## II. Present Situation:

### Gift Cards

A gift card is a prepaid debit card that contains a specific amount of money available for use for a variety of purchases. Store gift cards are designed to be used at specific merchants or retailers, while general-use prepaid gift cards are not affiliated with any specific merchant and can also be used to withdraw cash at automated teller machines (ATMs).<sup>7</sup>

### Gift Card Scams

According to a December 2020 analysis by the Federal Trade Commission (FTC), “About one in four who lost money to a fraud say they paid with a gift card. In fact, gift cards have topped the list of reported fraud payment methods every year since 2018. During that time, people reported losing a total of nearly \$245 million, with a median individual loss of \$840.” The FTC’s statistics exclude reports categorized as online shopping scams and come from consumer complaints directly to the FTC.<sup>8</sup> Scammers tamper with gift cards in stores using handheld scanners to capture card information, then periodically check the balance by calling the retailer’s 800 number. Once the card is activated, they either clone and create counterfeit cards, use the information to shop online, or divert the funds to their own cards, leaving the unsuspecting buyer with an empty gift card.<sup>9</sup>

In June 2023, the Alachua County Sheriff’s Office conducted a traffic stop and seized 1,764 gift cards that were reportedly altered and forged, with a value of \$158,600. Another 208 gift cards were reportedly found, but deputies could not determine whether they had been altered; the known value of those cards is \$10,500, but only 77 of the 208 have dollar amounts on the cards.<sup>10</sup>

---

<sup>4</sup> The bill defines “value” as the greatest amount of economic loss the owner of the property might reasonably suffer, including, in the case of a gift card, the full monetary face value or potential value for variable load gift cards.

<sup>5</sup> The bill defines “value” as the greatest amount of economic loss the owner of the property might reasonably suffer, including, in the case of a gift card, the full monetary face value or potential value for variable load gift cards.

<sup>6</sup> A first degree felony is generally punishable by not more than 30 years in state prison and a fine not exceeding \$10,000. When specifically provided by statute, a first degree felony may be punished by imprisonment for a term of years not exceeding life imprisonment. Sections 775.082 and 775.083, F.S.

Theft of any property not specified is a second degree misdemeanor,<sup>20</sup> and property stolen valued at \$100 or more but less than \$750 is a first degree misdemeanor.<sup>21,22</sup>

### ***Retail Theft***

Section 812.015, F.S., is specifically directed at punishing “retail theft,”<sup>23</sup> which the statute defines as “the taking possession of or carrying away of merchandise,<sup>24</sup> property, money, or negotiable documents; altering or removing a label, universal product code, or price tag;

## B. Private Sector Impact:

## C. Government Sector Impact:

The Legislature's Office of Economic and Demographic Research (EDR) and the Criminal Justice Impact Conference, which provides the final, official estimate of the prison bed impact, if any, of legislation, has determined that the bill may have a positive indeterminate prison bed impact (unquantifiable increase in prison beds) on the Department of Corrections (DOC). The EDR provides the following additional information regarding its estimate:

Under current law, these offenders are likely getting convicted under theft statutes, with that \$950 threshold falling under the Level 2, 3rd degree felony for grand theft (\$750 or more but less than \$5,000).

- Per the DOC, in FY 23-24, there were 366 new commitments for violating this statute. Additionally, there were 197 new commitments for grand theft at or above the \$5,000 threshold, with only 46 of those at the Level 7, 1st degree felony threshold (\$100,000 or more). It is not known how many of these new commitments fit the criteria outlined in the bill, nor is it known how these new offenses will be used relative to grand theft, since grand theft has a lower monetary threshold for it to reach a felony and a higher monetary threshold before becoming a 1st degree felony. Per the DOC, in FY 23-24, the incarceration rate for a Level 7, 1st degree felony was 68.4%.<sup>51</sup>
