

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Appropriations Subcommittee on Education

BILL: SB 72

INTRODUCER: Senator Stargel

SUBJECT: Postsecondary Education

DATE: January 27, 2020

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Bouck, Dew</u>	<u>Sikes</u>	<u>ED</u>	Favorable
2.	<u>Underhill</u>	<u>Elwell</u>	<u>AED</u>	Pre-meeting
3.	_____	_____	<u>AP</u>	_____

I. Summary:

SB 72 modifies provisions relating to the prioritization of capital outlay projects at Florida College System (FCS) institutions, the carry forward of operational funds at state universities and FCS institutions, state student financial aid, and textbook affordability at public postsecondary institutions. Specifically, the bill:

- Modifies a criterion for new construction, remodeling, or renovation projects at FCS institutions that have not been previously state funded to be added to the Public Education Capital Outlay (PECO) priority list.
- Modifies reporting deadlines and spending plan provisions relating to the carry forward of operational funds at state universities and FCS institutions.
- Replaces the State University System Programs of Excellence with the State Universities of Distinction program, and establishes requirements.
- Aligns student eligibility, maximum awards, fund distribution, remittance deadlines, and reporting requirements between the four Florida Student Assistance Grant programs.
- Clarifies initial and renewal award requirements for the Benacquisto Scholarship Program.
- Provides that pricing and payment options relating to textbook affordability may include either an opt-in or opt-out provision for students.

The bill has no impact on state revenues or expenditures.

The bill takes effect on July 1, 2020.

II. Present Situation:

The present situation for each relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Public Education Capital Outlay

Present Situation

Florida's Public Education Capital Outlay (PECO) program provides funding for capital outlay projects for Florida's public education system, including universities, colleges, public schools and other state owned educational facilities that have no other source for funding for capital outlay. As specified by the Florida Constitution,¹ the PECO program is funded by gross receipts taxes on utilities, including electricity and natural gas, and communication services (cable, wireless, telephone landline, miscellaneous services, and direct to home satellite tax bases).

The Commissioner of Education (commissioner) must annually submit to the Governor and to the Legislature an integrated, comprehensive budget request for educational facilities construction and fixed capital outlay needs for school districts, Florida College System (FCS) institutions, and state universities, subject to provisions in law.² The commissioner must use estimates for PECO funds by the Revenue Estimating Conference³ in determining the budget request. In addition, the commissioner, in consultation with the appropriations committees of the Legislature, must provide annually an estimate of funds for FCS institutions and state universities in developing three-year priority lists required in law.⁴

FCS institutions and state university boards of trustees (BOT) request funds for projects based on the 3-year priority list, to be updated annually, which is submitted to the Legislature in the legislative budget request (LBR) at least 90 days prior to the legislative session.⁵ The State Board of Education (SBE) submits a 3-year priority list for FCS institutions, and the Board of Governors of the State University System (BOG) submits a 3-year priority list for state universities. The lists reflect decisions by the SBE and BOG concerning program priorities that implement the statewide plan for program growth and quality improvement in education.⁶

In 2019,⁷ the process by which FCS projects are evaluated for inclusion on the priority list was modified. Projects considered for prioritization are required to be chosen from a preliminary selection group consisting of previously state-funded projects that have not been completed, and the top two priorities of each FCS institution. The SBE is required to develop a points-based prioritization method to rank projects for consideration that awards points for the degree to which a project meets specific criteria compared to other projects.⁸ The criteria specified in law⁹

may be weighted, but no weight may exceed the criterion regarding space needs due to increased instructional capacity.¹⁰

A new construction, remodeling, or renovation project that has not received an appropriation in a previous year may not be considered for inclusion on the required prioritized list, unless:

- A plan is provided to reserve funds in an escrow account, specific to the project, into which must be deposited each year an amount of funds equal to 0.5 percent of the total value of the building for future maintenance;
- There are sufficient excess funds from the allocation provided pursuant to the LBR within the 3-year planning period which are not needed to complete the projects for which state funds were previously appropriated which have not been completed;¹¹ and
- The project has been recommended based on results relating to an educational plant survey.¹²

Effect of Proposed Changes

The bill modifies s. 1001.03, F.S., to replace the existing sufficient excess PECO funds criterion for a specified new construction, remodeling, or renovation project to be added to the priority list. The bill changes the criterion to specify that an FCS project may only be included on the priority list if there is sufficient capacity within the cash and bonding estimate of funds by the Revenue Estimating Conference to accommodate the project within the three-year PECO funding cycle. This modification aligns the requirements for new FCS projects to be considered on the priority list with those for the State University System (SUS) projects.¹³

End-of-Year Balance of Funds – State Universities and Florida College System Institutions

Present Situation

At the end of each fiscal year, state operational funds for state agencies and departments revert to the fund from which they were appropriated for reappropriation by the Legislature.¹⁴ However, state universities¹⁵ and FCS institutions¹⁶ are authorized to carry forward unexpended amounts in operating funds for subsequent fiscal years.

Each state university, and FCS institution with a final FTE of 15,000 or greater for the prior year, must maintain a minimum carry forward balance of at least 7 percent of its state operating budget. If such university or FCS institution fails to maintain a 7 percent balance in state operating funds, the university and FCS institution must submit a plan to the BOG and SBE, respectively, to attain the 7 percent balance of state operating funds within the next fiscal year.¹⁷

¹⁰ Section 1001.03(18)(b), F.S.

¹¹ The SBE must continually maintain a list of all public education capital outlay projects for which state funds were previously appropriated which have not been completed. The list must include an estimate of the amount of state funding needed for the completion of each project. Section 1001.03(18)(d), F.S.

¹² Section 1013.31, F.S. Educational plant surveys must be completed every five years, and reflect the capacity of existing facilities in school districts, FCS institutions, and state universities, as well as projections of facility space needs. *Id.*

¹³ Section 1001.706(12)(c), F.S.

¹⁴ Section 216.301(1)(a), F.S.

¹⁵ Section 1011.45, F.S.

¹⁶ Section 1013.841(1), F.S.

¹⁷ Sections 1011.45(1) and 1013.841(3)(a), F.S.

An FCS institution with a final FTE less than 15,000 for the prior must maintain a carry forward balance of at least 5 percent, or submit a similar plan to the SBE.¹⁸

A state university or FCS institution that retains a state operating fund carry forward balance in excess of the required minimum must submit a spending plan for its excess carry forward balance. The spending plan must be submitted to the state university or FCS institution BOT for approval by September 1, 2020, and each September 1 thereafter.¹⁹ The BOG must review, approve, and amend, if necessary, each university's carry forward spending plan by October 1, 2020, and each October 1 thereafter.²⁰ The SBE must review and publish each FCS institution's carry forward spending plan by October 1, 2020, and each October 1 thereafter.²¹

The carry forward spending plan for each state university, and FCS institution with a final FTE of 15,000 or greater for the prior year, must include the estimated cost per planned expenditure and a timeline for completion of the expenditure. The law specifies authorized expenditures, which include nonrecurring operating expenditures that support the university's or FCS institution's mission.²²

Effect of Proposed Changes

The bill modifies provisions in ss. 1011.45 and 1013.841, F.S., relating to the carry forward of operational funds by state universities and FCS institutions to align fund approval activities and provide greater flexibility in spending plan expenditures. Specifically, the bill:

- Modifies the submission and approval dates by an institution BOT, BOG, and SBE, to require that:
 - The spending plan be submitted to the state university or FCS institution BOT for approval by September 30, 2020, and each September 30 thereafter.²³
 - The BOG review, approve, and amend, if necessary, university spending plans, and the SBE review and publish FCS institution spending plans by November 15, 2020, and each November 15 thereafter.
- Removes the requirement that operating expenditures that support the mission of the state university or FCS institution mission be nonrecurring.
- Authorizes the spending plans of state universities and FCS institutions to include a commitment of funds to a contingency reserve to assist in addressing unforeseen circumstances that may arise, including natural disasters and other emergencies.²⁴

¹⁸ Section 1013.841(2)(a), F.S.

¹⁹ Sections 1011.45(2) and 1013.841(2)(b), F.S.

²⁰ Section 1011.45(2), F.S.

²¹ Section 1013.841(2)(b), F.S.

²² Sections 1011.45(3) and 1013.841(4), F.S.

²³ The deadline is consistent with current laws that require the chief financial officer of a state university or FCS institution to certify, annually by September 30, the unexpended amount of state funds remaining in the general fund of an institution as of June 30 of the previous fiscal year. Sections 1011.45(4) and 1011.84(3)(e), F.S.

²⁴ Current law authorizes state universities to spend the minimum carry forward balance of 7 percent for a demonstrated emergency, subject to state university BOT and BOG approval. Section 1011.45(5), F.S.

State University System Programs of Excellence

Present Situation

In 2018,²⁵ the BOG was required to establish standards and measures whereby individual degree programs that objectively reflect national excellence in state universities could be identified, and make recommendations to the Legislature by September 1, 2018, regarding the enhancement and promotion of such programs.²⁶

The goal of this initiative was to achieve and improve upon world-class, nationally recognized university programs of excellence within the SUS. The BOG approved a framework to identify programs of excellence that:²⁷

- Provide opportunities for all 12 SUS institutions to participate.
- Allow for universities to elevate both research and academic programs that are nationally recognized.
- Allow for programs across disciplines and degree levels to be recognized.
- Encourage institution collaboration.
- Address key areas important to Florida.
- Provide for flexibility in implementation.

The BOG requested \$30 million for this initiative in its 2019-2020 legislative budget request.²⁸ This request was not funded by the 2019 Legislature.

Effect of Proposed Changes

The bill modifies s. 1001.7065, F.S., to replace the SUS Programs of Excellence with a State Universities of Distinction program, which requires the BOG to establish standards and measures to identify state universities that focus on one core competency unique to the SUS that:

- Achieves excellence at the national or state level;
- Meets state workforce needs; and
- Fosters an innovation economy that focuses on areas such as health care, security, transportation, and science, technology, engineering, and mathematics (STEM), including supply chain management.

The bill requires the BOG to annually submit such programs by January 1 for funding.

This bill provision aligns with a recent BOG initiative targeting Universities of Distinction as a path towards excellence that will produce high-quality talent to diversify Florida's economy, stimulate innovation, and provide a return on investment to the state.²⁹

Financial Aid and Tuition Assistance Programs

Present Situation

Various student financial aid and tuition assistance programs have been created to assist students in accessing and continuing higher education in Florida. Student financial assistance available in Florida³⁰ includes a variety of grant and scholarship programs outlined in law³¹ or SBE rule³² and loans through Federal Student Aid.

Florida Student Assistance Grant Program

The Florida Student Assistance Grant (FSAG) Program, created in 1972, is Florida's largest need-based grant program, consisting of FSAG Public, FSAG Public Postsecondary Career Education (FSAGCE), FSAG Private, and FSAG Postsecondary.³³ The FSAG Program provides state student assistance grants to students who meet general eligibility requirements³⁴ and stipulations specific to each program.

For each of the programs, except FSAGCE, the Department of Education is required to establish a maximum expected family (EFC) contribution that is used in determining eligibility to receive a grant award.³⁵ For the 2019-2020 academic year, the maximum EFC for FSAG Public and FSAG Postsecondary matches the maximum EFC established for Pell: 5576.^{36 37}

The FSAG Program is administered by participating institutions in accordance with SBE rule.³⁸ A total of \$269,396,012 was appropriated for the FSAG Program for the 2019-2020 fiscal year.³⁹ The current maximum award amount of \$2,610 has not changed since 2013.⁴⁰

Similarities and differences in specified provisions across the FSAG programs are depicted in the table below.

In addition, the FSAG Public, FSAG Private, and FSAG Postsecondary programs provide for deposit of funds appropriated by the Legislature for grants through the FSAG program into the State Student Financial Assistance Trust Fund.⁵¹ The FSAGCE program does not have this provision.

For the 2018-2019 fiscal year, amounts disbursed through the FSAG Program include:

- A total of \$234,334,619 for FSAG Public, disbursed to 156,301 students with an average award amount of \$1,499.55.⁵²
- A total of \$3,144,476 for FSAGCE, disbursed to 4,305 students with an average award amount of \$730.42.⁵³
- A total of \$24,500,519 for FSAG Private, disbursed to 16,338 students with an average award amount of \$1,499.60.⁵⁴
- A total of \$6,799,009 for FSAG Postsecondary, disbursed to 6,281 students with an average award amount of \$1,082.47.⁵⁵

Benacquisto Scholarship Program

The Benacquisto Scholarship Program (scholarship)⁵⁶ was created in 2014 to reward a Florida high school graduate who achieves recognition as a National Merit Scholar (NMS)⁵⁷ or National Achievement Scholar (NAS)⁵⁸ and enrolls in a baccalaureate degree program at an eligible Florida public or independent postsecondary educational institution.⁵⁹

In addition to achieving recognition as an NMS or NAS, in order to be eligible for an award under the scholarship, a student must:⁶⁰

⁶⁰ Section 1009.893(4)(a), F.S.

- Be a state resident as determined by statute and SBE rules;
- Earn a standard Florida high school diploma or its equivalent pursuant to statute, unless:
 - The student completes a home education program pursuant to statute;⁶¹ or
 - The student earns a high school diploma from a non-Florida school while living with a parent who is on military or public service assignment out of this state;
- Be accepted by and enroll in a Florida public or independent postsecondary educational institution that is regionally accredited; and
- Be enrolled full-time in a baccalaureate degree program at an eligible regionally accredited Florida public or independent postsecondary educational institution during the fall academic term following high school graduation.

In 2018, eligibility was expanded to allow out-of-state students to qualify for a scholarship.⁶²

Scholarship recipients attending a public postsecondary institution, who qualify as a Florida resident, receive an award equal to the institutional cost of attendance minus the sum of the student's Florida Bright Futures Scholarship and NMS or NAS award. Scholarship recipients attending a public postsecondary institution, who qualify as non-residents of Florida, receive an award equal to the institutional cost of attendance for a Florida resident minus the student's NMS award. Eligible students who attend independent postsecondary educational institutions in Florida each receive scholarship awards equal to the highest cost of attendance for a resident of this state enrolled at a Florida public university, as reported by the BOG, minus the sum of the student's Florida Bright Futures Scholarship and NMS or NAS award.⁶³

A student must earn all credits for which he or she was enrolled and maintain a 3.0 or higher grade point average to be eligible for a renewal award. A student may receive an award for up to 100 percent of the number of credit hours required to complete a baccalaureate degree program.⁶⁴

For the 2019-2020 fiscal year, \$21,372,911⁶⁵ was appropriated to fund 1,416 scholarship recipients.⁶⁶

Effect of Proposed Changes

Florida Student Assistance Grant Program

The bill provides flexibility and aligns specific requirements across the FSAG programs.

⁶⁶ Education Estimating Conference on Student Financial Aid, *Executive Summary* (March 2019), available at <http://edr.state.fl.us/Content/conferences/financialaid/archives/190315financialaid.pdf>.

Specifically, the bill:

- Establishes that the maximum award amount for each FSAG program as specified in the General Appropriations Act (GAA).
- Allows a student who received a FSAG award in the fall or spring term to receive the FSAG award during the summer, if funds are available.⁶⁷
- Specifies that, for all FSAG programs, institutions must report to the DOE all eligible students, regardless of actual disbursements.⁶⁸
- Modifies the fund distribution formula to include part-time and full-time eligible students, and requires that the formula account for changes in the number of eligible students across all FSAG programs.
- Establishes a disbursement deadline of 30 days after the end of regular registration each term and deadline of 60 days after the end of regular registration each spring term for return of undisbursed funds, which aligns to other financial aid programs, in accordance with DOE rule. However, the bill authorizes an exception to the remittance deadline if the institution documents to the DOE how the institution plans to disburse awards to students for the subsequent summer term. Such reporting and remittance deadlines may ensure that returned funds can be disbursed to qualified students prior to the end of the fiscal year.
- Removes the required DOE need analysis for the FSAG Public, FSAG Private, and FSAG Postsecondary programs to specify that a grant may not be made to a student whose expected family contribution exceeds one and one-half times the maximum Pell Grant-eligible family contribution.⁶⁹
- Requires institutions receiving funds through the FSAG Public and FSAGCE programs to prepare the same biennial report currently required of the FSAG Private and FSAG Postsecondary programs. The requirement specifies that:
 - Each institution that receives moneys through the FSAG program must prepare a biennial report that includes a financial audit, conducted by the Auditor General, of the institution's administration of the program and a complete accounting of moneys allocated to the institution for the program to the DOE by March 1 every other year.
 - The DOE may conduct its own annual or biennial audit of an institution's administration of the program and its allocated funds in lieu of the required biennial report and financial audit report.
 - The DOE may suspend or revoke an institution's eligibility to receive future moneys for the program or request a refund of any moneys overpaid to the institution for the program if the DOE finds that an institution has not complied and specifies that any refund requested must be remitted within 60 days after notification by the DOE.

⁶⁷ All students entering a SUS university with fewer than 60 semester hours credit are required to earn at least 9 semester hours prior to graduation by attendance at one or more summer sessions. BOG Regulation 6.016. Allowing students to use FSAG awards during the summer may assist students to fulfill this requirement, take more credits in a year, and graduate on-time in four years.

⁶⁸ Reporting all eligible students, rather than only those students who received a disbursement, is consistent with requirements in rule 6A-20.031(7), 6A-20.032(7), and 6A-20.033(7), F.A.C.

⁶⁹ Expected Family Contribution is calculated using a student's: family size; family's taxed and untaxed income, assets, and benefits; and number of family members who will attend college or career school during the year. Benacquisto Scholarship Program

The bill modifies s. 1009.893, F.S., to clarify requirements for initial eligibility and modify scholarship renewal provisions. Specifically, the bill:

- Removes an outdated reference to the National Achievement Scholar program.
- Requires scholarship renewal students to be enrolled full-time. However, the bill authorizes a student to be enrolled less than full-time and receive funding for one term to complete his or her degree, if the student has less than 12 credits remaining to graduate.⁷⁰
- Specifies that a student's renewal status is not affected by subsequent changes in the residency status of the student or the student's family.
- Authorizes that students who fail to meet renewal requirements due to a verifiable illness or other documented emergency may be granted an exception pursuant to law.⁷¹
- Specifies that a student may receive an award for up to five years following high school graduation and may not receive the award for more than 10 semesters, which may encourage students to complete degree programs in a timely manner and may lower some program costs.

Textbook and Instructional Materials Affordability

Present Situation

In 2008, the federal government⁷² and Florida Legislature⁷³ addressed measures to reduce costs and make textbooks more affordable for needy students. Since 2016,⁷⁴ each FCS institution and state university BOT has been authorized to adopt policies in consultation with textbook and instructional materials providers, including bookstores, which allow for the use of innovative pricing techniques and payment options for textbooks and instructional materials. Such policies are authorized to include bulk pricing arrangements that enable students to purchase course materials or texts that are delivered digitally; delivered through other technologies that are, or the licenses of which are, required for use within a course; or delivered in a print format.⁷⁵

FCS institution and state university BOT innovative pricing techniques and payment options policies may only be approved if there is documented evidence that the options reduce the cost of textbooks and instructional materials for students taking a course and if the policy includes an

⁷⁵ Section 1004.085(4), F.S. Such policies are often called "inclusive access." Where previously students might have been assigned textbooks individually, now many institutions are signing up whole classes of students to automatically receive digital course materials at a discounted rate, rather than purchasing individually. Every student has the same materials on the first day of class, with the charge included as part of their tuition. Many institutions automatically sign up students for such services, requiring students to opt-out if they do not wish to receive such digital materials or services. For federal financial assistance, an institution may include the cost of textbooks and supplies as part of tuition and fees if the institution has an arrangement with a publisher or other entity that makes books or supplies cheaper, provides a way for students to get timely access to materials, and includes a student opt out provision. opt-in provision for students.⁷⁶ An institution may not automatically enroll students in services that provide textbooks or other materials electronically, students must opt-in to such programs.

Effect of Proposed Changes

The bill modifies s. 1004.085, F.S., to require that each FCS institution and state university BOT that adopts innovative pricing techniques and payment options policies include either an opt in or opt out provision for students. Therefore, if an institution adopts such a policy, the institution may automatically assign all students in a course to receive digital materials or other pricing payment options unless the student opts out of the policy.

Performance Funding Incentive for Industry Certifications

Present Situation

Performance funding for industry certifications for school district workforce education programs and FCS institutions is contingent upon specific appropriation in the GAA. Performance funding of this type is determined based on criteria specified in law,⁷⁷ which include a provision of \$1,000 to each school district or FCS institution for each industry certification its students earn.

Prior to 2019, the industry certification performance funding incentive was limited to a maximum amount of \$15 million annually. In 2019, the maximum amount provision was removed in chapter 2019-103, Laws of Florida,⁷⁸ and also in the GAA Implementing Bill.⁷⁹ The GAA Implementing Bill also includes a provision that the removal of the \$15 million cap on awards expires on July 1, 2020.⁸⁰

Effect of Proposed Changes

The bill repeals section 11, ch. 2019-116, L.O.F., that removes the \$15 million cap on workforce performance funding for completion of industry certifications, which expires on July 1, 2020. This provision is no longer necessary because the award cap was permanently removed from law in 2019.
