over the proposed development of regional impact  
3465 have rendered their development orders. The appellant shall  
3466 furnish a copy of the notice of appeal to the opposing party, as  
3467 the case may be, and to the local government that which issued  
3468 the order. The filing of the notice of appeal stays ~~shall stay~~  
3469 the effectiveness of the order until after the completion of the  
3470 appeal process.~~

3471       (5)(6) ~~Before Prior to~~ issuing an order, the Florida Land  
3472 and Water Adjudicatory Commission shall hold a hearing pursuant  
3473 to the provisions of chapter 120. The commission shall encourage  
3474 the submission of appeals on the record made pursuant to  
3475 subsection (7) below in cases in which the development order was

CS/CS/HB 1151

3476 issued after a full and complete hearing before the local  
3477 government or an agency thereof.

3478       (6)-(7) The Florida Land and Water Adjudicatory Commission  
3479 shall issue a decision granting or denying permission to develop  
3480 pursuant to the standards of this chapter and may attach  
3481 conditions and restrictions to its decisions.

3482       (7)-(8) If an appeal is filed with respect to any issues  
3483 within the scope of a permitting program authorized by chapter  
3484 161, chapter 373, or chapter 403 and for which a permit or  
3485 conceptual review approval has been obtained before prior to the  
3486 issuance of a development order, any such issue shall be  
3487 specifically identified in the notice of appeal which is filed  
3488 pursuant to this section, together with other issues that which  
3489 constitute grounds for the appeal. The appeal may proceed with  
3490 respect to issues within the scope of permitting programs for  
3491 which a permit or conceptual review approval has been obtained  
3492 before prior to the issuance of a development order only after  
3493 the commission determines by majority vote at a regularly  
3494 scheduled commission meeting that statewide or regional  
3495 interests may be adversely affected by the development. In  
3496 making this determination, there is shall be a rebuttable  
3497 presumption that statewide and regional interests relating to  
3498 issues within the scope of the permitting programs for which a  
3499 permit or conceptual approval has been obtained are not  
3500 adversely affected.

3501       Section 5. Section 380.115, Florida Statutes, is amended  
3502 to read:

3519 the development-of-regional-impact development order and may be  
3520 completed in reliance upon and pursuant to the development order  
3521 unless the developer or landowner has followed the procedures  
3522 for rescission in subsection (2) paragraph (b). Any proposed  
3523 changes to developments which continue to be governed by a  
3524 development-of-regional-impact development order must be  
3525 approved pursuant to s. 380.06(7) s. 380.06(19) as it existed

3526 before a change in the development-of-regional-impact guidelines

3530 development and enforce the development order. Local governments  
3531 may not issue any permits or approvals or provide any extensions  
3532 of services if the developer fails to act in substantial  
3533 compliance with the development order. The development-of-

3539 showing that all required mitigation related to the amount of  
3540 development that existed on the date of rescission has been  
3541 completed or will be completed under an existing permit or  
3542 equivalent authorization issued by a governmental agency as  
3543 defined in s. 380.031(6), if such permit or authorization is  
3544 subject to enforcement through administrative or judicial  
3545 remedies.

3546 (2) A development with an application for development  
3547 approval pending, pursuant to s. 380.06, on the effective date  
3548 of a change to the guidelines and standards, or a notification  
3549 of proposed change pending on the effective date of a change to  
3550 the guidelines and standards, may elect to continue such review

CS/CS/HB 1151

2018

3551 pursuant to s. 380.06. At the conclusion of the pending review,  
3552 including any appeals pursuant to s. 380.07, the resulting  
3553 development order shall be governed by the provisions of  
3554 subsection (1).

3555 (3) A landowner that has filed an application for a  
3556 development-of-regional-impact review prior to the adoption of a  
3557 sector plan pursuant to s. 163.3245 may elect to have the  
3558 application reviewed pursuant to s. 380.06, comprehensive plan  
3559 provisions in force prior to adoption of the sector plan, and

3561 application.

3562 Section 6. Paragraph (c) of subsection (1) of section  
3563 125.68, Florida Statutes, is amended to read:

3573 adopted by ordinance pursuant to s. 380.06(4) ~~s. 380.06(15)~~.

3574 Section 7. Paragraph (e) of subsection (3), subsection  
3575 (6), and subsection (12) of section 163.3245, Florida Statutes,

CS/CS/HB 1151

2018

3576 are amended to read:

3577 163.3245 Sector plans.—

3578 (3) Sector planning encompasses two levels: adoption  
3579 pursuant to s. 163.3184 of a long-term master plan for the  
3580 entire planning area as part of the comprehensive plan, and  
3581 adoption by local development order of two or more detailed  
3582 specific area plans that implement the long-term master plan and  
3583 within which s. 380.06 is waived.

3584 (e) Whenever a local government issues a development order  
3585 approving a detailed specific area plan, a copy of such order  
3586 shall be rendered to the state land planning agency and the  
3587 owner or developer of the property affected by such order, as  
3588 prescribed by rules of the state land planning agency for a  
3589 development order for a development of regional impact. Within  
3590 45 days after the order is rendered, the owner, the developer,  
3591 or the state land planning agency may appeal the order to the  
3592 Florida Land and Water Adjudicatory Commission by filing a  
3593 petition alleging that the detailed specific area plan is not  
3594 consistent with the comprehensive plan or with the long-term  
3595 master plan adopted pursuant to this section. The appellant  
3596 shall furnish a copy of the petition to the opposing party, as  
3597 the case may be, and to the local government that issued the  
3598 order. The filing of the petition stays the effectiveness of the  
3599 order until after completion of the appeal process. However, if  
3600 a development order approving a detailed specific area plan has

CS/CS/HB 1151

2018

3601 been challenged by an aggrieved or adversely affected party in a  
3602 judicial proceeding pursuant to s. 163.3215, and a party to such  
3603 proceeding serves notice to the state land planning agency, the  
3604 state land planning agency shall dismiss its appeal to the  
3605 commission and shall have the right to intervene in the pending  
3606 judicial proceeding pursuant to s. 163.3215. Proceedings for  
3607 administrative review of an order approving a detailed specific  
3608 area plan shall be conducted consistent with s. 380.07(5) ~~s.~~  
3609 ~~380.07(6)~~. The commission shall issue a decision granting or  
3610 denying permission to develop pursuant to the long-term master  
3611 plan and the standards of this part and may attach conditions or  
3612 restrictions to its decisions.

3613 (6) An applicant who applied concurrent with or subsequent  
3614 ~~to review and adoption of a long-term master plan pursuant to~~  
3615 ~~paragraph (3)(a), an applicant may apply for master development~~  
3616 ~~approval pursuant to s. 380.06~~ ~~s. 380.06(21)~~ for the entire  
3617 ~~planning area shall remain subject to the master development~~  
3618 ~~order in order to establish a buildout date until which the~~  
3619 ~~approved uses and densities and intensities of use of the master~~  
3620 ~~plan are not subject to downzoning, unit density reduction, or~~  
3621 ~~intensity reduction, unless the developer elects to rescind the~~  
3622 ~~development order pursuant to s. 380.115, the development order~~  
3623 ~~is abandoned pursuant to s. 380.06(11), or the local government~~  
3624 ~~can demonstrate that implementation of the master plan is not~~  
3625 ~~continuing in good faith based on standards established by plan~~

CS/CS/HB 1151

2018

3626 policy, that substantial changes in the conditions underlying  
3627 the approval of the master plan have occurred, that the master  
3628 plan was based on substantially inaccurate information provided  
3629 by the applicant, or that change is clearly established to be  
3630 essential to the public health, safety, or welfare. ~~Review of~~  
3631 ~~the application for master development approval shall be at a~~  
3632 ~~level of detail appropriate for the long-term and conceptual~~  
3633 ~~nature of the long-term master plan and, to the maximum extent~~  
3634 ~~possible, may only consider information provided in the~~  
3635 ~~application for a long-term master plan.~~ Notwithstanding s.  
3636 380.06, an increment of development in such an approved master  
3637 development plan must be approved by a detailed specific area  
3638 plan pursuant to paragraph (3)(b) and is exempt from review  
3639 pursuant to s. 380.06.

3640 (12) Notwithstanding s. 380.06, this part, or any planning  
3641 agreement or plan policy, a landowner or developer who has  
3642 received approval of a master development-of-regional-impact  
3643 development order pursuant to s. 380.06(9) ~~s. 380.06(21)~~ may  
3644 apply to implement this order by filing one or more applications  
3645 to approve a detailed specific area plan pursuant to paragraph  
3646 (3)(b).

3647 Section 8. Subsections (11), (12), and (14) of section  
3648 163.3246, Florida Statutes, are amended to read:

3649 163.3246 Local government comprehensive planning  
3650 certification program.—

CS/CS/HB 1151

2018

3651       (11) If the local government of an area described in  
3652 subsection (10) does not request that the state land planning  
3653 agency review the developments of regional impact that are  
3654 proposed within the certified area, an application for approval  
3655 of a development order within the certified area is shall be  
3656 exempt from ~~review under~~ s. 380.06.

3657       (12) A local government's certification shall be reviewed  
3658 by the local government and the state land planning agency as  
3659 part of the evaluation and appraisal process pursuant to s.  
3660 163.3191. Within 1 year after the deadline for the local  
3661 government to update its comprehensive plan based on the  
3662 evaluation and appraisal, the state land planning agency must  
3663 ~~shall~~ renew or revoke the certification. The local government's  
3664 failure to timely adopt necessary amendments to update its  
3665 comprehensive plan based on an evaluation and appraisal, which  
3666 are found to be in compliance by the state land planning agency,  
3667 is shall be cause for revoking the certification agreement. The  
3668 state land planning agency's decision to renew or revoke is  
3669 ~~shall be considered~~ agency action subject to challenge under s.  
3670 120.569.

3671       (14) It is the intent of the Legislature to encourage the  
3672 creation of connected-city corridors that facilitate the growth  
3673 of high-technology industry and innovation through partnerships  
3674 that support research, marketing, workforce, and  
3675 entrepreneurship. It is the further intent of the Legislature to

CS/CS/HB 1151

2018

3676 provide for a locally controlled, comprehensive plan amendment  
3677 process for such projects that are designed to achieve a  
3678 cleaner, healthier environment; limit urban sprawl by promoting  
3679 diverse but interconnected communities; provide a range of  
3680 intergenerational housing types; protect wildlife and natural  
3681 areas; assure the efficient use of land and other resources;  
3682 create quality communities of a design that promotes alternative  
3683 transportation networks and travel by multiple transportation  
3684 modes; and enhance the prospects for the creation of jobs. The  
3685 Legislature finds and declares that this state's connected-city  
3686 corridors require a reduced level of state and regional  
3687 oversight because of their high degree of urbanization and the  
3688 planning capabilities and resources of the local government.

3689 (a) Notwithstanding subsections (2), (4), (5), (6), and  
3690 (7), Pasco County is named a pilot community and shall be  
3691 considered certified for a period of 10 years for connected-city  
3692 corridor plan amendments. The state land planning agency shall  
3693 provide a written notice of certification to Pasco County by  
3694 July 15, 2015, which shall be considered a final agency action  
3695 subject to challenge under s. 120.569. The notice of  
3696 certification must include:

3697 1. The boundary of the connected-city corridor  
3698 certification area; and

3699 2. A requirement that Pasco County submit an annual or  
3700 biennial monitoring report to the state land planning agency

CS/CS/HB 1151

2018

3701 according to the schedule provided in the written notice. The  
3702 monitoring report must, at a minimum, include the number of  
3703 amendments to the comprehensive plan adopted by Pasco County,  
3704 the number of plan amendments challenged by an affected person,  
3705 and the disposition of such challenges.

3706 (b) A plan amendment adopted under this subsection may be  
3707 based upon a planning period longer than the generally  
3708 applicable planning period of the Pasco County local  
3709 comprehensive plan, must specify the projected population within  
3710 the planning area during the chosen planning period, may include  
3711 a phasing or staging schedule that allocates a portion of Pasco  
3712 County's future growth to the planning area through the planning  
3713 period, and may designate a priority zone or subarea within the  
3714 connected-city corridor for initial implementation of the plan.  
3715 A plan amendment adopted under this subsection is not required  
3716 to demonstrate need based upon projected population growth or on  
3717 any other basis.
