I. Summary:

SB 1174 prohibits a county or municipality from accepting as identification an identification card or document issued by an entity that knowingly issues the card or document to individuals who are not lawfully present in the United States. The prohibition does not apply to documentation issued by or on behalf of the Federal Government.

II. Present Situation:

In 2023, the Legislature enacted an expansive immigration bill.¹ Among the wide-ranging provisions contained in the bill were two statutes that prohibited counties and municipalities from providing funds for the issuance of identification cards.

Section 125.0156, F.S., prohibits a county and s. 166.246, F.S., prohibits a municipality from providing funds to any person, entity, or organization for the purpose of issuing an identification card or document to a person who does not provide proof of lawful presence in the United States.

According to the 2023 Senate bill analysis,² and by way of background information, several counties had partnered with local organizations to offer a community ID card which would enable residents to provide a form of identification to law enforcement, schools, organizations, and social service agencies. Apparently, many of the organizations that issued the ID cards did not inquire into the individual's immigration status as a condition of issuing the card.

In response to this practice, sections 125.0156, F.S. and 166.246, F.S., were created thereby prohibiting a county or municipality from providing funds to an entity for the purpose of issuing
