---

The Committee on Judiciary (Bradley) recommended the following:

**Senate Amendment (with title amendment)**

Delete lines 15 - 29

and insert:

engineering or architectural services.-

(1) For the purposes of this section, the term "structures specialist" means a person who has been trained by, and holds a current certification from, the United States Army Corps of Engineers as a structures specialist.

(2) An engineer as defined in s. 471.005, an architect as defined in s. 481.203, or a structures specialist, and any

281576

12 qualified business organization of such person, who voluntarily  
13 provides engineering or architectural services related to a  
14 declared federal, state, or local emergency may not be held  
15 liable for any personal injury, wrongful death, property damage,  
16 or other economic loss related to his or her acts or omissions  
17 in the performance of his or her services, unless the act or  
18 omission constituted gross negligence or willful
