

1                                A bill to be entitled  
2                                An act relating to providers of cardiovascular  
3                                services; amending s. 395.1055, F.S.; requiring the  
4                                Agency for Health Care Administration to adopt rules  
5                                that allow a Level I Adult Cardiovascular Services  
6                                program to use certain tools and treatments; providing  
7                                an effective date.  
8

9    Be It Enacted by the Legislature of the State of Florida:  
10

11                              Section 1. Paragraph (a) of subsection (18) of section  
12                              395.1055, Florida Statutes, is amended to read:

13                              395.1055 Rules and enforcement.—

14                              (18) In establishing rules for adult cardiovascular  
15                              services, the agency shall include provisions that allow for:

16                              (a) The establishment of two hospital program licensure  
17                              levels, a Level I program that authorizes the performance of  
18                              adult percutaneous cardiac intervention without onsite cardiac  
19                              surgery, including rotational or other atherectomy devices,  
20                              electrophysiology, and treatment of chronic total occlusions,  
21                              and a Level II program that authorizes the performance of  
22                              percutaneous cardiac intervention with onsite cardiac surgery.  
23

                            Section 2. This act shall take effect July 1, 2024.
