Delete everything after the enacting clause

and insert:

Section 1. Section 119.0725, Florida Statutes, is created to read:

<u>119.0725 Agency cybersecurity information; public records</u> exemption; public meetings exemption.-

(1) As used in this section, the term:

570256

11	electronic form containing personal information. Good faith
12	access of personal information by an employee or agent of an
13	agency does not constitute a breach, provided that the
14	information is not used for a purpose unrelated to the business
15	or subject to further unauthorized use.
16	(b) "Critical infrastructure" means existing and proposed
17	information technology and operational technology systems and
18	assets, whether physical or virtual, the incapacity or
19	destruction of which would negatively affect security, economic
20	security, public health, or public safety.
21	(c) "Cybersecurity" has the same meaning as in s. 282.0041.
22	(d) "Data" has the same meaning as in s. 282.0041.
23	(e) "Incident" means a violation or imminent threat of
24	violation, whether such violation is accidental or deliberate,
25	of information technology resources, security, policies, or
26	practices. As used in this paragraph, the term "imminent threat
27	of violation" means a situation in which the agency has a
28	factual basis for believing that a specific incident is about to
29	occur.
30	(f) "Information technology" has the same meaning as in s.
31	282.0041.
32	(g) "Operational technology" means the hardware and
33	software that cause or detect a change through the direct
34	monitoring or control of physical devices, systems, processes,
35	or events.
36	(2) The following information held by an agency is
37	confidential and exempt from s. 119.07(1) and s. 24(a), Art. I
38	of the State Constitution:
39	(a) Coverage limits and deductible or self-insurance

40 amounts of insurance or other risk mitigation coverages acquired for the protection of information technology systems, 41 42 operational technology systems, or data of an agency. 43 (b) Information relating to critical infrastructure. 44 (c) Network schematics, hardware and software 45 configurations, or encryption information or information that identifies detection, investigation, or response practices for 46 47 suspected or confirmed cybersecurity incidents, including suspected or confirmed breaches, if the disclosure of such 48 49 information would facilitate unauthorized access to or 50 unauthorized modification, disclosure, or destruction of: 51 1. Data or information, whether physical or virtual; or 52 2. Information technology resources, which include an 53 agency's existing or proposed information technology systems. 54 (3) Any portion of a meeting that would reveal information 55 made confidential and exempt under subsection (2) is exempt from 56 s. 286.011 and s. 24(b), Art. I of the State Constitution. An 57 exempt portion of a meeting may not be off the record and must 58 be recorded and transcribed. The recording and transcript are 59 confidential and exempt from s. 119.07(1) and s. 24(a), Art. I 60 of the State Constitution. 61 (4) The public records exemptions contained in this section 62 apply to information held by an agency before, on, or after July 63 1, 2022. 64 (5) (a) Information made confidential and exempt pursuant to 65 this section shall be made available to a law enforcement 66 agency, the Auditor General, the Cybercrime Office of the 67 Department of Law Enforcement, the Florida Digital Service within the Department of Management Services, and, for agencies 68

92	suspected or confirmed breaches, are confidential and exempt
93	from s. 119.07(1) and s. 24(a), Art. I of the State
94	Constitution, if the disclosure of such records would facilitate
95	unauthorized access to or the unauthorized modification,
96	disclosure, or destruction of:
97	1. Data or information, whether physical or virtual; or

98	2. Information technology resources as defined in s.
99	119.011(9), which includes:
100	a. Information relating to the security of a supervisor of
101	elections' technology, processes, and practices designed to
102	protect networks, computers, data processing software, and data

128	cybersecurity incidents, including suspected or confirmed
129	breaches, are confidential and exempt from s. 119.07(1) and s.
130	24(a), Art. I of the State Constitution, if the disclosure of
131	such records would facilitate unauthorized access to or the
132	unauthorized modification, disclosure, or destruction of:
133	(a) Data or information, whether physical or virtual; or
134	(b) Information technology resources, which includes:
135	1. Information relating to the security of the agency's
136	technologies, processes, and practices designed to protect
137	networks, computers, data processing software, and data from
138	attack, damage, or unauthorized access; or
139	2. Security information, whether physical or virtual, which
140	relates to the agency's existing or proposed information
141	technology systems.
142	(6)(7) Those portions of a public meeting as specified in
143	s. 286.011 which would reveal records which are confidential and
144	exempt under subsection (5) or subsection (6) are exempt from s.
145	286.011 and s. 24(b), Art. I of the State Constitution. No
146	exempt portion of an exempt meeting may be off the record. All
147	exempt portions of such meeting shall be recorded and

156 information may be disclosed to a third party.

<u>(7)(8)</u> The portions of records made confidential and exempt in subsections (5) and, (6), and (7) shall be available to the Auditor General, the Cybercrime Office of the Department of Law Enforcement, the Florida Digital Service within the department, and, for agencies under the jurisdiction of the Governor, the Chief Inspector General. Such portions of records may be made available to a local government, another state agency, or a federal agency for cybersecurity purposes or in furtherance of the state agency's official duties.

(8) (9) The exemptions contained in subsections (5) and, (6), and (7) apply to records held by a state agency before, on, or after the effective date of this exemption.

<u>(9)</u> (10) Subsections (5) and, (6), and (7) are subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2025, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 4. (1) The Legislature finds that it is a public necessity that the following information held by an agency be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution:

(a) Coverage limits and deductible or self-insurance amounts of insurance or other risk mitigation coverages acquired for the protection of information technology systems, operational technology systems, or data of an agency.

(b) Information relating to critical infrastructure.

(c) Network schematics, hardware and software

184 configurations, or encryption information or information that

570256

185	identifies detection, investigation, or response practices for
186	suspected or confirmed cybersecurity incidents, including
187	suspected or confirmed breaches, if the disclosure of such
188	information would facilitate unauthorized access to or
189	unauthorized modification, disclosure, or destruction of:
190	1. Data or information, whether physical or virtual; or
191	2. Information technology resources, which include an
192	agency's existing or proposed information technology systems.
193	
194	Release of such information could place an agency at greater
195	risk of breaches, cybersecurity incidents, and ransomware
196	attacks. Such information could be used by criminals to identify
197	any vulnerabilities that may exist in an agency's security
198	system, thereby compromising the integrity of the agency's
199	information technology, operational technology, and data. If
200	information related to the coverage limits and deductible or
201	self-insurance amounts of cybersecurity insurance were
202	disclosed, it could give cybercriminals an understanding of the
203	monetary sum an agency can afford or may be willing to pay as a
204	result of a ransomware attack at the expense of the taxpayer. In
205	addition, critical infrastructure information is a vital
206	component of public safety and, if made publicly available,
207	could aid in the planning of, training for, and execution of
208	cyberattacks, thereby increasing the ability of persons to harm
209	individuals in this state. The recent cybersecurity hacking and
210	shutdown of the Colonial Pipeline by the criminal enterprise
211	DarkSide in 2021 and the infiltration of the Bowman Avenue Dam
212	in Rye Brook, New York, by Iranian hackers in 2013 provide
213	evidence that such criminal capabilities exist. These events
	1

214 also show the crippling effect that cyberattacks on critical 215 infrastructure may have. Further, the release of network 216 schematics, hardware and software configurations, or encryption 217 information or information that identifies detection, 218 investigation, or response practices for suspected or confirmed 219 cybersecurity incidents, including suspected or confirmed 220 breaches, would facilitate unauthorized access to or the 221 unauthorized modification, disclosure, or destruction of data or 2.2.2 information, whether physical or virtual, or information 223 technology resources. Such information also includes proprietary 224 information about the security of an agency's system. The 225 disclosure of such information could compromise the integrity of 226 an agency's data, information, or information technology 227 resources, which would significantly impair the administration 228 of vital governmental programs. Therefore, this information 229 should be made confidential and exempt in order to protect the 230 agency's data, information, and information technology 231 resources. 232 (2) The Legislature also finds that it is a public 233 necessity that any portion of a meeting that would reveal the 234 confidential and exempt information be made exempt from s. 235 286.011, Florida Statutes, and s. 24(b), Article I of the State 236 Constitution, and that any recordings and transcripts of the 2.37 closed portion of a meeting be made confidential and exempt from 238 s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the 239 State Constitution. The failure to close that portion of a 240 meeting at which confidential and exempt information would be 241 revealed, and prevent the disclosure of the recordings and 242 transcripts of those portions of a meeting, would defeat the

Page 9 of 11

570256

243	purpose of the underlying public records exemption and could
244	result in the release of highly sensitive information related to
245	the cybersecurity of an agency system.
246	(3) For these reasons, the Legislature finds that these
247	public records and public meetings exemptions are of the utmost
248	importance and are a public necessity.
249	Section 5. This act shall take effect on the same date that
250	SB 1670 or similar legislation takes effect, if such legislation
251	is adopted in the same legislative session or an extension
252	thereof and becomes law.
