${\bf By}$ Senator Rodriguez

	39-00954-21 2021898
1	A bill to be entitled
2	An act relating to administration of vaccines;
3	amending s. 465.189, F.S.; authorizing certified
4	pharmacists to order, as well as administer, specified
5	vaccines; authorizing registered pharmacy technicians
6	to administer specified vaccines under certain
7	circumstances; deleting the requirement that certified
8	pharmacists administer vaccines or epinephrine using
9	an autoinjector only pursuant to a written protocol
10	with a supervising physician; revising the specified
11	immunizations or vaccines that certified pharmacists,
12	registered interns, and registered pharmacy
13	technicians may order or administer, as applicable;
14	deleting a certain staffing ratio requirement for
15	supervising pharmacists; making conforming changes;
16	requiring certified pharmacists, registered interns,
17	and registered pharmacy technicians to obtain a
18	certain medical consent form before administering an
19	immunization or a vaccine to a child younger than 18
20	years of age; specifying requirements for the consent
21	form; requiring the parent or guardian of such child
22	to provide an opt-out form to the pharmacist,
23	registered intern, or registered pharmacy technician
24	to exclude the minor from the department's
25	immunization registry; requiring pharmacists to submit
26	the opt-out form to the department; requiring
27	pharmacists to submit vaccination data to the
28	department if an opt-out form is not provided;
29	prohibiting public and private third-party payors from

Page 1 of 11

 providing disparate coverage or reimbursement for immunizations or vaccines ordered or administered by certified pharmacists, registered interns, or registered pharmacy technicians; amending ss. 381.003 and 465.003, F.S.; conforming provisions to changes made by the act; providing an effective date. Be It Enacted by the Legislature of the State of Florida: section 1. Section 465.189, Florida Statutes, is amended to read: 465.189 Administration of vaccines and epinephrine autoinjection (1) In accordance with guidelines of the <u>United States</u> Centers for Disease Control and Prevention for each recommended immunization or vaccine, a pharmacist <u>who is certified under</u> subsection (6) may order or administer, and or a registered intern <u>or registered pharmacy technician</u> under the supervision of a pharmacist who is certified under subsection (6)_T may administer, <u>any of</u> the following <u>immunizations or</u> vaccines to an adult within the framework of an established protocol under a eupervising physician licenced under chapter 458 or chapter 459: (a) Immunizations or vaccines listed in the Adult Immunization Schedule as of Floridy 1, 2015, by the United States Centers for Disease Control and Prevention. The board may authorize, by rule, additional immunizations or vaccines as they are added to the Adult Immunization Schedule. (b) Immunizations or vaccines recommended by the United States Centers for Disease Control and Prevention Advisory 	i	39-00954-21 2021898
 certified pharmacists, registered interns, or registered pharmacy technicians; amending ss. 381.003 and 465.003, F.S.; conforming provisions to changes made by the act; providing an effective date. Be It Enacted by the Legislature of the State of Florida: Section 1. Section 465.189, Florida Statutes, is amended to read: 465.189 Administration of vaccines and epinephrine autoinjection (1) In accordance with guidelines of the <u>United States</u> Centers for Disease Control and Prevention for each recommended immunization or vaccine, a pharmacist <u>who is certified under</u> subsection (6) may order or administer, and or a registered intern <u>or registered pharmacy technician</u> under the supervision of a pharmacist who is certified under subsection (6), may administer, <u>any of</u> the following <u>immunizations or</u> vaccines to am adult within the framework of an established protocol under a supervising physician licensed under chapter 458 or chapter 459: (a) Immunizations or vaccines listed in the Adult Immunization Schedule as of February 1, 2015, by the United States Centers for Disease Control and Prevention. The board may authorize, by rule, additional immunizations or vaccines as they are added to the Adult Immunization Schedule. (b) Immunizations or vaccines recommended by the United 	30	providing disparate coverage or reimbursement for
registered pharmacy technicians; amending ss. 381.003 and 465.003, F.S.; conforming provisions to changes made by the act; providing an effective date. Be It Enacted by the Legislature of the State of Florida: Section 1. Section 465.189, Florida Statutes, is amended to read: 4 465.189 Administration of vaccines and epinephrine autoinjection (1) In accordance with guidelines of the <u>United States</u> Centers for Disease Control and Prevention for each recommended immunization or vaccine, a pharmacist <u>who is certified under</u> subsection (6) may order or administer, and eff a registered intern <u>or registered pharmacy technician</u> under the supervision of a pharmacist who is certified under a subsection (6), may administer, any of the following <u>immunizations or</u> vaccines to an adult within the framework of an established protocol under a supervising physician licensed under chapter 458 or chapter 459: (a) Immunizations or vaccines listed in the Adult Immunization Schedule as of February 1, 2015, by the United States Centers for Disease Control and Prevention. The board may authorize, by rule, additional immunizations or vaccines as they are added to the Adult Immunization Schedule. (b) Immunizations or vaccines recommended by the United	31	immunizations or vaccines ordered or administered by
 and 465.003, F.S.; conforming provisions to changes made by the act; providing an effective date. Be It Enacted by the Legislature of the State of Florida: Section 1. Section 465.189, Florida Statutes, is amended to read: 465.189 Administration of vaccines and epinephrine autoinjection (1) In accordance with guidelines of the <u>United States</u> Centers for Disease Control and Prevention for each recommended immunization or vaccine, a pharmacist <u>who is certified under</u> <u>subsection (6) may order or administer, and er a registered</u> intern <u>or registered pharmacy technician</u> under the supervision of a pharmacist who is certified under subsection (6), may administer, <u>any of</u> the following <u>immunizations or</u> vaccines to an adult within the framework of an established protocol under a supervising physician licensed under chapter 458 or chapter 459: (a) Immunizations or vaccines listed in the Adult Immunization Schedule as of February 1, 2015, by the United States Centers for Disease Control and Prevention. The board may authorize, by rule, additional immunizations or vaccines as they are added to the Adult Immunization Schedule. (b) Immunizations or vaccines recommended by the United 	32	certified pharmacists, registered interns, or
made by the act; providing an effective date. Be It Enacted by the Legislature of the State of Florida: Section 1. Section 465.189, Florida Statutes, is amended to read: 4 465.189 Administration of vaccines and epinephrine autoinjection (1) In accordance with guidelines of the <u>United States</u> Centers for Disease Control and Prevention for each recommended immunization or vaccine, a pharmacist <u>who is certified under</u> subsection (6) may order or administer, and or a registered intern <u>or registered pharmacy technician</u> under the supervision of a pharmacist who is certified under subsection (6), may administer, any of the following <u>immunizations or</u> vaccines to an adult within the framework of an established protocol under a supervising physician licensed under chapter 458 or chapter 459: (a) Immunizations or vaccines listed in the Adult Immunization Schedule as of February 1, 2015, by the United States Centers for Disease Control and Prevention. The board may authorize, by rule, additional immunizations or vaccines as they are added to the Adult Immunization Schedule. (b) Immunizations or vaccines recommended by the United	33	registered pharmacy technicians; amending ss. 381.003
 Be It Enacted by the Legislature of the State of Florida: Be It Enacted by the Legislature of the State of Florida: Section 1. Section 465.189, Florida Statutes, is amended to read: 465.189 Administration of vaccines and epinephrine autoinjection (1) In accordance with guidelines of the <u>United States</u> Centers for Disease Control and Prevention for each recommended immunization or vaccine, a pharmacist <u>who is certified under</u> subsection (6) may order or administer, and er a registered intern <u>or registered pharmacy technician</u> under the supervision of a pharmacist who is certified under subsection (6), may administer, any of the following <u>immunizations or</u> vaccines to an adult within the framework of an established protocol under a supervising physician licensed under chapter 458 or chapter 459: (a) Immunizations or vaccines listed in the Adult Immunization Schedule as of February 1, 2015, by the United States Centers for Disease Control and Prevention. 59	Committee on Immunization Practices.
60	(c) Immunizations or vaccines listed in the Child and
61	Adolescent Immunization Schedule by the United States Centers
62	for Disease Control and Prevention.
63	(d) Immunizations or vaccines recommended by the United
64	States Centers for Disease Control and Prevention for
65	international travel as of July 1, 2015. The board may
66	authorize, by rule, additional immunizations or vaccines as they
67	are recommended by the United States Centers for Disease Control
68	and Prevention for international travel.
69	<u>(e)</u> Immunizations or vaccines approved by the board in
70	response to a state of emergency declared by the Governor
71	pursuant to s. 252.36.
72	
73	A registered intern who administers an immunization or vaccine
74	under this subsection must be supervised by a certified
75	pharmacist at a ratio of one pharmacist to one registered
76	intern.
77	(2) In order to address any unforeseen allergic reaction, a
78	pharmacist may administer epinephrine using an autoinjector
79	delivery system within the framework of an established protocol
80	under a supervising physician licensed under chapter 458 or
81	chapter 459 .
82	(3) A pharmacist may not <u>order or administer an</u>
83	immunization or a vaccine under this section enter into a
84	protocol unless he or she maintains at least \$200,000 of
85	professional liability insurance and has completed training in
86	administering vaccines authorized under this section.
87	(4) A pharmacist ordering or administering immunizations or
	Page 3 of 11

-	39-00954-21 2021898
88	vaccines under this section shall maintain and make available
89	patient records using the same standards for confidentiality and
90	maintenance of such records as those that are imposed on health
91	care practitioners under s. 456.057. These records shall be
92	maintained for a minimum of 5 years.
93	(5) The decision by a supervising physician licensed under
94	chapter 458 or chapter 459 to enter into a protocol under this
95	section is a professional decision on the part of the
96	practitioner, and a person may not interfere with a physician's
97	decision as to entering into such a protocol. A pharmacist may
98	not enter into a protocol that is to be performed while acting
99	as an employee without the written approval of the owner of the
100	pharmacy. Pharmacists shall forward vaccination records to the
101	department for inclusion in the state registry of immunization
102	information.
103	(6) Any pharmacist <u>seeking to order or administer,</u> or <u>any</u>
104	registered intern <u>or registered pharmacy technician</u> seeking to
105	administer <u>,</u> vaccines to adults under this section must be
106	certified to administer such vaccines pursuant to a
107	certification program approved by the Board of Pharmacy in
108	consultation with the Board of Medicine and the Board of
109	Osteopathic Medicine. The certification program shall, at a
110	minimum, require that the pharmacist attend at least 20 hours of
111	continuing education classes approved by the board and the
112	registered intern <u>or registered pharmacy technician</u> complete at
113	least 20 hours of coursework approved by the board. The program
114	shall have a curriculum of instruction concerning the safe and
115	effective administration of such vaccines, including, but not
116	limited to, potential allergic reactions to such vaccines.

Page 4 of 11

1	39-00954-21 2021898
117	(7) <u>To administer an immunization or a vaccine to a child</u>
118	younger than 18 years of age, a pharmacist, registered intern,
119	or registered pharmacy technician certified under subsection (6)
120	must first obtain a medical consent form signed by a person who
121	has the power to consent to medical care or treatment on behalf
122	of the child in accordance with s. 743.0645. The medical consent
123	form must contain a notice stating that the parent or guardian
124	of such child may refuse to have the child included in the
125	immunization registry under s. 381.003. If a parent or guardian
126	does not want the child included in the immunization registry,
127	he or she must provide to the pharmacist, registered intern, or
128	registered pharmacy intern a completed opt-out form approved by
129	the department upon administration of the vaccine. The
130	pharmacist administering the vaccine or supervising the
131	registered intern or registered pharmacy technician who
132	administered the vaccine shall submit the opt-out form to the
133	department. If a parent or guardian of a child younger than 18
134	years of age does not provide an opt-out form, the pharmacist
135	must report the vaccination data for such child to the
136	department in accordance with s. 381.003 The written protocol
137	between the pharmacist and supervising physician under this
138	section must include particular terms and conditions imposed by
139	the supervising physician upon the pharmacist relating to the
140	administration of vaccines by the pharmacist pursuant to this
141	section. The written protocol shall include, at a minimum,
142	specific categories and conditions among patients for whom the
143	supervising physician authorizes the pharmacist to administer
144	such vaccines. The terms, scope, and conditions set forth in the
145	written protocol between the pharmacist and the supervising
I	

Page 5 of 11

39-00954-21 2021898 physician must be appropriate to the pharmacist's training and 146 147 certification for administering such vaccines. Pharmacists who have been delegated the authority to administer vaccines under 148 149 this section by the supervising physician under the protocol 150 shall provide evidence of current certification by the Board of 151 Pharmacy to the supervising physician. A supervising physician 152 shall review the administration of such vaccines by the 153 pharmacist pursuant to the written protocol between them, and 154 this review shall take place as outlined in the written 155 protocol. The process and schedule for the review shall be 156 outlined in the written protocol between the pharmacist and the 157 supervising physician. 158 (8) A public or private third-party payor may not provide 159 coverage or reimbursement for immunizations or vaccines ordered or administered under this section at a rate lower than that 160 161 provided for immunizations or vaccines ordered or administered 162 by other health care practitioners The pharmacist shall submit 163 to the Board of Pharmacy a copy of his or her protocol or 164 written agreement to administer vaccines under this section. 165 Section 2. Paragraph (e) of subsection (1) of section 166 381.003, Florida Statutes, is amended to read: 167 381.003 Communicable disease and AIDS prevention and control.-168 (1) The department shall conduct a communicable disease 169 170 prevention and control program as part of fulfilling its public 171 health mission. A communicable disease is any disease caused by 172 transmission of a specific infectious agent, or its toxic 173 products, from an infected person, an infected animal, or the environment to a susceptible host, either directly or 174

Page 6 of 11

39-00954-21 2021898_ 175 indirectly. The communicable disease program must include, but 176 need not be limited to: 177 (e) Programs for the prevention and control of vaccine-178 preventable diseases, including programs to immunize school 179 children as required by s. 1003.22(3)-(11) and the development

children as required by s. 1003.22(3)-(11) and the development of an automated, electronic, and centralized database and registry of immunizations. The department shall ensure that all children in this state are immunized against vaccine-preventable diseases. The immunization registry must allow the department to enhance current immunization activities for the purpose of improving the immunization of all children in this state.

186 1. Except as provided in subparagraph 2., the department 187 shall include all children born in this state in the 188 immunization registry by using the birth records from the Office 189 of Vital Statistics. The department shall add other children to 190 the registry as immunization services are provided.

191 2. The parent or guardian of a child may refuse to have the 192 child included in the immunization registry by signing a form 193 obtained from the department, or from the health care 194 practitioner or entity that provides the immunization, which 195 indicates that the parent or quardian does not wish to have the 196 child included in the immunization registry. Each consent to 197 treatment form provided by a health care practitioner or by an 198 entity that administers vaccinations or causes vaccinations to 199 be administered to children from birth through 17 years of age 200 must contain a notice stating that the parent or guardian of a 201 child may refuse to have his or her child included in the 202 immunization registry. The parent or guardian must provide such opt-out form to the health care practitioner or entity upon 203

Page 7 of 11

39-00954-21 2021898 204 administration of the vaccination. Such health care practitioner 205 or entity shall submit the form to the department. A parent or 206 guardian may submit the opt-out form directly to the department. 207 Any records or identifying information pertaining to the child 208 shall be removed from the registry, if the parent or guardian 209 has refused to have his or her child included in the 210 immunization registry. 3. A college or university student, from 18 years of age to 211 23 years of age, who obtains a vaccination from a college or 212 213 university student health center or clinic in the state may 214 refuse to be included in the immunization registry by signing a 215 form obtained from the department, health center, or clinic 216 which indicates that the student does not wish to be included in 217 the immunization registry. The student must provide such opt-out 218 form to the health center or clinic upon administration of the 219 vaccination. Such health center or clinic shall submit the form 220 to the department. A student may submit the opt-out form 221 directly to the department. Any records or identifying 222 information pertaining to the student shall be removed from the 223 registry if the student has refused to be included in the 224 immunization registry. 225 4. The immunization registry shall allow for immunization

4. The immunization registry shall allow for immunization
records to be electronically available to entities that are
required by law to have such records, including, but not limited
to, schools and licensed child care facilities.

5. A health care practitioner licensed under chapter 458, chapter 459, or chapter 464<u>, or chapter 465</u> in this state who administers vaccinations or causes vaccinations to be administered to children from birth through 17 years of age is

Page 8 of 11

39-00954-21 2021898 233 required to report vaccination data to the immunization 234 registry, unless a parent or guardian of a child has refused to 235 have the child included in the immunization registry by meeting 236 the requirements of subparagraph 2. A health care practitioner 237 licensed under chapter 458, chapter 459, or chapter 464, or 238 chapter 465 in this state who administers vaccinations or causes 239 vaccinations to be administered to college or university 240 students from 18 years of age to 23 years of age at a college or university student health center or clinic is required to report 241 242 vaccination data to the immunization registry, unless the 243 student has refused to be included in the immunization registry 244 by meeting the requirements of subparagraph 3. Vaccination data 245 for students in other age ranges may be submitted to the immunization registry only if the student consents to inclusion 246 247 in the immunization registry. The upload of data from existing 248 automated systems is an acceptable method for updating 249 immunization information in the immunization registry. The information in the immunization registry must include the 250 251 child's name, date of birth, address, and any other unique 252 identifier necessary to correctly identify the child; the 253 immunization record, including the date, type of administered 254 vaccine, and vaccine lot number; and the presence or absence of 255 any adverse reaction or contraindication related to the 256 immunization. Information received by the department for the immunization registry retains its status as confidential medical 257 258 information and the department must maintain the confidentiality 259 of that information as otherwise required by law. A health care 260 practitioner or other agency that obtains information from the 261 immunization registry must maintain the confidentiality of any

39-00954-21 2021898 262 medical records in accordance with s. 456.057 or as otherwise 263 required by law. Section 3. Subsection (13) of section 465.003, Florida 264 265 Statutes, is amended to read: 266 465.003 Definitions.-As used in this chapter, the term: 267 (13) "Practice of the profession of pharmacy" includes 268 compounding, dispensing, and consulting concerning contents, 269 therapeutic values, and uses of any medicinal drug; consulting 270 concerning therapeutic values and interactions of patent or 271 proprietary preparations, whether pursuant to prescriptions or 272 in the absence and entirely independent of such prescriptions or orders; and conducting other pharmaceutical services. For 273 274 purposes of this subsection, the term "other pharmaceutical 275 services" means monitoring the patient's drug therapy and 276 assisting the patient in the management of his or her drug 277 therapy, and includes reviewing, and making recommendations 278 regarding, the patient's drug therapy and health care status in 279 communication with the patient's prescribing health care 280 provider as licensed under chapter 458, chapter 459, chapter 281 461, or chapter 466, or a similar statutory provision in another 282 jurisdiction, or such provider's agent or such other persons as 283 specifically authorized by the patient; and initiating, 284 modifying, or discontinuing drug therapy for a chronic health 285 condition under a collaborative pharmacy practice agreement. 286 This subsection may not be interpreted to permit an alteration 287 of a prescriber's directions, the diagnosis or treatment of any 288 disease, the initiation of any drug therapy, the practice of 289 medicine, or the practice of osteopathic medicine, unless 290 otherwise permitted by law or specifically authorized by s.

SB 898

	39-00954-21 2021898
291	465.1865 or s. 465.1895. The term "practice of the profession of
292	pharmacy" also includes any other act, service, operation,
293	research, or transaction incidental to, or forming a part of,
294	any of the foregoing acts, requiring, involving, or employing
295	the science or art of any branch of the pharmaceutical
296	profession, study, or training, and shall expressly permit a
297	pharmacist to transmit information from persons authorized to
298	prescribe medicinal drugs to their patients. The practice of the
299	profession of pharmacy also includes the administration of
300	vaccines to adults pursuant to s. 465.189, the testing or
301	screening for and treatment of minor, nonchronic health
302	conditions pursuant to s. 465.1895, and the preparation of
303	prepackaged drug products in facilities holding Class III
304	institutional pharmacy permits. The term also includes the
305	ordering and evaluating of any laboratory or clinical testing;
306	conducting patient assessments; and modifying, discontinuing, or
307	administering medicinal drugs pursuant to s. 465.0125 by a
308	consultant pharmacist.
309	Section 4. This act shall take effect July 1, 2021.
