A complete airport site approval application that is not approved or denied within 30 days after the department receives the completed application is considered approved, and the approval order shall be issued, subject to

13 department's intent to approve or deny an applicant's private  
14 temporary airport site approval order or public temporary

16 notice of intent to approve or deny the application in the next  
17 available publication of the Florida Administrative Register.  
18 The notice must inform the recipient of any administrative  
19 hearing that is available, indicate the procedure that must be  
20 followed to obtain the hearing, and state that a request for  
21 hearing must be submitted no later than 14 days after the date  
22 of publication. The issuance of the site approval order must be  
23 held in abeyance if a hearing is requested by a person whose  
24 substantial interests will be determined or affected by the  
25 pending public temporary airport or private temporary airport  
26 site approval order. If site approval is granted, licensure of  
27 the public temporary airport or registration of the private  
28 temporary airport is deemed complete, and the department must  
29 issue the public temporary airport license or private temporary  
30 airport registration concurrent with the airport site approval.  
31 Any applicant seeking to claim registration by default under  
32 this subparagraph shall notify the agency clerk of the  
33 department, in writing, of the applicant's intent to rely upon  
34 the default registration provision of this subparagraph and may  
35 not take any action based upon the default registration until  
36 after receipt of such notice by the agency clerk.
