The Committee on Fiscal Policy (DiCeglie) recommended the following:

**Senate Amendment (with title amendment)**

Delete everything after the enacting clause  
and insert:

Section 1. Subsection (3) is added to section 366.075,  
Florida Statutes, to read:

366.075 Experimental and transitional rates; experimental  
mechanisms.—

(3) (a) The commission shall establish an experimental  
mechanism to facilitate energy infrastructure investments in gas

379058

11 consistent with a similar structure as set forth in s.  
12 366.99(2)-(6) and with the intent of s. 366.91(1). Such gas  
13 infrastructure investments may include only such investments  
14 that collect, prepare, clean, process, transport, or inject gas  
15 as a transportation fuel or for pipeline distribution. In an  
16 annual proceeding, the commission shall have the discretion to  
17 determine whether such mechanism shall be implemented. As used  
18 in this subsection, the term "gas" means anaerobically generated  
19 biogas, landfill gas, or wastewater treatment gas produced and  
20 collected in this state and refined to a methane content of 90  
21 percent or greater which may be used as a transportation fuel or  
22 for pipeline distribution.

23 (b) The commission shall adopt rules to implement and  
24 administer this subsection and shall propose such rules for  
25 adoption as soon as practicable but no later than January 1,  
26 2026. Such rules must provide for the allocation to public  
27 utility customers of the benefit of any tradeable energy credits  
28 and tax savings associated with gas infrastructure investments  
29 made pursuant to this subsection and must address the treatment  
30 of revenues from sales of gas from such investments for  
31 transportation purposes.

32 Section 2. This act shall take effect July 1, 2025.

35 And the title is amended as follows:

36 Delete everything before the enacting clause  
37 and insert:

38 A bill to be entitled  
39 An act relating to energy infrastructure investment;

379058

40 amending s. 366.075, F.S.; requiring the Public  
41 Service Commission to establish an experimental  
42 mechanism that meets certain requirements to  
43 facilitate certain energy infrastructure investments  
44 in gas; providing requirements for gas infrastructure  
45 investments; authorizing the commission to make  
46 certain determinations; defining the term "gas";  
47 requiring the commission to adopt rules and propose  
48 such rules for adoption by a specified date; providing  
49 requirements for such rules; providing an effective  
50 date.
