COMMITTEE SUBSTITUTE - Technical Changes

I. Summary:

CS/SB 148 is the implementing bill for SJR 146, which proposes an amendment to the Florida Constitution to extend by one year the period during which a person may transfer up to \$500,000 of accumulated Save Our Homes benefit from a prior homestead property to a new homestead property.

The bill will take effect on the effective date of the amendment proposed by SJR 146 or a similar joint resolution having the substantially the same specific intent and purpose. If approved by the electors, the proposed amendment and CS/SB 148 first apply to the 2021 tax roll.

The Revenue Estimating Conference has determined that, if the proposed amendment is approved by 60 percent of the electors, the bill will reduce local property tax receipts by \$1.8 million beginning in Fiscal Year 2021-2022, increasing to \$10.2 million by Fiscal Year 2025-2026.

II. Present Situation:

General Overview of Property Taxation

The ad valorem tax or “property tax” is an annual tax levied by counties, municipalities, school districts, and some special districts. The tax is based on the taxable value of property as of

January 1 of each year.¹ The property appraiser annually determines the “just value”² of property within the taxing authority and then applies relevant exclusions, assessment limitations, and exemptions to determine the property’s “taxable value.”³ Tax bills are mailed in November of each year based on the previous January 1 valuation and payment is due by March 31.

The Florida Constitution prohibits the state from levying ad valorem taxes⁴ on real estate or tangible personal property, and it limits the Legislature’s authority to provide for property valuations at less than just value, unless expressly authorized.⁵

The just valuation standard generally requires the property appraiser to consider the highest and best use of property;⁶ however, the Florida Constitution authorizes certain types of property to be valued based on their current use (classified use assessments), which often result in lower assessments. Properties that may receive classified use treatment in Florida include: agricultural land, land producing high water recharge to Florida’s aquifers, and land used exclusively for noncommercial recreational purposes;⁷ land used for conservation purposes;⁸ historic properties when authorized by the county or municipality;⁹ and certain working waterfront property.¹⁰

Save our Homes Assessment Limitation and Portability

In 1992, Florida voters approved the Save our Homes amendment to the Florida Constitution.¹¹ The Save our Homes assessment limitation limits the amount that the assessed value of a homestead property may increase annually to the lesser of 3 percent or the percentage increase in the Consumer Price Index.¹² The accumulated difference between the assessed value and the just value is the Save Our Homes benefit.

In 2008, Florida voters further amended the Florida Constitution to provide for the portability of the accrued benefit under the Save our Homes assessment limitation.¹³ The amendment allows homestead property owners who relocate to a new homestead to transfer, or “port,” up to \$500,000 of the accrued Save our Homes benefit to the new homestead. To transfer the Save Our

¹ Both real property and tangible personal property are subject to tax. Section 192.001(12), F.S., defines “real property” as land, buildings, fixtures, and all other improvements to land. Section 192.001(11)(d), F.S., defines “tangible personal property” as all goods, chattels, and other articles of value capable of manual possession and whose chief value is intrinsic to the article itself.

² Property must be valued at “just value” for purposes of property taxation, unless the Florida Constitution provides otherwise. FLA. CONST. art VII, s. 4. Just value has been interpreted by the courts to mean the fair market value that a willing buyer would pay a willing seller for the property in an arm’s-length transaction. *See Walter v.
