

The Florida Senate
HOUSE MESSAGE SUMMARY

Prepared By: The Professional Staff of the Committee on Health Policy

[2022s00312.hms.hp]

BILL: SB 312
INTRODUCER: Senator Diaz
SUBJECT: Telehealth
DATE: February 22, 2022

I. Amendments Contained in Message:

House Amendment – 667321 (body with directory and title)

II. Summary of Amendments Contained in Message:

House Amendment - 667321 deletes language from the bill that would remove “audio-only telephone calls” from a list of items excluded from the definition of “telehealth.” The current-law definition of “telehealth” in s. 456.47, F.S., explicitly excludes audio-only telephone calls, and the House amendment retains that exclusion.
