I. Summary:

CS/SB 1528 directs the Department of Education (DOE) to develop and implement a training module relating to facilitating and expediting the transfer of a K-12 student's education records from an out-of-state school. This bill may have an insignificant negative fiscal impact on state revenues and expenditures. **See Section V. Fiscal Impact Statement.**

The bill takes effect July 1, 2025.

II. Present Situation:

Procedures for Maintenance and Transfer of Student Records

Each school principal must maintain a permanent cumulative record for each student enrolled in a public K-12 school. The record must be maintained in the form, and contain all data required by Florida Administrative Code Rule 6A-1.0955. The cumulative record is confidential and

exempt from the provisions of public records under s. 119.07(1), F.S., and is open to inspection only as provided in chapter 1002, F.S.¹

Information contained in education records must be classified and retained as follows:

The content of Category B records may include, but are not limited to:

The procedure for transferring and maintaining records of students who transfer from school to school is prescribed by rules of the State Board of Education.³

The transfer of education records:

- Must be made immediately upon written request of an eligible student, a parent or a receiving school. The principal or designee must transfer a copy of all Category A and Category B information and must retain a copy of Category A information; however, student records which are required for audit purposes for programs listed in s. 1010.305, F.S., must be maintained in the district for the time period pursuant to Florida Administrative Code Rule 6A-1.0453.
- Must not be delayed for nonpayment of a fee or fine assessed by the school.
- Of students who transfer from school to school must occur within five school days of receipt of the request for records from the new school or district, or receipt of the identity of the new school and district of enrollment, whichever occurs first. In accordance with s. 1003.25, F.S., student records must contain verified reports of serious or recurrent behavior patterns, including all documentation and related information for reports of concerning behavior, concerning communication, or threats that are documented using any portion of the Florida Harm Prevention and Threat Management Instrument, and psychological evaluations, including therapeutic treatment plans and therapy progress notes created or maintained by district or charter school staff. All reports of concerning behavior, concerning communication, or threats must be transferred, regardless of the outcome or level of concern.⁴

Procedures relating to the acceptance of transfer work and credit for students must be prescribed by rule by the State Board of Education.⁵

This bill amends s. 1003.05, F.S., to direct the DOE to develop and implement a training module relating to facilitating and expediting the transfer of a K-12 student's education records from an out-of-state school. The DOE must provide the training module to each district school board to provide to each public and charter K-12 school within its district.
