### SUMMARY ANALYSIS

HB 457 passed the House on February 10, 2022, and subsequently passed the Senate on March 10, 2022.

The State of Florida owns lands for many purposes including preservation, conservation, recreation, water management, historic preservation, and administration of government. Most of these lands are held by the Board of Trustees of the Internal Improvement Trust Fund, consisting of the Governor and Cabinet. The Board may acquire, sell, transfer, and administer state lands in the manner consistent with chapters 253 and 259, F.S.

Indian River State College (IRSC) is a member of the Florida College System serving Indian River, Martin, Okeechobee, and St. Lucie Counties. IRSC operates five campuses and serves approximately 30,000 students. One of IRSC's campuses, the Pruitt Campus, was previously operated as a joint-use campus with Florida Atlantic University (FAU). FAU discontinued operations on its portion of the campus in 2012 due to budget issues and agreed to transfer its portion of the property to IRSC. IRSC signed a 50-year lease in 2014 with the Board of Trustees of the Internal Improvement Trust Fund to use the portions of the campus that had previously belonged to FAU. The entirety of IRSC's four other campuses, as well as the remainder of the Pruitt Campus, is owned directly by the IRSC District Board of Trustees.

The bill directs the Trustees of the Internal Improvement Trust Fund to convey in fee simple to the District Board of Trustees of IRSC property currently held by the Trustees of the Internal Improvement Trust Fund that previously constituted the FAU portions of the Pruitt Campus. The bill requires IRSC to manage and protect the property and to continuously use the property for educational means and purposes. In the event of a sale or disposition of the property, the bill gives the Trustees of the Internal Improvement Trust Fund the option to regain ownership of the property. The bill requires the Trustees of the Internal Improvement Trust Fund to convey the property within 60 days of the effective date of the act, which is the earlier of when the bill becomes a law or June 1, 2022.

The bill was approved by the Governor on May 3, 2022, ch. 2022-231, L.O.F., and became effective on that date.

## I. SUBSTANTIVE INFORMATION

### A. EFFECT OF CHANGES:

#### **Background**

##### State Lands

The State of Florida owns lands for many purposes including preservation, conservation, recreation, water management, historic preservation, and administration of government. These lands include:

- All swamp and overflowed lands held by the state or which may inure to the state;
- All lands owned by the state by right of its sovereignty;<sup>1</sup>
- All internal improvement lands proper;
- All tidal lands;
- All lands covered by shallow waters of the ocean or gulf, or bays or lagoons thereof, and all lands owned by the state covered by fresh water;
- All parks, reservations, or lands or bottoms set aside in the name of the state, excluding lands held for transportation facilities and transportation corridors and canal rights-of-way; and
- All lands which have accrued, or which may accrue, to the state.<sup>2</sup>

State lands are held in trust for the use and benefit of the people of Florida by the Board of Trustees of the Internal Improvement Trust Fund.<sup>3</sup> The board consists of the Governor, Attorney General, Chief Financial Officer, and Commissioner of Agriculture.<sup>4</sup> This body may acquire, sell, transfer, and administer state lands in the manner consistent with chapters 253 and 259, F.S.<sup>5</sup>

The Department of Environmental Protection, through its Division of State Lands, generally performs all staff duties and functions related to the acquisition, administration, and disposition of state lands, although certain staff duties related to state lands may be performed by water management districts, the Department of Agriculture and Consumer Services, and the Fish and Wildlife Conservation Commission.<sup>6</sup> College and university facilities owned by the state total over 163 million square feet of space statewide.<sup>7</sup>

##### Indian River State College

Originally established as Indian River Junior College in 1959, Indian River State College (IRSC) moved to its present primary campus on Virginia Avenue in Fort Pierce in 1963.<sup>8</sup> IRSC merged with Lincoln Junior College in 1965 to create one institution serving students in Indian River, Martin, Okeechobee and St. Lucie Counties. In the years since, the institution has undergone two name changes, first to Indian River Community College in 1970 and then to IRSC in 2008 to reflect its status as a baccalaureate degree granting institution. IRSC currently enrolls approximately 30,000 students and
