**II. Present Situation:**

**Florida’s Workforce Development System**

The federal Workforce Investment Act of 1998 (WIA) was passed by Congress in an effort to improve the quality of the nation’s workforce through implementation of a comprehensive

workforce investment system.<sup>1</sup> The WIA required each state to establish an investment board at the state level and to also establish workforce investment boards to represent local service areas.<sup>2</sup> The WIA also called for the delivery of workforce development services through a system of “one-stop” centers in local communities.<sup>3</sup> Some key principles of the WIA were to better integrate workforce services, empower individuals, provide universal access to participants, increase accountability, and improve youth programs.<sup>4</sup>

In response to the WIA, Florida established a workforce development system under the Workforce Investment Act of 2000.<sup>5</sup> The act aimed to better connect the state’s economic development strategies with its workforce development system and to implement the principles of the federal WIA.<sup>6</sup>

### ***Federal Workforce Innovation and Opportunity Act of 2014***

In 2014, Congress passed the Workforce Innovation and Opportunity Act (WIOA), which superseded the Workforce Investment Act of 1998.<sup>7</sup> The WIOA requires each state to develop a single, unified plan for aligning workforce services through the identification and evaluation of core workforce programs.<sup>8</sup> In general, the WIOA maintains the one-stop framework of the WIA, and encompasses provisions aimed at streamlining services, easing reporting requirements, and reducing administrative barriers.<sup>9</sup> The WIOA officially became effective on July 1, 2015, the first full program year after enactment.

### ***Core Programs***

The WIOA identifies four core programs that must coordinate and complement each other in a manner that ensures job seekers have access to needed resources.<sup>10</sup> The core programs are:

- Adult, Dislocated Worker and Youth Programs;
- Employment Services under the Wagner-Peyser Employment Act;
- Vocational Rehabilitation Services; and
- Adult Education and Literacy Activities.

### ***Performance Measures***

In an effort to promote transparency and accountability, the WIOA created a single set of common measures for the evaluation of core programs.<sup>11</sup> The WIOA requires performance

reports to be provided at the state, local, and trainer provider levels. The performance measures that now apply across all core programs are:

- The percentage of participants in unsubsidized employment during second quarter after exit;
- The percentage of participants in unsubsidized employment during fourth quarter after exit;
- The median earnings of participants during second quarter after exit;
- The percentage of participants who obtain a postsecondary credential or secondary school diploma within 1 year after exit;
- The achievement of measureable skill gains toward credentials or employment; and
- The effectiveness in serving employers.

### ***State Workforce Development Plan***

Using the common performance measures for core programs, the WIOA requires each state to develop and submit a unified state plan based on a 4-year strategy for workforce development.<sup>12</sup> The state plan must describe an overall strategy for the core programs and how the strategy will meet needs for workers, job seekers, and employers.<sup>13</sup> The WIOA also provides an option for states to submit a combined plan that outlines plans for the core programs along with additional workforce programs.<sup>14</sup>

### ***Regional Planning and Local Workforce Development Boards***

The WIOA requires states to identify regional planning areas for workforce development strategies.<sup>15</sup> Within each area, a local workforce development board must be established.<sup>16</sup> Each local workforce development board is required to coordinate planning and service delivery strategies within their area.<sup>17</sup> Formulated strategies are then used by the local workforce development board to develop and submit a local plan for the delivery of workforce services.<sup>18</sup>

### ***One-Stop Delivery System***

The WIOA aims to strengthen the one-stop delivery system by requiring each local area to have at least one comprehensive one-stop delivery provider.<sup>19</sup> A comprehensive one-stop delivery provider supplies physical access to services provided by core partners, as well as other mandatory partners.<sup>20</sup> The WIOA mandates that each partner shares in the funding of services and infrastructure costs of the one-stop delivery system.<sup>21</sup>

<sup>21</sup> See 29 U.S.C. § 3151(2).

### ***Florida's Implementation of The WIOA***

In 2016, Florida made changes to the workforce development system to conform to the new federal guidelines established by the WIOA.<sup>22</sup> Under the current workforce development system, the DEO, CareerSource, and 24 local workforce development boards act as partners in administering Florida's comprehensive system for the delivery of workforce strategies, services, and programs.

### ***The Department of Economic Opportunity***

The DEO serves as Florida's lead workforce agency.<sup>23</sup> The DEO is responsible for the fiscal and administrative affairs of the workforce development system.<sup>24</sup> The DEO receives and distributes federal funds for employment-related programs to the local workforce development boards.<sup>25</sup> Additionally, under the direction of CareerSource, the DEO must annually meet with each local workforce development board to review the board's performance and to certify that the board is in compliance with applicable state and federal law.<sup>26</sup>

### ***CareerSource Florida, Inc.***

CareerSource Florida, Inc., a not-for-profit corporation, serves as Florida's *state-level* workforce development board.<sup>27</sup> CareerSource is responsible for the development of a 4-year plan that is consistent with the requirements of the WIAO<sup>28</sup> and collaborates with the DEO, the local workforce development boards, and one-stop service providers to ensure workforce services are consistent with state and local plans.<sup>29</sup> CareerSource also provides state-level policy direction, planning, and performance evaluation of the delivery of workforce services.<sup>30</sup>

### ***Local Workforce Development Boards***

Twenty-four local workforce development boards deliver Florida's workforce development services through over 100 one-stop service providers.<sup>31</sup> The one-stop service providers give Floridians access to available workforce services; including job placement, career counseling, and skills training.<sup>32</sup> Collectively, the local workforce development boards operate under a charter approved by CareerSource.<sup>33</sup> Each local workforce development board formulates a local budget and oversees the one-stop delivery system within its local area.<sup>34</sup>

On May 15, 2019, the Acting Regional Administrator for the U.S. Department of Labor, Employment and Training Administration sent a letter to the Executive Director of the Florida Department of Economic Opportunity reporting on the comprehensive compliance review that the administration had conducted in conjunction with the Department of Economic Opportunity under the Workforce Innovation and Opportunity Act. The letter indicated that the review confirmed numerous violations of the Workforce Investment Act and the Workforce Innovation and Opportunity Act by CareerSource Tampa Bay and CareerSource Pinellas. The review confirmed that fake job placements were made, that records are falsified, and including numerous other violations of the act resulting in over \$17 million in question costs subject disallowance.<sup>35</sup> The letter further stated:

The improper administration of capital federal employment and training funds by the two local workforce boards led to blatant noncompliance with WIOA requirements. This was further compounded by the lack of fiduciary oversight which fostered an environment vulnerable to mismanagement, waste, fraud, and abused to occur undetected.<sup>36</sup>

The report issued by the administrator outlined in detail each of the 17 findings of noncompliance in three areas of concern. The letter indicated that the state was required to submit a corrective action plan and formally respond to each of the 17 findings in question costs.<sup>37</sup> The report further stated that “[W]hile it is appropriate for the State to allow local flexibilities, it does not appear that the State provided adequate policy guidance, training, and technical assistance to ensure that the implementation of the workforce development system was compliant with WIOA.”<sup>38</sup>

### III. Effect of Proposed Changes:

**IV. Constitutional Issues:**

## A. Municipality/County Mandates Restrictions:

None.

## B. Public Records/Open Meetings Issues:

None.

## C. Trust Funds Restrictions:

None.

## D. State Tax or Fee Increases:

None.

## E. Other Constitutional Issues:

None.

**V. Fiscal Impact Statement:**

## A. Tax/Fee Issues:

None.

## B. Private Sector Impact:

None.

## C. Government Sector Impact:

The impacted governmental organizations will have to update their internal structures or policies in the administration and oversight of Florida's Workforce Development System. The costs are indeterminate, but expected to be minimal.

**VI. Technical Deficiencies:**

Lines 249-255 permit, but do not require, the state board to hire a “director.” However, lines 346-350 require the state board to hire an “executive director.” If the terms refer to the same position, the bill would be less susceptible to misinterpretation by using the same term. Also, if they do refer to the same position, it is unclear whether the intent is to authorize the state board to hire or require it to.

**VII. Related Issues:**

None.

**VIII. Statutes Affected:**
