**Senate Amendment**

Between lines 566 and 567

insert:

(m) Consider the growing impact of consumers choosing to transition to clean renewable energy resources on the industries regulated under this chapter, and act to preserve the positive impact the workforce of a transition-impacted industry has on the economy of this state and local communities.

1. Such actions must include identifying and supporting transition activities that are not addressed by existing

12 resources and making recommendations for new programs as  
13 necessary, including, but not limited to:  
14 a. Programs to support transition workers with supplemental  
15 income, health care benefits, and retirement benefits and  
16 programs that provide transition workers with access to  
17 education and training opportunities; and  
18 b. Programs to support transition communities.  
19 2. As used in this paragraph, the term:  
20 a. "Transition activities" means activities to avoid the  
21 suffering of economic harm. The term includes, but is not  
22 limited to, the following activities:  
23 (I) Educating transition workers regarding various programs  
24 available to them;  
25 (II) Replacing lost income, bridging gaps in income, and  
26 providing benefits for transition workers;  
27 (III) Services for transition workers, such as education,  
28 training, career counseling, skills-matching, maintaining  
29 employment with current employers or reemployment services, and  
30 financial planning assistance;  
31 (IV) Replacing lost tax base revenue for transition  
32 communities; and  
33 (V) Promoting the hiring of transition workers and the  
34 creation of jobs in transition communities which provide  
35 comparable or higher wages and benefits to jobs in transition-  
36 impacted industries.  
37 b. "Transition communities" means municipalities, counties,  
38 or regions that demonstrate they will be impacted between July  
39 1, 2024, and January 1, 2035, by the loss of 50 or more jobs in  
40 a transition-impacted industry.

41 c. "Transition-impacted industry" means an industry  
42 impacted by transition to clean renewable energy resources,  
43 including industries with all of the following workers:

44 (I) Fossil fuel energy workers who have employment tied to  
45 the generation, transportation, and refinement of fossil fuel;

46 (II) Internal combustion engine vehicle workers and workers  
47 in the supply chain or repair services for internal combustion  
48 engine vehicles;

49 (III) Workers in the building and construction trades; and

50 (IV) Any other affected workers.

51 d. "Transition worker" means a worker in this state who has  
52 been laid off from employment in a transition-impacted industry  
53 since January 1, 2023, or who is or will be laid off from  
54 employment in a transition-impacted industry on or after July 1,  
55 2024, and before January 1, 2035.
