**Senate Amendment (with title amendment)**

Delete everything after the enacting clause  
and insert:

Section 1. It is the intent of the Legislature to promote programs and initiatives that help make available preventive and educational dental services for the residents of the state, as well as provide quality dental treatment services. The geographic characteristics among the residents of the state are distinctive and vary from region to region, with such residents having unique needs regarding access to dental care. The

623018

12 Legislature recognizes that maintaining good oral health is  
13 integral to the overall health status of individuals and that  
14 the good health of the residents of this state is an important  
15 contributing factor in economic development. Better health,  
16 including better oral health, increases workplace productivity,  
17 reduces the burden of health care costs, and improves the  
18 cognitive development of children, resulting in a reduction of  
19 missed school days.

20 Section 2. Section 381.4019, Florida Statutes, is created  
21 to read:

23 Student Loan Repayment Program is established to promote access  
24 to dental care by supporting qualified dentists who treat

48 demonstrate, as required by department rule, active employment  
49 in a public health program that serves Medicaid recipients and  
50 other low-income patients and is located in a dental health  
51 professional shortage area or a medically underserved area.

52 (3) The department shall award funds from the loan program  
53 to repay the student loans of a dentist who meets the  
54 requirements of subsection (2).

55 (a) An award may not exceed \$50,000 per year per eligible  
56 dentist.

57 (b) Only loans to pay the costs of tuition, books, dental  
58 equipment and supplies, uniforms, and living expenses may be  
59 covered.

60 (c) All repayments are contingent upon continued proof of  
61 eligibility and must be made directly to the holder of the loan.  
62 The state bears no responsibility for the collection of any  
63 interest charges or other remaining balances.

64 (d) A dentist may receive funds under the loan program for  
65 at least 1 year, up to a maximum of 5 years.

66 (e) The department shall limit the number of new dentists  
67 participating in the loan program to not more than 10 per fiscal  
68 year.

69 (4) A dentist is no longer eligible to receive funds under

623018

70 the loan program if the dentist:

184 of performing terminations of pregnancy, an office maintained by  
185 a physician for the practice of medicine, or an office

623018

194 (1) The agency shall adopt rules pursuant to ss. 120.536(1)  
195 and 120.54 to implement the provisions of this part, which shall  
196 include reasonable and fair minimum standards for ensuring that:

197 (a) Sufficient numbers and qualified types of personnel and  
198 occupational disciplines are on duty and available at all times  
199 to provide necessary and adequate patient care and safety.

200 (b) Infection control, housekeeping, sanitary conditions,  
201 and medical record procedures that will adequately protect  
202 patient care and safety are established and implemented.

203 (c) A comprehensive emergency management plan is prepared  
204 and updated annually. Such standards must be included in the  
205 rules adopted by the agency after consulting with the Division  
206 of Emergency Management. At a minimum, the rules must provide  
207 for plan components that address emergency evacuation  
208 transportation; adequate sheltering arrangements; postdisaster  
209 activities, including emergency power, food, and water;  
210 postdisaster transportation; supplies; staffing; emergency  
211 equipment; individual identification of residents and transfer  
212 of records, and responding to family inquiries. The  
213 comprehensive emergency management plan is subject to review and  
214 approval by the local emergency management agency. During its

623018

215 review, the local emergency management agency shall ensure that  
216 the following agencies, at a minimum, are given the opportunity  
217 to review the plan: the Department of Elderly Affairs, the  
218 Department of Health, the Agency for Health Care Administration,  
219 and the Division of Emergency Management. Also, appropriate  
220 volunteer organizations must be given the opportunity to review

225 operated consistent with established standards and rules.

226 (e) Licensed facility beds conform to minimum space,  
227 equipment, and furnishings standards as specified by the  
228 department.

231 408. Such data shall include, but shall not be limited to,  
232 patient origin data, hospital utilization data, type of service  
233 reporting, and facility staffing data. The agency may not  
234 collect data that identifies or could disclose the identity of  
235 individual patients. The agency shall utilize existing uniform  
236 statewide data sources when available and shall minimize  
237 reporting costs to hospitals.

238 (g) Each hospital has a quality improvement program  
239 designed according to standards established by their current  
240 accrediting organization. This program will enhance quality of  
241 care and emphasize quality patient outcomes, corrective action  
242 for problems, governing board review, and reporting to the  
243 agency of standardized data elements necessary to analyze

623018

244 quality of care outcomes. The agency shall use existing data,  
245 when available, and shall not duplicate the efforts of other  
246 state agencies in order to obtain such data.

247 (h) Licensed facilities make available on their Internet  
248 websites, no later than October 1, 2004, and in a hard copy  
249 format upon request, a description of and a link to the patient  
250 charge and performance outcome data collected from licensed  
251 facilities pursuant to s. 408.061.

252 (i) All hospitals providing organ transplantation, neonatal  
253 intensive care services, inpatient psychiatric services,

255 rehabilitation meet the minimum licensure requirements adopted  
256 by the agency. Such licensure requirements must include quality  
257 of care, nurse staffing, physician staffing, physical plant,

261 specialty hospitals, ambulatory surgical centers, and statutory  
262 rural hospitals as defined in s. 395.602.

263 (3) The agency shall adopt rules that establish minimum  
264 standards for pediatric patient care in ambulatory surgical  
265 centers to ensure the safe and effective delivery of surgical  
266 care to children in ambulatory surgical centers. Such standards  
267 must include quality of care, nurse staffing, physician  
268 staffing, and equipment standards. Ambulatory surgical centers  
269 may not provide operative procedures to children under 18 years  
270 of age which require a length of stay past midnight until such  
271 standards are established by rule.

272 (4)~~(3)~~ The agency shall adopt rules with respect to the

623018

273 care and treatment of patients residing in distinct part nursing  
274 units of hospitals which are certified for participation in  
275 Title XVIII (Medicare) and Title XIX (Medicaid) of the Social  
276 Security Act skilled nursing facility program. Such rules shall

282 1987), Title IV (Medicare, Medicaid, and Other Health-Related  
283 Programs), Subtitle C (Nursing Home Reform), as amended. The  
284 agency shall require level 2 background screening as specified  
285 in s. 408.809(1)(e) pursuant to s. 408.809 and chapter 435 for  
286 personnel of distinct part nursing units.

287 (5)~~(4)~~ The agency shall adopt rules with respect to the  
288 care and treatment of clients in intensive residential treatment  
289 programs for children and adolescents and with respect to the  
290 safe and healthful development, operation, and maintenance of  
291 such programs.

292 (6)~~(5)~~ The agency shall enforce the provisions of part I of  
293 chapter 394, and rules adopted thereunder, with respect to the  
294 rights, standards of care, and examination and placement  
295 procedures applicable to patients voluntarily or involuntarily  
296 admitted to hospitals providing psychiatric observation,  
297 evaluation, diagnosis, or treatment.

298 (7)~~(6)~~ No rule shall be adopted under this part by the  
299 agency which would have the effect of denying a license to a  
300 facility required to be licensed under this part, solely by  
301 reason of the school or system of practice employed or permitted

623018

302 to be employed by physicians therein, provided that such school  
303 or system of practice is recognized by the laws of this state.  
304 However, nothing in this subsection shall be construed to limit  
305 the powers of the agency to provide and require minimum  
306 standards for the maintenance and operation of, and for the  
307 treatment of patients in, those licensed facilities which  
308 receive federal aid, in order to meet minimum standards related  
309 to such matters in such licensed facilities which may now or  
310 hereafter be required by appropriate federal officers or  
311 agencies in pursuance of federal law or promulgated in pursuance  
312 of federal law.

313 (8)~~(7)~~ Any licensed facility which is in operation at the  
314 time of promulgation of any applicable rules under this part  
315 shall be given a reasonable time, under the particular  
316 circumstances, but not to exceed 1 year from the date of such  
317 promulgation, within which to comply with such rules.

318 (9)~~(8)~~ The agency may not adopt any rule governing the  
319 design, construction, erection, alteration, modification,  
320 repair, or demolition of any public or private hospital,  
321 intermediate residential treatment facility, or ambulatory  
322 surgical center. It is the intent of the Legislature to preempt  
323 that function to the Florida Building Commission and the State  
324 Fire Marshal through adoption and maintenance of the Florida  
325 Building Code and the Florida Fire Prevention Code. However, the  
326 agency shall provide technical assistance to the commission and  
327 the State Fire Marshal in updating the construction standards of  
328 the Florida Building Code and the Florida Fire Prevention Code

335 surgery programs.

336           (a) Members of the panel must have technical expertise in  
337 pediatric cardiac medicine, shall serve without compensation,  
338 and may ~~not~~ be reimbursed for per diem and travel expenses.

339           (b) Voting members of the panel shall include: 3 at-large
