

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/CS/HB 1103 Special District Accountability

SPONSOR(S): Public Integrity & Elections Committee, Local Administration & Veterans Affairs Subcommittee, Maggard

TIED BILLS: **IDEN./SIM. BILLS:** SB 1624

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Local Administration & Veterans Affairs Subcommittee	17 Y, 0 N, As CS	Darden	Miller
2) Public Integrity & Elections Committee	13 Y, 1 N, As CS	Rubottom	Rubottom
3) State Affairs Committee			

SUMMARY ANALYSIS

Special districts are used to provide a variety of local services and are funded through the imposition of ad valorem taxes, fees, or charges on the users of those services as authorized by law. There are two types of special districts: independent special districts and dependent special districts. Special districts are governed generally by the Uniform Special District Accountability Act (Act), which centralizes provisions governing special districts and applies to the formation, governance, administration, supervision, merger, and dissolution of special districts, unless otherwise expressly provided in law.

The bill requires all independent special fire control districts and each hospital governed by the governing body of a special district or the board of trustees of a public health trust to undergo a performance review every five years beginning October 1, 2022, and October 1, 2023, respectively. The Office of Program Policy Analysis and Government Accountability (OPPAGA) is required to conduct performance reviews of those fire control districts located in rural areas of opportunity. The bill also requires OPPAGA to conduct performance reviews of all independent mosquito control districts and soil and water conservation districts by September 30, 2023, and September 30, 2024, respectively.

The bill requires the annual financial report and annual financial audit report of all special districts to specify separately:

- The total number of employees and independent contractors compensated by the district,
- The amount of compensation earned or awarded to employees and independent contractors,
- Each construction project with a total cost of at least \$65,000 approved by the district to begin on or after October 1 of the fiscal year with the total expenditures for the project, and
- A budget variance report showing how district spending compared to the original budget for the year.

The bill also requires the annual financial report and annual financial audit report of each independent special district that levies ad valorem taxes or non-ad valorem special assessments to include the rate of such levies, the total amount collected by the levies, and the total amount of all outstanding bonds issued by the district and the terms of such bonds.

Finally, the bill clarifies that the annual financial auditing report of a community redevelopment agency must be filed separately from the annual financial auditing report of the county or municipality that created the district.

The bill may have a fiscal impact on special districts associated with the requirement to report additional information in the annual financial report and the annual financial audit report and will have a fiscal impact on OPPAGA, independent special fire control districts, and hospitals districts associated with the requirement to conduct a performance review.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

Independent Special Districts

A “special district” is a unit of local government created for a particular purpose, with jurisdiction to operate within a limited geographic boundary.¹ Special districts are created by general law, special act, local ordinance, or by rule of the Governor and Cabinet.² A special district has only those powers expressly provided by, or reasonably implied from, the authority provided in the district’s charter. Special districts provide specific municipal services in addition to, or in place of, those provided by a municipality or county.³ Special districts are funded through the imposition of ad valorem taxes, fees, or charges on the users of those services as authorized by law.⁴

A “dependent special district” is a special district where the membership of the governing body is identical to the governing body of a single county or municipality, all members of the governing body are appointed by the governing body of a single county or municipality, members of the district’s governing body are removable at will by the governing body of a single county or municipality, or the district’s budget is subject to the approval of governing body of a single county or municipality.⁵ An “independent special district” is any district that is not a dependent special district.⁶

According to the Department of Economic Opportunity’s Special District Accountability Program Official List of Special Districts, as of March 3, 2021, the state had 1,785 special districts. There were 1,159 independent special districts and 626 dependent districts.

Special districts are governed generally by the Uniform Special District Accountability Act (Act).⁷ The Act centralizes provisions governing special districts and applies to the formation,⁸ governance,⁹ administration,¹⁰ supervision,¹¹ merger,¹² and dissolution¹³ of special districts, unless otherwise expressly provided in law.¹⁴ The Act requires notice and publication of tentative budgets and final budgets.¹⁵ It allows certain amendments up to 60 days following the end of the fiscal year.¹⁶

Special districts do not possess “home rule” powers and may impose only those taxes, assessments, or fees authorized by special or general law. The special act creating an independent special district

¹⁶ S. 189.016(6), F.S.

may provide for funding from a variety of sources while prohibiting others. For example, ad valorem tax authority is not mandatory for a special district.¹⁷

Independent Special Fire Control Districts

Independent special fire control districts are created by the Legislature to provide fire suppression and related activities within the territorial jurisdiction of the district.¹⁸ As of March 1, 2021, there were 64 active independent special fire control districts.¹⁹

The Independent Special Fire Control District Act²⁰ provides standards, direction, and procedures for greater uniformity in the operation and governance of these districts, including financing authority, fiscally-responsible service delivery, and election of members to the governing boards.²¹ The Act controls over more specific provisions in any special act or general law of local application creating a fire control district's charter,²² requires every fire control district be governed by a five-member board,²³ and provides:

- General powers;²⁴
- Special powers;²⁵
- Authority and procedures for the assessment and collection of ad valorem taxes;²⁶
- Authority and procedures for the imposition, levy, and collection of non-ad valorem assessments, charges, and fees;²⁷ and
- Issuance of district bonds and evidence of debt.²⁸

Fire control districts may levy ad valorem taxes on real property within the district of no more than 3.75 mills unless a greater amount was previously authorized.²⁹ A district also may levy non-ad valorem assessments.³⁰ The district board may adopt a schedule of reasonable fees for services performed.³¹ Additionally, the district board may impose an impact fee if so authorized by law and the local general purpose government has not adopted an impact fee for fire services that is distributed to the district for construction.³²

Hospital Districts

Hospital districts are a type of independent special district specializing in the provision of health care services. As of March 1, 2021, there are 27 active hospital districts: 24 that directly operate health care facilities and three that provide oversight for facilities leased by local governments to private sector entities.³³ The charters of hospital districts generally possess a set of core features: a board appointed by the Governor; the authority to build and operate hospitals; the power of eminent domain; the ability

¹⁷ See, e.g., ch. 2006-354, Laws of Fla. (Argyle Fire District may impose special assessments, but has no ad valorem tax authority).

to issue bonds payable from ad valorem taxes; the use of ad valorem tax revenue for operating and maintaining hospitals; and providing that such facilities are established for the benefit of the indigent sick.³⁴

Mosquito Control Districts

Mosquito control districts (MCDs) are created to protect health and safety, improve quality of life, promote economic development, and to allow for the enjoyment of natural attractions of the state by reducing the number of insects that transmit disease within their boundaries.³⁵ As of March 1, 2021, there are 18 mosquito control districts: 15 independent and three dependent districts.³⁶

A MCD may contain part or all of a county or municipality.³⁷ The creation of new independent MCDs has been prohibited since July 1, 1980.³⁸ In counties without a district, the board of county commissioners may exercise all the rights, powers, and duties authorized by statute for a MCD or may direct the county health department to do so.³⁹

Mosquito control districts are authorized to levy ad valorem taxes not exceeding 10 mills on real and personal property.⁴⁰ Each MCD or county participating in arthropod control under the statutes must submit to the Department of Agriculture and Consumer Services (DACS) a report for the preceding month of expenditures from all funds for arthropod control, within 30 days after the end of each month.⁴¹

Soil and Water Conservation Districts

The stated purpose of soil and water conservation districts (S&WC) is to provide assistance, guidance, and education to landowners, land occupiers, the agricultural industry, and the general public in implementing land and water resource protection practices.⁴² All S&WC are created by DACS upon petition by landowners in the proposed district.⁴³ DACS must provide for an annual audit of the accounts of receipts and disbursements for each district.⁴⁴ As of March 1, 2021, there are 56 active districts.⁴⁵

Beginning in 1937,⁴⁶ S&WC initially were established to encourage cooperation between governments and local landowners concerning local conservation needs.⁴⁷ The authority of S&WC now overlap significantly with other agencies created to manage and protect the state's land and water resources, such as the Department of Environmental Protection,⁴⁸ the Department of Economic Opportunity,⁴⁹ and

⁴⁸ See, e.g., ch. 408, F.S.

⁴⁹ See, e.g., ch. 380, F.S.

water management districts.⁵⁰ Due to this jurisdictional overlap, S&WC today primarily focus on working with partners to provide funding and technical support to aid local landowners in conservation efforts.⁵¹

Local Government Financial Reports and Audits

Florida law requires all units of local government, including special districts, to complete annual financial reports and annual financial audit reports. Each district must submit its annual financial report to the Department of Financial Services (DFS) within nine months of the completion of its fiscal year.⁵² If a district fails to file a completed annual financial report within the required period, DFS must notify the Legislative Auditing Committee and the Special District Accountability Program of the Department of Economic Opportunity.⁵³

Special districts with revenues or total expenditures and expenses exceeding \$100,000 must have an annual financial audit prepared by an independent certified public accountant, unless the district has been notified before the start of the fiscal year that the Auditor General will conduct a financial audit for that year.⁵⁴ Special districts with revenues (or a total of expenditures and expenses) between \$50,000 and \$100,000 are required to conduct a financial audit every three years.⁵⁵ The financial audit must be performed according to specific statutory criteria and the rules of the Auditor General.⁵⁶ The audit report for a dependent special district may be included in the annual financial audit report of the county or municipality on which it is dependent. The audit report must be filed with the Auditor General within 45 days of its receipt by the district, but no later than nine months after the end of the fiscal year.⁵⁷

Community Redevelopment Agency Auditing Requirements

Each community redevelopment agency with revenues or a total of expenditures and expenses in excess of \$100,000 must have an annual financial audit prepared by an independent certified public accountant.⁵⁸ The audit report must accompany the annual financial report of the county or municipality that created the district.⁵⁹

Rural Area of Opportunity

A Rural Area of Opportunity (RAO) is a rural community, or a region comprised of rural communities, designated by the Governor, that has been adversely affected by an extraordinary economic event, a natural disaster, or severe or chronic distress.⁶⁰ The area may also be classified as a RAO if it presents a unique economic development opportunity of regional impact.

The Governor may designate up to three RAO areas for five-year periods upon recommendation by the Rural and Economic Development Initiative (REDI).⁶¹ These areas receive priority assignments for

⁵⁰ See, e.g., ch. 373, F.S.

⁵¹ The primary partners for soil and water conservation districts are the United States Department of Agriculture's Natural Resource Conservation Service, DACS's Office of Agricultural Water Policy, and county governments. DACS Office of Agricultural Water Policy, *supra* note 58.

⁵² A district that is required to complete a financial audit report must submit both reports within 45 days of the completion of the audit report, but still no later than nine months after the completion of the fiscal year. S. 218.32(1)(d), F.S.

⁵³ S. 218.32(1)(f), F.S. A special district required to have a financial audit conducted must file a copy of the audit report along with its annual financial report. S. 218.32(1)(d) F.S.

⁵⁴ S. 218.39(1), F.S.

⁵⁵ S. 218.39(1)(h), F.S.

⁵⁶ S. 218.39(2)-(7), F.S. See ch. 10.550, Local Governmental Entity Audits (9-30-2019), at https://flauditor.gov/pages/pdf_files/10_550.pdf (last visited Mar. 1, 2020).

⁵⁷ S. 218.39(7), F.S.

⁵⁸ S. 163.387(8)(a), F.S.

⁵⁹ S. 163.387(8)(c), F.S.

⁶⁰ S. 288.0656(2)(d), F.S. A "rural community" is defined as any county with a population of 75,000 or fewer; any county with a population of 125,000 or fewer that is contiguous to a county with a population of 75,000 or fewer; any municipality in a county that meets the aforementioned criteria; or any municipality or "unincorporated federal enterprise community" with a population of 25,000 or fewer and an employment base focused on traditional agriculture or resource-based industries located in a county not defined as rural and which suffers from three or more economic distress factors. S. 288.0656(2)(e), F.S.

⁶¹ S. 288.0656(7)(a), F.S.

REDI, and the designation allows the Governor, acting through REDI, to waive certain criteria or requirements of any economic development incentives. Currently, there are three designated RAO areas:

- Northwest RAO, consisting of Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Liberty, Wakulla, and Washington Counties, as well as the area within the city limits of Freeport and in Walton County north of the Choctawhatchee Bay and the intercoastal waterway;
- South Central RAO, consisting of DeSoto, Glades, Hardee, Hendry, Highlands, and Okeechobee Counties, as well as the municipalities of Pahokee, Belle Glade, and South Bay in Palm Beach County and Immokalee in Collier County; and
- North Central RAO, consisting of Baker, Bradford, Columbia, Dixie, Gilchrist, Hamilton, Jefferson, Lafayette, Levy, Madison, Putnam, Suwannee, Taylor, and Union Counties.⁶²

Effect of Proposed Changes

Performance Reviews

The bill defines a “performance review” as an evaluation of an independent special district and its programs, activities, and functions, including:

- The purpose and goals as stated in the independent special district charter;
- The special district’s goals and objectives for each program and activity, the problem or need that the program or activity was designed to address, the expected benefits of each program and activity, and the performance measures and standards used by the special district to determine if the program or activity achieves the district’s goals and objectives.
- The delivery of services by the special district, including alternative methods of providing those services that would reduce costs and improve performance;
- A comparison of similar services provided by the county and municipal governments located wholly or partially within its boundaries, including similarities and differences in services, relative costs and efficiencies, and possible service consolidations;
- The revenues and costs of programs and activities of the special district, using data from the current year and the previous 3 fiscal years;
- The extent to which the special district’s goals and objectives have been achieved;
- Any performance measures and standards of the special district’s program and activities using data from the current year and the previous 3 fiscal years;
- Factors that have contributed to any failure to meet the special district’s performance measures and standards or achieve the district’s goals and objectives; and
- Recommendations for statutory or budgetary changes to improve the special district’s program operations, reduce costs, or reduce duplication.

The bill requires all independent special fire control districts and each hospital governed by the governing body of a special district or the board of trustees of a public health trust to conduct a performance review every five years beginning October 1, 2022, and October 1, 2023, respectively. All fire control districts not located within a RAO and all hospital districts must contract with an independent entity to conduct the performance review. The independent entity must have at least five years of experience conducting performance reviews of organizations similar in size and function to the district under review, must conduct the review according to applicable industry best practices, and may not have any affiliation with or financial involvement in the reviewed district. The Office of Program Policy Analysis and Government Accountability (OPPAGA) must conduct a performance review of each fire control district located within a RAO. The bill provides that OPPAGA may contract as needed to complete the performance review. The completed performance review must be filed with the governing body of the district, the Auditor General, the President of the Senate, and the Speaker of the House of Representatives no later than nine months from the beginning of the fiscal year in which the report is due. If the Auditor General conducts a performance audit of a district in the same fiscal year, that report may be used to satisfy this requirement.

⁶² Dept. of Economic Opportunity, *Rural Areas of Opportunity*, <https://floridajobs.org/community-planning-and-development/rural-community-programs/rural-areas-of-opportunity> (last visited Apr. 8, 2021).

The bill requires all independent mosquito control districts and soil and water conservation districts to undergo a performance review conducted by OPPAGA. The bill provides that OPPAGA may contract as needed to complete the reviews. OPPAGA must submit the performance reviews of the districts to the President of the Senate and the Speaker of the House of Representatives:

- By September 30, 2023, for independent mosquito control districts.
- By September 30, 2024, for soil and water conservation districts.

Annual Financial Report and Annual Financial Audit Report

The bill requires the annual financial report and annual financial audit report for all special districts to specify separately:

- The total number of district employees compensated in the last pay period of the fiscal year being reported;
- The total number of independent contractors who received non-employee compensation during the last month of the fiscal year being reported;
- All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency;
- All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency;
- Each construction project with a total cost of at least \$65,000 approved by the district to begin after October 1 of the fiscal year being reported and the total expenditures for the project; and
- A budget variance report⁶³ showing how district spending compared to the original budget for the year.

The bill requires the annual financial report and annual financial audit report of each independent special district that levies ad valorem taxes or non-ad valorem special assessments to include the rates of such levies, the total amount collected by the levies, and the total amount of all outstanding bonds issued by the district and the terms of such bonds.

The bill revises requirements concerning annual financial audit reports to clarify that the annual financial audit report of a community redevelopment agency with revenues or a total of expenditures and expenses in excess of \$100,000 must be provided separately from the annual financial audit report of the county or municipality that created the district.

B. SECTION DIRECTORY:

Section 1: Creates s. 189.0695, F.S., requiring performance reviews for specified types of independent special districts.

Section 2: Amends s. 218.32, F.S., requiring special districts to include additional data as part of their annual financial reports.

Section 3: Amends s. 218.39, F.S., clarifying annual audit reporting requirements for community redevelopment agencies and requiring additional data be included in the annual audit report by special districts.

Section 4: Provides an effective date of October 1, 2021.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

⁶³ A budget variance report sets out the difference between the budgeted amounts and actual expenses and revenues.

None.

2. Expenditures:

None.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

The bill may require expenditures by special districts to the extent additional staff may be necessary to comply with additional reporting requirements created by the bill. Independent special fire control districts and hospitals governed by special districts or the board of trustees of a public health trust will incur expenditures related to the conduct of performance reviews.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

OPPAGA will incur expenditures related to conducting performance reviews for independent mosquito control districts, soil and water conservation districts, and independent fire control districts located within a RAO.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take action requiring the expenditures of funds, reduce the authority that counties or municipalities have to raise revenues in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill neither provides authority for nor requires rulemaking by executive branch agencies.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On March 9, 2021, the Local Administration & Veterans Affairs Subcommittee adopted an amendment and reported the bill favorably as a committee substitute. This amendment required the annual financial audit report of each independent special district that levies ad valorem taxes or non-ad valorem special assessments to include the rates of such levies, the total amount collected by the levies, and the total amount of all outstanding bonds issued by the district and the terms of such bonds.

On April 9, 2021, the Public Integrity & Elections Committee adopted a strike-all amendment and reported the bill favorably as a committee substitute. The amendment required performance reviews of specified

types of special districts, deleted the requirement for OPPAGA to create a list of entities to conduct performance audits, and added greater specificity to the information required in the annual financial reports and annual financial audit reports of special districts.

This analysis is drafted to the committee substitute as passed by the Public Integrity & Elections Committee.
