COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1874 prohibits the Office of Financial Regulation from waiving or modifying a fee provided in chapter 559, Florida Statutes, except as otherwise authorized for the Financial Technology Sandbox.

This bill is linked with CS/SB 1870. CS/SB 1870 creates the Financial Technology Sandbox within the Office of Financial Regulation. The Financial Technology Sandbox is intended to allow financial technology innovators to test innovative financial products or services in a supervised flexible regulatory sandbox using waivers of specified general law and corresponding rule requirements under defined conditions.

This bill has no fiscal impact on state government or local governments.

This bill takes effect on the same date that CS/SB 1870 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

At this point, CS/SB 1870 takes effect July 1, 2020.

II. Present Situation:

The Florida Constitution provides that no state tax or fee may be imposed, authorized, or raised by the Legislature except through legislation approved by two-thirds of the membership of each

house of the Legislature.¹ For purposes of this requirement, a “fee” is any charge or payment required by law. This includes any fee or charge for services and fees or costs for licenses. To “raise” a fee or tax means to:²

- Increase or authorize an increase in the rate of a state tax or fee imposed on a percentage or per mill basis;
- Increase or authorize an increase in the amount of a state tax or fee imposed on a flat or fixed amount basis; or
- Decrease or eliminate a state tax or fee exemption or credit.

A bill that imposes, authorizes, or raises any state fee or tax may only contain the fee or tax provision(s) and may not contain any other subject.³

The constitutional provision does not authorize any state tax or fee to be imposed if it is otherwise prohibited by the constitution and does not apply to any tax or fee authorized or imposed by a county, municipality, school board, or special district.⁴

CS/SB 1870, which is linked to this bill, creates the Financial Technology Sandbox within the Office of Financial Regulation. The Financial Technology Sandbox is intended to allow financial technology innovators to test innovative financial products or services in a supervised flexible regulatory sandbox using waivers of specified general law and corresponding rule requirements under defined conditions.

III. Effect of Proposed Changes:

The bill prohibits the Office of Financial Regulation from waiving or modifying a fee provided in ch. 559, F.S., except as otherwise authorized for the Financial Technology Sandbox.

IV. Constitutional Issues:
