

HOUSE OF REPRESENTATIVES STAFF FINAL BILL ANALYSIS

BILL #: CS/HB 109 State Park Campsite Reservations

SPONSOR(S): Agriculture & Natural Resources Appropriations Subcommittee, Canady and others

TIED BILLS: **IDEN./SIM. BILLS:** CS/SB 76

FINAL HOUSE FLOOR ACTION: 107 Y's

0 N's

GOVERNOR'S ACTION: Approved

SUMMARY ANALYSIS

CS/HB 109 passed the House on March 24, 2023, and subsequently passed the Senate on April 4, 2023.

The Division of Recreation and Parks within the Department of Environmental Protection is responsible for overseeing Florida's 175 award-winning state parks, which span nearly 800,000 acres and 100 miles of coastline. During Fiscal Year 2021-2022, over 32 million people visited Florida state parks. Florida residents, on average, made up 61 percent of all overnight visitors. Visitors can camp in 57 state parks, 52 of which have amenities specifically for RV campers.

Florida state parks allow visitors to make reservations up to 11 months in advance, by phone or online. This booking window applies to both Florida residents and nonresidents. New dates become available daily at 8:00 a.m. Any new camping sites that become available throughout the day due to a cancellation are randomly released back into inventory following the cancellation.

The bill requires the Division of Recreation and Parks to allow individuals to make reservations for state park cabins and campsites, including RV, tent, boat, and equestrian sites, as follows:

- For Florida residents, reservations up to 11 months in advance.
- For nonresidents, reservations up to 10 months in advance.

The bill requires a Florida resident who wishes to book a state park campsite more than 10 months in advance to provide a valid Florida driver license number or the identification number from a Florida identification card as proof of residency when making a reservation.

The bill will have an insignificant negative fiscal impact on state government that can be absorbed within existing resources.

The bill was approved by the Governor on May 11, 2023, ch. 2023-62, L.O.F., and will become effective on January 1, 2024.

I. SUBSTANTIVE INFORMATION

A. EFFECT OF CHANGES:

Background

Florida State Parks

The Division of Recreation and Parks within the Department of Environmental Protection (DEP) is responsible for overseeing Florida's 175 award-winning¹ state parks, spanning nearly 800,000 acres and 100 miles of coastline.² During Fiscal Year 2021-2022, over 32 million people visited Florida state parks.³ While approximately 75 percent of those visitors were "non-local," meaning they traveled from more than 50 miles away,⁴ Florida residents have, on average, made up 61 percent of all overnight visitors.⁵

Visitors can camp in 57 state parks, 52 of which have amenities specifically for RV campers.⁶ Full-facility campsites for tent and RV campers include water, electricity, a grill and picnic table, as well as centralized showers, restrooms, and dump stations.⁷ Twenty-eight state parks provide primitive campgrounds. These sites have limited improvements, such as a fire ring and a cleared area for tent camping, but generally have no electric power, and may or may not have potable water or bathroom facilities and are typically accessible by foot, bicycle, or canoe/kayak only.⁸ Other camping experiences in state parks include cabins,⁹ equestrian accommodations,¹⁰ and boat slips.¹¹ Some parks also have glamorous camping (glamping) sites that include canvas tents with beds, seating areas, and electricity.¹² Glamping site reservations are booked through third-party vendors.¹³

Camping Reservations

Florida state parks allow visitors to make reservations up to 11 months in advance,¹⁴ by phone or online.¹⁵ This booking window applies to both Florida residents and nonresidents. New dates become available daily at 8:00 a.m.¹⁶ Any new camping sites that become available throughout the day due to a cancellation are randomly released back into inventory following the cancellation.¹⁷

The maximum length of stay for a single reservation is 14 nights total. After 14 nights, visitors must leave the park for at least three nights before returning for a new stay. Based on availability and once the camper is registered and on-site, the park manager or designee may, at their discretion, extend a camper's current stay up to an additional 14 nights. The maximum continuous length of stay in any one park is 28 nights. Campers are permitted up to 56 nights of total occupancy in any one park in each six-month period, defined as October 1 to March 31, and April 1 to September 30. All campsites or cabins not reserved or occupied may be rented to walk-in visitors on a first-come, first-served basis.¹⁸

Campsite fees and rental rates vary by park and are generally the same for residents and nonresidents.¹⁹ Only certain Florida citizens—those who are 65 years of age or older, who are disabled, or who operate a licensed family foster home—are eligible for a 50 percent discount.²⁰ Recipients of such discounts must provide proof of eligibility.²¹

Effect of the Bill

The bill requires the Division of Recreation and Parks to allow individuals to make reservations for state park cabins and campsites, including RV, tent, boat, and equestrian sites, as follows:

- For Florida residents, reservations up to 11 months in advance.
- For nonresidents, reservations up to 10 months in advance.

The bill requires a Florida resident who wishes to book a state park campsite more than 10 months in advance to provide a valid Florida driver license number or the identification number from a Florida identification card as proof of residency when making a reservation.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

¹⁴ Certain county parks allow advance reservations for residents. For example, Brevard County, Palm Beach County, and Fort De Soto Park in Pinellas County allow in-county residents to make reservations before nonresidents. *See* Brevard County Parks, *Parks & Recreation Online Portal Search*,

2. Expenditures:

Implementation of these changes would require an estimated \$238,000 in nonrecurring contracted services to reconfigure existing software and add additional capabilities to interface with the residency certification data. DEP can absorb this cost within existing departmental resources.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.
