SUMMARY ANALYSIS

Independent special fire control districts are a type of independent special district created by the Legislature for the purpose of providing fire suppression and related activities within the territorial jurisdiction of the district. Independent special fire control districts are governed by both the Uniform Special District Accountability Act and the Independent Special Fire Control District Act. Independent special fire control districts may levy ad valorem taxes as provided in the special act creating the district, and may also levy non-ad valorem assessments subject to statutory limitations and referendum approval.

The Pace Fire Rescue District (District) was created by special act in 2018, and is a successor entity to a municipal services benefit unit established in 1959. The District currently operates two fire stations and employs 22 career personnel, one full-time fire inspector, and one full-time administrative personnel. The District currently levies an ad valorem tax of 1.53 mills, generating approximately \$4.1 million in revenue annually.

The bill amends the District's charter, effective October 1, 2024, to remove its authority to assess and levy ad valorem taxes, and imposes restrictions on the District's ability to levy non-ad valorem assessments, imposing the following maximum rates:

- \$250 for residential properties up to 1,600 square feet, with an additional \$0.1544 per square foot in excess of 1,600 square feet.
- \$30.96 for vacant land.
- \$500 for commercial properties up to 950 square feet, with an additional \$0.1544 per square foot in excess of 950 square feet.
- \$30.96 for unimproved acreage up to three acres, with an additional \$10.32 per acre in excess of three acres.

The bill allows the board to adopt an initial levy of a non-ad valorem assessment, subject to the rate limits set forth in the bill, by resolution without the need for a referendum.

The Economic Impact Statement anticipates that the assessments authorized by the bill will generate approximately \$3,336,626 in revenue in the first fiscal year, and that revenue will increase by \$344,669 in the second fiscal year.

According to House Rule 5.5(b), a local bill providing an exemption from general law may not be placed on the Special Order Calendar for expedited consideration. Since this bill creates an exemption to general law, the provisions of House Rule 5.5(b) apply.

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Special Districts

A “special district” is a unit of local government created for a particular purpose, with jurisdiction to operate within a limited geographic boundary.¹ Special districts are created by general law, special act, local ordinance, or rule of the Governor and Cabinet.² A special district has only those powers expressly provided by, or reasonably implied from, the authority provided in the district’s charter. Special districts provide specific municipal services in addition to, or in place of, those provided by a municipality or county.³ Special districts are funded through the imposition of ad valorem taxes, fees, or charges on the users of those services as authorized by law.⁴

Special districts may be classified as dependent or independent based on their relationship with local general-purpose governments. A special district is classified as “dependent” if the governing body of a single county or municipality:

- Serves as governing body of the district;
- Appoints the governing body of the district;
- May remove members of the district’s governing body at-will during their unexpired terms; or
- Approves or can veto the budget of the district.⁵

A district is classified as “independent” if it does not meet any of the above criteria or is located in more than one county, unless the district lies entirely within the boundaries of a single municipality.⁶

Special districts do not possess “home rule” powers and may impose only those taxes, assessments, or fees authorized by special or general law. The special act creating an independent special district may provide for funding from a variety of sources while prohibiting others. For example, ad valorem tax authority is not mandatory for a special district.⁷

Independent Special Fire Control Districts

An independent special fire control district is a type of independent special district created by the Legislature for the purpose of providing fire suppression and related activities within the territorial jurisdiction of the district.⁸ The Independent Special Fire Control District Act (Act)⁹ is intended to provide standards, direction, and procedures for greater uniformity in the operation and governance of these districts, including financing authority, fiscally-responsible service delivery, and election of members to the governing boards for greater public accountability.¹⁰ The Act controls over more specific provisions in any special act or general law of local application creating an independent special

fire control district's charter.¹¹ The Act requires every independent special fire control district be governed by a five-member board¹² and provides for general powers, special powers, and issuance of district bonds and evidences of debt.¹³

The Act provides that an independent special fire control district may levy and assess ad valorem taxes on all taxable property in the district to construct, operate, and maintain district facilities and services at a rate not to exceed 3.75 mills, unless a higher amount has been previously authorized by law and approved by the electors of the district.¹⁴

An independent special fire control district may levy non-ad valorem assessments to construct, operate and maintain district facilities and services provided pursuant to the district's general powers, special powers, any applicable general laws of local application, and a district's enabling legislation.¹⁵ The initial assessment of such a levy must be approved by the electors of the district in a referendum. The rate of the assessment is set using an assessment apportionment methodology that meets fair apportionment standards.¹⁶ The rate set by the board may not exceed the maximum rates established by special act, county ordinance, the previous year's resolution, or referendum in an amount not to exceed the average annual growth rate in Florida personal income over the previous five years, unless a higher rate is approved by the voters in a referendum.¹⁷

Independent special fire control districts are authorized to cooperate and contract with other governmental agencies to provide effective mutual aid, including exercising powers outside the district's boundary in cooperation with another governmental agency that shares such powers in common with the district.¹⁸

As a type of independent special district,¹⁹ independent special fire control districts are subject to applicable provisions of ch. 189, F.S., the "Uniform Special District Accountability Act."²⁰

Pace Fire Rescue District

The Pace Fire Rescue District (District) was created by special act in 2018,²¹ and is a successor entity to a municipal services benefit unit established in 1959. The District currently operates two fire stations and employs 22 career personnel, one full-time fire inspector, and one full-time administrative personnel.²² The District serves the Pace, Pea Ridge, Floridatown, and Wallace communities, as well as the southern tip of the Chumuckla area, a total area of 64 square miles with approximately 35,000 residences.²³ The District is governed by an elected five-member board that serves four-year terms.²⁴

The District's ad valorem tax rate is limited to 2.5 mills by its charter.²⁵ In Fiscal Year (FY) 2023-24, the District levied an ad valorem tax of 1.53 mills and is projected to generate approximately \$4.1 million in revenue.²⁶ The District's charter authorizes the District to levy non-ad valorem assessments, however,

Effect of Proposed Changes

The bill amends the District's charter, effective October 1, 2024, to remove its ability to assess and levy ad valorem taxes. The bill also imposes restrictions on the District board's ability to levy non-ad valorem assessments, imposing maximum rates as follows:

- \$250 for residential properties up to 1,600 square feet, with an additional \$0.1544 per square foot in excess of 1,600 square feet.
- \$30.96 for vacant land.
- \$500 for commercial properties up to 950 square feet, with an additional \$0.1544 per square foot in excess of 950 square feet.
- \$30.96 for unimproved acreage up to three acres, with an additional \$10.32 cents per acre in excess of three acres.

The bill authorizes the board to adopt an initial levy of a non-ad valorem assessment, subject to the rate limits set forth in this bill, by resolution without the need for a referendum.

The Economic Impact Statement anticipates the assessments authorized by the bill will generate approximately \$3,336,626 in revenue the first FY and increasing by \$344,669 in the second FY.
