100 Section 1. Present subsections (78) through (109) of section  
101 316.003, Florida Statutes, are redesignated as subsections (79)  
102 through (110), respectively, a new subsection (78) is added to  
103 that section, and subsection (64) of that section is amended, to  
104 read:

105 316.003 Definitions.—The following words and phrases, when  
106 used in this chapter, shall have the meanings respectively  
107 ascribed to them in this section, except where the context  
108 otherwise requires:

109 (64) PRIVATE ROAD OR DRIVEWAY.—Except as otherwise provided  
110 in paragraph (88) (b) ~~(87) (b)~~, any privately owned way or place  
111 used for vehicular travel by the owner and those having express  
112 or implied permission from the owner, but not by other persons.

113 (78) SCHOOL BUS INFRACTION DETECTION SYSTEM.—A camera  
114 system affixed to a school bus with two or more camera sensors

2023766er

117 documenting a motor vehicle being used or operated in a manner  
118 that allegedly violates s. 316.172(1)(a) or (b).

119 Section 2. Section 316.173, Florida Statutes, is created to  
120 read:

121 316.173 School bus infraction detection systems.—

122 (1)(a) A school district may install and operate a school  
123 bus infraction detection system on a school bus for the purpose  
124 of enforcing s. 316.172(1)(a) and (b) as provided in and  
125 consistent with this section.

126 (b) The school district may contract with a private vendor  
127 or manufacturer to install a school bus infraction detection  
128 system on any school bus within its fleet, whether owned,  
129 contracted, or leased, and for services including, but not  
130 limited to, the installation, operation, and maintenance of the  
131 system. The school district's decision to install school bus  
132 infraction detection systems must be based solely on the need to  
133 increase public safety. An individual may not receive a  
134 commission from any revenue collected from violations detected  
135 through the use of a school bus infraction detection system. A  
136 private vendor or manufacturer may not receive a fee or  
137 remuneration based upon the number of violations detected  
138 through the use of a school bus infraction detection system.

139 (c) The school district must ensure that each school bus  
140 infraction detection system meets the requirements of subsection  
141 (18).

142 (d) The school district must enter into an interlocal  
143 agreement with one or more law enforcement agencies authorized  
144 to enforce violations of s. 316.172(1)(a) and (b) within the  
145 school district which jointly establishes the responsibilities

2023766er

146 of enforcement and the reimbursement of costs associated with  
147 school bus infraction detection systems consistent with this  
148 section.

149 (2) (a) The school district must post high-visibility  
150 reflective signage on the rear of each school bus in which a  
151 school bus infraction detection system is installed and  
152 operational which indicates the use of such system. The signage  
153 must be in the form of one or more signs or stickers and must  
154 contain the following elements in substantially the following  
155 form:

156 1. The words "STOP WHEN RED LIGHTS FLASH" or "DO NOT PASS  
157 WHEN RED LIGHTS FLASH."

158 2. The words "CAMERA ENFORCED."

159 3. A graphic depiction of a camera.

160 (b) The signage must occupy at least 75 percent of the  
161 available space that does not contain signs or insignia that are  
162 required by other applicable law or by the State Board of  
163 Education.

164 (c) The sufficiency of signage or compliance with the  
165 signage requirements under this subsection may not be raised in  
166 a proceeding challenging a violation of s. 316.172(1) (a) or (b).

167 (3) If a school district that has never conducted a school  
168 bus infraction detection system program begins such a program,  
169 the school district must make a public announcement and conduct  
170 a public awareness campaign of the proposed use of school bus  
171 infraction detection systems at least 30 days before commencing  
172 enforcement under the school bus infraction detection system  
173 program and notify the public of the specific date on which the  
174 program will commence. During the 30-day public awareness

2023766er

175 campaign, only a warning may be issued to the registered owner  
176 of a motor vehicle for a violation of s. 316.172(1)(a) or (b)  
177 enforced by a school bus infraction detection system, and a  
178 civil penalty may not be imposed under chapter 318.

179 (4) Within 30 days after an alleged violation of s.  
180 316.172(1)(a) or (b) is recorded by a school bus infraction  
181 detection system, the school district or the private vendor or  
182 manufacturer under paragraph (1)(b) must submit the following  
183 information to a law enforcement agency that has entered into an  
184 interlocal agreement with the school district pursuant to  
185 paragraph (1)(d) and has traffic infraction enforcement  
186 jurisdiction at the location where the alleged violation  
187 occurred:

188 (a) A copy of the recorded video and images showing the  
189 motor vehicle allegedly violating s. 316.172(1)(a) or (b).

190 (b) The motor vehicle's license plate number and the state  
191 of issuance of the motor vehicle's license plate.

192 (c) The date, time, and location of the alleged violation.

193 (5) Within 30 days after receiving the information required  
194 in subsection (4), the law enforcement agency, if it determines  
195 that the motor vehicle violated s. 316.172(1)(a) or (b), must  
196 send notice of violation to the registered owner of the motor  
197 vehicle involved in the violation specifying the remedies  
198 available under s. 318.14 and that the violator must pay the  
199 penalty under s. 318.18(5) or furnish an affidavit in accordance  
200 with subsection (10) within 30 days after the notice of  
201 violation is sent in order to avoid court fees, costs, and the  
202 issuance of a uniform traffic citation. The notice of violation  
203 must be sent by first-class mail and include all of the

2023766er

204 following:

205 (a) A copy of one or more recorded images showing the motor  
206 vehicle involved in the violation, including an image showing  
207 the license plate of the motor vehicle.

208 (b) The date, time, and location of the violation.

209 (c) The amount of the civil penalty, the date by which the  
210 civil penalty must be paid, and instructions on how to pay the  
211 civil penalty.

212 (d) Instructions on how to request a hearing to contest  
213 liability or the notice of violation.

214 (e) A notice that the owner has the right to review, in  
215 person or remotely, the video and images recorded by the school  
216 bus infraction detection system which constitute a rebuttable  
217 presumption that the motor vehicle was used in violation of s.  
218 316.172(1) (a) or (b).

219 (f) The time when, and the place or website at which, the  
220 recorded video and images may be examined and observed.

221 (g) A warning that failure to pay the civil penalty or to  
222 contest liability within 30 days after the notice is sent will  
223 result in the issuance of a uniform traffic citation.

224 (6) If the registered owner or co-owner of the motor  
225 vehicle; the person identified as having care, custody, or  
226 control of the motor vehicle at the time of the violation; or an  
227 authorized representative of the owner, co-owner, or identified  
228 person initiates a proceeding to challenge the violation, such  
229 person waives any challenge or dispute as to the delivery of the  
230 notice of violation.

231 (7) The civil penalties assessed and collected for a  
232 violation of s. 316.172(1) (a) or (b) enforced by a school bus

2023766er

233 infraction detection system must be remitted to the school  
234 district in which the violation occurred. Such civil penalties  
235 must be used for the installation or maintenance of school bus  
236 infraction detection systems on school buses, for any other  
237 technology that increases the safety of the transportation of  
238 students, or for the administration and costs associated with  
239 the enforcement of violations as described in this section.

240 (8) A uniform traffic citation must be issued by mailing  
241 the uniform traffic citation by certified mail to the address of  
242 the registered owner of the motor vehicle involved in the  
243 violation if payment has not been made within 30 days after  
244 notification under subsection (5) and if the registered owner  
245 has not submitted an affidavit in accordance with subsection  
246 (10).

247 (a) Delivery of the uniform traffic citation constitutes  
248 notification of a violation under this subsection. If the  
249 registered owner or co-owner of the motor vehicle; the person  
250 identified as having care, custody, or control of the motor  
251 vehicle at the time of the violation; or a duly authorized  
252 representative of the owner, co-owner, or identified person  
253 initiates a proceeding to challenge the citation, such person  
254 waives any challenge or dispute as to the delivery of the  
255 uniform traffic citation.

256 (b) In the case of joint ownership of a motor vehicle, the  
257 uniform traffic citation must be mailed to the first name  
258 appearing on the motor vehicle registration, unless the first  
259 name appearing on the registration is a business organization,  
260 in which case the second name appearing on the registration may  
261 be used.

2023766er

262 (c) The uniform traffic citation mailed to the registered  
263 owner of the motor vehicle involved in the violation must be  
264 accompanied by information described in paragraphs (5) (a)-(f).

265 (9) The registered owner of the motor vehicle involved in  
266 the violation is responsible and liable for paying the uniform  
267 traffic citation issued for a violation of s. 316.172(1) (a) or  
268 (b) unless the owner can establish that:

269 (a) The motor vehicle was, at the time of the violation, in  
270 the care, custody, or control of another person;

271 (b) A uniform traffic citation was issued by a law  
272 enforcement officer to the driver of the motor vehicle for the  
273 alleged violation of s. 316.172(1) (a) or (b); or

274 (c) The motor vehicle's owner was deceased on or before the  
275 date of the alleged violation, as established by an affidavit  
276 submitted by the representative of the motor vehicle owner's  
277 estate or other identified person or family member.

278 (10) To establish such facts under subsection (9), the  
279 registered owner of the motor vehicle must, within 30 days after  
280 the date of issuance of the notice of violation or the uniform  
281 traffic citation, furnish to the law enforcement agency that  
282 issued the notice of violation or uniform traffic citation an  
283 affidavit setting forth information supporting an exception  
284 under subsection (9).

285 (a) An affidavit supporting the exception under paragraph  
286 (9) (a) must include the name, address, date of birth, and, if  
287 known, the driver license number of the person who leased,  
288 rented, or otherwise had care, custody, or control of the motor  
289 vehicle at the time of the alleged violation. If the motor  
290 vehicle was stolen at the time of the alleged violation, the

2023766er

291 affidavit must include the police report indicating that the  
292 motor vehicle was stolen.

293 (b) If a uniform traffic citation for a violation of s.  
294 316.172(1) (a) or (b) was issued at the location of the violation  
295 by a law enforcement officer, the affidavit must include the  
296 serial number of the uniform traffic citation.

297 (c) If the motor vehicle's owner to whom a notice of  
298 violation or a uniform traffic citation has been issued is  
299 deceased, the affidavit must include a certified copy of the  
300 owner's death certificate showing that the date of death  
301 occurred on or before the date of the alleged violation and one  
302 of the following:

303 1. A bill of sale or other document showing that the  
304 deceased owner's motor vehicle was sold or transferred after his  
305 or her death but on or before the date of the alleged violation.

306 2. Documented proof that the registered license plate  
307 belonging to the deceased owner's motor vehicle was returned to  
308 the department or any branch office or authorized agent of the  
309 department after his or her death but on or before the date of  
310 the alleged violation.

311 3. A copy of the police report showing that the deceased  
312 owner's registered license plate or motor vehicle was stolen  
313 after his or her death but on or before the date of the alleged  
314 violation.

315  
316 Upon receipt of the affidavit and documentation required under  
317 paragraphs (b) and (c), or 30 days after the date of issuance of  
318 a notice of violation sent to a person identified as having  
319 care, custody, or control of the motor vehicle at the time of

2023766er

320 the violation under paragraph (a), the law enforcement agency  
321 must dismiss the notice or citation and provide proof of such  
322 dismissal to the person who submitted the affidavit. If, within  
323 30 days after the date of a notice of violation sent to a person  
324 under subsection (11), the law enforcement agency receives an  
325 affidavit under subsection (12) from the person who was sent a  
326 notice of violation affirming that the person did not have care,  
327 custody, or control of the motor vehicle at the time of the  
328 violation, the law enforcement agency must notify the registered  
329 owner that the notice or citation will not be dismissed due to  
330 failure to establish that another person had care, custody, or  
331 control of the motor vehicle at the time of the violation.

332 (11) Upon receipt of an affidavit under paragraph (9) (a),  
333 the law enforcement agency may issue the person identified as  
334 having care, custody, or control of the motor vehicle at the  
335 time of the violation a notice of violation pursuant to  
336 subsection (5) for a violation of s. 316.172(1) (a) or (b). The  
337 affidavit is admissible in a proceeding pursuant to this section  
338 for the purpose of providing evidence that the person identified  
339 in the affidavit was in actual care, custody, or control of the  
340 motor vehicle. The owner of a leased motor vehicle for which a  
341 uniform traffic citation is issued for a violation of s.  
342 316.172(1) (a) or (b) is not responsible for paying the uniform  
343 traffic citation and is not required to submit an affidavit as  
344 specified in subsection (10) if the motor vehicle involved in  
345 the violation is registered in the name of the lessee of such  
346 motor vehicle.

347 (12) If a law enforcement agency receives an affidavit  
348 under paragraph (9) (a), the notice of violation required under

2023766er

349 subsection (5) must be sent to the person identified in the  
350 affidavit within 30 days after receipt of the affidavit. The  
351 person identified in an affidavit and sent a notice of violation  
352 may also affirm he or she did not have care, custody, or control  
353 of the motor vehicle at the time of the violation by furnishing  
354 to the appropriate law enforcement agency within 30 days after  
355 the date of the notice of violation an affidavit stating such.

356 (13) The submission of a false affidavit is a misdemeanor  
357 of the second degree, punishable as provided in s. 775.082 or s.  
358 775.083.

359 (14) The video and images recorded by a school bus  
360 infraction detection system which are attached to or referenced  
361 in the uniform traffic citation are evidence of a violation of  
362 s. 316.172(1)(a) or (b) and are admissible in any proceeding to  
363 enforce this section. The recorded video and images raise a  
364 rebuttable presumption that the motor vehicle shown in the  
365 recorded video and images was used in violation of s.  
366 316.172(1)(a) or (b).

367 (15) This section supplements the enforcement of s.  
368 316.172(1)(a) and (b) by a law enforcement officer and does not  
369 prohibit a law enforcement officer from issuing a uniform  
370 traffic citation for a violation of s. 316.172(1)(a) or (b).

371 (16)(a)1. Notwithstanding any other law, equipment deployed  
372 as part of a school bus infraction detection system as provided  
373 under this section may not be capable of automated or user-  
374 controlled remote surveillance.

375 2. Video and images recorded as part of the school bus  
376 infraction detection system may only be used to document  
377 violations of s. 316.172(1)(a) and (b) and may not be used for

2023766er

378 any other surveillance purposes.

379 3. To the extent practicable, a school bus infraction  
380 detection system must use necessary technology to ensure that  
381 personal identifying information contained in the video or still  
382 images recorded by the system which is not relevant to the  
383 alleged violation, including, but not limited to, the identity  
384 of the driver and any passenger of a motor vehicle, the interior  
385 or contents of a motor vehicle, the identity of an uninvolved  
386 person, a number identifying the address of a private residence,  
387 and the contents or interior of a private residence, is  
388 sufficiently obscured so as not to reveal such personal  
389 identifying information.

390 4. A notice of a violation or uniform traffic citation  
391 issued under this section may not be dismissed solely because a  
392 recorded video or still images reveal personal identifying  
393 information as provided in subparagraph 3. as long as a  
394 reasonable effort has been made to comply with this subsection.

395 (b) Any recorded video or still image obtained through the  
396 use of a school bus infraction detection system must be  
397 destroyed within 90 days after the final disposition of the  
398 recorded event. The vendor of the school bus infraction  
399 detection system must provide the school district with written  
400 notice by December 31 of each year that such records have been  
401 destroyed in accordance with this section.

402 (c) Notwithstanding any other law, registered motor vehicle  
403 owner information obtained as a result of the operation of a  
404 school bus infraction detection system is not the property of  
405 the manufacturer or vendor of the system and may be used only  
406 for the purposes of this section.

2023766er

407       (17) (a) By October 1, 2023, and quarterly thereafter, each  
408 school district, in consultation with the law enforcement  
409 agencies with which it has interlocal agreements pursuant to  
410 this section, operating a school bus infraction detection system  
411 must submit a report to the department which details the results  
412 of the school bus infraction detection systems in the school  
413 district in the preceding quarter. The information from the  
414 school districts must be submitted in a form and manner  
415 determined by the department, which the department must make  
416 available to the school districts by August 1, 2023, and must  
417 include at least the following:

418           1. The number of school buses that have a school bus  
419 infraction detection system installed, including the date of  
420 installation and, if applicable, the date the systems were  
421 removed.

422           2. The number of notices of violations issued, the number  
423 that were contested, the number that were upheld, the number  
424 that were dismissed, the number that were issued as uniform  
425 traffic citations, and the number that were paid.

426           3. Data for each infraction to determine locations in need  
427 of safety improvements. Such data must include, but is not  
428 limited to, global positioning system coordinates of the  
429 infraction, the date and time of the infraction, and the name of  
430 the school that the school bus was transporting students to or  
431 from.

432           4. Any other statistical data and information required by  
433 the department to complete the report required by paragraph (c).
