14 physician must concur with this determination, and such
15 concurrence must be documented in the patient's medical record.

32 the dosage not to exceed the daily dose amount determined by the
33 department, the amount and forms of marijuana authorized for the
34 patient, and any types of marijuana delivery devices needed by

46 patient, or the patient's parent or legal guardian if the
47 patient is a minor, must sign the informed consent acknowledging
48 that the qualified physician has sufficiently explained its
49 content. The qualified physician must use a standardized
50 informed consent form adopted in rule by the Board of Medicine
51 and the Board of Osteopathic Medicine, which must include, at a
52 minimum, information related to:

53 a. The Federal Government's classification of marijuana as
54 a Schedule I controlled substance.

55 b. The approval and oversight status of marijuana by the

71 use registry may be used for research purposes.

72 (g) A qualified physician must evaluate an existing
73 qualified patient at least once every 30 weeks before issuing a
74 new physician certification. The evaluation may be conducted
75 through telehealth as defined in s. 456.47, provided it is with
76 the qualified physician who performed the initial in-person
77 examination of the qualified patient. A physician must:

78 1. Determine if the patient still meets the requirements to
79 be issued a physician certification under paragraph (a).
