### SUMMARY ANALYSIS

State law authorizes legislative designations of transportation facilities, such as bridges, interchanges, or portions of roads, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not change the official names of the facilities and do not require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone system listings to account for the designations. The Department of Transportation (DOT) may not erect markers for a designation unless the appropriate city or county commission enacts a resolution supporting the designation.

The bill designates the "Deputy Sheriff Christopher Taylor Memorial Highway" in Charlotte County. Under the bill, DOT must erect suitable markers for the designation.

The bill will have an insignificant negative fiscal impact to the State Transportation Trust Fund associated with erecting suitable markers for the designation. The cost can be absorbed within DOT's existing resources.

The bill provides an effective date of July 1, 2024.

## I. SUBSTANTIVE ANALYSIS

### A. EFFECT OF PROPOSED CHANGES:

#### Present Situation

##### Transportation Facility Designations

Under current law, the Legislature may designate a transportation facility, such as a bridge, interchange, or portion of a road, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not officially change the existing names of the facilities and do not require local governments or private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings to account for the designations.<sup>1</sup>

Regarding the naming of state buildings and other facilities, state law provides that except as specifically provided by law, state buildings, roads, bridges, parks, recreational complexes, and other similar facilities may not be named for a living person.<sup>2</sup>

##### Transportation Facility Markers

When the Legislature establishes road or bridge designations, the Department of Transportation (DOT) is required to place a marker at each terminus or intersection of the highway segment or bridge designated and may erect other markers it deems appropriate for the designated transportation facility.<sup>3</sup> Markers may not be erected until the appropriate city or county commission passes a resolution in support of the particular designation. Additionally, if the designated facility is located in multiple cities or counties, each affected local government must pass a resolution in support of the designation before DOT can install the markers.<sup>4</sup>

##### Deputy Sheriff Christopher Taylor

On November 22, 2022, 23-year-old Deputy Sheriff Christopher Taylor was struck by a drunk driver while conducting a traffic stop on I-75 near mile marker 163 in Punta Gorda. Deputy Sheriff Taylor served with the Charlotte County Sheriff's Office for 15 months.<sup>5</sup>

#### Effect of the Bill

The bill designates that portion of I-75 between U.S. 17/Duncan Road and Harbor View Road in Charlotte County as "Deputy Sheriff Christopher Taylor Memorial Highway". The bill directs DOT to erect suitable markers.

This cost can be absorbed within existing DOT resources.<sup>7</sup>
