7 Section 6. The agency shall provide the option and include
 8 functionality for providers to electronically transmit all
 9 required information to the agency iConnect system in an
 10 industry standard format designated by the agency.

11 Notwithstanding s. 393.066(2), F.S., persons or entities under
 12 contract with the agency may maintain information documenting
 13 service provision to clients in their own data management
 14 systems until the agency data management system's ability to
 15 accept all required data from external systems electronically is
 16 fully operational. Persons or entities shall use the system for

17 electronic visit verification as required by the agency. The
18 agency may not require training on the use of its data
19 management system by persons or entities that choose to maintain
20 data in their own data management systems until the agency data
21 management system's ability to accept all required data from
22 external systems electronically is fully operational, except
23 that the agency may require training for use of the electronic
24 visit verification functionality. The agency shall, at a
25 minimum, provide enhanced technical assistance and host feedback
26 and listening sessions with service providers to plan for future
27 system enhancements. The agency shall submit a report to the
28 Governor, President of the Senate, Speaker of the House of
29 Representatives, and the appropriate fiscal and policy
30 committees by December 31, 2024, that assesses the functionality
31 of the system, considering the needs of and impacts on the
32 agency and persons and entities using the system, and provides
33 options and associated costs for achieving sufficient
34 functionality.
