240 the suspension of his or her ~~the person's~~ privilege to operate a

2025138c2

incapable of refusal by reason of unconsciousness or other mental or physical condition is deemed not to have withdrawn his or her consent to such test. A blood test may be administered whether or not the person is told that his or her failure to submit to such a blood test will result in the suspension of the person's privilege to operate a motor vehicle upon the public highways of this state and that a refusal to submit to a lawful test of his or her blood, if his or her driving privilege has been previously suspended for refusal to submit to a lawful test of his or her breath, urine, or blood, is a misdemeanor. A person who is capable of refusal shall be told that his or her failure to submit to such a blood test will result in the suspension of the person's privilege to operate a motor vehicle for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of the person has been suspended previously or if he or she has previously been fined under s. 327.35215 as a result of a refusal to submit to a test or tests required under this chapter or chapter 327. 316.1933 Blood test for impairment or intoxication in cases of death or serious bodily injury; right to use reasonable force.—

(1)(a) If a law enforcement officer has probable cause to believe that a motor vehicle driven by or in the actual physical

604-02146B-25

2025138c2

control of a person under the influence of alcoholic beverages,
any chemical substances, ~~or~~ any controlled substances, or any
impairing substances has caused the death or serious bodily
injury of a human being, a law enforcement officer shall require
the person driving or in actual physical control of the motor
vehicle to submit to a test of the person's blood for the
purpose of determining the alcoholic content thereof or the
presence of chemical substances as set forth in s. 877.111, ~~or~~
any substances ~~substance~~ controlled under chapter 893, or any
impairing substances. The law enforcement officer may use
reasonable force if necessary to require such person to submit
to the administration of the blood test. The blood test shall be
performed in a reasonable manner. Notwithstanding s. 316.1932,
the testing required by this paragraph need not be incidental to
a lawful arrest of the person.

(2)(a) Only a physician, certified paramedic, registered
nurse, licensed practical nurse, other personnel authorized by a
hospital to draw blood, or duly licensed clinical laboratory
director, supervisor, technologist, or technician, acting at the
request of a law enforcement officer, may withdraw blood for the
purpose of determining the alcoholic content thereof or the
presence of chemical substances, ~~or~~ controlled substances, or
impairing substances therein. However, the failure of a law
enforcement officer to request the withdrawal of blood does
~~shall~~ not affect the admissibility of a test of blood withdrawn
for medical purposes.

1. Notwithstanding any provision of law pertaining to the
confidentiality of hospital records or other medical records, if
a health care provider, who is providing medical care in a

604-02146B-25

2025138c2

health care facility to a person injured in a motor vehicle crash, becomes aware, as a result of any blood test performed in the course of that medical treatment, that the person's blood-alcohol level meets or exceeds the blood-alcohol level specified in s. 316.193(1)(b), the health care provider may notify any law enforcement officer or law enforcement agency. Any such notice must be given within a reasonable time after the health care provider receives the test result. Any such notice shall be used only for the purpose of providing the law enforcement officer with reasonable cause to request the withdrawal of a blood sample pursuant to this section.

2. The notice shall consist only of the name of the person being treated, the name of the person who drew the blood, the blood-alcohol level indicated by the test, and the date and time of the administration of the test.

3. Nothing contained in s. 395.3025(4), s. 456.057, or any applicable practice act affects the authority to provide notice under this section, and the health care provider is not considered to have breached any duty owed to the person under s. 395.3025(4), s. 456.057, or any applicable practice act by providing notice or failing to provide notice. It is ~~shall~~ not be a breach of any ethical, moral, or legal duty for a health care provider to provide notice or fail to provide notice.

4. A civil, criminal, or administrative action may not be brought against any person or health care provider participating in good faith in the provision of notice or failure to provide notice as provided in this section. Any person or health care provider participating in the provision of notice or failure to provide notice as provided in this section shall be immune from

604-02146B-25

2025138c2

any civil or criminal liability and from any professional disciplinary action with respect to the provision of notice or failure to provide notice under this section. Any such participant has the same immunity with respect to participating in any judicial proceedings resulting from the notice or failure to provide notice.

(3)

(b) The results of any test administered pursuant to this section for the purpose of detecting the presence of any controlled substance or impairing substance are ~~shall not be~~ admissible as evidence in a criminal prosecution for the possession of a controlled substance or impairing substance.

(4) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or the presence of chemical substances, or ~~or~~ controlled substances, or impairing substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of s. 316.193 upon request for such information.

Section 5. Subsections (1) and (2) of section 316.1934, Florida Statutes, are amended to read:

316.1934 Presumption of impairment; testing methods.—

(1) It is unlawful and punishable as provided in chapter 322 and in s. 316.193 for any person who is under the influence of alcoholic beverages, or ~~or~~ controlled substances, or impairing substances, when affected to the extent that the person's normal faculties are impaired or to the extent that the person is

604-02146B-25

2025138c2

465 deprived of full possession of normal faculties, to drive or be
466 in actual physical control of any motor vehicle within this
467 state. Such normal faculties include, but are not limited to,
468 the ability to see, hear, walk, talk, judge distances, drive an
469 automobile, make judgments, act in emergencies, and, in general,
470 normally perform the many mental and physical acts of daily
471 life.

472 (2) At the trial of any civil or criminal action or
473 proceeding arising out of acts alleged to have been committed by
474 any person while driving, or in actual physical control of, a
475 vehicle while under the influence of alcoholic beverages, ~~or~~
476 controlled substances, or impairing substances, when affected to
477 the extent that the person's normal faculties were impaired or
478 to the extent that he or she was deprived of full possession of
479 his or her normal faculties, the results of any test
480 administered in accordance with s. 316.1932 or s. 316.1933 and
481 this section are admissible into evidence when otherwise
482 admissible, and the amount of alcohol in the person's blood or
483 breath at the time alleged, as shown by chemical analysis of the
484 person's blood, or by chemical or physical test of the person's
485 breath, gives rise to the following presumptions:

486 (a) If there was at that time a blood-alcohol level or
487 breath-alcohol level of 0.05 or less, it is presumed that the
488 person was not under the influence of alcoholic beverages to the
489 extent that his or her normal faculties were impaired.

490 (b) If there was at that time a blood-alcohol level or
491 breath-alcohol level in excess of 0.05 but less than 0.08, that
492 fact does not give rise to any presumption that the person was
493 or was not under the influence of alcoholic beverages to the

604-02146B-25

2025138c2

494 extent that his or her normal faculties were impaired but may be
495 considered with other competent evidence in determining whether
496 the person was under the influence of alcoholic beverages to the
497 extent that his or her normal faculties were impaired.

498 (c) If there was at that time a blood-alcohol level or
499 breath-alcohol level of 0.08 or higher, that fact is prima facie
500 evidence that the person was under the influence of alcoholic
501 beverages to the extent that his or her normal faculties were
502 impaired. Moreover, such person who has a blood-alcohol level or
503 breath-alcohol level of 0.08 or higher is guilty of driving, or
504 being in actual physical control of, a motor vehicle, with an
505 unlawful blood-alcohol level or breath-alcohol level.

506
507 The presumptions provided in this subsection do not limit the
508 introduction of any other competent evidence bearing upon the
509 question of whether the person was under the influence of
510 alcoholic beverages to the extent that his or her normal
511 faculties were impaired.

646 Florida Statutes, are amended to read:

647 327.35 Boating under the influence; penalties; "designated
648 drivers."—

649 (1) A person commits ~~is guilty of~~ the offense of boating
650 under the influence and is subject to punishment as provided in
651 subsection (2) if the person is operating a vessel within this
652 state and:

653 (a) The person is under the influence of alcoholic
654 beverages, any chemical substance set forth in s. 877.111, ~~or~~
655 any substance controlled under chapter 893, or any impairing
656 substance, when affected to the extent that the person's normal
657 faculties are impaired;

658 (b) The person has a blood-alcohol level of 0.08 or more
659 grams of alcohol per 100 milliliters of blood; or

660 (c) The person has a breath-alcohol level of 0.08 or more

669 (b) Until the person's blood-alcohol level or breath-
670 alcohol level is less than 0.05; or

671 (c) Until 8 hours have elapsed from the time the person was
672 arrested.

673 Section 11. Paragraphs (a), (c), (d), and (e) of subsection
674 (1) and subsection (3) of section 327.352, Florida Statutes, are
675 amended to read:

676 327.352 Tests for alcohol and other, ~~chemical substances,~~
677 ~~or controlled~~ substances; implied consent; refusal.—

678 (1)(a)1. The Legislature declares that the operation of a
679 vessel is a privilege that must be exercised in a reasonable
680 manner. In order to protect the public health and safety, it is
681 essential that a lawful and effective means of reducing the
682 incidence of boating while impaired or intoxicated be
683 established. Therefore, a person who accepts the privilege
684 extended by the laws of this state of operating a vessel within
685 this state is, by operating such vessel, deemed to have given
686 his or her consent to submit to an approved chemical test or
687 physical test including, but not limited to, an infrared light
688 test of his or her breath for the purpose of determining the
689 alcoholic content of his or her blood or breath if the person is
690 lawfully arrested for any offense allegedly committed while the
691 person was operating a vessel while under the influence of
692 alcoholic beverages. The chemical or physical breath test must
693 be incidental to a lawful arrest and administered at the request
694 of a law enforcement officer who has reasonable cause to believe
695 such person was operating the vessel within this state while
696 under the influence of alcoholic beverages. The administration

604-02146B-25

2025138c2

of a breath test does not preclude the administration of another type of test. The person shall be told that his or her failure to submit to any lawful test of his or her breath under this chapter will result in a civil penalty of \$500, and that if he or she refuses to submit to a lawful test of his or her breath and he or she has been previously fined under s. 327.35215 or his or her driving privilege has been previously suspended for refusal to submit to any lawful test of his or her breath, urine, or blood, he or she commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, in addition to any other penalties provided by law. The refusal to submit to a chemical or physical breath test upon the request of a law enforcement officer as provided in this section is admissible into evidence in any criminal proceeding.

2. A person who accepts the privilege extended by the laws of this state of operating a vessel within this state is, by operating such vessel, deemed to have given his or her consent to submit to a urine test for the purpose of detecting the presence of chemical substances as set forth in s. 877.111, ~~or~~ controlled substances, or impairing substances if the person is lawfully arrested for any offense allegedly committed while the person was operating a vessel while under the influence of chemical substances, ~~or~~ controlled substances, or impairing substances. The urine test must be incidental to a lawful arrest and administered at a detention facility or any other facility, mobile or otherwise, which is equipped to administer such tests at the request of a law enforcement officer who has reasonable cause to believe such person was operating a vessel within this state while under the influence of chemical substances, ~~or~~

604-02146B-25

2025138c2

controlled substances, or impairing substances. The urine test must be administered at a detention facility or any other facility, mobile or otherwise, which is equipped to administer such test in a reasonable manner that will ensure the accuracy of the specimen and maintain the privacy of the individual involved. The administration of a urine test does not preclude the administration of another type of test. The person shall be told that his or her failure to submit to any lawful test of his or her urine under this chapter will result in a civil penalty of \$500, and that if he or she refuses to submit to a lawful test of his or her urine and he or she has been previously fined under s. 327.35215 or his or her driving privilege has been previously suspended for refusal to submit to any lawful test of his or her breath, urine, or blood, he or she commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, in addition to any other penalties provided by law. The refusal to submit to a urine test upon the request of a law enforcement officer as provided in this section is admissible into evidence in any criminal proceeding.

(c) A person who accepts the privilege extended by the laws of this state of operating a vessel within this state is, by operating such vessel, deemed to have given his or her consent to submit to an approved blood test for the purpose of determining the alcoholic content of the blood or a blood test for the purpose of determining the presence of chemical substances, ~~or~~ controlled substances, or impairing substances as provided in this section if there is reasonable cause to believe the person was operating a vessel while under the influence of alcoholic beverages or chemical, ~~or~~ controlled, or impairing

604-02146B-25

2025138c2

substances and the person appears for treatment at a hospital, clinic, or other medical facility and the administration of a breath or urine test is impractical or impossible. As used in this paragraph, the term "other medical facility" includes an ambulance or other medical emergency vehicle. The blood test must be performed in a reasonable manner. A person who is incapable of refusal by reason of unconsciousness or other mental or physical condition is deemed not to have withdrawn his or her consent to such test. A person who is capable of refusal shall be told that his or her failure to submit to such a blood test will result in a civil penalty of \$500. The refusal to submit to a blood test upon the request of a law enforcement officer is admissible in evidence in any criminal proceeding.

(d) If the arresting officer does not request a chemical or physical breath test of the person arrested for any offense allegedly committed while the person was operating a vessel while under the influence of alcoholic beverages, or controlled substances, or impairing substances, the person may request the arresting officer to have a chemical or physical test made of the arrested person's breath or a test of the urine or blood for the purpose of determining the alcoholic content of the person's blood or breath or the presence of chemical substances, or controlled substances, or impairing substances; and, if so requested, the arresting officer shall have the test performed.

(e)1. The tests determining the weight of alcohol in the defendant's blood or breath shall be administered at the request of a law enforcement officer substantially in accordance with rules of the Department of Law Enforcement. However, the failure of a law enforcement officer to request the withdrawal of blood

604-02146B-25

2025138c2

784 does not affect the admissibility of a test of blood withdrawn
785 for medical purposes.

786 2. Only a physician, certified paramedic, registered nurse,
787 licensed practical nurse, other personnel authorized by a
788 hospital to draw blood, or duly licensed clinical laboratory
789 director, supervisor, technologist, or technician, acting at the
790 request of a law enforcement officer, may withdraw blood for the
791 purpose of determining its alcoholic content or the presence of
792 chemical substances, ~~or~~ controlled substances, or impairing
793 substances therein. However, the failure of a law enforcement
794 officer to request the withdrawal of blood does not affect the
795 admissibility of a test of blood withdrawn for medical purposes.

796 3. The person tested may, at his or her own expense, have a
797 physician, registered nurse, other personnel authorized by a
798 hospital to draw blood, or duly licensed clinical laboratory
799 director, supervisor, technologist, or technician, or other
800 person of his or her own choosing administer an independent test
801 in addition to the test administered at the direction of the law
802 enforcement officer for the purpose of determining the amount of
803 alcohol in the person's blood or breath or the presence of
804 chemical substances, ~~or~~ controlled substances, or impairing
805 substances at the time alleged, as shown by chemical analysis of
806 his or her blood or urine, or by chemical or physical test of
807 his or her breath. The failure or inability to obtain an
808 independent test by a person does not preclude the admissibility
809 in evidence of the test taken at the direction of the law
810 enforcement officer. The law enforcement officer may ~~shall~~ not
811 interfere with the person's opportunity to obtain the
812 independent test and shall provide the person with timely

604-02146B-25

2025138c2

813 telephone access to secure the test, but the burden is on the
814 person to arrange and secure the test at the person's own
815 expense.

816 4. Upon the request of the person tested, full information
817 concerning the results of the test taken at the direction of the
818 law enforcement officer shall be made available to the person or
819 his or her attorney. Full information is limited to the
820 following:

821 a. The type of test administered and the procedures
822 followed.

823 b. The time of the collection of the blood or breath sample
824 analyzed.

825 c. The numerical results of the test indicating the alcohol
826 content of the blood and breath.

827 d. The type and status of any permit issued by the
828 Department of Law Enforcement which was held by the person who
829 performed the test.

830 e. If the test was administered by means of a breath
831 testing instrument, the date of performance of the most recent
832 required inspection of such instrument.

833
834 Full information does not include manuals, schematics, or
835 software of the instrument used to test the person or any other
836 material that is not in the actual possession of the state.
837 Additionally, full information does not include information in
838 the possession of the manufacturer of the test instrument.

839 5. A hospital, clinical laboratory, medical clinic, or
840 similar medical institution or physician, certified paramedic,
841 registered nurse, licensed practical nurse, other personnel

604-02146B-25

2025138c2

authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person assisting a law enforcement officer does not incur any civil or criminal liability as a result of the withdrawal or analysis of a blood or urine specimen, or the chemical or physical test of a person's breath pursuant to accepted medical standards when requested by a law enforcement officer, regardless of whether or not the subject resisted administration of the test.

(3) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or breath or the presence of chemical substances, ~~or~~ controlled substances, or impairing substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of s. 327.35 upon request for such information.

Section 12. Paragraph (a) of subsection (1), paragraph (a) of subsection (2), paragraph (b) of subsection (3), and subsection (4) of section 327.353, Florida Statutes, are amended to read:

327.353 Blood test for impairment or intoxication in cases of death or serious bodily injury; right to use reasonable force.—

(1)(a) If a law enforcement officer has probable cause to believe that a vessel operated by a person under the influence of alcoholic beverages, any chemical substances, ~~or~~ any controlled substances, or any impairing substances has caused

604-02146B-25

2025138c2

the death or serious bodily injury of a human being, a law enforcement officer shall require the person operating or in actual physical control of the vessel to submit to a test of the person's blood for the purpose of determining the alcoholic content thereof or the presence of chemical substances as set forth in s. 877.111, ~~or~~ any substance controlled under chapter 893, or any impairing substance. The law enforcement officer may use reasonable force if necessary to require the person to submit to the administration of the blood test. The blood test shall be performed in a reasonable manner. Notwithstanding s. 327.352, the testing required by this paragraph need not be incidental to a lawful arrest of the person.

(2)(a) Only a physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining the alcoholic content thereof or the presence of chemical substances, ~~or~~ controlled substances, or impairing substances therein. However, the failure of a law enforcement officer to request the withdrawal of blood does ~~shall~~ not affect the admissibility of a test of blood withdrawn for medical purposes.

(3)

(b) The results of any test administered pursuant to this section for the purpose of detecting the presence of any controlled substance or impairing substance are not admissible as evidence in a criminal prosecution for the possession of a controlled substance.

604-02146B-25

2025138c2

(4) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or the presence of chemical substances, ~~or~~ controlled substances, or impairing substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of s. 327.35 upon request for such information.

Section 13. Subsections (1) and (2) of section 327.354, Florida Statutes, are amended to read:

327.354 Presumption of impairment; testing methods.—

(1) It is unlawful and punishable as provided in s. 327.35 for any person who is under the influence of alcoholic beverages, ~~or~~ controlled substances, or impairing substances, when affected to the extent that the person's normal faculties are impaired or to the extent that the person is deprived of full possession of normal faculties, to operate any vessel within this state. Such normal faculties include, but are not limited to, the ability to see, hear, walk, talk, judge distances, drive an automobile, make judgments, act in emergencies, and, in general, normally perform the many mental and physical acts of daily life.

(2) At the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a vessel while under the influence of alcoholic beverages, ~~or~~ controlled substances, or impairing substances, when affected to the extent that the person's normal faculties were impaired or to the extent that he or she was

604-02146B-25

2025138c2

deprived of full possession of his or her normal faculties, the results of any test administered in accordance with s. 327.352 or s. 327.353 and this section are admissible into evidence when otherwise admissible, and the amount of alcohol in the person's blood or breath at the time alleged, as shown by chemical analysis of the person's blood, or by chemical or physical test of the person's breath, gives rise to the following presumptions:

(a) If there was at that time a blood-alcohol level or breath-alcohol level of 0.05 or less, it is presumed that the person was not under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(b) If there was at that time a blood-alcohol level or breath-alcohol level in excess of 0.05 but less than 0.08, that fact does not give rise to any presumption that the person was or was not under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired but may be considered with other competent evidence in determining whether the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(c) If there was at that time a blood-alcohol level or breath-alcohol level of 0.08 or higher, that fact is prima facie evidence that the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired. Any person who operates a vessel and who has a blood-alcohol level or breath-alcohol level of 0.08 or higher is guilty of operating a vessel with an unlawful blood-alcohol level or breath-alcohol level.

604-02146B-25

2025138c2

The presumptions provided in this subsection do not limit the introduction of any other competent evidence bearing upon the question of whether the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

Section 14. Section 327.359, Florida Statutes, is amended to read:

327.359 Refusal to submit to testing; penalties.—A person who has refused to submit to a chemical or physical test of his or her breath or urine, as described in s. 327.352, and who has been previously fined under s. 327.35215 or has previously had his or her driver license suspended for refusal to submit to a lawful test of his or her breath, urine, or blood, and:

(1) Who the arresting law enforcement officer had probable cause to believe was operating or in actual physical control of a vessel in this state while under the influence of alcoholic beverages, chemical substances, ~~or~~ controlled substances, or impairing substances;

(2) Who was placed under lawful arrest for a violation of s. 327.35 unless such test was requested pursuant to s. 327.352(1)(c);

(3) Who was informed that if he or she refused to submit to such test, he or she is subject to a fine of \$500;

(4) Who was informed that a refusal to submit to a lawful test of his or her breath or urine, if he or she has been previously fined under s. 327.35215 or has previously had his or her driver license suspended for refusal to submit to a lawful test of his or her breath, urine, or blood, is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s.

2025138c2

775.083; and

(5) Who, after having been so informed, refused to submit to any such test when requested to do so by a law enforcement officer or correctional officer

commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 15. Subsection (1) of section 782.071, Florida Statutes, is amended to read:

782.071 Vehicular homicide.—“Vehicular homicide” is the killing of a human being, or the killing of an unborn child by any injury to the mother, caused by the operation of a motor vehicle by another in a reckless manner likely to cause the death of, or great bodily harm to, another.

(1) Vehicular homicide is:

(a) A felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) A felony of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if:

1. At the time of the accident, the person knew, or should have known, that the accident occurred; and

2. The person failed to give information and render aid as required by s. 316.062.

This paragraph does not require that the person knew that the accident resulted in injury or death.

(c) A felony of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the person has a prior conviction for a violation of this section or s. 316.193(3)(c)3.

2025138c2

Section 16. Section 933.02, Florida Statutes, is amended to read:

933.02 Grounds for issuance of search warrant.—Upon proper affidavits being made, a search warrant may be issued under ~~the provisions of~~ this chapter upon any of the following grounds:

(1) When the property shall have been stolen or embezzled in violation of law;

(2) When any property shall have been used:

(a) As a means to commit any crime;
