By Senator Gibson

	6-01874-21 20211556
1	A bill to be entitled
2	An act relating to maternal health care services;
3	creating s. 383.52, F.S.; defining terms; requiring
4	the Department of Health to develop and implement the
5	Prevention of Maternal Mortality Grant Program by a
6	specified date; providing eligibility criteria;
7	requiring the department to conduct certain outreach
8	and technical assistance to eligible entities;
9	requiring the department to give special consideration
10	to certain eligible entities; requiring the department
11	to provide certain technical assistance to grant
12	recipients; requiring the department to submit a
13	report to the Governor and Legislature by a specified
14	date; requiring the department to adopt rules;
15	creating s. 383.53, F.S.; requiring the department to
16	award grants to certain training programs; providing
17	for an application; providing reporting requirements
18	for grant recipients and the department; requiring the
19	department, in consultation with the Office of Program
20	Policy Analysis and Government Accountability
21	(OPPAGA), to conduct a certain study and submit a
22	report to the Governor and Legislature by a specified
23	date; requiring the department to adopt rules;
24	creating s. 383.54, F.S.; defining terms; requiring
25	the department to award grants to certain eligible
26	entities by a specified date; requiring that grant
27	funds be used for specified activities; providing
28	limitations on the award of such grants; providing
29	requirements for such grants and grant applications;

Page 1 of 19

6-01874-21 20211556 30 authorizing the department to coordinate with other 31 state agencies to ensure that grant recipients have 32 access to reliable broadband technology; requiring the department to provide certain technical assistance to 33 34 eligible entities and grant recipients; requiring the 35 department, in coordination with certain stakeholders, 36 to develop a strategic plan to research and evaluate 37 certain models; providing reporting requirements for 38 grant recipients and the department; requiring the 39 department to adopt rules; creating s. 383.55, F.S.; 40 defining the terms "department" and "eligible entity"; 41 requiring the department to develop and implement the 42 Investments in Digital Tools to Promote Equity in Maternal Health Outcomes Program by a specified date; 43 44 providing eligibility criteria; providing for an application; providing limitations on the award of 45 46 such grants; requiring the department to provide 47 certain technical assistance to eligible entities; providing reporting requirements for grant recipients 48 49 and the department; requiring the department, in 50 consultation with OPPAGA, to conduct a certain study 51 and submit a report to the Governor and Legislature by 52 a specified date; requiring the department to adopt rules; providing an effective date. 53 54 55 Be It Enacted by the Legislature of the State of Florida: 56 57 Section 1. Section 383.52, Florida Statutes, is created to 58 read:

59	383.52 Prevention of Maternal Mortality Grant Program	
60	(1) DEFINITIONSAs used in this section, the term:	
61	(a) "Culturally congruent" means in agreement with the	
62	preferred cultural values, beliefs, worldview, and practices of	
63	the health care consumer and other stakeholders.	
64	(b) "Department" means the Department of Health.	
65	(c) "Postpartum" means the 1-year period beginning on the	
66	last day of a woman's pregnancy.	
67	(2) PROGRAMBy July 1, 2022, the department shall develop	
68	and implement the Prevention of Maternal Mortality Grant Program	
69	to award grants to eligible entities to establish or expand	
70	programs to prevent maternal mortality and severe maternal	
71	1 morbidity among black women.	
72	(3) ELIGIBILITYTo be eligible to seek a grant under this	
73	section, an entity must be a community-based organization	
74	offering programs and resources aligned with evidence-based	
75	practices for improving maternal health outcomes for black	
76	women.	
77	(4) OUTREACH AND TECHNICAL ASSISTANCE	
78	(a) Beginning July 1, 2021, the department shall:	
79	1. Conduct outreach to encourage eligible entities to apply	
80	for grants under this section; and	
81	2. Provide technical assistance to eligible entities on	
82	best practices for applying for grants under this section.	
83	(b) In conducting outreach, the department shall give	
84	special consideration to eligible entities that:	
85	1. Are based in, and provide support for, communities with	
86	high rates of adverse maternal health outcomes and significant	
87	racial and ethnic disparities in maternal health outcomes;	

Page 3 of 19

	6-01874-21 20211556
88	2. Are led by black women; and
89	3. Offer programs and resources that are aligned with
90	evidence-based practices for improving maternal health outcomes
91	for black women.
92	(5) AWARDSIn awarding grants under this section, the
93	department shall give special consideration to eligible entities
94	that meet all of the following criteria:
95	(a) Meet the criteria specified in paragraph (4)(b).
96	(b) Offer programs and resources designed in consultation
97	with and intended for black women.
98	(c) Offer programs and resources in the communities in
99	which they are located which include any of the following
100	activities:
101	1. Promotion of maternal mental health and maternal
102	substance use disorder treatments that are aligned with
103	evidence-based practices for improving maternal mental health
104	outcomes for black women.
105	2. Addressing social determinants of health for women in
106	the prenatal and postpartum periods, including, but not limited
107	to, any of the following:
108	a. Inadequate housing.
109	b. Transportation barriers.
110	c. Poor nutrition.
111	d. Lack of access to healthy foods.
112	e. Need for lactation support.
113	f. Need for lead abatement and other efforts to improve air
114	and water quality.
115	g. Lack of access to child care.
116	h. Need for car seat installation.

Page 4 of 19

	6-01874-21 20211556	
117	i. Need for wellness and stress management programs.	
118	j. Need for coordination across safety net and social	
119	support services and programs.	
120	3. Promotion of evidence-based health literacy and	
121	pregnancy, childbirth, and parenting education for women in the	
122	prenatal and postpartum periods.	
123	4. Providing support from doulas and other perinatal health	
124	workers to women from pregnancy through the postpartum period.	
125	5. Providing culturally congruent training to perinatal	
126	health workers such as doulas, community health workers, peer	
127	supporters, certified lactation consultants, nutritionists and	
128	dietitians, social workers, home visitors, and navigators.	
129	6. Conducting or supporting research on issues affecting	
130	black maternal health.	
131	7. Development of other programs and resources that address	
132	community-specific needs for women in the prenatal and	
133	postpartum periods and are aligned with evidence-based practices	
134	for improving maternal health outcomes for black women.	
135	(6) TECHNICAL ASSISTANCEThe department shall provide to	
136	grant recipients under this section technical assistance	
137	regarding all of the following:	
138	(a) Capacity building to establish or expand programs to	
139	prevent adverse maternal health outcomes among black women.	
140	(b) Best practices in data collection, measurement,	
141	evaluation, and reporting.	
142	(c) Planning for sustaining programs to prevent maternal	
143	mortality and severe maternal morbidity among black women when	
144	the grant expires.	
145	(7) REPORTBy July 1, 2023, and each year thereafter, the	
I		

Page 5 of 19

	6-01874-21 20211556
146	department shall submit a report to the Governor, the President
147	of the Senate, and the Speaker of the House of Representatives
148	which includes all of the following:
149	(a) Assessment of the effectiveness of outreach efforts
150	during the application process in diversifying the pool of grant
151	recipients.
152	(b) Recommendations for future outreach efforts to
153	diversify the pool of grant recipients for department grant
154	programs and funding opportunities.
155	(c) Assessment of the effectiveness of programs funded by
156	grants awarded under this section in improving maternal health
157	outcomes for black women.
158	(d) Recommendations for future department grant programs
159	and funding opportunities that deliver funding to community-
160	based organizations to improve maternal health outcomes for
161	black women through programs and resources that are aligned with
162	evidence-based practices for improving maternal health outcomes
163	for black women.
164	(8) RULESThe department shall adopt rules to implement
165	this section.
166	Section 2. Section 383.53, Florida Statutes, is created to
167	read:
168	383.53 Training programs for employees in maternity care
169	settings
170	(1) GRANTSThe Department of Health shall award grants to
171	training programs that reduce and prevent bias, racism, and
172	discrimination in maternity care settings. In awarding grants
173	under this section, the department shall give special
174	consideration to programs that would:

Page 6 of 19

	6-01874-21 20211556	
175	(a) Apply to all birthing professionals and any employees	
176	who interact with pregnant and postpartum women, as the term	
177	"postpartum" is defined in s. 383.52(1), in the provider	
178	setting, including front desk employees, technicians,	
179	schedulers, health care professionals, hospital or health system	
180	administrators, and security staff;	
181	(b) Emphasize periodic, as opposed to one-time, trainings	
182	for all birthing professionals and employees described in	
183	paragraph (a);	
184	(c) Address implicit bias and explicit bias;	
185	(d) Be delivered in continuing education settings for	
186	providers maintaining their licenses, with a preference for	
187	training programs that provide continuing education units and	
188	continuing medical education;	
189	(e) Include trauma-informed care best practices and an	
190	emphasis on shared decisionmaking between providers and	
191	patients;	
192	(f) Include a service-learning component that sends	
193	providers to work in underserved communities to better	
194	understand patients' life experiences;	
195	(g) Be delivered in undergraduate degree programs, such as	
196	biology and premedicine, which generally lead to enrollment in	
197	or are prerequisite programs for medical schools;	
198	(h) Be delivered in settings where providers of the federal	
199	Special Supplemental Nutrition Program for Women, Infants, and	
200	Children would receive the training;	
201	(i) Integrate bias training in obstetric emergency	
202	simulation trainings;	
203	(j) Offer training to all maternity care providers on the	
1		

Page 7 of 19

CODING: Words stricken are deletions; words underlined are additions.

	6-01874-21 20211556	
204	value of racially, ethnically, and professionally diverse	
205	maternity care teams to provide culturally congruent care as	
206	defined in s. 383.52(1), including doulas, community health	
207	workers, peer supporters, certified lactation consultants,	
208	nutritionists and dietitians, social workers, home visitors, and	
209	navigators; or	
210	(k) Be based on one or more programs designed by a	
211	historically black college or university.	
212	(2) APPLICATIONTo seek a grant under this section, an	
213	entity shall submit an application at such time, in such manner,	
214	and containing such information as the department may require.	
215	(3) REPORTINGEach recipient of a grant under this section	
216	shall annually submit to the department a report on the status	
217	of activities conducted under the grant, including, as	
218	applicable, a description of the impact of training provided	
219	through the grant on patient outcomes and patient experiences	
220	for minority women and their families.	
221	(4) BEST PRACTICESBased on the annual reports submitted	
222	pursuant to subsection (3), the department:	
223	(a) Shall produce an annual report on the findings	
224	resulting from programs funded through this section;	
225	(b) Shall disseminate such report to all recipients of	
226	grants under this section and to the public; and	
227	(c) May include in such report findings on best practices	
228	for improving patient outcomes and patient experiences for	
229	minority women and their families in maternity care settings.	
230	(5) STUDY	
231	(a) The department, in consultation with the Office of	
232	Program Policy Analysis and Government Accountability, shall	

Page 8 of 19

i	6-01874-21 20211556	
233	conduct a study on the design and implementation of programs to	
234	reduce and prevent bias, racism, and discrimination in maternity	
235	care settings.	
236	(b) The study may include:	
237	1. The development of a scorecard for programs designed to	
238	reduce and prevent bias, racism, and discrimination in maternity	
239	care settings to assess the effectiveness of such programs in	
240	improving patient outcomes and patient experiences for minority	
241	women and their families.	
242	2. Determination of the types of training to reduce and	
243	prevent bias, racism, and discrimination in maternity care	
244	settings which are demonstrated to improve patient outcomes or	
245	patient experiences for minority women and their families.	
246	(c) By December 1, 2022, the department, in coordination	
247	with the Office of Program Policy Analysis and Government	
248	Accountability, shall submit a report to the Governor, the	
249	President of the Senate, and the Speaker of the House of	
250	Representatives which includes findings and recommendations	
251	based on the study required by this subsection.	
252	(6) RULESThe department shall adopt rules to implement	
253	this section.	
254	Section 3. Section 383.54, Florida Statutes, is created to	
255	read:	
256	383.54 Expanding capacity for positive maternal health	
257	outcomes	
258	(1) DEFINITIONSAs used in this section, the term:	
259	(a) "Department" means the Department of Health.	
260	(b) "Eligible entity" means an entity that provides, or	
261	supports the provision of, maternal health care services or	

Page 9 of 19

1	6-01874-21 20211556	
262	other evidence-based services for pregnant and postpartum women:	
263	1. In health professional shortage areas;	
264	2. In areas with high rates of adverse maternal health	
265	outcomes and significant racial and ethnic disparities in	
266	maternal health outcomes; or	
267	3. Medically underserved populations.	
268		
269	The term includes entities leading, or capable of leading, a	
270	technology-enabled collaborative learning and capacity-building	
271	model or engaging in technology-enabled collaborative training	
272	of participants in such model.	
273	(c) "Health professional shortage area" means a geographic	
274	area designated as such by the Health Resources and Services	
275	Administration of the United States Department of Health and	
276	Human Services.	
277	(d) "Indigenous population" means any Indian tribe, band,	
278	nation, tribal organization, urban Indian organization, or other	
279	organized group or community of Indians recognized as eligible	
280	for services provided to Indians by the United States Secretary	
281	of the Interior because of their status as Indians. The term	
282	includes any Alaskan native village as defined in 43 U.S.C. s.	
283	1602(c), the Alaska Native Claims Settlement Act, as that	
284	definition existed on the effective date of this act.	
285	(e) "Maternal mortality" means a death occurring during	
286	pregnancy or the postpartum period which is caused by pregnancy	
287	or childbirth complications.	
288	(f) "Medically underserved population" means the population	
289	of an urban or rural area designated by the United States	
290	Secretary of Health and Human Services as an area with a	

Page 10 of 19

	6-01874-21 20211556
291	shortage of personal health care services or a population group
292	designated by the United States Secretary of Health and Human
293	Services as having a shortage of such services.
294	(g) "Postpartum" has the same meaning as provided in s.
295	383.52(1).
296	(h) "Severe maternal morbidity" means an unexpected outcome
297	caused by a woman's labor and delivery that results in
298	significant short-term or long-term consequences to the woman's
299	health.
300	(i) "Technology-enabled collaborative learning and capacity
301	building model" means a distance health care education model
302	that connects health care professionals, and particularly
303	specialists, with other health care professionals through
304	simultaneous interactive videoconferencing for the purpose of
305	facilitating case-based learning, disseminating best practices,
306	and evaluating outcomes in the context of maternal health care.
307	(2) PROGRAM ESTABLISHEDBy July 1, 2022, the department
308	shall award grants to eligible entities to evaluate, develop,
309	and, as appropriate:
310	(a) Expand the use of technology-enabled collaborative
311	learning and capacity building models; and
312	(b) Improve maternal health outcomes in health professional
313	shortage areas; in areas with high rates of maternal mortality
314	and severe maternal morbidity and significant racial and ethnic
315	disparities in maternal health outcomes; and for medically
316	underserved populations, including, but not limited to,
317	indigenous populations.
318	(3) USE OF GRANT FUNDS.—
319	(a) Grants awarded under this section must be used for any
Į

Study the impact of models described in subparagraph 1.</u>
335 <u>inadequate housing, lack of access to nutrition, environmental</u> 336 <u>risks, and transportation barriers; or</u> 337 <u>e. Training on the use of remote patient monitoring tools</u> 338 <u>for pregnancy-related complications.</u> 339 <u>2. Information collection and evaluation activities that:</u> 340 <u>a. Study the impact of models described in subparagraph 1.</u>
336 risks, and transportation barriers; or e. Training on the use of remote patient monitoring tools for pregnancy-related complications. 339 2. Information collection and evaluation activities that: 340 a. Study the impact of models described in subparagraph 1.
 337 <u>e. Training on the use of remote patient monitoring tools</u> <u>for pregnancy-related complications.</u> <u>339</u> <u>2. Information collection and evaluation activities that:</u> <u>a. Study the impact of models described in subparagraph 1.</u>
338 <u>for pregnancy-related complications.</u> 339 <u>2. Information collection and evaluation activities that:</u> 340 <u>a. Study the impact of models described in subparagraph 1.</u>
 339 <u>2. Information collection and evaluation activities that:</u> <u>a. Study the impact of models described in subparagraph 1.</u>
340 a. Study the impact of models described in subparagraph 1.
341 on all of the following:
342 (I) Access to and quality of care.
343 (II) Patient outcomes.
344 (III) Subjective measures of patient experiences.
345 <u>(IV) Cost-effectiveness.</u>
346 b. Identify best practices for the expansion and use of
347 <u>such models.</u>
348 <u>3. Information collection and evaluation activities that</u>

Page 12 of 19

349 study the impact of models described in subparagraph 1	. on	
350 patient outcomes and maternal health care providers and	d that	
l identify best practices for the expansion and use of such		
352 models.		
4. Any other activity consistent with achieving the		
354 objectives of grants awarded under this section, as det	objectives of grants awarded under this section, as determined	
355 by the department.	by the department.	
356 (b) In addition to any of the uses described under	(b) In addition to any of the uses described under	
357 paragraph (a), grants awarded under this section may be	e used	
358 <u>for:</u>		
1. Equipment to support the use and expansion of		
360 technology-enabled collaborative learning and capacity-	-building	
361 models, including hardware and software that enables de	istance	
learning, maternal health care provider support, and the secure		
363 exchange of electronic health information; and	exchange of electronic health information; and	
364 2. Support for maternal health care providers and	other	
365 health care professionals that provide or assist in the	e	
366 provision of maternity care services through such model	ls.	
367 (4) LIMITATIONSThe department may not award more	e than one	
368 grant under this section to an eligible entity. Each gr	rant under	
369 this section must be made for a period not to exceed 5	years.	
370 The department shall determine the maximum amount of ea	ach grant	
371 <u>awarded under this section.</u>		
372 (5) GRANT REQUIREMENTSThe department shall requi	ire	
373 <u>entities awarded a grant under this section to collect</u>		
374 information on the effect of the use of technology-enab	bled	
375 <u>collaborative learning and capacity-building models</u> , su	uch as the	
376 effect of the use of such models on maternal health out	tcomes,	
377 access to maternal health care services, quality of mat	ternal	

Page 13 of 19

	6-01874-21 20211556
378	health care, and maternal health care provider retention in
379	areas and populations described in subsection (1). The
380	department may award a grant or contract to assist in the
381	coordination of such models, including to assess outcomes
382	associated with the use of such models in grants awarded under
383	this section, including for the purposes described in
384	subparagraph (3)(a)2.
385	(6) APPLICATION
386	(a) An eligible entity that seeks to receive a grant under
387	this section shall submit to the department an application at
388	such time, in such manner, and containing such information as
389	the department may require.
390	(b) The application must include plans to assess the effect
391	of technology-enabled collaborative learning and capacity-
392	building models on indicators, including access to and quality
393	of care, patient outcomes, subjective measures of patient
394	experiences, and cost-effectiveness. Such indicators may focus
395	<u>on:</u>
396	1. Health professional shortage areas;
397	2. Areas with high rates of maternal mortality and severe
398	maternal morbidity and significant racial and ethnic disparities
399	in maternal health outcomes; and
400	3. Medically underserved populations or American Indians
401	and Alaska Natives, including Indian tribes, tribal
402	organizations, and urban Indian organizations.
403	(7) ACCESS TO BROADBANDIn administering grants under this
404	section, the department may coordinate with other state agencies
405	to ensure that funding opportunities are available to support
406	access to reliable, high-speed Internet for grantees.

Page 14 of 19

	6-01874-21 20211556
407	(8) TECHNICAL ASSISTANCEThe department shall provide,
408	directly or by contract, technical assistance to eligible
409	entities, including recipients of grants under this section,
410	with the development, use, and post-grant sustainability of
411	technology-enabled collaborative learning and capacity-building
412	models in order to expand access to maternal health care
413	services provided by such entities in health professional
414	shortage areas and areas with high rates of maternal mortality
415	and severe maternal morbidity and significant racial and ethnic
416	disparities in maternal health outcomes; and for medically
417	underserved populations, including, but not limited to,
418	indigenous populations.
419	(9) RESEARCH AND EVALUATIONThe department, in
420	consultation with stakeholders with appropriate expertise in the
421	models described in subsection (8), shall develop a strategic
422	plan to research and evaluate the evidence for such models. The
423	department shall use such plan to implement this section.
424	(10) REPORTING
425	(a) An eligible entity that receives a grant under this
426	section shall submit to the department a report at such time, in
427	such manner, and containing such information as the department
428	may require.
429	(b) By July 1, 2023, the department shall submit to the
430	Governor, the President of the Senate, and the Speaker of the
431	House of Representatives, and post on its Internet website, a
432	report that includes, at a minimum:
433	1. A description of any new and continuing grants awarded
434	under this section and the specific purposes and amounts of such
435	grants;

Page 15 of 19

1	6-01874-21 20211556
436	2. An overview of:
437	a. Evaluations conducted under subsection (3);
438	b. Technical assistance provided under subsection (8); and
439	c. Activities conducted by entities awarded grants under
440	this section; and
441	3. A description of any significant findings related to
442	patient outcomes or maternal health care providers and best
443	practices for eligible entities that are expanding, using, or
444	evaluating technology-enabled collaborative learning and
445	capacity-building models.
446	(11) RULESThe department shall adopt rules to implement
447	this section.
448	Section 4. Section 383.55, Florida Statutes, is created to
449	read:
450	383.55 Grants to promote equity in maternal health outcomes
451	by increasing access to digital tools.—
452	(1) DEFINITIONSAs used in this section, the term:
453	(a) "Department" means the Department of Health.
454	(b) "Eligible entity" has the same meaning as provided in
455	s. 383.54(1). The term includes domestic faith-based and
456	community-based organizations.
457	(2) PROGRAMBy July 1, 2022, the department shall develop
458	and implement the Investments in Digital Tools to Promote Equity
459	in Maternal Health Outcomes Program under which the department
460	shall award grants to eligible entities to reduce racial and
461	ethnic disparities in maternal health outcomes by increasing
462	access to digital tools related to maternal health care.
463	(3) APPLICATIONSTo be eligible to receive a grant under
464	this section, an eligible entity shall submit to the department

Page 16 of 19

	6-01874-21 20211556
465	an application at such time, in such manner, and containing such
466	information as the department may require.
467	(4) LIMITATIONS
468	(a) The department may not award more than one grant under
469	this section to an eligible entity. Each grant under this
470	section shall be for a period of not more than 5 years. The
471	department shall determine the maximum amount of each grant
472	awarded under this section.
473	(b) In awarding grants under this section, the department
474	shall prioritize the selection of an eligible entity that:
475	1. Operates in an area with high rates of adverse maternal
476	health outcomes and significant racial and ethnic disparities in
477	maternal health outcomes; and
478	2. Promotes technology that addresses racial and ethnic
479	disparities in maternal health outcomes.
480	(5) TECHNICAL ASSISTANCEThe department shall provide
481	technical assistance to an eligible entity on the development,
482	use, evaluation, and post-grant sustainability of digital tools
483	for purposes of promoting equity in maternal health outcomes.
484	(6) REPORTING
485	(a) An eligible entity that receives a grant under this
486	section shall submit to the department a report at such time, in
487	such manner, and containing such information as the department
488	may require.
489	(b) By July 1, 2023, the department shall submit to the
490	Governor, the President of the Senate, and the Speaker of the
491	House of Representatives a report that includes all of the
492	following:
493	1. Evaluation of the effectiveness of grants awarded under
I	

Page 17 of 19

	6-01874-21 20211556
494	this section in improving maternal health outcomes for minority
495	women.
496	2. Recommendations for future grant programs that promote
497	the use of technology to improve maternal health outcomes for
498	minority women.
499	3. Recommendations that address:
500	a. Privacy and security safeguards that should be
501	implemented in the use of technology in maternal health care.
502	b. Reimbursement rates for maternal telehealth services.
503	c. The use of digital tools to analyze large data sets for
504	the purpose of identifying potential pregnancy-related
505	complications as early as possible.
506	d. Barriers that prevent maternal health care providers
507	from providing telehealth services across state lines and
508	recommendations from the Centers for Medicare and Medicaid
509	Services for addressing such barriers in the state Medicaid
510	program.
511	e. The use of consumer digital tools, such as mobile
512	telephone applications, patient portals, and wearable
513	technologies to improve maternal health outcomes.
514	f. Barriers that prevent consumers from accessing
515	telehealth services or other digital technologies to improve
516	maternal health outcomes, including a lack of access to
517	reliable, high-speed Internet or a lack of access to electronic
518	devices needed to use such services and technologies.
519	g. Any other related issues as determined by the
520	department.
521	(7)(a) STUDYThe department, in consultation with the
522	Office of Program Policy Analysis and Government Accountability,
I	

Page 18 of 19

CODING: Words stricken are deletions; words underlined are additions.

	6-01874-21 20211556
523	shall conduct a study on the use of technology to reduce
524	preventable maternal mortality and severe maternal morbidity and
525	eliminate racial and ethnic disparities in maternal health
526	outcomes in this state. The study must assess current and future
527	uses of artificial intelligence technologies in maternal health
528	care, including all of the following:
529	1. The extent to which artificial intelligence technologies
530	are currently being used in maternal health care.
531	2. The extent to which artificial intelligence technologies
532	have exacerbated racial or ethnic biases in maternal health
533	care.
534	3. Recommendations for reducing racial or ethnic biases in
535	artificial intelligence technologies used in maternal health
536	care.
537	4. Recommendations for potential applications of artificial
538	intelligence technologies that could improve maternal health
539	outcomes, particularly for minority women.
540	5. Recommendations for privacy and security safeguards that
541	should be implemented in the development of artificial
542	intelligence technologies in maternal health care.
543	(b) By July 1, 2023, the department shall submit to the
544	Governor, the President of the Senate, and the Speaker of the
545	House of Representatives a report that includes its findings and
546	recommendations based on the study required in paragraph (a).
547	(8) RULES.—The department shall adopt rules to implement
548	this section.
549	Section 5. This act shall take effect upon becoming a law.
550
