1 A bill to be entitled
2 An act relating to anaphylaxis in public schools;
3 amending s. 1006.07, F.S.; requiring each district
4 school board to ensure that specified emergency action
5 plans are effective at all times when certain students
6 are on campus; requiring each district school board to
7 ensure that school personnel and employees and
8 contracted personnel of before-school and after-school
9 programs at school receive certain training to
10 allergic reactions and anaphylaxis; requiring that a
11 member of school personnel with such training be on
12 school grounds; providing requirements for such
13 training; authorizing the State Board of Education to
14 adopt rules; providing an effective date.

15
16 Be It Enacted by the Legislature of the State of Florida:

17
18 Section 1. Subsection (12) is added to section 1006.07,
19 Florida Statutes, to read:

20 1006.07 District school board duties relating to student
21 discipline and school safety.—The district school board shall
22 provide for the proper accounting for all students, for the
23 attendance and control of students at school, and for proper
24 attention to health, safety, and other matters relating to the
25 welfare of students, including:

26 (12) ANAPHYLAXIS POLICY.—

27 (a) Each district school board shall ensure that for a
28 student with an emergency action plan, his or her emergency
29 action plan is effective at all times when he or she is on

30 campus, including during extracurricular activities, athletics,
31 school dances, and contracted before-school and after-school
32 programs at his or her school. Each district school board shall
33 ensure that each school within the district has provided
34 training to school personnel on preventing and responding to an
35 allergic reaction, including anaphylaxis, and that each before-
36 school and after-school program at a school within the district
37 has provided such training to its employees and contracted
38 personnel. At least one member of school personnel with such
39 training must be on school grounds to execute a student's
40 emergency action plan. The requirements for such training must
41 include training in the administration of emergency epinephrine,
42 including epinephrine autoinjectors and epinephrine nasal
43 sprays.

44 (b) The State Board of Education may adopt rules to
45 administer this subsection, including identifying an approved
46 training curriculum for the training required under this
47 subsection.

48 Section 2. This act shall take effect July 1, 2025.
