

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Agriculture

BILL: SB 1804
 INTRODUCER: Senator Albritton
 SUBJECT: Emergency Loans for Agricultural Producers
 DATE: March 15, 2019 REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Becker	Becker	AG	Pre-meeting
2.			AP	

I. Summary:

SB 1804 transfers the Agricultural Economic Development Program from the Department of Agriculture and Consumer Services (DACCS) to the Division of Emergency Management (division) within the Executive Office of the Governor and makes a number of changes to the program. Specifically, the bill:

- Removes the requirement that agricultural producers have less than 300 acres of land to be eligible for program loans.
- Provides that loans may be issued as zero-interest loans, in amounts of between \$30,000 and \$500,000. It adds a provision that applicants are responsible for closing costs and removes a requirement that applicants must provide at least 10 percent equity.
- Adds a provision that for a loan made under this section after the effective date of this bill, the term of the loan is 10 years. If another natural disaster affects the same property for which the applicant received such a loan within the original term of the loan, the division must make an effort to appropriately extend the term.
- Adds irrigation systems to the definition of “essential physical property.”
- Allows for only one loan to be issued per federal identification number.
- Allows an applicant who had an established farm before October 7, 2018, and who experienced losses due to Hurricane Michael during the 2018 hurricane season to submit an application to the division within 60 days after the effective date of this act.
- Allows farm assets to be used as collateral.
- Changes the terms of loan repayment.
- Requires the division to administer the program in a manner consistent with federal disaster relief, prioritizing the maximization of federal aid.
- Removes the authority for DACCS to establish a grant program to provide aid to agribusinesses to assist in market development.

The bill directs the Division of Law Revision to replace “the effective date of this act” with the date this act becomes law and provides it is effective upon becoming law.

II. Present Situation:

Agricultural Economic Development Program

In 2000 the Legislature created the Agricultural Economic Development Program,¹ which provides loans to farmers who experienced losses due to natural disasters or socioeconomic events or conditions.² Loan funds may be used to restore or replace essential physical property or remove debris from essential physical property, pay all or part of production costs associated with the disaster year, pay essential family living expenses, and restructure farm debts.³

To be eligible for the program, agricultural producers must have a parcel or parcels of land not exceeding 300 acres⁴ and funds may be issued as direct loans or as loan guarantees for up to 90 percent of the total loan, in amounts between \$30,000 and \$300,000.⁵ Applicants must provide at least ten percent equity.⁶

The following crops are eligible for the emergency loan program:⁷

- Crops grown for human consumption;
- Crops planted and grown for livestock consumption, including, but not limited to, grain, seed, and forage crops;
- Crops grown for fiber, except for trees; and
- Specialty crops, such as seafood and aquaculture.⁸

A borrower must keep complete and acceptable farm records and present them as proof of production levels and must operate in accordance with a farm plan that he or she develops and is approved by the Commissioner of Agriculture.⁹ A borrower may be required to participate in a financial management training program and obtain crop insurance.¹⁰

In order to qualify for a loan the applicant must:

- Submit an application to DACS within 90 days after the date of the natural disaster or socioeconomic condition or event occurs or the crop damage becomes apparent;
- Be a citizen of the United States and a bona fide resident of the state;
- Demonstrate the need for economic assistance; and
- Demonstrate that he or she has the ability to repay the loan.¹¹

¹ Ch. 2000-308, s. 26, Laws of Fla. (creating s. 570.249, F.S., effective June 16, 2000).

² Section 570.82(1)(a), F.S.

³ *Id.*

⁴ Section 570.82(1)(b), F.S.

⁵ Section 570.82(1)(c), F.S.

⁶ *Id.*

⁷ Section 570.82(2), F.S.

⁸ *Id.*

⁹ Section 570.82(3), F.S.

¹⁰ *Id.*

¹¹ Section 570.82(4), F.S.

All loans must be secured and a first lien is required on all property acquired, produced, or refinanced with loan funds.¹² The specific type of collateral required may vary depending upon the loan purpose, repayment ability, and the particular circumstances of the applicant.¹³

Repayment of the loans for crops, livestock, and non-real-estate losses shall be made within 7 years, or, in special circumstances, within 20 years.¹⁴ Loans for physical losses to real estate buildings shall not exceed 30 years. Borrowers are expected to return to conventional credit sources when they are financially able and borrowers must be reviewed periodically to determine whether they can return to conventional credit.¹⁵

DACS is authorized to establish a grant program to provide aid to agribusinesses to assist in market development. The loan program has never been funded by the Legislature and no loans have been made.

Hurricane Michael

On October 10, 2018, Hurricane Michael made landfall in the Florida panhandle as a Category 4 Hurricane, ranking by pressure as the third-most intense Atlantic hurricane to ever make landfall in the United States.¹⁶ Hurricane Michael significantly impacted Florida agriculture, causing widespread crop, livestock, and timber losses across Northwest Florida.¹⁷ The industry that was the hardest hit was timber, with an estimated \$1.29 billion in losses.¹⁸ The additional total crop and animal product loss is estimated to be \$137.5 million.¹⁹

The estimated impacts to specific crops are as follows:²⁰

Field and Row Crops

Product	Estimated Loss Value (\$Millions)
Peanuts	\$19.249
Cotton	\$52.941
Corn	\$4.091
Oats	\$0.772
Soybeans	\$0.681
Hay	\$1.740
Total	\$79.476

Specialty Crops

Product	Estimated Loss Value (\$Millions)
Vegetables and melons	\$8.823
Fruits	\$4.524
Tree nuts	\$3.163
Greenhouse, nursey, and floriculture	\$15.208
Total	\$31.718

Animals/Products

Product	Estimated Loss Value (\$Millions)
Beef cattle	\$6.000
Dairy cattle and milk	\$6.707
Poultry and eggs	\$11.435
Animals, except cattle and poultry and eggs	\$2.169
Total	\$26.311

III. Effect of Proposed Changes:

Section 1 transfers, by type two transfer, the Agricultural Economic Development Program from the Department of Agriculture and Consumer Services (DACS) to the Division of Emergency Management (division) within the Executive Office of the Governor.

²⁰ Christa D. Court, Alan W. Hodges, and Caleb A. Stair, *County-Level Economic Losses for Florida Agriculture Resulting from Hurricane Michael* (Nov. 13, 2018), available at <https://fred.ifas.ufl.edu/DEStudio/T4/PDF/County-Level%20Economic%20Losses%20for%20Florida%20Agriculture%20Resulting%20from%20Hurricane%20Michael%2011-13-18.pdf> (last visited March 14, 2018).

Section 2 amends s. 570.82, F.S., and transfers and renumbers it as s. 252.65, F.S., which is the Agricultural Economic Development Program. It makes the following changes to the loan program:

- Provides that loans may be issued as zero-interest loans, in amounts of between \$30,000 and \$500,000 (increased from \$300,000). It adds a provision that applicants are responsible for closing costs and removes a requirement that applicants must provide at least 10 percent equity.
- Adds a provision that for a loan made under this section after the effective date of this bill, the term of the loan is 10 years. If another natural disaster affects the same property for which the applicant received such a loan within the original term of the loan, the division must make an effort to appropriately extend the term.
- Adds irrigation systems to the definition of “essential physical property.”
- Allows for only one loan to be issued per federal identification number.
- Requires an applicant to be approved by the division.
- Allows an applicant who had an established farm before October 7, 2018, and who experienced losses due to Hurricane Michael during the 2018 hurricane season, to submit an application to the division within 60 days after the effective date of this act.
- Allows farm assets to be used as collateral.
- Amends the timeline for repayment of the loan from 7 years to 10 years and removes an allowance for repayment to occur within 20 years in special circumstances. It deletes the provision that loans for physical losses to real estate and buildings shall not exceed 30 years.
- Requires the division to administer the program in a manner consistent with federal disaster relief, prioritizing the maximization of federal aid.
- Removes the authority for DACS to establish a grant program to provide aid to agribusinesses to assist in market development.

Section 3 amends s. 201.25, F.S., to update a cross-reference for the newly created section.

Section 4 directs the Division of Law Revision to replace “the effective date of this act” wherever it occurs in this act with the date this act becomes law.

Section 5 provides for the bill to be effective upon becoming law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Small agricultural producers would benefit from these changes, by now being eligible for the loan program. All producers would benefit from the increase in the maximum loan amount, zero percent interest, and increase in length of time to repay the loan.

C. Government Sector Impact:

The loan program would be moved from the Department of Agriculture and Consumer Services to the Division of Emergency Management. This program has never been funded.

VI. Technical Deficiencies:

A type two transfer is not necessary because the Agricultural Economic Development Program has never been funded.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill transfers and amends s. 570.82 of the Florida Statutes.

This bill amends s. 201.25 of the Florida Statutes.

This bill creates s. 252.65 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.
