I. Summary:

SB 328 directs the Department of Highway Safety and Motor Vehicles (DHSMV) to create a veteran identification card to be used by veterans as proof of veteran status for obtaining discounts or fee waivers. The DHSMV shall issue the card to a veteran who has been honorably discharged and who provides to the DHSMV:

The bill is likely to have a positive fiscal impact to the HSOTF and local tax collector revenues. See Section V. Fiscal Impact Statement.

The bill takes effect January 1, 2019.

II. Present Situation:

Veteran Identification Cards

Currently, United States (U.S.) military veterans¹ do not have one uniform veteran identification card available to them that proves military service. In 2015, Congress enacted the “Veterans

¹ Section 1.01(14), F.S., defines a “veteran” as “a person who served in the active military, naval, or air service who was discharged or released under honorable conditions only or who later received an upgraded discharge under honorable conditions, notwithstanding any action by the United States Department of Veteran Affairs on individuals discharged or released with other than honorable discharges.”

Identification Card Act 2015.”² The Act directs the Secretary of Veterans Affairs (VA) to issue a veteran identification card to each veteran who requests one, presents a copy of his or her Department of Defense (DoD) form DD-214³ or other official document from the official military personnel file of the veteran that describes his or her service, and pays a fee (which is yet to be determined).⁴ The card will display the photograph and name of the veteran, and contain an identification number that is not a social security number.⁵ The card is not proof of any benefits to which the veteran is entitled to, but does serve as proof that such veteran:

- Served in the Armed Forces; and
- Has a DoD form DD-214 or other official document in the official military personnel file of the veteran that describes the service of the veteran.⁶

According to the VA, information regarding obtaining a Veteran Identification Card will be available in November 2017.⁷

Currently, certain veterans may be eligible for other methods of identification that may prove veteran status, including a:

- Veteran Health Identification Card (VHIC):
 - The VHIC is issued to veterans enrolled in the VA health care system, and is used for identification and check-in at VA appointments and access to U.S. military bases.⁸
- DD Form 2 (Retired) U.S. Uniformed Services⁹ Identification Card:
 - This card is available to retired members entitled to retired pay, and members on the Temporary Disability Retired List or the Permanent Disability Retired List.¹⁰
- DD Form 2765 DoD/Uniformed Services Identification and Privilege Card:
 - This card is available to Medal of Honor recipients, 100 percent disabled veterans, former members in receipt of retired pay, and other benefits-eligible categories described in DoD policy.¹¹
- Paper Identification Card or Letter displaying military service that is issued free through the joint VA/DoD web portal.¹²
- State driver license or identification cards with a Veteran designation, or a State-issued Veteran Identification Card.

State Driver License or Identification Card Veteran Designations

Currently, 48 states as well as Puerto Rico and the District of Columbia provide the option for veterans to add a Veteran designation to a state driver license or identification card.¹³

Florida provides the option for a veteran designation to be placed on a veteran's driver license or identification card upon request from the veteran, payment of a fee, and the presentation of a copy of the veteran's DD Form 214 or other acceptable form specified by the Florida Department of Veterans' Affairs (FDVA).¹⁴ The designation is added onto a driver license or identification card for a \$1 fee when the license or card is being issued or renewed, or a \$2 fee solely to replace a license or card in order to add on the designation.¹⁵

State-Issued Veteran Identification Cards

Virginia and Delaware both offer veteran identification cards issued by the state's Division of Motor Vehicles.

To be eligible for a Virginia-issued veteran identification card, the veteran must:

- Present documentation indicating that he or she served in the U.S. Armed Forces, received an honorable discharge, and holds an unexpired Virginia driver license or identification card;
- Present documentation that displays the veteran's branch of service, discharge date, and discharge status; and
- Pay a \$10 application fee.¹⁶

Delaware-issued veteran identification cards are available free of charge to any Delaware veteran that served in the U.S. military, was honorably discharged, has a valid Delaware driver license or identification card, and provides accepted proof of military service.¹⁷

Florida does not issue a veteran identification card for all veterans, but does issue cards for veterans with specified 100 percent service-connected disabilities. Section 295.17, F.S., provides that the FDVA may issue an identification card to any veteran who is a permanent resident of Florida and has been determined by the VA to have a 100 percent service-connected permanent and total disability rating, or has a service-connected total and permanent disability rating of 100 percent and is receiving disability retirement pay from any branch of the U.S. Armed Forces.

Licensing and Registration Fee Waivers

Florida has the third largest veteran population in the nation, with over 1.5 million veterans in the state.¹⁸ Florida offers numerous benefits available to veterans, including fee waivers for veterans,

 - Security officer, security officer instructor, or a security manager;²² and

Veterans of the U.S. Armed Forces who retired within 24 months before application for licensure are exempt from the application filing fee to be licensed as an insurance agent, customer representative, adjuster, service representative, managing general agent, or reinsurance intermediary upon proof of qualifying veteran status.²⁴

III. Effect of Proposed Changes:

The bill directs the DHSMV to create a veteran identification card to be used as proof of veteran status for obtaining discounts or waivers offered to veterans.
