The Appropriations Committee on Higher Education (Calatayud) recommended the following:

Senate Amendment (with title amendment)

Between lines 936 and 937

insert:

Section 24. Subsection (3) of section 1013.30, Florida Statutes, is amended to read:

1013.30 University campus master plans and campus development agreements.—

(3) Each university board of trustees shall prepare and adopt a campus master plan for the university and maintain a

11 copy of the plan on the university's website. The master plan
12 must identify general land uses and address the need for and
13 plans for provision of roads, parking, public transportation,
14 solid waste, drainage, sewer, potable water, and recreation and
15 open space during the coming 10 to 20 years. The plans must
16 contain elements relating to future land use, intergovernmental
17 coordination, capital improvements, recreation and open space,
18 general infrastructure, housing, and conservation. Each element
19 must address compatibility with the surrounding community. The
20 master plan must identify specific land uses, general location
21 of structures, densities and intensities of use, and contain
22 standards for onsite development, site design, environmental
23 management, and the preservation of historic and archaeological
24 resources. The transportation element must address reasonable
25 transportation demand management techniques to minimize offsite
26 impacts where possible. Data and analyses on which the elements
27 are based must include, at a minimum: the characteristics of
28 vacant lands; projected impacts of development on onsite and
29 offsite infrastructure, public services, and natural resources;
30 student enrollment projections; student housing needs; and the
31 need for academic and support facilities. Master plans must be
32 updated at least every 10 5 years.
