Section 1. Section 125.01055, Florida Statutes, is amended to read:

125.01055 Affordable housing.-

(1) Notwithstanding any other provision of law, a county may adopt and maintain in effect any law, ordinance, rule, or other measure that is adopted for the purpose of increasing the supply of affordable housing using land use mechanisms such as

12	inclusionary housing ordinances.
13	(2) An inclusionary housing ordinance may require a
14	developer to provide a specified number or percentage of
15	affordable housing units to be included in a development or
16	allow a developer to contribute to a housing fund or other
17	alternatives in lieu of building the affordable housing units.
18	However, in exchange, a county must provide incentives to fully
19	offset all costs to the developer of its affordable housing
20	contribution. Such incentives may include, but are not limited
21	to:
22	(a) Allowing the developer density or intensity bonus
23	incentives or more floor space than allowed under the current or
24	proposed future land use designation or zoning;
25	(b) Reducing or waiving fees, such as impact fees or water
26	and sewer charges; or
27	(c) Granting other incentives.
28	(3) Subsection (2) does not apply in an area of critical
29	state concern, as designated in s. 380.0552.
30	Section 2. Section 125.022, Florida Statutes, is amended to
31	read:
32	125.022 Development permits and orders
33	(1) Within 30 days after receiving an application for
34	approval of a development permit or development order, a county
35	must review the application for completeness and issue a letter
36	indicating that all required information is submitted or
37	specifying with particularity any areas that are deficient. If
38	the application is deficient, the applicant has 30 days to
39	address the deficiencies by submitting the required additional
40	information. Within 120 days after the county has deemed the

application complete, or 180 days for applications that require 41 42 final action through a quasi-judicial hearing or a public 43 hearing, the county must approve, approve with conditions, or 44 deny the application for a development permit or development 45 order. Both parties may agree to a reasonable request for an 46 extension of time, particularly in the event of a force majeure 47 or other extraordinary circumstance. An approval, approval with conditions, or denial of the application for a development 48 49 permit or development order must include written findings 50 supporting the county's decision. The timeframes contained in 51 this subsection do not apply in an area of critical state concern, as designated in s. 380.0552. 52

53 (2) (1) When reviewing an application for a development 54 permit or development order that is certified by a professional 55 listed in s. 403.0877, a county may not request additional 56 information from the applicant more than three times, unless the 57 applicant waives the limitation in writing. Before a third 58 request for additional information, the applicant must be 59 offered a meeting to attempt to resolve outstanding issues. 60 Except as provided in subsection (5) (4), if the applicant believes the request for additional information is not 61 62 authorized by ordinance, rule, statute, or other legal 63 authority, the county, at the applicant's request, shall proceed 64 to process the application for approval or denial.

65 <u>(3) (2)</u> When a county denies an application for a
66 development permit <u>or development order</u>, the county shall give
67 written notice to the applicant. The notice must include a
68 citation to the applicable portions of an ordinance, rule,
69 statute, or other legal authority for the denial of the permit

(4) (4) (3) As used in this section, the terms term "development permit" and "development order" have has the same meaning as in s. 163.3164, but do does not include building permits.

(5) (4) For any development permit application filed with the county after July 1, 2012, a county may not require as a condition of processing or issuing a development permit or development order that an applicant obtain a permit or approval from any state or federal agency unless the agency has issued a final agency action that denies the federal or state permit before the county action on the local development permit.

81 (6) (5) Issuance of a development permit or development order by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to 86 obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. A county shall attach such a 89 disclaimer to the issuance of a development permit and shall 90 include a permit condition that all other applicable state or 91 federal permits be obtained before commencement of the development.

(7) (7) (6) This section does not prohibit a county from providing information to an applicant regarding what other state or federal permits may apply.

Section 3. Subsection (3) of section 163.3167, Florida Statutes, is amended to read: 163.3167 Scope of act.-

99 (3) A municipality established after the effective date of 100 this act shall, within 1 year after incorporation, establish a local planning agency, pursuant to s. 163.3174, and prepare and 101 102 adopt a comprehensive plan of the type and in the manner set out 103 in this act within 3 years after the date of such incorporation. 104 A county comprehensive plan is shall be deemed controlling until 105 the municipality adopts a comprehensive plan in accordance 106 accord with this act. A comprehensive plan adopted after January 107 1, 2019, and all land development regulations adopted to 108 implement the comprehensive plan must incorporate each 109 development order existing before the comprehensive plan's 110 effective date, may not impair the completion of a development 111 in accordance with such existing development order, and must 112 vest the density and intensity approved by such development 113 order existing on the effective date of the comprehensive plan 114 without limitation or modification.

Section 4. Paragraph (i) of subsection (5) and paragraph (h) of subsection (6) of section 163.3180, Florida Statutes, are amended to read:

120 (i) If a local government elects to repeal transportation 121 concurrency, it is encouraged to adopt an alternative mobility 122 funding system that uses one or more of the tools and techniques 123 identified in paragraph (f). Any alternative mobility funding 124 system adopted may not be used to deny, time, or phase an 125 application for site plan approval, plat approval, final 126 subdivision approval, building permits, or the functional 127 equivalent of such approvals provided that the developer agrees

128 to pay for the development's identified transportation impacts 129 via the funding mechanism implemented by the local government. The revenue from the funding mechanism used in the alternative 130 131 system must be used to implement the needs of the local 132 government's plan which serves as the basis for the fee imposed. 133 A mobility fee-based funding system must comply with s. 134 163.31801 governing the dual rational nexus test applicable to 135 impact fees. An alternative system that is not mobility fee-136 based shall not be applied in a manner that imposes upon new 137 development any responsibility for funding an existing 138 transportation deficiency as defined in paragraph (h).

(h)1. In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy school concurrency, if all the following factors are shown to exist:

a. The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.

b. The local government's capital improvements element and the school board's educational facilities plan provide for school facilities adequate to serve the proposed development, and the local government or school board has not implemented that element or the project includes a plan that demonstrates that the capital facilities needed as a result of the project can be reasonably provided.

157 means by which the landowner will be assessed a proportionate 158 share of the cost of providing the school facilities necessary 159 to serve the proposed development.

160 2. If a local government applies school concurrency, it may 161 not deny an application for site plan, final subdivision 162 approval, or the functional equivalent for a development or phase of a development authorizing residential development for 163 164 failure to achieve and maintain the level-of-service standard 165 for public school capacity in a local school concurrency 166 management system where adequate school facilities will be in 167 place or under actual construction within 3 years after the 168 issuance of final subdivision or site plan approval, or the 169 functional equivalent. School concurrency is satisfied if the 170 developer executes a legally binding commitment to provide 171 mitigation proportionate to the demand for public school 172 facilities to be created by actual development of the property, 173 including, but not limited to, the options described in sub-174 subparagraph a. Options for proportionate-share mitigation of 175 impacts on public school facilities must be established in the 176 comprehensive plan and the interlocal agreement pursuant to s. 177 163.31777.

178 a. Appropriate mitigation options include the contribution 179 of land; the construction, expansion, or payment for land acquisition or construction of a public school facility; the 180 181 construction of a charter school that complies with the 182 requirements of s. 1002.33(18); or the creation of mitigation 183 banking based on the construction of a public school facility in 184 exchange for the right to sell capacity credits. Such options must include execution by the applicant and the local government 185

Page 7 of 32

Florida Senate - 2019 Bill No. CS/CS/HB 7103, 2nd Eng.

387652

186 of a development agreement that constitutes a legally binding 187 commitment to pay proportionate-share mitigation for the 188 additional residential units approved by the local government in 189 a development order and actually developed on the property, 190 taking into account residential density allowed on the property 191 prior to the plan amendment that increased the overall 192 residential density. The district school board must be a party 193 to such an agreement. As a condition of its entry into such a 194 development agreement, the local government may require the 195 landowner to agree to continuing renewal of the agreement upon 196 its expiration.

197 b. If the interlocal agreement and the local government 198 comprehensive plan authorize a contribution of land; the 199 construction, expansion, or payment for land acquisition; the 200 construction or expansion of a public school facility, or a 201 portion thereof; or the construction of a charter school that 202 complies with the requirements of s. 1002.33(18), as proportionate-share mitigation, the local government shall 203 204 credit such a contribution, construction, expansion, or payment 205 toward any other impact fee or exaction imposed by local 206 ordinance for public educational facilities the same need, on a 207 dollar-for-dollar basis at fair market value. The credit must be 208 based on the total impact fee assessed and not on the impact fee 209 for any particular type of school.

c. Any proportionate-share mitigation must be directed by the school board toward a school capacity improvement identified in the 5-year school board educational facilities plan that satisfies the demands created by the development in accordance with a binding developer's agreement.

215	3. This paragraph does not limit the authority of a local
216	government to deny a development permit or its functional
217	equivalent pursuant to its home rule regulatory powers, except
218	as provided in this part.
219	Section 5. Section 163.31801, Florida Statutes, is amended
220	to read:
221	163.31801 Impact fees; short title; intent; <u>minimum</u>
222	requirements; audits; challenges definitions; ordinances levying
223	impact fees
224	(1) This section may be cited as the "Florida Impact Fee
225	Act."
226	(2) The Legislature finds that impact fees are an important
227	source of revenue for a local government to use in funding the
228	infrastructure necessitated by new growth. The Legislature
229	further finds that impact fees are an outgrowth of the home rule
230	power of a local government to provide certain services within
231	its jurisdiction. Due to the growth of impact fee collections
232	and local governments' reliance on impact fees, it is the intent
233	of the Legislature to ensure that, when a county or municipality
234	adopts an impact fee by ordinance or a special district adopts
235	an impact fee by resolution, the governing authority complies
236	with this section.
237	(3) <u>At a minimum,</u> an impact fee adopted by ordinance of a
238	county or municipality or by resolution of a special district
239	must satisfy all of the following conditions, at minimum:
240	(a) Require that The calculation of the impact fee <u>must</u> be
241	based on the most recent and localized data.
242	(b) The local government must provide for accounting and
243	reporting of impact fee collections and expenditures. If a local

244 governmental entity imposes an impact fee to address its 245 infrastructure needs, the entity must shall account for the 246 revenues and expenditures of such impact fee in a separate 247 accounting fund. 248 (c) Limit Administrative charges for the collection of 249 impact fees must be limited to actual costs. (d) The local government must provide Require that notice 250 251 not be provided no less than 90 days before the effective date 252 of an ordinance or resolution imposing a new or increased impact 253 fee. A county or municipality is not required to wait 90 days to 254 decrease, suspend, or eliminate an impact fee. 255 (e) Collection of the impact fee may not be required to 256 occur earlier than the date of issuance of the building permit 257 for the property that is subject to the fee. 258 (f) The impact fee must be proportional and reasonably 259 connected to, or have a rational nexus with, the need for 260 additional capital facilities and the increased impact generated 261 by the new residential or commercial construction. 262 (q) The impact fee must be proportional and reasonably connected to, or have a rational nexus with, the expenditures of 263 264 the funds collected and the benefits accruing to the new 265 residential or nonresidential construction. 266 (h) The local government must specifically earmark funds collected under the impact fee for use in acquiring, 2.67 268 constructing, or improving capital facilities to benefit new 269 users. 270 (i) Revenues generated by the impact fee may not be used, 271 in whole or in part, to pay existing debt or for previously 272 approved projects unless the expenditure is reasonably connected

(4) The local government must credit against the collection of the impact fee any contribution, whether identified in a proportionate share agreement or other form of exaction, related to public education facilities, including land dedication, site planning and design, or construction. Any contribution must be applied to reduce any education-based impact fees on a dollarfor-dollar basis at fair market value.

(5) If a local government increases its impact fee rates, the holder of any impact fee credits, whether such credits are granted under s. 163.3180, s. 380.06, or otherwise, which were in existence before the increase, is entitled to the full benefit of the intensity or density prepaid by the credit balance as of the date it was first established. This subsection shall operate prospectively and not retrospectively.

<u>(6)</u>-(4) Audits of financial statements of local governmental entities and district school boards which are performed by a certified public accountant pursuant to s. 218.39 and submitted to the Auditor General must include an affidavit signed by the chief financial officer of the local governmental entity or district school board stating that the local governmental entity or district school board has complied with this section.

(7)(5) In any action challenging an impact fee or the government's failure to provide required dollar-for-dollar credits for the payment of impact fees as provided in s. 163.3180(6)(h)2.b., the government has the burden of proving by a preponderance of the evidence that the imposition or amount of the fee or credit meets the requirements of state legal

305	an exception or waiver for an impact fee for the development or
306	construction of housing that is affordable, as defined in s.
307	420.9071. If a county, municipality, or special district
308	provides such an exception or waiver, it is not required to use
309	any revenues to offset the impact.
310	(9) This section does not apply to water and sewer

313	section 163.3202, Florida Statutes, to read:
314	163.3202 Land development regulations
315	(2) Local land development regulations shall contain
316	specific and detailed provisions necessary or desirable to
317	implement the adopted comprehensive plan and shall at a minimum:
318	(j) Incorporate preexisting development orders identified
319	pursuant to s. 163.3167(3).
320	Section 7. Subsection (8) of section 163.3215, Florida
321	Statutes, is amended to read:
322	163.3215 Standing to enforce local comprehensive plans
323	through development orders
324	(8) (a) In any proceeding under subsection (3), either party
325	is entitled to the summary procedure provided in s. 51.011, and
326	the court shall advance the cause on the calendar, subject to
327	paragraph (b) or subsection (4), the Department of Legal Affairs
328	may intervene to represent the interests of the state.
329	(b) Upon a showing by either party by clear and convincing
330	evidence that summary procedure is inappropriate, the court may

determine that summary procedure does not apply.
(c) The prevailing party in a challenge to a development
order filed under subsection (3) is entitled to recover
reasonable attorney fees and costs incurred in challenging or
defending the order, including reasonable appellate attorney
fees and costs.
Section 8. Section 166.033, Florida Statutes, is amended to
read:
166.033 Development permits and orders
(1) Within 30 days after receiving an application for
approval of a development permit or development order, a
municipality must review the application for completeness and
issue a letter indicating that all required information is
submitted or specifying with particularity any areas that are
deficient. If the application is deficient, the applicant has 30
days to address the deficiencies by submitting the required
additional information. Within 120 days after the municipality
has deemed the application complete, or 180 days for
applications that require final action through a quasi-judicial
hearing or a public hearing, the municipality must approve,
approve with conditions, or deny the application for a
development permit or development order. Both parties may agree
to a reasonable request for an extension of time, particularly
in the event of a force majeure or other extraordinary
circumstance. An approval, approval with conditions, or denial
of the application for a development permit or development order
must include written findings supporting the municipality's
decision. The timeframes contained in this subsection do not
apply in an area of critical state concern, as designated in s.

361 (2) (1) When reviewing an application for a development 362 permit or development order that is certified by a professional 363 listed in s. 403.0877, a municipality may not request additional 364 information from the applicant more than three times, unless the 365 applicant waives the limitation in writing. Before a third 366 request for additional information, the applicant must be 367 offered a meeting to attempt to resolve outstanding issues. 368 Except as provided in subsection (5) (4), if the applicant believes the request for additional information is not 369 authorized by ordinance, rule, statute, or other legal 370 371 authority, the municipality, at the applicant's request, shall 372 proceed to process the application for approval or denial.

373 <u>(3)(2)</u> When a municipality denies an application for a 374 development permit <u>or development order</u>, the municipality shall 375 give written notice to the applicant. The notice must include a 376 citation to the applicable portions of an ordinance, rule, 377 statute, or other legal authority for the denial of the permit 378 or order.

(4) (3) As used in this section, the <u>terms</u> term "development permit" <u>and "development order" have</u> has the same meaning as in s. 163.3164, but <u>do</u> does not include building permits.

382 (5) (4) For any development permit application filed with 383 the municipality after July 1, 2012, a municipality may not 384 require as a condition of processing or issuing a development 385 permit <u>or development order</u> that an applicant obtain a permit or 386 approval from any state or federal agency unless the agency has 387 issued a final agency action that denies the federal or state 388 permit before the municipal action on the local development

Section 9. Section 166.04151, Florida Statutes, is amended to read:

166.04151 Affordable housing.-

(1) Notwithstanding any other provision of law, a municipality may adopt and maintain in effect any law, ordinance, rule, or other measure that is adopted for the purpose of increasing the supply of affordable housing using land use mechanisms such as inclusionary housing ordinances.

413 (2) An inclusionary housing ordinance may require a 414 developer to provide a specified number or percentage of 415 affordable housing units to be included in a development or 416 allow a developer to contribute to a housing fund or other 417 alternatives in lieu of building the affordable housing units. 442	has declared its intent to provide affordable housing, and areas
443	that were designated as areas of critical state concern for at
444	least 20 consecutive years before removal of the designation.
445	The lack of affordable workforce housing has been exacerbated by

permit documents and that the minimum mandatory inspections required under the building code have been performed and properly recorded. The term does not mean that the local building official may not is required to replicate the plan review or inspection being performed by the private provider, unless expressly authorized by this section.

(c) "Building" means any construction, erection, alteration, demolition, or improvement of, or addition to, any structure <u>or site work</u> for which permitting by a local enforcement agency is required.

(d) "Building code inspection services" means those services described in s. 468.603(5) and (8) involving the review of building plans as well as those services involving the review of site plans and site work engineering plans or their <u>functional equivalent</u>, to determine compliance with applicable codes and those inspections required by law of each phase of construction for which permitting by a local enforcement agency is required to determine compliance with applicable codes.

(e) "Duly authorized representative" means an agent of the private provider identified in the permit application who reviews plans or performs inspections as provided by this section and who is licensed as an engineer under chapter 471 or as an architect under chapter 481 or who holds a standard certificate under part XII of chapter 468.

(f) "Immediate threat to public safety and welfare" means a building code violation that, if allowed to persist, constitutes an immediate hazard that could result in death, serious bodily injury, or significant property damage. This paragraph does not limit the authority of the local building official to issue a

621 private provider for plans review and building inspections. A 622 local jurisdiction must calculate the cost savings to the local 623 enforcement agency, based on a fee owner or contractor hiring a 624 private provider to perform plans reviews and building 625 inspections in lieu of the local building official, and reduce 626 the permit fees accordingly. The local jurisdiction may not 627 charge fees for building inspections if the fee owner or 628 contractor hires a private provider; however, the local 62.9 jurisdiction may charge a reasonable administrative fee.

630 (4) A fee owner or the fee owner's contractor using a 631 private provider to provide building code inspection services 632 shall notify the local building official at the time of permit 633 application, or by 2 p.m. local time, 2 no less than 7 business 634 days before prior to the first scheduled inspection by the local 635 building official or building code enforcement agency for a 636 private provider performing required inspections of construction under this section, on a form to be adopted by the commission. 637 638 This notice shall include the following information:

(a) The services to be performed by the private provider.

(b) The name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform such services, his or her professional license or certification number, qualification statements or resumes, and, if required by the local building official, a certificate of insurance demonstrating that professional liability insurance coverage is in place for the private provider's firm, the private provider, and any duly authorized representative in the amounts required by this section.

652 I have elected to use one or more private providers to 653 provide building code plans review and/or inspection 654 services on the building or structure that is the subject of the enclosed permit application, as 655 authorized by s. 553.791, Florida Statutes. I 656 657 understand that the local building official may not 658 review the plans submitted or perform the required 659 building inspections to determine compliance with the 660 applicable codes, except to the extent specified in 661 said law. Instead, plans review and/or required 662 building inspections will be performed by licensed or 663 certified personnel identified in the application. The 664 law requires minimum insurance requirements for such 665 personnel, but I understand that I may require more 666 insurance to protect my interests. By executing this 667 form, I acknowledge that I have made inquiry regarding 668 the competence of the licensed or certified personnel 669 and the level of their insurance and am satisfied that 670 my interests are adequately protected. I agree to 671 indemnify, defend, and hold harmless the local 672 government, the local building official, and their 673 building code enforcement personnel from any and all 674 claims arising from my use of these licensed or 675 certified personnel to perform building code 676 inspection services with respect to the building or 677 structure that is the subject of the enclosed permit 678 application.

If the fee owner or the fee owner's contractor makes any changes 680 681 to the listed private providers or the services to be provided 682 by those private providers, the fee owner or the fee owner's 683 contractor shall, within 1 business day after any change, update 684 the notice to reflect such changes. A change of a duly 685 authorized representative named in the permit application does 686 not require a revision of the permit, and the building code 687 enforcement agency shall not charge a fee for making the change. 688 In addition, the fee owner or the fee owner's contractor shall 689 post at the project site, before prior to the commencement of 690 construction and updated within 1 business day after any change, 691 on a form to be adopted by the commission, the name, firm, 692 address, telephone number, and facsimile number of each private 693 provider who is performing or will perform building code 694 inspection services, the type of service being performed, and 695 similar information for the primary contact of the private 696 provider on the project.

(5) After construction has commenced and if the local 697 698 building official is unable to provide inspection services in a 699 timely manner, the fee owner or the fee owner's contractor may 700 elect to use a private provider to provide inspection services 701 by notifying the local building official of the owner's or 702 contractor's intention to do so by 2 p.m. local time, 2 no less 703 than 7 business days before prior to the next scheduled 704 inspection using the notice provided for in paragraphs (4)(a)-705 (C).

Any subsequent review by the local building official is limited to the deficiencies cited in the 744 745 written notice. If the local building official does not provide 746 the second written notice within the prescribed time period, the 747 permit shall be deemed approved as a matter of law, and issued 748 by the local building official must issue the permit on the next 749 business day.

750 (d) If the local building official provides a second 751 written notice of plan deficiencies to the permit applicant 752 within the prescribed time period, the permit applicant may 753 elect to dispute the deficiencies pursuant to subsection (13) or 754 to submit additional revisions to correct the deficiencies. For 755 all revisions submitted after the first revision, the local 756 building official has an additional 5 business days from the 757 date of resubmittal to issue the requested permit or to provide 758 a written notice to the permit applicant stating which of the 759 previously identified plan features remain in noncompliance with 760 the applicable codes, with specific reference to the relevant 761 code chapters and sections.
