

The Florida Senate  
**HOUSE MESSAGE SUMMARY**

---

Prepared By: The Professional Staff of the Committee on Regulated Industries

---

[2021s07028.hms]

BILL: SB 7028  
INTRODUCER: Committee on Regulated Industries  
SUBJECT: Review under the Open Government Sunset Review Act  
DATE: April 28, 2021

---

**I. Amendments Contained in Message:**

**House Amendment – 417125**

**II. Summary of Amendments Contained in Message:**

**House Amendment – 417125** repeals the public records exemption in s. 119.071(1)(f), F.S., for data processing software obtained by an agency under a licensing agreement that prohibits its disclosure and which software is a trade secret, as defined in s. 812.081, F.S. The amendment maintains the public records exemption for agency-produced data processing software that is sensitive and removes the scheduled repeal for that exemption.
