14 | measured by such formula shall be reported to school districts.  
15 | A third party, independent of the assessment developer, must  
16 | analyze student learning growth data calculated using the  
17 | formula and provide access to a data visualization tool that  
18 | enables teachers to understand and evaluate the data and school  
19 | administrators to improve instruction, evaluate programs,  
20 | allocate resources, plan professional development, and  
21 | communicate with stakeholders. The formula must take into  
22 | consideration each student's prior academic performance. The  
23 | formula must not set different expectations for student learning  
24 | growth based upon a student's gender, race, ethnicity, or  
25 | socioeconomic status. In the development of the formula, the  
26 | commissioner shall consider other factors such as a student's  
27 | attendance record, disability status, or status as an English  
28 | language learner. The commissioner may select additional  
29 | formulas to measure student performance as appropriate for the  
30 | remainder of the statewide, standardized assessments included  
31 | under s. 1008.22 and continue to select formulas as new  
32 | assessments are implemented in the state system.
