COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 412 creates 33 specialty license plates (SLP) and provides for the design and use of the annual fees associated with the SLPs. The bill also makes additional changes to the license plate laws:

- Revises four existing SLPs and repeals provisions related to four discontinued SLPs;
- Authorizes the Department of Highway Safety and Motor Vehicles (DHSMV) to issue SLPs for fleet vehicles and motor vehicle dealer vehicles upon approval by the SLP’s sponsoring organization;
- Establishes a cap of 200 SLPs and provides a revised process for the discontinuation of low performing SLPs;
- Requires the DHSMV to conduct an audit every three years of certain SLP recipient organizations;
- Clarifies which military-related SLPs may make out-of-state expenditures; and
- Expands the prohibition against using SLP revenues for lobbying.

The bill also creates two new SLPs for recipients of the Purple Heart and the Bronze Star.

SB 414 (2020), to which this bill is linked, provides for an annual use fee of \$25 for a newly created SLP and \$50 for three out-of-state collegiate SLPs.

The bill will have a negative indeterminate fiscal impact associated with programming costs to the DHSMV. These costs can be absorbed within existing resources.

The bill has an effective date of October 1, 2020, but only if SB 414 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

II. Present Situation:

Specialty License Plates

Presently, there are over 120 specialty license plates available for purchase in Florida.¹ Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.² The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified on the plate's design and designated in statute.³

In order to establish a specialty license plate and after the plate is approved by law, s. 320.08053, F.S., requires the following actions within certain timelines:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the specialty license plate; and
- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 1,000 voucher sales before manufacturing of the plate may begin.

If the minimum sales requirement has not been met by the end of the 24-month pre-sale period, then the DHSMV will discontinue the plate and issuance of pre-sale vouchers. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund with the DHSMV.⁴

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.⁵ Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.⁶

DHSMV Costs Defrayed

The DHSMV is authorized to retain a sufficient portion of annual use fees collected from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated

¹ A list of Florida's specialty license plates is available on the DHSMV website at <http://www.flhsmv.gov/dmv/specialtytags/> (last visited February 11, 2020).

with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.⁷

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty license plate registrations is below 1,000 plates. Collegiate plates for Florida universities are exempt from the minimum specialty license plate requirement.⁸ In addition, the DHSMV is authorized to discontinue any specialty license plate if the organization no longer exists, stops providing services that are authorized to be funded from the annual use fee proceeds, or pursuant to an organizational recipient's request.⁹

Fleet/Dealer License Plates

A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate is subject to an annual license tax of \$17.¹⁰ These license plates are imprinted with the word "Dealer" at the bottom of the plate.¹¹ Dealers may, upon payment of the dealer plate license tax, secure one or more dealer license plates. These plates are valid while the motor vehicles are in the dealer's inventory and for sale, or while being operated in connection with the dealer's business, except when used as for-hire vehicles.¹²

Fleet license plates¹³ are available for companies that own or lease a minimum number of nonapportioned motor vehicles used for business purposes. In order to participate in the fleet vehicle program the company must have a minimum of 200 vehicles or a minimum of 25 trailers or semitrailers used exclusively to haul agricultural products.¹⁴ Fleet license plates are available upon approval by the DHSMV and payment of license taxes prescribed under s. 320.08, F.S. Fleet vehicle license plates have the word "Fleet" imprinted at the bottom of the plate.¹⁵ All vehicles with a fleet license plate must have the company's name or logo and unit number displayed so that they are readily identifiable.¹⁶

Neither dealer license plates nor fleet license plates are eligible to be specialty license plates.

Existing Specialty License Plates

Special Olympics Florida License Plate

Section 320.08058(7), F.S., creates the Special Olympics Florida SLP with an annual use fee of \$15.¹⁷ The license plate contains the official Special Olympics Florida logo with “Florida” centered at the bottom of the plate, and “Everyone Wins” centered at the top of the plate. The first \$5 million collected annually must be forwarded to the Florida Developmental Disabilities Council to be used solely for the Special Olympics as approved by the Developmental Disabilities Council.¹⁸ Any additional fees must be deposited into the General Revenue Fund.

Live the Dream License Plate

Section 320.08058(48), F.S., creates the Live the Dream SLP with an annual use fee of \$25.¹⁹ The words “Live the Dream” must appear at the bottom of the plate. Proceeds from the Live the Dream SLP are distributed to the Dream Foundation, Inc., which retained the first \$60,000 in proceeds from the annual use fees as reimbursement for administrative costs, startup costs, and costs incurred in the SLP approval process. After those costs are reimbursed, up to 25 percent of the proceeds must be used for continuing promotion and marketing of the license plate and concept. The remaining funds must be distributed as follows:

- Twenty-five percent equally among the sickle cell organizations that are Florida members of the Sickle Cell Disease Association of America, Inc., for programs providing research, care, and treatment for sickle cell disease.
- Twenty-five percent to the Florida chapter of the March of Dimes for programs and services improving the health of babies through preventing birth defects and infant mortality.
- Ten percent to the Florida Association of Healthy Start Coalitions to decrease racial disparity in infant mortality and to increase healthy birth outcomes. Funding will be used by local Healthy Start Coalitions to provide services and increase screening rates for high-risk pregnant women, children under 4 years of age, and women of childbearing age.
- Ten percent to the Community Partnership for Homeless, Inc., for programs that provide relief from poverty, hunger, and homelessness.
- Five percent to the Dream Foundation, Inc., for administrative costs directly associated with operations relating to the management and distribution of the proceeds.

In March 2015, the DHSMV began withholding funds from the Dream Foundation, Inc., because the organization failed to produce financial documentation that the DHSMV requested. In August 2015, a DHSMV Inspector General Audit found that the funds from the sale of the Live the Dream SLP were being improperly distributed. Additionally, a royalty payment was due to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., for the use of Dr. Martin Luther King Jr.’s image on the license plate. In 2016, the Dream Foundation, Inc., was administratively dissolved and was subsequently reinstated in 2017 with new corporate officers.²⁰

In God We Trust License Plate

Section 320.08058(66), F.S., creates an In God We Trust SLP with an annual use fee of \$25.²¹ The words “In God We Trust” must appear at the bottom of the plate. The annual use fees are distributed to the In God We Trust Foundation, Inc., to fund educational scholarships for the children of Florida residents who are members of the United States Armed Forces, the National Guard, and the United States Armed Forces Reserve and for the children of public safety employees who have died in the line of duty who are not covered by existing state law. Funds must also be distributed to other nonprofit organizations that may apply for grants and scholarships and to provide educational grants to public and private schools to promote the historical and religious significance of American and Florida history. The In God We Trust Foundation, Inc., must distribute the license plate annual use fees in the following manner:

- The In God We Trust Foundation, Inc., retains all revenues from the sale of the license plates until all startup costs for developing and establishing the license plate have been recovered.
- Ten percent of the funds received by the In God We Trust Foundation, Inc., must be spent on administrative costs, promotion, and marketing of the license plate directly associated with the operations of the In God We Trust Foundation, Inc.
- All remaining funds must be expended by the In God We Trust Foundation, Inc., for programs.

Fallen Law Enforcement Officer License Plate

Section 320.08058(80), F.S., creates the Fallen Law Enforcement Officers SLP with an annual use fee of \$25.²² The words “A Hero Remembered Never Dies” must appear at the bottom of the plate. The annual use fees are distributed to the Police and Kids Foundation, Inc., which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remainder of the proceeds must be used by the Police and Kids Foundation, Inc., to invest and reinvest and the interest earnings must be used for the operation of the Police and Kids Foundation, Inc.

Military Service Special License Plates

Currently, s. 320.089, F.S., authorizes 21 special license plates available to military service members or veterans for certain types of military service. Examples of service include Veteran of the U.S. Armed Forces, World War II Veteran, and Woman Veteran. While anyone who pays the appropriate fees may purchase most SLPs, one must provide proof of eligibility to obtain a military special license plate.

Military special license plates are each stamped with words consistent with the type of special license plate issued. A likeness of the related campaign medal or badge appears on the plate followed by the license plate serial number.

²¹ Section 320.08056(4)(nnn), F.S.

²² Section 320.08056(4)(bbbb), F.S.

Applicants for special license plates are required to pay the annual license tax²³ with the exception of certain disabled veterans who qualify for the Pearl Harbor, Purple Heart, or Prisoner of War plate, to whom such plates are issued at no cost.²⁴ The first \$100,000 of the revenue generated annually from the issuance of special use plates is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act. Any additional revenue is deposited into the State Homes for Veterans Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.²⁵

The Bronze Star

The Bronze Star Medal is awarded to any person who, after December 6, 1941, while serving in any capacity with the U.S. Armed Forces, distinguishes himself or herself by heroic or meritorious achievement or service not involving participation in aerial flight.²⁶

Existing Motorcycle Specialty License Plates

Section 320.08068, F.S., creates a motorcycle SLP with an annual use fee of \$20. The annual use fee is distributed equally to the Brain and Spinal Cord Injury Program Trust Fund, Prevent Blindness Florida, the Blind Services Foundation of Florida, the Florida Association of Centers for Independent Living, and the Florida Association of Centers for Independent Living (20 percent to each organization).²⁷

Prevent Blindness Florida

Preserve Vision Florida, formerly Prevent Blindness Florida, is a nonprofit organization offering vision education and services to Florida's children and adults. Its focus is promoting a lifetime of healthy vision care through advocacy, education, screening, and research. Its mission is to promote healthy vision through vision awareness and education, vision screening, assistance to receive medical eye care, and advocacy for vision and medical eye care health service. In May 2016, the organization Prevent Blindness Florida changed its name to Preserve Vision Florida.²⁸

The Purple Heart

The Purple Heart is awarded to members of the U.S. Armed Forces who are wounded by an instrument of war in the hands of the enemy and posthumously to the next of kin in the name of those who are killed in action or die of wounds received in action.²⁹

University of Georgia

Founded in 1946 as the Georgia Alumni Association of Jacksonville, the Georgia Bulldog Club of Jacksonville is America's largest University of Georgia alumni and fan club.⁴⁶ In 1988, the club established the Vince Dooley Scholarship Fund to award scholarships to attend the University of Georgia for students from Duval, Nassau, St. Johns, Clay, or Baker counties, based on academic and economic need.⁴⁷

Highwaymen

The "Florida Highwaymen" were a group of African-American artists who painted the beautiful, untouched Florida landscape from the early 1950s through the 1980s.

The Florida Highwaymen painted wind-bent palm trees, serene sunsets, churning oceans and bright red Poinciana trees. They painted from their garages and back yards on inexpensive Upson board and then on the weekends would travel and sell their Highwaymen paintings to hotels, offices, businesses and individuals who appreciated the artwork for approximately \$25 apiece.

Currently, the market for an original work of art by a Florida Highwayman can bring \$5,000 or more. Some of the Highwaymen who are still living have resumed painting to meet the continuing demand for their work.⁴⁸

St. Lucie County Education Foundation

In 1990, the St. Lucie County Education Foundation⁴⁹ was organized as a direct support organization of the St. Lucie County School Board to raise private funds for programs to support students, teachers and public schools. The foundation is a nonprofit organization that advances K-12 public education in St. Lucie County by increasing the capacity and resources of the district in partnership with key stakeholders.⁵⁰

Florida Professional Sports Team License Plates

Section 320.08058(9), F.S., requires the DHSMV to develop a professional sports team license plate for Major League Baseball, National Basketball Association, National Football League, Arena Football League, National Hockey League, and Major League Soccer teams domiciled in Florida. The plates must bear DHSMV-approved colors and design and must include the official league or team logo, or both, as appropriate for each team. The word “Florida” must appear at the top of the plate.

The \$25 annual use fee⁵¹ is distributed as follows:

- Fifty-five percent to the Professional Sports Development Trust Fund within the Department of Economic Opportunity (DEO), to be used solely to attract and support major sports events in this state.
- The remaining proceeds must be allocated to Enterprise Florida, Inc., (for the Florida Sports Foundation) and must be deposited into the Professional Sports Development Trust Fund within the DEO. These funds must be used by Enterprise Florida, Inc., to:
 - Promote the economic development of the sports industry;
 - Distribute licensing and royalty fees to participating professional sports teams;
 - Promote education programs in Florida schools that provide an awareness of the benefits of physical activity and nutrition standards;
 - Partner with the Department of Education and the Department of Health to develop a program that recognizes schools whose students demonstrate excellent physical fitness or fitness improvement;
 - Institute a grant program for communities bidding on minor sporting events that create an economic impact for the state;
 - Distribute funds to Florida-based charities designated by Enterprise Florida, Inc., and the participating professional sports teams; and
 - Fulfill the sports promotion responsibilities of the DEO.

The proceeds from the Professional Sports Development Trust Fund may also be used for operational expenses of Enterprise Florida, Inc., (Florida Sports Foundation) and financial support of the Sunshine State Games.⁵²

Paddle Florida, Inc.

Paddle Florida, Inc., is a nonprofit corporation⁶⁰ organized to support canoeing and kayaking in Florida. The organization supports multi-day paddling/camping trips in each of Florida's five water management districts, showcasing the state's natural beauty and rich cultural heritage while promoting water conservation, wildlife preservation, springs restoration, and waterways protection. Paddle Florida seeks to promote Florida as an international destination for nature-based tourism.⁶¹

Knights of Columbus

The Connecticut State Legislature officially chartered the Knights of Columbus as a fraternal benefit society on March 29, 1882. The order's founding principles were charity, unity, and fraternity. It offers mutual aid and assistance to sick, disabled, and needy members and their families. Fellowship is promoted among members and their families through educational, charitable, religious, social welfare, war relief, and public relief works. The Knights of Columbus now has 15,900 councils and 1.9 million members throughout the United States and the world.⁶² In Florida, the Florida KofC Charities, Inc., was formed to assist and contribute to the Florida State Council of the Knights of Columbus and its Florida chapters.⁶³

Daughters of the American Revolution

The National Society Daughters of the American Revolution (DAR) was founded on October 11, 1890, by a group of women in Washington, D.C., as a result of being excluded from the men's organizations to celebrate the women's ancestors who fought during the Revolutionary War. The objectives of the DAR are to continue the memory and spirit of men and women who achieved America's independence; to educate the public; and to foster patriotism and love of county. Since its founding in 1890, DAR has admitted more than 950,000 members.⁶⁴

Florida Solar Energy Research and Education Foundation, Inc.

The Florida Solar Energy Research and Education Foundation was created in 1991.⁷⁴ The foundation was established to further the development and use of solar energy. Under a grant from the Florida Department of Community Affairs Energy Office, the foundation began to develop strategic alliances with sectors influencing the use of solar energy, such as a home builder, utility, financial, and institutional.

Florida Solar Energy Center

The mission of the Florida Solar Energy Center (center) is to research and develop energy technologies that enhance Florida’s and the nation’s economy and environment and educate the public, students, and practitioners on the results of the research. The Florida Solar Energy Center is administered by the University of Central Florida.⁷⁵ The center was created by the Florida Legislature in 1976 to serve as the state’s energy research institute.⁷⁶ The main responsibilities of the center are to:

- Develop and adopt standards for solar energy systems manufactured or sold in this state.
- Establish criteria for testing performance of solar energy systems.

The center may receive a testing fee for any testing performed.

All solar energy systems manufactured or sold in the state must meet the standards established by the center and must display accepted results of an approved performance test in a manner prescribed by the center.⁷⁷

- Public policies that protect native flora, especially rare species;
- Research on native plant species; and
- Encouragement of local landscaping practices and policies that preserve Florida’s native plant heritage.

Florida 4-H Club Foundation, Inc.

The Florida 4-H Club Foundation, Inc., was founded in 1963.⁸⁰ The 4-H began around the turn of the century when educators began to emphasize the needs of young people and to introduce nature study as a basis for a better agricultural education. Boys and girls clubs and leagues were established in schools and churches to meet these needs and farmers institutes worked with schools to spark the interest of young people by promoting production contests, soil tests, and plant identification.⁸¹

Most states organized clubs outside of schools with rural parents acting as volunteer leaders and county extension office agents providing materials. Farmers saw the practical benefits and public support and enthusiasm for 4-H grew throughout the nation. The overall objective of 4-H has remained the same since the beginning – to develop youth as individuals and as responsible and productive citizens. Current activities include organized clubs, centers, school enrichment programs, various activities, and individual memberships.⁸²

Give Kids the World, Inc.

The Give Kids the World, Inc., was founded in 1986.⁸³ Give Kids the World, Inc., is a central Florida-based nonprofit resort on 84 acres that fulfills wish vacations for critically ill children and their families to visit the area’s theme parks. ¹⁰² Section 215.97, F.S.

¹⁰³ Section 320.08062(1)(b), F.S.

Any organization subject to audit pursuant to the Florida Single Audit Act¹⁰⁴ must submit an audit report in accordance with the Auditor General's rules. The annual attestation must be submitted to the DHSMV for review within nine months after the end of the organization's fiscal year.¹⁰⁵

Within 120 days after receiving an organization's audit or attestation, the DHSMV must determine which recipients of revenues from SLP annual use fees have not complied with the appropriate statutory provisions. In determining compliance, the DHSMV may commission an independent actuarial consultant, or an independent certified public accountant, who has expertise in nonprofit and charitable organizations.¹⁰⁶

The DHSMV must discontinue the distribution of revenues to any organization that fails to submit the required documentation, but may resume distribution of the revenues upon receipt of the required information.¹⁰⁷

If the DHSMV determines that an organization has not complied with or has failed to use the revenues in accordance with applicable law, the DHSMV must discontinue the distribution of the revenues to the organization. The DHSMV must notify the organization of its findings and direct the organization to make the changes necessary in order to comply. If the officers of the organization sign an affidavit under penalties of perjury stating they acknowledge the findings of the DHSMV and attest they have taken corrective action and that the organization will submit to a follow-up review by the DHSMV, then the department may resume the distribution of revenues.¹⁰⁸

If an organization fails to comply with the DHSMV's recommendations and corrective actions as outlined above, the revenue distributions must be discontinued until completion of the next regular session of the Legislature. The DHSMV must notify the President of the Senate and the Speaker of the House of Representatives by the first day of the next regular session of any organization whose revenues have been withheld. If the Legislature does not provide direction to the organization and the DHSMV regarding the status of the undistributed revenues, the DHSMV must de-authorize the plate and the undistributed revenues are immediately deposited into the Highway Safety Operating Trust Fund.¹⁰⁹

The DHSMV has the authority to examine all records pertaining to the use of funds from the sale of SLPs.¹¹⁰

¹⁰⁴ Nonstate entities that receive state financial assistance and meets audit thresholds are subject to the act. Section 215.97(2)(a), F.S., defines an "audit threshold" to include each nonstate entity that expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year. Every 2 years the Auditor General, after consulting with the Executive Office of the Governor, the Department of Financial Services, and all state awarding agencies, shall review the threshold amount for requiring audits and may adjust such threshold amount consistent with the purposes of the statute.

III. Effect of Proposed Changes:

Establishing Specialty License Plates (section 4)

The bill amends s. 320.08053(2)(b), F.S., requiring a minimum sale of 3,000 vouchers prior to the DHSMV manufacturing a SLP, instead of the current 1,000 voucher sales requirement. However, for *out-of-state* college or university license plates, the minimum sale is 4,000 vouchers.

The bill creates s. 320.08053(3)(a), F.S., providing that new SLPs that have been approved by law but are awaiting issuance are issued in the order they appear in s. 320.08058, F.S.,¹¹¹ provided that the plates have met the presale requirement and all other provisions of s. 320.08053, F.S. If the next awaiting SLP has not met the presale requirement, the DHSMV must proceed in the order provided in s. 320.08058, F.S., to identify the next qualified SLP that has met the presale requirement. The DHSMV must cycle through the list in statutory order.

The bill creates s. 320.08053(3)(b), F.S., prohibiting the DHSMV from making any new SLPs available for design or issuance until a sufficient number of plates are discontinued if the Legislature has approved 200 or more SLPs.¹¹² The 200 license plate limit does not apply to *in-state* collegiate license plates established under s. 320.08058(3), F.S.

Discontinuing Specialty License Plates (sections 5 and 6)

The bill amends s. 320.08056(8)(a), F.S., effective July 1, 2022, requiring the DHSMV to discontinue the issuance of an approved SLP if the number of valid registrations falls below 3,000 plates for 12 consecutive months, instead of the current 1,000-plate threshold. However, *out-of-state* college or university license plates have a 4,000-plate threshold. In addition to the existing exemption from this requirement for *in-state* collegiate license plates, the bill provides exceptions for institutions and entities of the State University System, SLPs with statutory eligibility limitations for purchase, SLPs for which the annual use fees are distributed by a foundation for student and teacher leadership programs and teacher recruitment and retention, and Florida professional sports team license plates.¹¹³

The bill creates s. 320.08056(8)(c), F.S., providing that a vehicle owner or lessee issued a SLP that has been discontinued by the DHSMV may keep the discontinued SLP for the remainder of the 10-year license plate replacement period¹¹⁴ and must pay all other applicable registration fees. However, the owner or lessee is exempt from paying the applicable SLP fee for the remainder of the 10-year license plate replacement period.

The bill creates s. 320.08056(8)(d), F.S., providing that if the DHSMV discontinues issuance of a SLP, all annual use fees held or collected by the DHSMV must be distributed within 180 days after the date the SLP is discontinued. Of those fees, the DHSMV must retain an amount sufficient to defray the applicable administrative and inventory closeout costs associated with

¹¹¹ Section 320.08058, F.S., lists specific specialty license plates.

¹¹² Specialty license plates will be discontinued pursuant to s. 320.08056(8), F.S.

¹¹³ Florida Professional Sports Team license plates are established in s. 320.08058(9), F.S.

¹¹⁴ License plates are issued for a 10-year period pursuant to s. 320.06(1)(b)1., F.S.

discontinuing the plate. The remaining funds are distributed to the appropriate organization or organizations.¹¹⁵

The bill creates s. 320.08056(8)(e), F.S., providing that if an organization that is the intended recipient of SLP funds no longer exists, the DHSMV must deposit any undistributed funds into the Highway Safety Operating Trust Fund.

The bill creates s. 320.08056(8)(f), F.S., providing that on January 1 of each year, the DHSMV must discontinue the SLP with the fewest number of plates in circulation, including license plates exempt from a statutory sales requirement. The DHSMV must mail a warning letter to the sponsoring organization of the 10 percent of SLPs with the lowest number of valid, active registrations as of December 1 of each year.¹¹⁶

Specialty License Plates – Other Provisions (section 5)

The bill amends s. 320.08056(4), F.S., to repeal references to each SLP that has an annual use fee of \$25. SB 414, which is linked to this bill, standardizes the annual use fee for all SLPs of \$25, unless otherwise specified in the statute, into one subsection of s. 320.08056, F.S.

The bill amends s. 320.08056(10)(a), F.S., authorizing out-of-state expenditure of SLP fees for the Support Our Troops, American Legion, Florida Salutes Veterans, United States Marine Corps, Military Services, and U.S. Paratroopers license plates.

The bill amends s. 320.08056(11), F.S., prohibiting any entity from using SLP revenue for lobbying. The current prohibition is limited to agencies.

The bill creates s. 320.08056(12), F.S., requiring the recipient organization for any *out-of-state* college or university license plates to:

- Have established an endowment, based in this state, for the purpose of providing scholarships to Florida residents meeting the requirements of ch. 320, F.S.
- Provide documentation to the DHSMV that the recipient organization and the DHSMV have the college's or university's consent to use an appropriate image on a license plate.

Currently, s. 320.01(34), F.S., defines “resident” to mean a person who has his or her principal place of domicile in Florida for a six-month period or more, is registered to vote, and has made a statement of domicile or filed for a homestead property tax exemption. Thus, the endowment must provide scholarships to students who meet the definition of “resident.”¹¹⁷

It is unclear what recourse, if any, is available to the DHSMV if the recipient organization fails to comply with the requirements of s. 320.08056(12), F.S.

¹¹⁵ Distributions to recipient organizations are pursuant to s. 320.08058, F.S.

¹¹⁶ This applies to plates with registrations that fall below 1,000 before July 1, 2022. After July 1, 2022, the provisions of the bill increasing the registration thresholds apply. *See* previous discussion of amendment to s. 320.08056(8)(a), F.S.

¹¹⁷ While the bill language could be read differently, it is more likely that the phrase “meeting the requirements of ch. 320, F.S.,” applies to “Florida residents.” There does not appear to be any other requirements for “residents” in ch. 320, F.S., beyond the definition.

Fleet/Dealer Specialty License Plates (sections 1, 2, 3, and 5)

The bill creates ss. 320.08056(2)(b) and (c), F.S., allowing the DHSMV to authorize dealer and fleet SLPs. With the permission of the sponsoring SLP organization, a dealer or fleet company may purchase SLPs to be used on dealer and fleet vehicles. Because the bill does not specify a method, it would be up to the DHSMV to establish how permission of the sponsoring SLP organization must be obtained.

Notwithstanding s. 320.08058, F.S., which establishes certain letters or words to be displayed on each SLP, a dealer or fleet SLP must include the letters “DLR” or “FLT” on the right side of the license plate. Dealer and fleet SLPs must be ordered directly through the DHSMV. The bill amends ss. 320.06(3)(a) and 320.0657(2)(b), F.S., providing that a dealer SLP is not required to say “Dealer” and a fleet SLP is not required to say “Fleet” at the bottom of the license plate.

The bill amends ss. 320.0657(2)(b) and 320.08(12), F.S., authorizing the purchase of dealer and fleet SLPs. The bill provides that for the additional annual use fee for the specific SLP, dealers and fleet companies may purchase SLPs in lieu of the standard fleet license plates. Dealers and fleet companies are responsible for all costs associated with the SLPs, including all annual use fees, processing fees, fees associated with switching license plate types, and other applicable fees.

Discontinued Specialty License Plates (sections 5 and 7)

The bill repeals the American Red Cross SLP, Donate Organs Pass It On SLP, St. Johns River SLP, and Hispanic Achievers SLP from law as these SLPs have been discontinued.

Existing Specialty License Plates (section 7)

Special Olympics Florida License Plate

The bill redesigns the Special Olympics Florida SLP with “Florida” centered at the top of the plate and “Be a Fan” centered at the bottom of the plate. The bill requires the first \$5 million collected annually to be forwarded to Special Olympics Florida instead of the nonprofit corporation known as the “Developmental Disabilities Council.”¹¹⁸

Live the Dream License Plate

The bill amends the distribution of funds for the Live the Dream SLP. The Dream Foundation, Inc., must use the distributions as follows:

- Up to 5 percent may be used to administer, promote, and market the license plate.
- At least 60 percent must be distributed equally among the sickle cell organizations that are Florida members of the Sickle Cell Disease Association of America, Inc.
- At least 30 percent must be distributed to Chapman Partnership, Inc.¹¹⁹

¹¹⁸ Created in s. 393.002, F.S.

¹¹⁹ In 2011, Community Partnership for the Homeless changed its name to Chapman Partnership.

- Up to 5 percent may be distributed by the DHSMV on behalf of The Dream Foundation, Inc., to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., as a royalty for the use of the image of Dr. Martin Luther King, Jr.

The bill also provides (**section 12**) that by November 1, 2020, the annual use fees withheld by the DHSMV from the sale of the Live the Dream SLP will first be used to satisfy all outstanding royalty payments due to The Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., for the use of Dr. Martin Luther King, Jr.'s image. All remaining funds will be distributed to the sub-recipients on a pro rata basis according to the revised distributions described above.

In God We Trust License Plate

The bill amends the distribution of the annual use fees from the In God We Trust SLP. The annual use fees will be distributed to the In God We Trust Foundation, Inc., which may use up to 10 percent of the proceeds to offset marketing, administration, and promotion, and the balance of the fees to address the needs of the military community and the needs of the public safety community, to provide educational grants and scholarships to foster self-reliance and stability in Florida's children, and to provide education in public and private schools regarding the historical significance of religion in American and Florida history.

Fallen Law Enforcement Officer License Plate

The bill amends the uses of the annual use fees from the Fallen Law Enforcement Officer SLP. The bill provides that the Police and Kids Foundation, Inc., may use up to 10 percent of the proceeds for marketing the plate. The bill requires the remaining proceeds to be used by the foundation for its operations, activities, programs, and projects.

New Military Service Special License Plate (section 11)

Bronze Star Special License Plate

The bill amends s. 320.089, F.S., authorizing the DHSMV to create the Bronze Star special use license plate for recipients of the Bronze Star medal who provide proof of their qualification. The license plate will be stamped with the term "Bronze Star" and a likeness of the related campaign medal. Revenue generated from the sale of the Bronze Star special use license plate will be administered the same as the existing military special license plates and deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund to support the State Veterans Homes Program.

Motorcycle Specialty License Plates

Existing Motorcycle Specialty License Plate – Preserve Vision (section 9)

The bill amends s. 320.08068(4)(b), F.S., changing the statutory reference from "Prevent Blindness Florida" to "Preserve Vision Florida, Inc." to reflect the change in the organization's name.

New Motorcycle Specialty License Plate – Purple Heart Motorcycle Special License Plate (section 10)

The bill creates s. 320.0875, F.S., creating the Purple Heart motorcycle SLP. Upon application to the DHSMV and payment of the motorcycle license tax,¹²⁰ a resident who owns or leases a motorcycle that is not used for-hire or commercial use shall be issued a Purple Heart motorcycle license plate if he or she provides documentation acceptable to the DHSMV that he or she is a recipient of the Purple Heart medal.

The Purple Heart motorcycle SLP will be stamped with the term “Combat-wounded Veteran” followed by the serial number of the license plate. It may have the term “Purple Heart” stamped on the plate and a likeness of the Purple Heart medal.

New Specialty License Plates (section 7)

Ducks Unlimited License Plate

The bill creates the Ducks Unlimited license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Conserving Florida Wetlands” appears at the bottom of the plate.

The annual use fees are distributed to Ducks Unlimited, Inc., to be used as follows:

- Up to 5 percent may be used for administrative costs and marketing of the plate.
- At least 95 percent must be used in Florida to support Ducks Unlimited’s mission and efforts to conserve, restore, and manage Florida wetlands and associated habitats for the benefit of waterfowl, other wildlife, and people.

Dan Marino Campus License Plate

The bill creates the Dan Marino Campus license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Marino Campus” appears at the bottom of the plate.

The bill amends s. 320.08062(1)(b), F.S., requiring the DHSMV to audit any SLP revenue recipient every three years if the organization is not subject to the Florida Single Audit Act. The purpose of this audit is to ensure that SLP proceeds have been used in compliance with ss. 320.08056 and 320.08058, F.S.

Effective Date

The bill takes effect October 1, 2020, but only if SB 414 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

SB 414 establishes a \$25 annual use fee that will be charged for any specialty license plate that the DHSMV is required to develop and a \$50 annual use fee for University of Alabama, University of Georgia, and Auburn University specialty license plates.¹²⁴

Individuals who choose to purchase a specialty license plate created in the bill will pay an additional use fee of \$25 in addition to required vehicle license taxes and fees.

Individuals who choose to purchase a University of Alabama or University of Georgia specialty license plate created in the bill will pay an additional use fee of \$50 in addition to required vehicle license taxes and fees.

B. Private Sector Impact:

Organizations receiving SLP revenue may receive additional revenues associated with the sale of SLPs.

Current law prohibits the redesign of a SLP unless the inventory of the license plate has been depleted. However, the organization may purchase the remaining inventory of the SLP from the DHSMV at the DHSMV's cost.¹²⁵ Special Olympics Florida may be

¹²⁴ Currently, this bill does not create a specialty license plate for Auburn University.

¹²⁵ Section 320.08056(9), F.S.

required to purchase the remaining inventory of its SLPs at the DHSMV's cost prior to the authorized redesign of these SLPs.

C. Government Sector Impact:

Revenues from the sale of the Orlando City Soccer Club SLP will be deposited into the Professional Sports Development Trust Fund within the DEO. To the extent that individuals choose to purchase this SLP, there may be a positive, but indeterminate impact to the Professional Sports Development Trust Fund.

Revenues from the sale of the Purple Heart motorcycle plate and the Bronze Star plate will be deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund within the Department of Veterans Affairs; to the extent that eligible individuals choose to purchase these license plates, there may be an indeterminate, positive fiscal impact on these trust funds.

Depending on the number of distributions tied to the plates, the amount of programming may vary as will the resources needed to complete the changes. The DHSMV is authorized to retain revenues from the first proceeds of SLP sales to defray departmental expenditures related to the SLP program.¹²⁶

Additionally, the DHSMV states the cost to perform an audit every 3 years of each SLP may result in an insignificant workload impact that can be absorbed within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Section 320.08056, F.S., (currently and as amended by the bill) requires the fees and any interest earned from the fees to be expended only for use in this state. There is no exception created in the bill to pay for tuition or other expenses for attendance at an out-of-state university. The bill creates a plate for the University of Georgia and the University of Alabama and requires the proceeds of the plates to be used to fund scholarships for students attending either school to pay for tuition or other expenses related to attending the out-of-state school. The recipient organizations of the SLP proceeds must expend the funds as awards of scholarships to Florida students. The students will then expend the scholarship funds out-of-state at the university. The ultimate use of the funds will be out-of-state, but the initial expenditure of funds by the recipient organizations will likely be in state. It is uncertain how a court would interpret this provision.

¹²⁶ Section 320.08056(7), F.S.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 320.06, 320.0657, 320.08, 320.08053, 320.08056, 320.08058, 320.08062, 320.08068, 320.0875, and 320.089.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Infrastructure and Security on February 3, 2020:

- Corrects a reference from “fleet” to “dealer”;
