The Committee on Judiciary (Thurston) recommended the following:

Senate Amendment

Delete line 205
and insert:
whichever is later. This section does not apply to a cause of
action brought against a health care provider that has been
cited by a state or federal agency for one or more infection
prevention and control deficiencies during any of the 3 years
preceding the date of the State Surgeon General's declaration of
the state public health emergency relating to COVID-19.
