**I. Summary:**

SB 7076 establishes a process for naming and renaming state university facilities. Specifically the bill:

- Requires the Board of Governors (BOG) to adopt regulations to specify authority, procedures, and elements related to the naming or renaming of any state university facilities.
- Requires the BOG regulations to specify elements addressing the respective responsibilities of the BOG and state university boards of trustees and presidents, and procedural requirements regarding transparency, public engagement, nongift-related and gift-related considerations, approval, and other transparency and accountability requirements deemed appropriate by the BOG.
- Repeals Florida law that designated the building housing the FSU College of Law as the B.K. Roberts Hall.
- Provides legislative intent regarding the naming of the FSU College of Law facility.

The bill has no impact on state revenues or expenditures.

The bill takes effect July 1, 2019.

**II. Present Situation:**

**University-Owned and University-Controlled Buildings and Facilities**

Section 1001.706(7)(b), F.S. authorizes the Board of Governors (BOG) to develop guidelines for university boards of trustees relating to the use, maintenance, protection, and control of university-owned and university-controlled buildings and groups, property and equipment, name, trademarks and other proprietary marks, and the financial and other resources of the university.

Section 267.062, F.S., describes a state university facility to include a building, road, bridge, park, recreational complex, or other similar facility.

Additionally, BOG Regulation 9.005 (Naming of Buildings and Facilities) delegates and specifies authority, procedures, and elements related to the naming of any state university building, road, bridge, park, recreational complex, other similar facility or educational site for individuals or groups who have made significant contributions to the university or the state.<sup>1</sup>

In 2017-2018, Florida State University President John Thrasher followed state law and BOG regulation in exploring potential actions and recommendations<sup>2</sup> related to Francis Eppes Hall, Francis Eppes Statute, and the B.K Roberts College of Law. As a result, President Thrasher created the “President’s Advisory Panel on University Namings and Recognitions” to examine and make recommendations on university policies concerning campus names and markers, including statues and other recognitions. In addition, the panel:

- Researched issues, met and engaged with university constituencies, and determined criteria for appropriate naming policies.
- Made recommendations related to Francis Eppes Hall and Francis Eppes Statute which were implementable at the institutional level by the university president and the university board of trustees.

In conjunction, the panel recommended a name change to the B.K Roberts College of Law. However, because the facility was named by legislation<sup>3</sup> in 1973 the panel was limited in its ability to implement recommendations beyond seeking legislative action.

Since 1973 at least 170 state university facilities have been named via legislation.

### **III. Effect of Proposed Changes:**

#### **University-Owned and University-Controlled Buildings and Facilities**

SB 7076 amends s, 1001.706, F.S., to establish a process for naming and renaming state university facilities. Specifically the bill:

- Requires the Board of Governors (BOG) to adopt regulations to specify authority, procedures, and elements related to the naming or renaming of any state university facilities.
- Requires the BOG regulations to specify elements addressing the respective responsibilities of the Board of Governors and state university boards of trustees and presidents, and procedural requirements regarding transparency, public engagement, nongift-related and gift-related considerations, approval, and other transparency and accountability requirements deemed appropriate by the BOG.
- Repeals Florida law that designated the building housing the FSU College of Law as the B.K. Roberts Hall.
- Provides legislative intent regarding the naming of the FSU College of Law facility.

In effect, the bill allows state universities more flexibility in naming and renaming university facilities.
