Senator Lee moved the following:

Senate Amendment (with title amendment)

Between lines 220 and 221

insert:

10. The department shall provide affected local governments with a copy of the applicable task force report and project alignments. Not later than December 31, 2023, a local government that has an interchange within its jurisdiction shall review the applicable task force report and its local comprehensive plan as adopted under chapter 163. The local government review must include consideration of whether the area in and around the

979880

12 interchange contains appropriate land uses and natural resource
13 protections and whether the comprehensive plan should be amended
14 to provide such appropriate uses and protections.

17 And the title is amended as follows:

18 Delete line 32

19 and insert:

20 Legislature by a specified date; requiring the
21 department to provide affected local governments with
22 a copy of the applicable task force report and project
23 alignments; requiring, by a specified date, local
24 governments that have an interchange within their
25 jurisdictions to review the applicable task force
26 report and their local comprehensive plans; providing
27 requirements for the local government review;
28 providing specified
