40 read:

41 944.175 Restrictions on the use of confinement.—

42 (1) DEFINITIONS.—As used in this section, the term:

43 (a) "Exigent circumstances" means circumstances that pose  
44 an immediate and substantial threat to the safety of an inmate  
45 or a correctional staff member.

46 (b) "Inmate" means a person in the custody of the  
47 department who is 18 years of age or older.

48 (c) "Mental health professional" means a psychiatrist,  
49 psychologist, social worker, or nurse practitioner.

50 (d) "Restrictive confinement" means the involuntary  
51 placement of an inmate in a cell alone, or with other inmates in  
52 substantial isolation, for more than 20 hours per day.

59 (g) "Youth" means a person in the custody of the department  
60 who is younger than 18 years of age.

61 (2) PROHIBITION ON THE USE OF SOLITARY CONFINEMENT.—An  
62 inmate may not be placed in solitary confinement.

63 (3) LIMITATIONS ON THE USE OF RESTRICTIVE CONFINEMENT.—An  
64 inmate may not be placed in restrictive confinement except under  
65 exigent circumstances, if such placement will significantly  
66 reduce the safety threat that the exigent circumstances create.  
67 An inmate may not be confined for any period of time to an  
68 individual cell as a consequence for noncompliance, as  
69 punishment or harassment, or in retaliation for his or her  
70 conduct. If exigent circumstances exist and the inmate is placed  
71 in restrictive confinement, the inmate:

72 (a) May not be housed in restrictive confinement for more  
73 than 15 consecutive days;

74 (b) May not be housed in restrictive confinement for more  
75 than 20 days within a 60-day period;

76 (c) May be housed in restrictive confinement only until the  
77 substantial threat to the safety of an inmate or a correctional  
78 staff member has ended and must be under the least restrictive  
79 conditions practicable in relation to the exigent circumstances  
80 necessitating the use of restrictive confinement. The  
81 confinement must include at least 4 hours of out-of-cell time  
82 every day;

83 (d) Must be allowed to participate in meaningful  
84 programming opportunities and privileges that are consistent  
85 with those available to the general inmate population, as  
86 practicable. The programming opportunities and privileges may  
87 take place individually or in a classroom setting;

34-00134-22

2022206\_\_

88 (e) Must be allowed to have as much meaningful interaction  
89 with others, such as other inmates, visitors, clergy, and  
90 licensed mental health professionals, as practicable; and

91 (f) Must be evaluated by a licensed mental health  
92 professional at least once every 24 hours to determine whether  
93 the inmate should remain in restrictive confinement or be  
94 removed from restrictive confinement to prevent a serious risk  
95 of harm to the inmate. The licensed mental health professional  
96 who conducts the mental health evaluation shall document each  
97 evaluation. The documented evaluation must be placed in the  
98 inmate's records. If the licensed mental health professional  
99 determines that continued housing in restrictive confinement  
100 poses a serious risk of harm to the inmate, the inmate must be  
101 removed from restrictive confinement within 24 hours after such  
102 determination.

103 (4) INMATES FOR WHOM RESTRICTIVE CONFINEMENT IS  
104 PROHIBITED.—An inmate may not be placed in restrictive  
105 confinement solely on the basis of the inmate's identification  
106 or status as a member of a vulnerable population, including an  
107 inmate who is lesbian, gay, bisexual, transgender, intersex, or  
108 gender nonconforming.

109 (5) YOUTHS AND YOUNG ADULTS.—

110 (a) A youth or young adult may not be placed in restrictive  
111 confinement unless:

112 1. The youth's or young adult's behavior poses a serious  
113 and immediate threat and such confinement is a necessary and  
114 temporary response to the behavior;

115 2. All other options to deescalate the situation resulting  
116 from the youth's or young adult's behavior have been exhausted,

34-00134-22

117 including less restrictive techniques such as penalizing the  
118 youth or young adult through loss of privileges, speaking with  
119 the youth or young adult in an attempt to resolve the situation,  
120 and having a licensed mental health professional provide an  
121 appropriate level of care; and

122 3. If the youth or young adult poses a substantial and  
123 immediate threat to others, such confinement may continue only  
124 for the time necessary for the youth or young adult to regain  
125 self-control. The confinement may not exceed 3 hours. Within 1  
126 hour after such placement, a licensed mental health professional  
127 shall make a determination approving or disapproving the holding  
128 of the youth or young adult past the initial hour of  
129 confinement. The licensed mental health professional shall make  
130 such determination every hour thereafter in order to continue  
131 the confinement.

132 (b) If the youth or young adult continues to pose a  
133 substantial and immediate threat after the applicable maximum  
134 period of confinement specified under subparagraph (a)3. has  
135 expired, the youth or young adult must be transferred to another  
136 facility or to an internal location where crisis services may be  
137 provided to the youth or young adult. If a licensed mental  
138 health professional believes the level of crisis services needed  
139 is not available on site, a facility staff member must initiate  
140 a referral to a location that can provide the services required  
141 to meet the youth's or young adult's needs.

142 (6) INMATES WITH MEDICAL NEEDS.—An inmate who has a serious  
143 mental illness, has an intellectual disability, has a physical  
144 disability that a licensed medical health professional  
145 determines is likely to be exacerbated by placement in

146 restrictive confinement, is pregnant or in the first 8 weeks of  
147 postpartum recovery, or has been determined by a licensed mental  
148 health professional to likely be significantly and adversely  
149 affected by placement in restrictive confinement may not be  
150 placed in restrictive confinement unless all of the following  
151 apply:

152 (a) The inmate poses a substantial and immediate threat.

153 (b) All other options to deescalate the situation resulting  
154 from the inmate's behavior have been exhausted, including less  
155 restrictive techniques such as penalizing the inmate through  
156 loss of privileges, speaking with the inmate in an attempt to  
157 resolve the situation, and having a licensed mental health  
158 professional provide an appropriate level of care.

159 (c) Such confinement may continue only until the  
160 substantial and immediate threat has ended and is limited to the  
161 least restrictive conditions practicable. The inmate must have  
162 access to medical care and mental health treatment during such  
163 confinement.

164 (d) Such confinement is reviewed by a multidisciplinary  
165 staff committee for appropriateness every 24 hours after such  
166 confinement begins.

167 (e) As soon as practicable, but within at least 5 days  
168 after such confinement begins, the inmate is diverted, upon  
169 release from restrictive confinement, to a general population  
170 unit or a mental health treatment program.

171 (7) REPORTING.—The facility must keep a record of each time  
172 restrictive confinement is used under subsections (5) and (6).  
173 The warden of the facility shall review such records each month,  
174 and the department shall provide a report based on the warden's

175 review to the Department of Law Enforcement each month.

176 (8) REVIEW.—An inmate who is placed in restrictive  
177 confinement is entitled to a review of his or her initial  
178 placement and any extension of restrictive confinement within 72  
179 hours after first being placed in restrictive confinement. The  
180 review must be conducted by a multidisciplinary staff committee
