Senator Steube moved the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. Section 379.2311, Florida Statutes, is created
to read:

379.2311 Nonnative animal management.-

(1) As used in this section, the term "priority invasive
species" means the following:

(a) Lizards of the genus *Tupinambis*, also known as tegu
lizards;

476914

12 (b) Species identified in s. 379.372(2)(a);

13 (c) *Pterois volitans*, also known as red lionfish; and

14 (d) *Pterois miles*, also known as the common lionfish or
15 devil firefish.

16 (2) The Legislature finds that priority invasive species
17 continue to expand their range and to decimate the fauna and
18 flora of the Everglades and other natural areas and ecosystems
19 in the southern and central parts of the state at an
20 accelerating rate. Therefore, the commission shall establish a
21 pilot program to mitigate the impact of priority invasive
22 species on the public lands or waters of this state.

23 (a) The goal of the pilot program is to examine the
24 benefits of using strategically deployed, trained private
25 contractors to slow the advance of priority invasive species,
26 contain their populations, and eradicate them from this state.

27 (b) In implementing the pilot program, the commission may
28 enter into contracts in accordance with chapter 287 with
29 entities or individuals to capture or destroy animals belonging
30 to priority invasive species found on public lands or in the
31 waters of this state. Any private contracted work to be
32 performed on public land or in the waters of the state not owned
33 or managed by the commission must have the consent of the owner.

34 (c) The commission shall ensure that all captures and
35 disposals of animals that belong to these priority invasive
36 species are documented and photographed and that the geographic
37 location of the take is recorded for research purposes. The
38 commission shall direct the disposal of all animals captured and
39 not destroyed in removal efforts.

40 (d) The commission shall submit a report of findings and

476914

41 recommendations regarding its implementation of the pilot
42 program to the Governor, the President of the Senate, and the
43 Speaker of the House of Representatives by January 1, 2021.

44 Section 2. This act shall take effect July 1, 2018.

45

46 ===== T I T L E A M E N D M E N T =====

47 And the title is amended as follows:

48 Delete everything before the enacting clause

49 and insert:

50

A bill to be entitled

51

An act relating to nonnative animals; creating s.

52

379.2311, F.S.; defining the term "priority invasive

53

species"; providing legislative findings; requiring

54

the Fish and Wildlife Conservation Commission to

55

establish a pilot program for the eradication of

56

priority invasive species; providing the goal of the

57

pilot program; authorizing the commission to enter

58

into specified contracts; specifying parameters for

59

the implementation of the pilot program; specifying

60

procedures for the capture and disposal of animals

61

that belong to priority invasive species; requiring

62

the commission to submit a report to the Governor and

63

the Legislature by a specified date; providing an

64

effective date.
