1378 electronic credential initiative; 30 percent to fund the  
1379 operational budget of the Department of Innovation and

1381 Agency for State Technology for the sole purpose of deploying  
1382 solutions to the state's need for data interoperability across

1384 the interoperability initiatives across the enterprise.

1385 (c) The department's procurement shall consider and  
1386 prioritize the most secure, functional, and cost-efficient  
1387 technology to deploy a scalable and interoperable credential  
1388 service provider and a credential service provider that does not  
1389 physically store data in the process of performing the

1391 the use of a decentralized ledger immutable record to achieve  
1392 the objectives stated herein.

1403 for such qualified entity to consume an electronic ID. The  
1404 department shall timely review requests for authorized access  
1405 and approve all requests by digital verifiers that meet the  
1406 department's requirements.

1407       (f) The electronic credential provider must have the

1430 significant penalties for violations of the agreements. The  
1431 department must competitively procure the credential service  
1432 provider before the initial phase may begin. Upon completion of  
1433 the initial phase, the department shall submit a report to the  
1434 Governor, the President of the Senate, and the Speaker of the
