BILL: SB 1140

INTRODUCER: Senator Gruters

SUBJECT: Public Accountancy

DATE: February 28, 2020

REVISED: _____

I. Summary:

SB 1140 permits a nonresident Florida-licensed certified public accountant (CPA) to renew his or her license if the CPA has complied with the continuing education requirements in the state in which his or her office is located. However, a nonresident CPA must satisfy Florida's ethics-related continuing education requirements. If the state in which the nonresident CPA's office is located does not have continuing education requirements as a condition for license renewal, the nonresident CPA must comply with the continuing education requirements in Florida.

The bill permits a CPA to place his or her license in a retired status. If a licensee on retired status reenters the workforce in a position that has an association with accounting or any of the CPA services, the licensee automatically loses her or his retired status. A retired CPA may continue to be engaged in specific activities but may not offer professional services that require the use of the CPA title. A retired CPA may reactivate her or his license in a conditional manner determined by the Florida Board of Accountancy, which must require the payment of fees and the completion of any required continuing education.

The bill takes effect July 1, 2020.

II. Present Situation:

Certified Public Accountants

The Florida Board of Accountancy (board) within the Department of Business and Professional Regulation (DBPR) is responsible for regulating and licensing the more than 38,000 active and 2,700 inactive CPAs and more than 5,700 accounting firms in Florida.¹ The Division of Certified

Public Accounting provides administrative support to the nine-member board, which consists of seven CPAs and two laypersons.²

A certified public accountant is an individual who holds a license to practice public accounting in this state under ch. 473, F.S., or an individual who is practicing public accounting in this state pursuant to the practice privilege granted in s. 473.3141, F.S.³

The practice of public accounting includes offering to the public the performance of services involving audits, reviews, compilations, tax preparation, management advisory or consulting services, or preparation of financial statements.⁴ To engage in the practice of public accounting,⁵ an individual or firm must be licensed pursuant to ss. 473.308 or 473.3101, F.S., and business entities must meet the requirements of s. 473.309, F.S.

CPA Licensing

Section 473.308, F.S., provides licensing requirements for CPAs. To be licensed as a certified public accountant, a person must be of good moral character, pass the licensure exam, and have at least 150 semester hours of education with a focus on accounting and business.⁶ CPA licenses must be renewed on a biennial basis through procedures adopted by the DBPR.⁷

License by Endorsement

Individuals who are licensed as a CPA in another state or territory, as well as individuals who are not licensed in another state or territory but have met certain requirements, may apply to the board for licensure by endorsement.⁸ If the applicant is not licensed and has never been licensed in another state or territory, the applicant must:⁹

- Meet the education, work experience, and good moral character requirements;
- Have passed a national, regional, state, or territorial licensing examination that is substantially equivalent to the examination required by s. 473.306, F.S.; and
- Have completed continuing professional education courses that are at least equivalent to the continuing professional education requirements for a Florida CPA during the 2 years immediately preceding the application for licensure by endorsement.

If the applicant is licensed in another state or territory, the applicant must:¹⁰

- Have satisfied licensing criteria that were substantially equivalent to the licensure criteria in Florida at the time the license was issued; or

² Section 473.303, F.S.

³ See s. 473.302(4), F.S. Section 473.3141, F.S., permits a person who does not have an office in Florida to practice public accountancy in this state without obtaining a license under ch. 473, F.S., notifying or registering with the board, or paying a fee if the person meets the required criteria.

⁴ Section 473.302(8), F.S.

⁵ Section 473.302(8), F.S., defines the terms “practice of,” “practicing public accountancy,” and “public accounting”

⁶ Sections 473.308(2)-(5), F.S.

⁷ Section 473.311(2), F.S.

⁸ Section 473.308(7), F.S.

⁹ Section 473.308(7)(a), F.S.

¹⁰ Section 473.308(7)(b), F.S.

- Have passed a national, regional, state or territorial licensing examination with examination criteria that were substantially equivalent to the examination criteria required in this state and meet the education, work experience, and good moral character requirements, if the criteria for issuance of such a license were not substantially equivalent to Florida's criteria; or
- Have held a valid license in another state or territory for at least 10 years before applying for a license in Florida, have passed a national, regional, state or territorial licensing examination with examination criteria that were substantially equivalent to the examination criteria required in this state, and meet the education, work experience, and good moral character requirements; and
- Have completed continuing professional education courses that are at least equivalent to the continuing professional education requirements for a Florida CPA during the 2 years immediately preceding the application for licensure by endorsement.

Continuing Education

CPAs, as part of the license renewal procedure, are required to submit proof satisfactory to the board that, during the 2 years prior to the application for renewal, they have successfully completed not less than 48 or more than 80 hours of continuing professional education programs in public accounting subjects approved by the board. The board has the authority to prescribe by rule additional continuing professional education hours, not to exceed 25 percent of the total hours required, for failure to complete the hours required for renewal by the end of the reestablishment period.¹¹

Not less than 10 percent of the total continuing education hours required by the board shall be in accounting-related and auditing-related subjects, as distinguished from federal and local taxation matters and management services.¹²

Not less than five percent of the continuing education shall be in ethics applicable to the practice of public accounting, including a review of the provisions of ch. 455, F.S., relating to the regulations of businesses and professions, ch. 473, F.S., and the related administrative rules. This requirement must be administered by providers approved by the board.

Inactive Licenses

Section 473.313(1), F.S., permits Florida-licensed CPAs to request that their license be placed on inactive status. Licenses can also be placed on inactive status for failing to complete, or failure to report completion of, the continuing education requirements. Section 473.313(2), F.S., authorizes the board to adopt rules establishing fees for placing a license on inactive status, renewal of inactive status, and reactivation of an inactive license.¹³

A CPA may reactivate an inactive license by paying the DPBR a \$250 application fee¹⁴ and receiving certification that the CPA has completed the education requirements.¹⁵

¹² Section 473.312(1)(b), F.S.

¹³ See Fla. Admin. Code R. 61H1-33.006 (2019).

¹⁴ Fla Admin. Code R. 61H1-31.006 (2019).

¹⁵ Section 473.313(2), F.S.

If a license that was placed on inactive status for failure to report completed continuing education requirements is inactive on January 1, the applicant must submit a complete application to the board by March 15 immediately after the delinquent period.¹⁶

III. Effect of Proposed Changes:

Licensure by Endorsement

The bill amends s. 473.308(7)(a)1., F.S., referring to applicants for licensure by endorsement who are not licensed in another state, to change the term “another” state to “any” state. The bill does not make the same change throughout s. 473.308, F.S., where the term “another” state is used in several instances.

As amended by the bill, s. 473.308(7)(a)1., F.S., appears to refer to persons who have not been licensed as a CPA in *any* state, including Florida, instead of persons who have not been licensed in any state *aside* from Florida. This change in language would prevent a previously-licensed Florida CPA from using the licensure by endorsement process to regain a license.

Continuing Education

The bill creates s. 473.311(1)(b), F.S., permitting a nonresident licensee seeking a renewal of his or her Florida license to comply with the continuing education requirements of the state in which his or her office is located. Under the bill, a licensee must still complete no less than 5 percent of the total continuing education hours required in ethics applicable to public accounting as administered by providers approved by the board.

The nonresident licensee must comply with all of Florida’s continuing education requirements if the state in which the nonresident licensee’s office is located does not have continuing education requirements as a condition for license renewal.

The bill also amends s. 473.312(1)(c), F.S., to require that a majority of the continuing education hours in ethics include a review of the provisions of the provisions of ch. 455, F.S., relating to the regulations of businesses and professions, ch. 473, F.S., and the related administrative rules.

Retired Status

Under current law, a CPA licensed in Florida is not permitted to place his or license in a retired status. The bill amends s. 473.313, F.S., to permit a Florida-licensed CPA to submit an application to the DBPR to place his or her license in a retired status if the licensee:

- Is at least 55 years of age;
- Holds a current active or inactive license; and
- Is in good standing and not the subject of any sanction or disciplinary action.

Under the bill, a licensee in retired status that reenters the workforce in a position associated with accounting, or any related services defined in ss. 473.302(8)(a), (c), and (d), F.S., automatically loses his or her retired status. A CPA on retired status may continue to provide services utilizing

¹⁶ Section 473.313(3), F.S.

accounting skills, as well as tax, management advisory, or consulting services, as defined in s. 473.302(8)(b), F.S., but may not provide certain accounting services that involve expressing an opinion on or preparing financial statements, as defined in ss. 473.302(8)(a), (c), and (d), F.S.

Retired licensees are permitted to use the title of “retired CPA” but may not offer or render professional services that require her or his signature and use of the CPA title, regardless of whether the word “retired” is attached to such title.

The bill authorizes a retired licensee to serve without compensation on a board of directors or board of trustees, provide volunteer tax preparation services, participate in a government-sponsored business mentoring program, and participate in an advisory role for a similar charitable, civic, or nonprofit organizations. A retired licensee may accept routine reimbursement for actual costs of travel and meals associated with volunteer services or de minimis per diem amounts paid to the retired licensee to cover such expenses as allowed by law.

Retired licensees are not required to maintain the continuing education requirements set forth in ch. 473, F.S.

A retired licensee must affirm in writing his or her understanding of the limited types of activities in which he or she may engage while in retired status and that he or she has a professional duty to ensure that he or she holds the professional competencies necessary to participate in such activities.

A retired licensee may reactivate his or her license in a conditional manner determined by the board, which must require the payment of fees and the completion of any required continuing education.

Effective Date

The bill takes effect July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

Section 19(a), Article VII of the State Constitution limits the authority of the legislature to enact legislation that imposes a new state tax or fee by requiring such legislation to be approved by a 2/3 vote in each chamber of the legislature. Section 19(e), Article VII of the Florida Constitution provides that a state tax or fee imposed, authorized, or raised must be contained in a separate bill that contains no other subject.

SB 1140 permits a licensed CPA in retired status to reactivate his or her license in a conditional manner determined by the Florida Board of Accountancy. The bill requires that the conditions for the reactivation of a license in retired status must include the payment of fees. The board currently has the authority to impose a fee for the reactivation of an inactive license. Because the bill requires the board to impose a fee of an unknown amount for the reactivation of a license in retired status, it is unclear if the voting and separate bill requirements found in the State Constitution apply to the bill.

B. Private Sector Impact:

Retired CPAs wishing to reactivate their licenses will be subject to reactivation fees in an amount determined by the board.

C. Government Sector Impact:

The DBPR has stated that the technological modifications required to administer the bill can be made with existing resources. Other potential expenditures required by the DBPR are indeterminate but expected to be accommodated with existing resources.

The Revenue Estimating Conference has not yet met regarding the bill.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill creates s. 473.311(1)(b), F.S., permitting a nonresident licensee seeking a renewal of his or her Florida license to comply with the continuing education requirements of the *state* in which his or her office is located. It is unclear if these new provisions are intended to apply to territories as well as states. Existing provisions governing the renewal of CPA licenses in ch. 473, F.S., refer to other states *and* territories.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 473.308, 473.311, 473.312, and 473.313.
