(1)

(b) If the picture identification does not contain the
signature of the elector, an additional identification that
provides the elector’s signature shall be required. The address
appearing on the identification presented by the elector may not
be used as the basis to confirm an elector’s legal residence or
otherwise challenge an elector’s legal residence. The elector
shall sign his or her name in the space provided on the precinct
register or on an electronic device provided for recording the
elector’s signature. The clerk or inspector shall compare the
signature with that on the identification provided by the
elector and enter his or her initials in the space provided on
the precinct register or on an electronic device provided for
that purpose and allow the elector to vote if the clerk or
inspector is satisfied as to the identity of the elector.

Section 15. Paragraph (a) of subsection (4) and subsection
(8) of section 101.5614, Florida Statutes, are amended to read:

101.5614 Canvass of returns.—

(4)(a) If any vote-by-mail ballot is physically damaged so
that it cannot properly be counted by the voting system’s
automatic tabulating equipment, a true duplicate copy shall be
made of the damaged ballot in an open and accessible room in the
presence of witnesses and substituted for the damaged ballot.
Likewise, a duplicate ballot shall be made of a vote-by-mail
ballot containing an overvoted race if there is a clear
indication on the ballot that the voter has made a definite
choice in the overvoted race or ballot measure. A duplicate
shall include all valid votes as determined by the canvassing
board based on rules adopted by the division pursuant to s.
102.166(4). A duplicate may be made of a ballot containing an
undervoted race or ballot measure if there is a clear indication
on the ballot that the voter has made a definite choice in the
undervoted race or ballot measure. A duplicate may not include a
vote if the voter’s intent in such race or on such measure is
not clear. Upon request, a physically present candidate, a
political party official, a political committee official, or an
authorized designee thereof, must be allowed to observe the
duplication of ballots upon signing an affidavit affirming his
or her acknowledgment that disclosure of election results
discerned from observing the ballot duplication process while
the election is ongoing is a felony, as provided under
subsection (8). The observer must be allowed to observe the
duplication of ballots in such a way that the observer is able
to see the markings on each ballot and the duplication taking
place. All duplicate ballots must be clearly labeled
“duplicate,” bear a serial number which shall be recorded on the
defective ballot, and be counted in lieu of the defective
ballot. The duplication of ballots must happen in the presence
of at least one canvassing board member. After a ballot has been
duplicated, the defective ballot shall be placed in an envelope
provided for that purpose, and the duplicate ballot shall be
tallied with the other ballots for that precinct. If any
observer makes a reasonable objection to a duplicate of a
ballot, the ballot must be presented to the canvassing board for
a determination of the validity of the duplicate. The canvassing
board must document the serial number of the ballot in the
canvassing board’s minutes. The canvassing board must decide
whether the duplication is valid. If the duplicate ballot is
determined to be valid, the duplicate ballot must be counted. If
the duplicate ballot is determined to be invalid, the duplicate
ballot must be rejected and a proper duplicate ballot must be
made and counted in lieu of the original.

(8) Any supervisor of elections, deputy supervisor of
elections, canvassing board member, election board member, or
election employee, or other person authorized to observe,
review, or inspect ballot materials or observe canvassing who releases any information about votes cast for or against any candidate or ballot measure or any the results of any election before prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

All such ballots shall be mailed by first-class mail. Ballots shall be addressed to each elector at the address appearing in the registration records and placed in an envelope which is prominently marked “Do Not Forward.”

(6) The canvassing board may begin the canvassing of mail ballots as provided by s. 101.68(2)(a). The criminal penalty specified in that paragraph for the release of results before 7 p.m. on election day is also applicable to canvassing conducted under this act at 7 a.m. on the sixth day before the election, including processing the ballots through the tabulating equipment. However, results may not be released until after 7 p.m. on election day. Any canvassing board member or election employee who releases any result before 7 p.m. on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 25. (1) It is the intent of the Legislature to balance the security of vote-by-mail balloting with voter privacy and election transparency. The Legislature finds that further modifications to procedures governing vote-by-mail balloting would help to further ensure election integrity while also protecting voters from identity theft and preserving the public’s right to participate in election processes. To achieve this purpose, the Legislature directs the Department of State to provide a plan to prescribe the use of a Florida driver license number, Florida identification card number, social security number, or any part thereof to confirm the identity of each elector returning a vote-by-mail ballot.

(2) The Department of State shall review issues involving the feasibility, development, and implementation of such a plan, including issues related to:

(a) In coordination with other agencies such as the Department of Highway Safety and Motor Vehicles, obtaining a
Florida driver license number or Florida identification card number and the last four digits of a social security number for each registered voter who does not have such numbers on file in the Florida Voter Registration System.

(b) Populating such numbers in the Florida Voter Registration System.

(c) Protecting identifying numbers submitted with a vote-by-mail ballot, including, but not limited to, prescribing the form of the return mailing envelope.

(d) Any necessary modifications to canvassing procedures for vote-by-mail ballots.

(e) Costs associated with development and implementation of the plan.

(f) A proposal for a program to educate electors on changes to the vote-by-mail process.

(g) A proposal for including a declaration of an elector’s current address of legal residence with each written request for a vote-by-mail ballot.

(3) In the course of reviewing the required issues, the Department of State must, at a minimum:

(a) Review relevant processes of other states.

(b) Review relevant federal law.

(c) Seek input from supervisors of elections, which must include representation from supervisors of counties with large, medium, and small populations.

(4) By January 1, 2023, the Department of State shall submit to the President of the Senate and the Speaker of the House of Representatives a report on the plan and draft legislation for any statutory changes needed to implement the
Section 26. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.
