the transfer of such revenues to fund or finance general government functions, if any revenues generated from such services remain after payment of the municipal utility's costs to provide services, these excess revenues must be reinvested into the municipal utility or returned to customers who received service at locations beyond the municipality's corporate limits.

Section 2. Section 180.192, Florida Statutes, is created to read:

180.192 Reporting requirements related to municipal utility service.—

(1) By January 1, 2026, and annually thereafter, each municipality that provides electric, natural gas, water, or sewer utility services pursuant to s. 180.191(1) must provide a report to the Florida Public Service Commission that identifies, for each type of utility service provided by the municipality:

(a) The number and percentage of customers that receive utility services provided by the municipality at a location outside the boundaries of the municipality;

(b) The volume and percentage of sales made to such customers, and the gross revenues generated from such sales; and

(c) Whether the rates, fees, and charges imposed on customers that receive services at a location outside the municipality's boundaries are different than the rates, fees, and charges imposed on customers within the boundaries of the municipality, and, if so, the amount and percentage of the
