SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and Florida Commission on Offender Review as the amounts to be used to pay the salaries, other operational expenditures, and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

The Department of Corrections shall develop a comprehensive facility consolidation plan to adjust prison capacity based on funding reductions made for the 2021-2022 fiscal year. The plan shall include specific recommendations for aligning inmate populations with capacity, which shall include both consolidating and closing facilities. The plan shall include a reduction of at least 6,000 beds through the closure of at least four state-operated facilities. Facilities shall be selected for closure based on all of the following factors:

- 1) Age and facility maintenance needs of the institution;
- 2) Proximity of the institution to others within the region;
- 3) The local labor pool and availability of workforce for staffing the institution;
- 4) Historical officer vacancy rates of the institution; and
- 5) The impact of the closure on the local community's economy.

The plan shall be submitted to the Executive Office of the Governor, the President of the Senate and the Speaker of the House of Representatives by September 1, 2021, for review and approval. Upon approval of the plan, the department shall consolidate and close identified facilities by December 31, 2021. The closed facilities shall be demolished by June 30, 2024.

From the funds in Specific Appropriations 572 through 726, the Department of Corrections may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

Funds in Specific Appropriation 572 through 726 may not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2021, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 1161 through 1173, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1161 through 1173, the department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

From the funds in Specific Appropriation 1939, the department may use up to \$826,544 to support the annual cost of maintaining the business applications that were transitioned from a server-based environment to a cloud environment as part of the Data Infrastructure Modernization Initiative.

From the funds in Specific Appropriation 1939, the nonrecurring sum of \$4,000,000 from the State Transportation Trust Fund is provided to the Department of Transportation for an assessment of the Work Program Integration Initiative project. These funds shall be held in reserve. The department must competitively procure a comprehensive assessment of the project by an independent third party consulting firm with experience in conducting independent verification and validation assessments of public sector information technology projects and that has not previously contracted with the department for the project. No funding is provided for staff augmentation, third party support services, organizational change management, project management office, the current independent verification and validation contract, the purchase of new software, or the re-procurement of a systems integrator.

The assessment must include: (1) a review of all project artifacts, application development, and software purchases from the project start date in Fiscal Year 2013-2014 through June 30, 2021; (2) an assessment of the department's project governance and management structure, organizational change management approach, procurement approach, and technology resources; (3) an evaluation of the approach of using contracted services to backfill agency staff working on the project; (4) an updated fit gap analysis to determine how the proposed solution(s) aligns with the department's documented business requirements; (5) a proposed strategic roadmap that depicts a timeline and costs for each project deliverable recommended for completion by the department through the lifecycle of this project; and (6) an identification of what functional assets the state has received from project appropriations up to and including Fiscal Year 2020-2021.

Contingent upon the successful award of a contract, the department is authorized to submit a budget amendment(s) to request release of the funds being held in reserve pursuant to the provisions of chapter 216, Florida Statutes. The contract with the independent third party consulting firm shall require that all deliverables be simultaneously provided to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Florida Digital Service.

The vendor must submit quarterly status reports to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Florida Digital Service describing the progress made to date on the assessment as prescribed in the enumerated items above. The department shall submit the final comprehensive assessment by December 17, 2021.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2162 through 2257, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2162 through 2257, no federal or state funds shall be used to pay for space being leased by a Local Workforce Board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2188 through 2215, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.
