Bill No. HB 1311 (2024)

Amendment No. 1

42	website information on such collaboration and the current
43	research inventory.
44	(c) Collaborate with relevant industries to identify
45	economic challenges that may be solved through innovation in the
46	blue economy by commercializing or otherwise providing public
47	access to academic research and resources.
48	(d) Develop and facilitate a pipeline of academic
49	research, commercialization, accelerator programs, and startup
50	funding.
51	(e) Publish on the Office's website reports on the number,
52	growth, and average wages of jobs included in the blue economy.
53	Such reports must identify and address any relevant labor
54	shortages projected by the Labor Market Estimating Conference
55	pursuant to s. 216.136(7).
56	(f) Educate other state and local entities on the
57	interests of the blue economy and how such entities may
58	positively address environmental issues while simultaneously
59	considering the economic impact of their policies.
60	(g) Communicate the state's role as an integral component
61	of the blue economy by promoting the state on national and
62	international platforms and other appropriate forums as the
63	premier destination for convening on pertinent subject matters.
64	(h) Maintain a website on which the Office shall publish
65	information as required under this subsection.
66	(4) Beginning January 1, 2025, by December 30 of each
